TO : SAC (44-new) DATE: 6/5/68

FROM : Supv. ANDREW M. SMITH

SUBJECT: UNSUB.; SHOOTING OF
SENATOR ROBERT KENNEDY
CR

At 9:00 a.m., 6/5/68, Supervisor CHUCK HARDING, Atlanta Office, telephonically advised he had just received a call from the Bureau instructing the Atlanta Office to call 12 other field offices immediately and furnish the following Bureau instructions:

All field offices are to remain alert to receive any information concerning any possible racial violence or demonstrations resulting from the shooting of Senator ROBERT KENNEDY. If any information is received in this regard, the Bureau is to be advised immediately by teletype. The Bureau does not desire to be advised of the administrative handling of these instructions, such as the fact that all sources have been alerted, and the like, but only is interested in receiving positive information of any racial violence or demonstrations.

On instruction of Supervisor HARDING, Supervisor JOE CONNORS in the Mobile Office was advised at approximately 9:30 a.m. of the above information.

SA MARVIN EUBANKS has been instructed to alert all of his sources and also have SA C. B. STANBERRY, who was not immediately available, to alert his sources and informants. SA EUBANKS is now in the process of alerting all Resident Agents to alert their sources and furnish any information immediately concerning any possible violence.

In the same matter, it is noted that at approximately 8:15 a.m., Chief JAMIE MOORE of the Birmingham PD telephonically advised as follows:

44-1772-1

He has learned from Officer MARCUS JONES, who had obtained information from his sources, that the "Poor Peoples' March," which was camped near Mt. Zion Church at Bessemer, had on the morning of 6/5/68 hitched up their

mules, apparently earlier than usual, as if they were leaving their camping place. However, apparently when they heard of the KENNEDY shooting, they engaged in a discussion concerning this and the people involved in the march then returned to their camping place, apparently cancelling, at least for the time being, their plans for immediate departure.

Chief MOORE advised he had not learned of any plans for any demonstrations or violence as a result of the Senator KENNEDY shooting, but said that if he did learn of any violence, he would inform the Birmingham Office. He requested that if we receive any such information that we inform him of it.

SA LARRY GETTINGS was advised immediately of Chief MOORE's call and he said he was then in the process of attempting to contact Officer MARCUS JONES, concerning the "Poor Peoples' March." SA GETTINGS has been requested to alert his sources to furnish information of any violence or demonstrations.

The Time Is Now

"We're not going to accept violence as a way of life in America," Sen. Robert F. Kennedy told campaign crowds in California last week.

On Tuesday, moments after he claimed victory in that primary, violence struck him down.

The Birmingham News believes that this nation faces grave crisis, a crisis not entirely isolated to the murders and attempted murder of public figures.

What is happening does violence not just to individuals but to American's political processes. What is threatened is the murder of the American dream.

This nation prides itself, rightly, in its nearly two centuries-long record of peaceful transition of government through free elections. Events of recent months—of recent years—cast a deepening shadow over that record. It is no longer inconceivable—though still by no means probable—that conditions could arise which would make the holding of a presidential election and the transfer of power to a new administration on schedule questionable.

It seems to *The News* that certain things are absolutely vital at this moment if America is to survive as a nation united:

The President of the United States must, *must*, stand before the nation and tell its people directly, forcefully, that their country now must insist on responsible citizenship. He made a start in the right direction in his televised address to the nation last night. But what is needed is much more than the appointment of another commission, however valuable the work of its distinguished members might be.

Too long have the President and other national leaders permitted the United States government to be bullied by an irresponsible few. Too long have they hesitated to speak out against gross violations of good sense if not of law.

Every citizen in this country, in public office or private life, who can exert any influence in behalf of a restoration of reason has an obligation to his country to do so.

The nation must *insist* on this.

Of course there is dissent; of course there are differences of opinion. There always have been and there always will be. But one of our strengths always has been our political system's ability to record these differences and to adjust to them.

There is machinery for change in America; machinery for peaceful, orderly redress of grievances.

What some people have fostered is not orderly change but the destruction of the very mechanism, our political system, which can effect it.

America must pledge itself to deal honestly with the needs of its citizens. It also must ask that all citizens have faith that the pledge will be honored; that they cease provocative conduct and join in a common rededication to preservation of the constitutional foundations of that faith.

It has been cited so frequently that it is by now a cliche, U. S. Supreme Court Justice Oliver Wendell Holmes' observation that the right of free speech does not carry with it the right to shout "Fire!" in a crowded theater.

Too many people have gone much too far in their attacks on America, however real their grievances. Too many people have remained silent rather than risk, in the emotional climate which has been generated, being misinterpreted.

It is not out of lack of sympathy for those who need assistance or out of lack of commitment to providing it that responsible leaders now should speak up. It is out of first and overriding concern for preserving this nation.

Those truly concerned about America, truly devoted to this nation, will have no difficulty noting the inflammability of the situation and acting to damp rather than fan it.

Those who do the opposite no longer can be treated as if they have no responsibility for their actions and their utterances.

The Kennedy Shooting

In terms of the personal tragedy to the Kennedy family, the shooting of Sen. Robert F. Kennedy is simply incredible.

The deaths of a son and a daughter in plane crashes were accidents, which could happen to anybody, the severe injury of Sen. Edward M. Kennedy also resulted from a plane crash, an accident.

But the murder of President John F. Kennedy and the attempted slaying of the senator were no accidents. These crimes were committed by men with deluded minds—either poisoned by the most evil bigotry or bereft of all powers of reason.

Murder generated in passion or in criminal greed (as in robbery) is no less tragic but is susceptible to some semblance of explanation. Assassination for the sake of assassination is beyond the limits of human reasoning. Yet it seems to gee with a trend which has infested our society—the wild and unrestrained notion that violence is justified by its objectives, that government can be stampeded by marches and extravagant villification of public officials, that in the end any end can be achieved simply by maligning or eliminating others.

It is a state of affairs which could trigger in an already diseased brain (and obviously has) the idea that if you do not like a policy, trample it (as in some of our universities) and if you do not like a man, slander and berate him—or shoot him!

This mood of malice has been unduly tolerated, indeed often encouraged (knowingly or otherwise) by some of our more avid politicians—by their over-heightened statements, by their appeals to emotion rather than judgment, by the abuse they have dealt those who differed with them.

It has been said before by some (after the Kennedy assassination and after the Martin Luther King assassination) that our society is "sick." Now it is being said again.

Many have seen a manifestation of the sickness in our own community in the cheers raised at the news of the death of President Kennedy and in the question raised by those who seek to justify the slaying of Dr. King and the shooting of Senator Kennedy: "Well, they asked for it, didn't they?"

Society must rid itself of this plague; and society can only accomplish this through its leaders, whoever they may be.

They must be leaders to whom justice is a sacred obligation and enforcement of the law a first duty, subject to no exceptions.

If any good can come from so despicable a crime as the attempt on Senator Kennedy's life, it can only be that the senseless misfortune inflicted upon him will provoke government (and the country as a whole) into restoring civilized processes and erasing so-called "civil disobedience" in all its vagaries.

The first evidence of this type of reaction already has occurred in the House of Representatives, where a vote on the Senate-passed anti-crime bill suddenly has been scheduled today—one of the many steps which have been called for during these many months and years of rising crime. Gun control is a top provision of this bill.

Meanwhile, every decent American, as a member of the overwhelming majority, will prayerfully wish for the prompt recovery of Senator Kennedy to full health and faculty. And will sincerely commiserate with the family which has suffered so much tragedy.

The effect of the shooting on the election is highly problematical and at this moment far beside the point.

The only issue now was aptly capsuled by Governor Hughes of New Jersey when he said:

"We'd better wake up and take the guns away from the lunatics before they shoot all of us."

If the bullet is to replace the ballot in American politics, if violence is to replace rhetoric and persuasion, then our way of life is lost. And that, pray God, simply cannot happen.

Mourning Is Not Enough

This is as President Johnson proclaimed, a time for mourning. He has set aside Sunday as a special day of sorrow over the death of Sen. Robert F. Kennedy.

The senselessness of this killing naturally has shocked everybody, here or abroad; even the most cynical, even those with the least of morals as we understand them.

The unbelievable nature of the murder and the prominence of the victim, of course, make the shock as inevitable as it is justified. The mourning follows as a matter of conscience and decency, as well as sympathy.

It has to do with conscience because there is in each of us a feeling that it needn't have happened, that somewhere something must have been amiss, that if somebody somehow had just thought of something it might have been prevented.

Yet it is plain that the assassination was the work of a fanatic, who could have had only the most fragmentary excuse for his unforgivable act. Even if there was a conspiracy, only a handful could have been involved. There was no way of expecting such a horror, [illegible] anything any of 200 million Am[illegible] could have done to stop it.

But [illegible]on is universal: Why?

The [illegible]wer is another question: [illegible] have crime at all?

W[illegible]stance, on the same night [illegible] Kennedy was shot down wer[illegible]g Marine officers senseless[illegible] a hamburger shop in Washington? As a result of a trivial argument.

Why are there 11,000 willful murders in the United States every year? Most of the victims are not prominent people. There are no official mourning days for them. The shock in most cases is limited to their families, friends and neighbors. But they are just as dead. Their murders are equally senseless. The survivors are ju[illegible]ed.

[illegible] things?

[illegible]re just as elusive.

[illegible]must be answers, because [illegible]go on without them. The [illegible] cannot tolerate an 88 per [illegible] increase in serious crime in seven years. It cannot have its citizens, urban and even rural, in fear of being slaughtered for a po[illegible] of change. It cannot [illegible]ndone a situation in which its p[illegible]eal leaders [illegible] their lives by being leaders.

Even the President of the United States, possibly the most heavily protected man in the world, relies on secrecy and surprise when he travels in his own country—purely as a necessary precaution.

There always has been cri[illegible] it seems in [illegible] that it [illegible] wholly [illegible] there alw[illegible] been [illegible]matics, the John [illegible]er warped and [illegible] their own "mis[illegible]"

But the p[illegible] have soared so fast and so [illegible]sly in recent years that crime is [illegible] nation's most grueso[illegible] and most difficult problem. It [illegible] been met, so far, with lament and [illegible]plorings and here and there some effec[illegible]nical improvements. But [illegible] been met head [illegible]

[illegible]ast a[illegible] step was taken [illegible]y when [illegible]use of Representatives passed [illegible] sent to the President for his [illegible]ure a relatively tough anti-crime [illegible]—a b[illegible] to restrict hard gun [illegible] to make it harder for convicted criminals to escape punishment on technicalities, to permit the use of wire-tapping in tracking down crime, to beef up police forces and police techniques.

By tragic irony, Senator Kennedy can take large credit for enactment of this law—which had been caught in a soft-headed quibble among some House leaders. Even President Johnson had intimated doubts about it, although [illegible] he will [illegible]h for stron[illegible]s. The [illegible]nnedy assa[illegible]ed all that and the [illegible]d by a handsome ma[illegible]

[illegible]hen the [illegible]rning ha[illegible]ssed, wi[illegible] responsibilit[illegible] minish? [illegible] to be any [illegible]ress in the war [illegible] not if [illegible] wave of [illegible]ness—of w[illegible] the assassi[illegible] an unm[illegible]able part—[illegible]ed.

Mourning the loss of Senator Kennedy is fitting and necessary. But if it does not result in expelling the pervading atmosphere of anarchy and fanaticism it will be no great credit to the Senator's memory.

.22 Pistol Is Popular Weapon

BY JANEAN MANN

The .22 caliber pistol, like the one used in the slaying of Sen. Robert F. Kennedy, has become a popular weapon for use in committing crimes, law officers in Birmingham said.

This type gun has been used in several murders and numerous robberies in the city this year, according to Birmingham police Capt. Maurice House.

He blamed the easy availability of .22s by mail order and the inexpensive cost of the weapon as the main reasons behind the gun's common usage.

"You can find them for sale in magazines real easily," said Captain House. "They usually run about $10, $12 or $15," he said.

A Federal Bureau of Investigation spokesman also cited low cost as one of the factors in selecting this gun over others.

Also, the .22 caliber pistol when purchased over the counter is not as conspicuous a weapon as a larger caliber such as a .38, said the agent.

"A .22 is often used for target practice and most people don't think much about someone coming in to buy one. But a .38 is used mainly for shooting people and arouses more suspicion," he said.

Ammunition for a .22 is also much cheaper, running about $1 a box as compared to about $5 for a larger caliber weapons.

The .22 is also easy to fire and requires very little skill in hitting a target, said the agent. It is not usually used to kill, but can seriously injure or even kill a victim if he is hit in the right spot, he said.

FEDERAL BUREAU OF INVESTIGATION

Date 6/14/68

Specialist IV BRUCE EDWARD FULTON, RA 19878345, Maintenance and Support Division of "Hawk Project", Directorate of Arsenal Support Operations, U. S. Army Missile Command, Redstone Arsenal, Alabama, was reinterviewed for the purpose of ascertaining any additional information he may have recalled since the previous interview on June 10, 1968.

FULTON advised that he had given the matter a great deal of thought but it was very difficult for him to remember because it has been almost three years since he last saw SIRHAN.

FULTON stated that he recalled that CRAIG BLISS, a former student at Pasadena City College, was an acquaintance of SIRHAN. He said that BLISS, a Navy veteran, worked as a bartender at night while attending Pasadena City College. FULTON stated he did not know the name of the bar but it is located at the intersection of North Lake Street and Altadena Drive, Altadena, California. FULTON stated that he remembered a pretty girl he believed was a member of the same foreign-type club (name unknown) as SIRHAN. FULTON advised that he did not think that this girl was SIRHAN's girlfriend but just an acquaintance. FULTON said that he believed the girl's name was SONJA (phonetic). He could not recall her last name. FULTON described the pretty young lady as 19 years of age, 5'4", 115 pounds, with black hair and dark complexion, and possibly an Arab.

FULTON advised he could recall no additional information other than what he had just mentioned and the information furnished in the previous interview on June 10, 1968.

FEDERAL BUREAU OF INVESTIGATION

Date 6/14/68

Specialist IV BRUCE EDWARD FULTON, RA 19878345, Maintenance and Support Division of "Hawk Project", Directorate of Arsenal Support Operations, U. S. Army Missile Command, Redstone Arsenal, Alabama, was apprised of the identity of the interviewing agent and the nature of the investigation. FULTON furnished the following information:

FULTON stated that he is acquainted with SIRHAN BIRSHARA SIRHAN. He advised he first met SIRHAN at the "Student Union Coffee Shop" on the campus at Pasadena City College, Pasadena, California about September 1964. He said that he could not recall the last time that he saw SIRHAN but it was sometime prior to December 1965 because this is when he (FULTON) left City College. FULTON described his relationship with SIRHAN as a "campus acquaintance" in that he did not socialize with SIRHAN off campus, advising that he did not go to SIRHAN's house, nor did SIRHAN ever come to his house. He advised that his conversations with SIRHAN were usually held in the coffee shop during breaks or between, after or before classes. During these conversations, FULTON recalls discussions of Arab and Israel conflict, at which time SIRHAN had expressed his dissatisfaction with the administration and the newspapers because he believed that they sided with Israel. FULTON described SIRHAN as an introvert and a loner. He advised that SIRHAN never exhibited a tendency towards violence while in his presence. He advised that SIRHAN's reputation was that of an individual who was loyal to his country. FULTON advised that SIRHAN was very devoted to Jordan and it was his (FULTON's) opinion, based on conversation with SIRHAN, that SIRHAN eventually wanted to return to Jordan.

FULTON said that he is sure that politics were discussed during conversations with SIRHAN but he could not recall SIRHAN mentioning his political views, party or specific political candidate.

FULTON denied he commuted to and from college with SIRHAN. He said that he did recall riding on one or two

occasions, in an old model Cadillac (year and color unknown) owned by SIRHAN but was unable to recall where he went during these rides with SIRHAN or the circumstances involved. FULTON stated that he enrolled in Pasadena City College in September 1963 and quit college (without a degree) in December 1965. He said that while attending college, he resided at 2446 East Washington Boulevard, Pasadena, California with his mother, JANE H., and younger brother, DOUGLAS.

FULTON advised that he usually took a bus to and from school although on occasion his cousin, RICHARD HUTTON, would pick him up or drop him off at home. FULTON stated that he did not know where SIRHAN lived.

He said that he recalled that SIRHAN worked at a service station at night while attending college. He could not recall the name of the station but it is located on a main street, one block north of Colorado Street, running parallel to Colorado Street, and east of the front entrance of Pasadena City College. FULTON further advised that he believed that SIRHAN was a member of some type of foreign club (name unknown) on the campus of City College.

FULTON stated that after he quit Pasadena City College, he enlisted in the United States Army and entered on duty February 21, 1966 at Fort Polk, Louisiana for boot camp. He completed his training on April 30, 1966 and then returned home on a fourteen-day leave. He then, after the leave, reported to Redstone Arsenal, where he arrived approximately May 14 and has been there ever since. FULTON advised he was at home on leave from March 6, 1968 through March 18, 1968, his most recent return to California. FULTON said that he did not see or talk to SIRHAN during his leave in 1968 or in 1966.

FULTON stated that usually the conversations with SIRHAN were in the company of other students. FULTON advised that it is possible that the following persons could recall something more specific about SIRHAN:

RICHARD HUTTON of 1495 Paloma Street, Pasadena, California;

ALLEN YACK, 53 South Meredith Street, Pasadena, California;

BH 44-1772

Specialist V HUDSON, MOLLOY and wife ANNETTE, Hawk Project, U. S. Army Missile Command, White Sands, New Mexico.

The following investigation was conducted by SA DAVID ROBERT EVANS:

AT AUSTIN, TEXAS

On 7/3/68, Miss ALICE DEXTER PEEL, Owner, Business Services, home residence 704 Rio Grande, advised she was on tour throughout Europe and the Middle East during the period from 5/12 through 7/2/68. She stated the first portion of her tour was sponsored by Brownell Tours.

PEEL advised she departed New York on the evening of 5/13/68 via Transworld Airlines, Flight 840, and arrived in Tele Aviv on the afternoon of 5/14/68. She remained in Tele Aviv through 5/16/68, and then departed by bus en route to Haifa, Israel. She indicated that the guide for this tour during this portion of the trip was JACOB HENIGMAN. PEEL advised on the morning of 5/17/68, she and members of the tour were on a full-day excursion and were en route to Tiberas. While at a rest stop she recalled that a member of the tour, whose identity she did not recall, asked her if she heard that KENNEDY had been shot. Miss PEEL stated this was the first time that she had heard this remark but that later it seemed that the rumor then spread like wildfire and the tour members were questioning each

other as well as the guide for further details. Miss PEEL indicated that she could only assume that possibly the tour guide, JACOB HENIGMAN, had told the director of the tour, Mr. JACK KEARNS, that KENNEDY had been shot. Miss PEEL stated unequivocally that at no time did she hear either the director or the tour guide, JACOB HENIGMAN, make a direct statement concerning KENNEDY.

Miss PEEL stated she was not aware of the original source of the information that KENNEDY had been shot however, she assumed that possibly the source was a broadcast over the Israeli radio. PEEL advised that tour members did question the guide, JACOB HENIGMAN, for further details; however, the guide indicated he had no further information. Miss PEEL advised that the guide upon subsequent questioning the next day after periodically listening to the news broadcasts over the radio replied that "No news is good news."

Miss PEEL advised that on the morning of 5/18/68, tour members continued to question the tour guide for any further details regarding KENNEDY; however, the tour guide indicated again that he had no information. She stated that the tour guide did periodically listen to news broadcasts on the radio and upon questioning would indicate to tour members that the broadcast contained no news concerning KENNEDY. Miss PEEL advised she can only assume that possibly there may have been some error in reporting a news item concerning KENNEDY.

San Antonio indices checked on 7/3/68, prior to interview of PEEL, disclosed no reference identifiable with Miss ALICE DEXTER PEEL.

On 6/4/68 the above-captioned person was a registered guest at the Ambassador Hotel, Los Angeles, California.

At 12:15 A.M. on 6/5/68, SIRHAN B. SIRHAN, at the conclusion of a victory rally by the late Senator ROBERT F. KENNEDY (D-New York), in the kitchen area leading off the Embassy Ballroom shot and killed Senator KENNEDY, utilizing a .22 caliber revolver.

The Los Angeles Police Department requested the assistance of the Bureau in the location and interview of guests of the hotel in an effort to determine whether or not any of the guests might be in possession of any information concerning a possible conspiracy, might know SIRHAN, or might have seen him about the hotel on the night of 6/4/68.

All information, negative or positive, should be incorporated into an FD-302, as all information is being disseminated to the District Attorney, Los Angeles County, in report form, such reports being prepared by Los Angeles.

Trial date is tentatively set for the first part of November 1968, and it would be appreciated if the lead is covered in an expedite fashion. For your assistance, there is enclosed a diagram of the hotel area and location of the shooting.

Crime and Punishment

Martin Luther King Jr., was assassinated last April 4.

Sen. Robert F. Kennedy was assassinated last June 5.

In both cases suspects have been arrested, have been indicted and are held in jail.

The trial of the alleged killer of Dr. King is now set to begin Nov. 12.

The trial of the alleged assassin of Kennedy was scheduled to start Nov. 1, but latest reports from California say it may now be delayed until next year.

There are many things wrong with our system of criminal jurisprudence. Court calendars are clogged; men who should not be are freed on bail to repeat their offenses; judges take long vacations when they should work six days a week; defense lawyers milk out of lenient laws and lenient courts every last minute, or month or year of delay that they can; Supreme Court decisions give unusual benefits to defendants.

There must be due process; the rights of every person accused of crime must be protected as the Constitution says they shall be.

But due process can be provided and protected and justice can be assured while at the same time suspects are given speedy trials.

Until there is quick and sure relationship between crime and punishment we are going to have more and more crime.

Courts and the bar, both having the responsibility, should know that justice—justice to the defendant and justice to society—demands that all criminal cases, especially cases like the King and Kennedy murder cases should not be interminably delayed by the web of the law.

ASSASSINATION OF
SENATOR ROBERT F. KENNEDY
JUNE 5, 1968

On October 10, 1968, a young female telephonically contacted the Jackson Office of the FBI and identified herself as Miss Subrina Duble, white female, age 17. She refused to give her home address or telephone number but stated the nature of her call was to furnish the FBI with important information concerning the assassination of Robert F. Kennedy. Miss Duble related a very rambling episode of how she had met an individual in California whom she had cause to believe was involved in the assassination of Senator Robert F. Kennedy. She stated she has had knowledge of this since May, 1968, but declined to report this information due to threatening phone calls and letters warning her to keep anything she might know to herself.

She stated she is a resident of Alabama but did not wish to be contacted at home due to her father's condition, as she is afraid that any upsetting incident might cause him to have another stroke. She did state, however, that she could be reached at telephone number 762-9920, a pay phone in Pascagoula, Mississippi, anytime between 9:00 and 11:00 p.m. any night.

During this call she seemed very emotional and upset over something that had happened just prior to the call and she seemed out of breath and either crying or under the influence of drugs or alcohol.

Attempts were made to recontact her on the night of October 11 and 13, 1968, with negative results.

On October 14, 1968, investigation revealed that telephone number 762-9920 is located in an outdoor telephone booth on the premises of Larry's Standard Service Station located at Market Street and Highway U. S. 90 in Pascagoula. The proprietor of this station advised that the name Subrina Duble is unknown to him and that he closes at 8:00 p.m. Inquiry among people who live in the immediate vicinity of this telephone revealed that this is a Negro community and the name Subrina Duble is not known there. A review of Pascagoula City Directory and telephone directory revealed no listing for anyone named Duble.

G. R. Thompson, Identification Officer, Pascagoula, Mississippi Police Department, advised on October 14, 1968, that he has no record of anyone named Duble.

On October 16, 1968, this individual again called the Jackson Office and was connected with an Agent in Biloxi, Mississippi. She stated she had called to say that she wanted to drop the matter and did not want to meet with an Agent. She persistently declined to further identify herself or to agree to meet the Agent. She finally did agree to call him again after she had spoken to her father. Throughout the conversation with her, her conversation appeared to be rambling and disconnected.

On October 19, 1968, she telephonically contacted an Agent of the FBI at Biloxi, Mississippi, and at that time

agreed to meet him in the lobby of the LaFont Inn, a motel on Highway U. S. 90 in Pascagoula at 9:00 on the evening of October 20, 1968. She again refused to further identify herself except to say that she is tall, has white blonde hair and a mole on her face.

On the evening of October 20, 1968, an Agent of the FBI remained in the vicinity of the lobby of the LaFont Inn from 9:00 p.m., until after 10:00 p.m., but Miss Duble did not appear.

Information copies are furnished to Mobile and Birmingham as they have had previous leads in this matter.

On 11/8/68, J. B. GIBSON, COD, Pascagoula, Miss., advised that on 11/7/68, at 2:05 a.m., he picked up LEE JOSEPH PITTS, JR., 546 N. Fair St., Pascagoula, a N/M, born [redacted]. He said this individual admitted to him that he had been calling young white boys in the community using the name ANTONY DeNEER and impersonating a young white French female. GIBSON advised that PITTS was using telephone number 762-9920 located at Larry's Standard Service, Highway 90, Pascagoula, at the time he was arrested. GIBSON said he noted this was the same telephone used by an individual using the name SUBRINA DUBLE who had been called to his attention earlier by SA JAMES J. FILES. He said he questioned the boy about these calls and is satisfied that he was the one who made the calls using the name SUBRINA DUBLE, although he did not admit it on interview. He said he did admit making the calls to the young white boys impersonating the young white girls. PII

GIBSON said that PITTS' mother, who is an intelligent and respected Negro in the community and who works for the Police Department as a crossing guard, told him that her son had in his possession recently literature from the FBI concerning employment opportunities, bearing the FBI phone number at Jackson.

Since there is nothing to indicate that PITTS has any knowledge whatsoever concerning this investigation, he is not being contacted.

FEDERAL BUREAU OF INVESTIGATION

Date 6/14/68

Colonel JOHN H. GLENN, Room 1001, Sheraton Boston Hotel, advised that he was an aide in the campaign of Senator ROBERT KENNEDY in the California primary election. He stated that he was in an upstairs suite at the Ambassador Hotel in Los Angeles, California, when Senator KENNEDY was shot in the early morning of June 5, 1968. Colonel GLENN stated he did not see the captured gunman on that occasion nor did he recognize SIRHAN B. SIRHAN from photographs as an individual he had ever seen previously on any occasion.

Colonel GLENN stated that the only significant change he could recall in connection with Senator KENNEDY's plans was on June 4, 1968. The original plans were that he would spend the night of June 3-4, 1968, at the Ambassador Hotel. However, after a complete day of campaigning on June 3, 1968, which ended in San Diego, California, KENNEDY returned to the Ambassador Hotel late that evening and departed soon afterwards for the Malibu Beach residence of movie director JOHN FRANKENHEIMER. KENNEDY and several of his party spent the following day at Malibu Beach and returned to the Ambassador Hotel around 8:00 PM, June 4, 1968.

Colonel GLENN could recall no other significant changes in regard to Senator KENNEDY's itinerary.

LOS ANGELES, CALIFORNIA, JUNE 5, 1968

William Dunfey, Hampton, New Hampshire, former Democratic Committee Chairman for the State of New Hampshire and personal friend of Senators Robert and Edward Kennedy, on June 13, 1968 advised that his secretary at the Dunfey Agency office, Hampton, New Hampshire, received a telephone call from an unknown woman who asked for William Dunfey. She was told that he was attending a meeting and could not talk to her. The woman then said to the secretary, "Give him this message. Tell Senator Ted Kennedy to check Ottumwa, Iowa." The woman then asked the secretary to repeat the message and she did. The woman then said goodbye and hung up.

Mrs. Arlene Gagnon, Secretary to William Dunfey, on June 14, 1968 substantiated the foregoing information and stated that the unknown woman caller was apparently a young person with a local accent. She did not give any identifying information about herself or the purpose of her call.

On 6-13-68, the Boston Office received an anonymous letter enclosing two newspaper photographs, copies of which are enclosed herewith for Los Angeles and New York.

The enclosed photographs are of SIRHAN B. SIRHAN and of a mob of students mixed with police at Columbia University, New York City. The letter points out a similarity in looks between the newspaper photograph of SIRHAN and one of the individuals in the photograph of the Columbia University students and police. The student in the mob scene is seen standing near student leader MARK RUDD and is designated on the photo by a check mark.

The anonymous letter did not contain the date or the name of the newspaper from which the student-police scene was taken. It is indicated that it is a UPI photograph.

The above data is being set forth for information. No leads are being set forth for the New York Office inasmuch as this is being left to the discretion of Los Angeles, which office may have information relative to recent activities and travel of SIRHAN, thereby positively eliminating the possibility of his presence in the spring riots at Columbia University, New York City.

On Monday, May 6, 1968, Mrs. Lyman and I checked out of Room 6 at the MOIRA HOTEL, Trinity Street, Dublin. The Porter had called earlier for a cab to pick us up at 9:00 A.M. to take us to the Dublin Airport for departure on B.E.A. Flight #862, at 10:00 A.M. for London.

The cab had a RYAN'S sign on top. Since I had met Mr. E. J. O'Carroll, Dublin Manager of RYAN'S CAR HIRE LTD., I asked driver if he knew him. He said he did. He explained that he owned his cab, personally.

I asked driver if he had lived in Dublin a long time. He replied that he was a ____*____ man.

We talked about Robert Kennedy. Driver said, "If he runs, they will shoot him just like they did his brother". I asked what he meant. He said, "I don't want to talk about it". I asked why not. He replied, "I have my reasons".

Driver's age 65-70. Sturdy, but not fat. 5'10" tall. Wore cap. White hair showed under cap. Ruddy complexion. Bitter attitude.

* He named a suburb of Dublin. I think he said "DUN LAOGHIRE".

Airing Sirhan Data Rapped

(By BURT PERETSKY)—Release of the transcript of the grand jury proceedings in the assassination of Sen. Robert F. Kennedy in Los Angeles was attacked by a panel of prominent Massachusetts legal experts yesterday, who in a scathing indictment of the action said it could bring about dismissal of the murder charge against Sirhan B. Sirhan or delay or transfer of his trial to another locality.

First and possibly strongest voice to be raised in protest of the release of the transcript of the proceedings before the Los Angles County Grand Jury was that of Francis E. Kelly, two-time attorney general of Massachusetts and a former lieutenant governor. Kelly, chairman of the Board of Trustees, Massachusetts Trial Lawyers Ass'n, and a long-time political supporter of the Kennedys declared:

"I predict that any good attorney can have this indictment quashed — dismissed by the court.

Equally concerned were Fr. Robert F. Drinan, Dean of Boston College Law School; Atty. Theodore Chase of Dover, president of the Boston Bar Ass'n, and criminal lawyer Atty. F. Lee Bailey.

Fr. Drinan said he was "amazed" at the release of the transcript. He declared "this could preclude the possibility of a fair trail." He accused Los Angeles County of prejudicing the presumption of innocence in the Sirhan case.

Bailey disagreed with Kelly on one point. He said, "Nobody has ever quashed an indictment because of publicity, but trials have been moved and postponed because of it."

Chase agreed with Bailey that postponement or change of venue might result from "so much pre-trial publicity," but disagreed with Kelly that acquittal would result. "A higher court," he said, "would take into account the realities of the situation. A postponement or a change of venue is a very real possibility."

Picking over a published portion of the transcript, Kelly cited ~~that the~~ grand jury ~~foreman~~

first mentioned a "possible suspect" and then named Sirhan —"that should not be done."

He said the foreman next identified and accused Sirhan—"He has no right opening a session of the grand jury. People are reading these things. These things are going all over the country."

'NOT FAIR'

"He," said Kelly, "keeps referring to the 'suspect Sirhan,' saying he was disarmed and taken into custody. That's not fair conversation from the foreman."

Kelly said the foreman's asking of the medical examiner his identity and qualifications was a leading question. "He should have made him qualify what his training, education and experience was. He's qualifying him by the question."

Kelly also criticised the Los Angeles grand jury foreman's use of the words, "think, might and may" in questioning witnesses. "You don't go by thinking in the courts," he declared. 'Thinking, might and may are out."

"The man was, in my book, improperly indicted. I'm speaking also as a man who says it's tragic that candidates for public office, or holding public office, cannot express their views on a public question without being assassinated.

HASTE RAPPED

"There was no need of rushing for the indictment. There was no need to rush—the man was in custody."

Fr. Drinan described himself as "disturbed" that the transcript had been released. He said a defendant ordinarily would have to waive his right to secrecy to bring about release of such testimony, "and this could only have been done by a lawyer, and Sirhan does not have a lawyer yet to my knowledge."

Fr. Drinan related, "I have never heard of such a thing. I was amazed. This could preclude the possibility of a fair trial."

He said a lawyer could argue that this may be a "reversible error," but he predicted "a qualified lawyer might just plead the guy." Fr. Drinan said the County of Los Angeles "prejudiced the assumption of innocence in the Sirhan case."

"The press and the county should not prejudice the presumption of innocence. We presume a man is innocent until he is proven guilty beyond every reasonable doubt."

Atty. Chase declared:

"I gather that the police out there have been most scrupulous in the way they've been handling this case. I seriously question the propriety of any newspaper in printing the testimony of the grand jury. It might well be a violation of Sirhan's constitutional rights. It's a pretty serious thing to publish proceedings of this sort.

"This whole thing is under consideration presently in Massachusetts.

(Eds. note: a legislative commission is studying the problem.)

'POOR POLICY'

"It's inevitable that in this case with such tremendous public interest that the newspapers will pick up as much on it as they can. Any normal citizen is going to know an awful lot about it before going on the jury. This endangers the right of free trial."

Atty. Bailey attacked as "very poor policy" the verbatim release of the grand jury testimony.

"There is no safeguard that this testimony is reliable or admissible," he said. "The only remedy in this case is to postpone the trial.

"California, up to this point, had started out doing an excellent job on the case.

"Too much pre-trial publicity cannot cause acquittals. If the evidence and publicity is the same, then nobody gets off. But if the evidence is false and the publicity the same, then he'll get off."

Bailey noted that "a lot of what was printed was not evidence" in the case of Dr. Sam Sheppard of Cleveland, whose release he won after the doctor earlier had been found guilty of murdering his wife.

Bailey said of statements to the press in the Kennedy assassination by Los Angeles Mayor Samuel Yorty, "If Yorty makes a false statement that can't be proved in court, and if that statement is printed in the papers, then any conviction of Sirhan could be reversed."

He said it was possible the Sirhan trial might be postponed or moved to another court, "but it won't be quashed before it begins." Also, Bailey said, the release of the testimony "cannot contribute toward an acquittal."

An anonymous letter received by the Boston Office on 6-22-68, contained a color photograph taken from page 30 of the 3-29-68, edition of Life Magazine. The photograph which is being forwarded herewith to Los Angeles is that of Senator ROBERT F. KENNEDY addressing a group of students at Kansas University, date and exact location not given, but possibly at Lawrence, Kansas, in the week prior to the date of the magazine.

The letter advised that an individual in the photo bore a strong resemblance to SIRHAN B. SIRHAN. This individual is located in the photo 2½ inches directly to the right of Senator KENNEDY's left hand. He is wearing a blue shirt and has dark curly hair.

The above data is being set forth for information. No leads are being set forth for the Kansas City Office inasmuch as this is being left to the discretion of Los Angeles which office may have information relative to recent activities and travel of SIRHAN, thereby positively eliminating the possibility of his presence in Kansas during the pertinent period.

FEDERAL BUREAU OF INVESTIGATION

Date 6-25-68

WILLIAM MC CARTHY, Boston Herald, Boston, Massachusetts, advised that he covered the California primary election for his paper.

MC CARTHY stated he was not familiar with Senator KENNEDY's plans as to what room he intended to visit at the Ambassador Hotel in Los Angeles and therefore, was not aware of the reason why any change in plans occurred.

MC CARTHY stated he was at the Ambassador Hotel early on the evening of June 4, 1968, but sometime around 9:30 P.M. departed for Senator MC CARTHY campaign headquarters at another hotel. He stated he was not at the Ambassador Hotel when Senator KENNEDY was shot and he did not see SIRHAN B. SIRHAN in person at any time then or previously.

MC CARTHY stated that on that evening at the Ambassador Hotel, he did see an individual who somewhat resembled the photographs he has seen of SIRHAN. MC CARTHY stated he saw this man in the Colonial Room which was used by the working press. MC CARTHY could not pinpoint the time but estimated it was sometime around 9:00 P.M.

He stated this individual asked MC CARTHY for his press credentials which he had clipped onto his suit. MC CARTHY told the man he could not have them and the man wanted to know what MC CARTHY intended to do with them when the day was over. MC CARTHY stated he got rid of the young man with some answer and did not see him again.

MC CARTHY described this person as follows:

FEDERAL BUREAU OF INVESTIGATION

Date 6-25-68

ROBERT HEALY, Boston Globe, Boston, Massachusetts, advised he represented his paper in the coverage of Senator ROBERT F. KENNEDY's campaign in the California primary election.

HEALY stated he did not know the reason why Senator KENNEDY changed his plans concerning his going to the Ambassador Room after his speech following the June 4th primary.

HEALY stated he observed SIRHAN B. SIRHAN when he was seized immediately after the shooting. He stated he had never seen SIRHAN on any previous occasion.

HEALY stated that earlier on that evening, he observed an individual who resembled SIRHAN but who definitely was not SIRHAN. HEALY stated he met this individual just after Senator KENNEDY began his talk in which he thanked his workers and the voters for the victory.

HEALY stated that he could not hear the speech very well and entered the Colonial Room so he could watch it on TV. He stated the room contained about 12 working press and TV men. HEALY stated that there were two security men at the door of the Colonial Room checking press credentials.

He stated that just inside the door of the Colonial Room he was approached by a young man who asked HEALY if he would give the young man the press credentials HEALY had hanging around his neck on a chain. HEALY said that he could not do that and the young man wanted to know what HEALY intended to do with the credentials after the affair was over. HEALY gave him some answer and got rid of him, but noted that the fellow was very persistent and even wanted to know where he could get similar credentials.

HEALY did not observe this man again. He recalled the young man's description as follows:

ReBulet 6/28/68.

Enclosed for the information of the Los Angeles Office is a copy of a communication from Boston dated 6/28/68, as well as a copy of the March 11, 1968, issue of "Junior Review."

A review of the material submitted by Boston would not indicate any connection with Sirhan Sirhan. You should, however, analyze this material in order that a definite determination may be made.

Boston, in the future, should, in conformance with previous Bureau instructions, furnish material relative to this investigation, not only to the Bureau but to the office of origin, Los Angeles. For the information of Los Angeles, on 7/8/68, an unknown white male personally contacted the Portland, Me. Resident Agency stating he was from Calif. on vacation, but would not furnish identity.

He stated he was at U. S. Senate visitors' gallery on 5/23/68 and saw two men in reserved section of gallery. Shortly thereafter, an usher told the two men to move and they went to one side and stood alongside two women. During this time, Senator WONG from Hawaii was speaking, but the two men were concentrating on someone else seated on the Senate floor.

The unknown complainant further stated he saw SIRHAN SIRHAN's brother on television recently and is fairly positive the two men mentioned above were SIRHAN SIRHAN and his brother.

No leads are being set out by Boston as corroboration of above information should first be done by Los Angeles.

Thirty copies of an investigative insert regarding above will follow.

Re HENRY R. RAMISTELLA, also known as Frank Donnarumma, FBI No. 365 697-C.

A review of the notebook belonging to SIRHAN B. SIRHAN, which was located at his home following his apprehension, reflected the name of FRANK and DONA DONNARUMMA.

In addition to the name appearing in SIRHAN's notebook, information was received from the Detroit Office that TERRY WELCH, who had been employed with SIRHAN at a ranch in Norco, California, advised that SIRHAN was friendly with a FRANK DONNARUMMA who was employed as a trainer at the Granja Vista Del Rio Farms.

BERT ALTFILLISCH, manager of the farm where SIRHAN was employed, advised that DONNARUMMA and his wife, whose name he did not know, were both alcoholics. ALTFILLISCH stated that about three months ago he received a long distance call from DONNARUMMA and that DONNARUMMA had indicated he was presently living and working in either Newark or West New York, New Jersey. at that time that he was working at a tire manufacturing company. ALTFILLISCH said that DONNARUMMA was hopelessly in debt when he had left Riverside, California, and is probably in the same situation in the Newark area.

The Newark Office conducted investigation in that area but was unable to locate any address for FRANK DONNARUMMA. Records of the New Jersey State Police concerning horse track employees, trainers and owners reflected a SALVATORE DONNARUMMA of Brooklyn, New York, and a SEBASTIAN F. DONNARUMMA of Philadelphia, Pennsylvania, who were connected in an owner and trainer capacity at the Freehold Raceway. Both of these individuals were interviewed but claimed not to be related to or to have any knowledge of FRANK DONNARUMMA.

The records of the Riverside Sheriff's Office in Riverside, California, where DONNARUMMA was arrested as HENRY DONALD RAMISTELLA on 7/4/67, were reviewed, but no information was developed that would indicate the present location for DONNARUMMA.

Information was also received concerning DONNARUMMA from the New York Office based on information received from SPENCER DRAYTON, Executive Vice President, Thoroughbred Racing Protective Bureau (TRPB). DRAYTON was contacted by representatives of "Life" magazine concerning the fact that DONNARUMMA had been a friend of SIRHAN B. SIRHAN. DRAYTON stated that according to their records this individual was HENRY RONALD RAMISTELLA, also known as Frank Donnarumma, whose date of birth was [redacted] His Social Security No. was [redacted] and his FBI No. was 365 697-C. TRPB records contain information concerning reported violations in connection with horse racing on the part of RAMISTELLA up until 1956 when the stewards at the New York tracks barred RAMISTELLA from employment, however, no formal ruling to that effect was issued.

In January 1966, RAMISTELLA was fingerprinted at Santa Anita Racetrack under the name of FRANK DONNARUMMA. TRPB records contain no information which would indicate the current whereabouts of DONNARUMMA. Set forth below is identification record of RAMISTELLA under FBI No. 365 697-C.

The following investigation was conducted by SA THOMAS J. LARDNER:

On August 16, 1968, Patrolman HERBERT MYCROFT, Identification Division, Providence, Rhode Island Police Department, advised from records that HENRY R. RAMISTELLA, of 878 180th Street, Bronx, New York, was arrested by this Police Department, on July 24, 1957, and charged with violation of the banking laws.

On July 26, 1957, the charge was reduced to false pretenses and RAMISTELLA was placed on probation.

Patrolman MYCROFT advised that it appeared from the records that RAMISTELLA was arrested along with JACKSON DURANT, RICHARD S. MC NABB, of 32 Saint Alfonsus Street, Roxbury, Massachusetts, and RONALD X. CHIAVERINI, of 37 Ring Street, Providence, Rhode Island, on a charge of being suspicious persons, and the latter three being released and RAMISTELLA being held for violation of the banking laws.

A stand-up photograph was taken of the four individuals which Patrolman MYCROFT made available.

He also made available a mug shot of RAMISTELLA.

RAMISTELLA is described as follows, according to the police record:

Name:	HENRY R. RAMISTELLA
Race:	White
Sex:	Male
Providence Police Department Number:	24-065
Federal Bureau of Investigation Number:	365697C

SUBJECT: Report on Rumor About Robert Kennedy Being Shot

1. This office has been informed of a rumor similar to that reported in our out teletype number 06680 of 8 June 1968.

2. On 23 July 1968 our representative in Mogadiscio, Somalia, was contacted (but not deliberately sought out) by a Mr. J. Christian Kinney, a United States citizen, who volunteered information about a rumor of Robert Kennedy having been shot. Mr. Kinney reported that on 18 May 1968 he stopped in Beirut, Lebanon, while enroute to Mogadiscio, with his wife and child. On the evening of May 18th he entered the Phoenicia Bar, Phoenicia Hotel, Beirut, about one-half hour before closing time. This was either 2130 or 2230 hours according to Mr. Kinney. At the bar Mr. Kinney struck up a casual conversation with a Mr. Joseph Strong, a United States citizen. During the conversation Mr. Strong inquired if Mr. Kinney had heard that Robert Kennedy had been shot. Mr. Kinney replied that he had not, and Mr. Strong said that he had heard this just before coming to the bar from a man he did not identify. Mr. Kinney and Mr. Strong reportedly felt that if this were true it would appear in the newspapers the next day, which, of course, it did not.

3. On 19 May Mr. Kinney left Beirut for Jidda, Saudi Arabia, where his company has business. He questioned some of his colleagues in Jidda whether they had heard a story about Robert Kennedy having been shot. The colleagues disclaimed having heard this so Mr. Kinney attributed the story to being a "typical Middle East coffee house rumor", and forgot about it. Mr. Kinney also met Mr. Strong in Jidda during the week of 19 May, and no mention was made by either party about the rumor that Robert Kennedy had been shot.

4. According to our representative in Mogadiscio Mr. J. Christian Kinney is employed as a consultant by the Middle West Service Company, 69 West Washington Street, Chicago, Illinois. He presently is assigned to Mogadiscio as the chief consultant to the Mogadiscio Water Agency on a United States

Agency for International Development (USAID) project. Mr. Kinney is described as being a bright, pleasant, young man in his early thirties who appears to know his business, and is well thought of by USAID officials in Mogadiscio. His wife is reported to be Ecuadorian, and they have one child.

5. The files of this office contain no identifiable information on J. Christian Kinney. Our representative in Mogadiscio reports that Mr. Kinney presently is undergoing a security check for the purpose of permitting him to have access to "need-to-know" classified information in connection with the USAID Mogadiscio water project. It is possible, therefore, that USAID Washington may have information on Mr. Kinney.

6. Our representative in Mogadiscio reports that Mr. Kinney described Mr. Joseph Strong as being the Middle East Sales Manager for Raytheon. According to Mr. Kinney, Mr. Strong is based in New York and travels to his sales territory several times a year. It is possible that Mr. Strong may be identical with Joseph Addington Strong who was born on 5 October 1911 at Chattanooga, Tennessee. According to information dated mid-1967 Joseph Addington Strong resided at 743 Wellesley Street, Weston, Massachusetts. He was employed by the Raytheon Company, Wayland, Massachusetts, as International Sales and Projects Manager, Surface Radar and Navigation Operation. He has been employed by Raytheon since 1950.

7. This office conducted national agency checks on Joseph Addington Strong in 1964. The checks included the Office of Naval Intelligence (ONI); Department of State, Passport Section; House Committee on Un-American Activities; and the Federal Bureau of Investigation. The checks developed no unfavorable information. In 1962 ONI completed a favorable background investigation on Strong. The investigation was predicated on his civilian duties in a contract capacity.

Strong stated he recalled commenting about the article to an unidentified American male later on May 18, 1968, in a bar in Beirut; but he never read or heard anything further in newspapers or on radios concerning the rumor in the days immediately following May 18, 1968.

On 6/4/68 the above-captioned person was a registered guest at the Ambassador Hotel, Los Angeles, California.

At 12:15 A.M. on 6/5/68, SIRHAN B. SIRHAN, at the conclusion of a victory rally by the late Senator ROBERT F. KENNEDY (D-New York), in the kitchen area leading off the Embassy Ballroom shot and killed Senator KENNEDY, utilizing a .22 caliber revolver.

The Los Angeles Police Department requested the assistance of the Bureau in the location and interview of guests of the hotel in an effort to determine whether or not any of the guests might be in possession of any information concerning a possible conspiracy, might know SIRHAN, or might have seen him about the hotel on the night of 6/4/68.

All information, negative or positive, should be incorporated into an FD-302, as all information is being disseminated to the District Attorney, Los Angeles County, in report form, such reports being prepared by Los Angeles.

Trial date is tentatively set for the first part of November 1968, and it would be appreciated if the lead is covered in an expedite fashion. For your assistance, there is enclosed a diagram of the hotel area and location of the shooting.

22 copies of FD-302 should be submitted.

Charlotte went to the hotel with her roomate, Lynda Gamburd, (interview made), and a friend, Leslie Bronstein (no interview, 1706 Brockton; WLA #3 PH#477-8433). She arrived at the hotel at approximately 8:15PM and went directly to the Embassy Room. She did not have a pass but was able to walk past the guard. Once inside she did not leave the room. She spent the 3 hours before Kennedy spoke sitting on the right edge of the stage. After Kennedy spoke she linked arms with other Kennedy girls on the right side of the stage in order to form a pathway for him. Kennedy then went down the left side of the stage. A short time later she heard a lot of noise but she thought it was trays and dishes being dropped. Someone then came running out stating that Kennedy had been shot. Charlotte does not recall seeing Sirhan or any woman wearing a polka-dot dress. Her friend mentioned above, Leslie Bronstein, brought a camera but supposedly did not take any pictures.

FD-302 (Rev. 4-15-64)

FEDERAL BUREAU OF INVESTIGATION

Date 10/3/68

Mr. DONALD (DANIEL) JOSEPH DOWD, who resides at 69 Hale Street, West Springfield, Massachusetts, was interviewed at the New England Regional Commissions Office, Post Office Building, Post Office Square, Boston, Massachusetts, and furnished the following information:

Mr. DOWD stated he flew from Boston, Massachusetts, and arrived in Los Angeles, California, on May 11, 1968, at approximately 7:30 p.m. Upon arriving in Los Angeles, he checked into the Ambassador Hotel, and the following day met with TONY AKERS, the former Ambassador to New Zealand, who was one of the men in charge of field operations in the Los Angeles area of Southern California during the campaign of Senator KENNEDY. He also met with STEVE SMITH, Senator KENNEDY's campaign manager and brother-in-law. From May 12, 1968, through June 4 and 5, 1968, DOWD worked with Mr. AKERS and Mr. SMITH in organizing the Senator's campaign. According to DOWD, everything ran smoothly. He stated he could recall one incident which occurred in the hotel parking lot, which indicated to him the atmosphere of hate for Senator KENNEDY and the KENNEDY campaign. He stated that each morning the campaign posters, which were on the cars being utilized by the campaign people, were found to be ripped off of the cars and each day they needed to be replaced. As stated above, Mr. DOWD advised there appeared to be an atmosphere of hate around the hotel parking lot; however, he could not give a specific description of it and could not identify any individual responsible for the tearing off of the posters. He stated that the incidents may not mean anything but it appeared rather strange to him that acts such as these should occur so close to the Senator and campaign headquarters.

On Sunday night, June 2, 1968, while in the Coconut Grove, Mr. DOWD noticed an individual in back of the stage whomno one recognized and who refused to move from the area when requested to do so by KAY HACKET, who was one of POLLY FITZGERALD's girls on the

Hostess Committee. According to Mr. DOWD, Mrs. HACKET asked this individual to move and when he would not leave the area, she asked GENE DELLEA, another of the campaign workers, for assistance. Mr. DELLEA, who was on the opposite side of the stage, crossed and came to Mr. DOWD and told him of the incident. DOWD stated that he advised Mr. DELLEA not to fool around with the individual but to call a policeman. Mr. DELLEA returned to the opposite side of the stage and found that this individual was gone. DOWD stated he saw the same individual again a few minutes later and that this time he was talking to two nuns.

On Tuesday evening, June 4, 1968, DOWD stated he saw this same man again roaming around the Embassy Room. He last saw this individual around 10:00 p.m., June 4, 1968. He did not notice if this individual had a pass or identification which would allow him to enter the Embassy Room. DOWD stated there was much confusion, much noise, and many people in the area and it was very difficult to attempt to keep any one person from the Embassy Room. DOWD advised he had no reason to suspect this individual other than the fact that he "looked like a hood." He stated he might have been another of the campaign workers although he did not see him prior to June 2, 1968. DOWD further stated he (DOWD) entered the Embassy Room on one occasion through a door in back of the television cameras. This door was accessible from the restaurant area and was apparently unguarded. He stated in view of the fact that he entered this door on two or three different occasions, it was possible this individual could have gained entrance to the Embassy Room the same way.

Mr. DOWD furnished the following physical description of the man:

Nationality:	Possibly Greek, Italian, or South American extraction
Age:	52-53
Hair:	Dark, receding
Build:	Stocky
Weight:	230-240
Height:	5'8" of 5'9"

Clothes: Wore a dark suit, possibly black, on both occasions when seen by DOWD

Mr. DOWD stated that Mr. GENE DELLEA of Pittsfield, Massachusetts, and Mr. JOSEPH SCANLON, Assistant to Congressman ST. GERMAIN at Providence, Rhode Island, could possibly have more information concerning the individual described above.

Mr. DOWD was shown a photograph of SIRHAN B. SIRHAN and advised that at no time during the campaign did he ever see SIRHAN B. SIRHAN or hear his name mentioned.

Mr. DOWD stated at the time of the shooting of Senator KENNEDY he was in the Embassy Room standing immediately in front and below the television cameras, which were located to the right rear of the Embassy Room, adjacent to the restaurant. He stated the television cameras had been off for approximately five minutes and that many of the people in the Embassy Room had started to leave. He stated he became aware of much confusion toward the serving kitchen area and was advised very shortly that Senator KENNEDY had been shot. He said he received this information from one of the television network employees. DOWD stated he could not get across the Embassy Room so he left the room by the door mentioned above, which was located behind the television cameras. He stated he ran through the restaurant and into the hotel lobby to call a doctor. He said the telephone operator in the hotel advised him that a doctor had already been summoned. He returned to the hotel lobby where he found POLLY FITZGERALD in the lobby and attempted to get her out of the crowd. He stated at the same time an individual, whom he later learned was SIRHAN B. SIRHAN, was being escorted through the lobby by 10 or 12 policemen in uniform, heading down toward the street.

Mr. DOWD stated he went with Mrs. FITZGERALD first to her own suite and then to Senator KENNEDY's suite on the fifth floor of the hotel to check on the Senator's children. He stated the children were not there and that Mrs. FITZGERALD then asked him to take her to the hospital where they had taken Senator KENNEDY. Mr. DOWD stated they arrived at the hospital at approximately 2:15 a.m.

on June 5, 1968, and remained there the rest of the night. Mr. DOWD stated he got a later flight from Los Angeles to Boston and arrived back in Massachusetts on June 5, 1968.

The following background information and description of Mr. DOWD was obtained through interview and personal observation:

Hostess Committee. According to Mr. DOWD, Mrs. HACKET asked this individual to move and when he would not leave the area, she asked GENE DELLEA, another of the campaign workers, for assistance. Mr. DELLEA, who was on the opposite side of the stage, crossed and came to Mr. DOWD and told him of the incident. DOWD stated that he advised Mr. DELLEA not to fool around with the individual but to call a policeman. Mr. DELLEA returned to the opposite side of the stage and found that this individual was gone. DOWD stated he saw the same individual again a few minutes later and that this time he was talking to two nuns.

On Tuesday evening, June 4, 1968, DOWD stated he saw this same man again roaming around the Embassy Room. He last saw this individual around 10:00 p.m., June 4, 1968. He did not notice if this individual had a pass or identification which would allow him to enter the Embassy Room. DOWD stated there was much confusion, much noise, and many people in the area and it was very difficult to attempt to keep any one person from the Embassy Room. DOWD advised he had no reason to suspect this individual other than the fact that he "looked like a hood." He stated he might have been another of the campaign workers although he did not see him prior to June 2, 1968. DOWD further stated he (DOWD) entered the Embassy Room on one occasion through a door in back of the television cameras. This door was accessible from the restaurant area and was apparently unguarded. He stated in view of the fact that he entered this door on two or three different occasions, it was possible this individual could have gained entrance to the Embassy Room the same way.

Mr. DOWD furnished the following physical description of the man:

Nationality:	Possibly Greek, Italian, or South American extraction
Age:	52-53
Hair:	Dark, receding
Build:	Stocky
Weight:	230-240
Height:	5'8" of 5'9"

Clothes: Wore a dark suit, possibly black, on both occasions when seen by DOWD

Mr. DOWD stated that Mr. GENE DELLFA of Pittsfield, Massachusetts, and Mr. JOSEPH SCANLON, Assistant to Congressman ST. GERMAIN at Providence, Rhode Island, could possibly have more information concerning the individual described above.

Mr. DOWD was shown a photograph of SIRHAN B. SIRHAN and advised that at no time during the campaign did he ever see SIRHAN B. SIRHAN or hear his name mentioned.

Mr. DOWD stated at the time of the shooting of Senator KENNEDY he was in the Embassy Room standing immediately in front and below the television cameras, which were located to the right rear of the Embassy Room, adjacent to the restaurant. He stated the television cameras had been off for approximately five minutes and that many of the people in the Embassy Room had started to leave. He stated he became aware of much confusion toward the serving kitchen area and was advised very shortly that Senator KENNEDY had been shot. He said he received this information from one of the television network employees. DOWD stated he could not get across the Embassy Room so he left the room by the door mentioned above, which was located behind the television cameras. He stated he ran through the restaurant and into the hotel lobby to call a doctor. He said the telephone operator in the hotel advised him that a doctor had already been summoned. He returned to the hotel lobby where he found POLLY FITZGERALD in the lobby and attempted to get her out of the crowd. He stated at the same time an individual, whom he later learned was SIRHAN B. SIRHAN, was being escorted through the lobby by 10 or 12 policemen in uniform, heading down toward the street.

Mr. DOWD stated he went with Mrs. FITZGERALD first to her own suite and then to Senator KENNEDY's suite on the fifth floor of the hotel to check on the Senator's children. He stated the children were not there and that Mrs. FITZGERALD then asked him to take her to the hospital where they had taken Senator KENNEDY. Mr. DOWD stated they arrived at the hospital at approximately 2:15 a.m.

on June 5, 1968, and remained there the rest of the night. Mr. DOWD stated he got a later flight from Los Angeles to Boston and arrived back in Massachusetts on June 5, 1968.

The following background information and description of Mr. DOWD was obtained through interview and personal observation:

Mr. JOSEPH SCANLON of 27 Fir Avenue, Tiverton, Rhode Island, was contacted for interview at his office in the United States Customs Building, Providence, Rhode Island.

He advised that at the time of the assassination of Senator ROBERT KENNEDY he was with his wife in Room 24B at the Ambassador Hotel, Los Angeles, California. He stated that because of this he had no opportunity to observe anything that happened either directly, during, or after the assassination.

He said that the only item of interest that he could recall was that on the evening of June 2, 1968, a Sunday evening, a reception was held for Senator KENNEDY in the Coconut Grove Club. He said that many stars of the stage and screen and other celebrities were present and were entertaining. He said that he and a GENE DILLEA of Pittsfield, Massachusetts, and a DONALD DOWD of Boston, Massachusetts, noted that a big stocky man about 6 feet 2 inches, 250 pounds, dark hair, large features kept trying to get behind the stage area. He was told several times to leave the area but would not, until finally he, SCANLON, and the other men told him to get out of there and pointed him out to other aides; and he was removed from the area. He said that he did not know of his identity and that this was the only incident he saw prior to the assassination at any time that cause any suspicion on his part.

He stated that he unsuccessful ran for a congressional seat during the past primary election in the State of Rhode Island. He stated that on June 4 and 5, 1968, he was in the Embassy Ballroom of the Ambassador Hotel in Los Angeles, California. Mr. JACQUES stated that he was not altogether sure on the exact date of the shooting of Senator ROBERT KENNEDY but knew that it was on a Tuesday night. He stated that he was in the Embassy Ballroom with all of the other workers of the Kennedy contingent awaiting the arrival of ROBERT KENNEDY where he was scheduled to give a short address on his successful results of the California primary election. He stated that he was close to the stage located in the Embassy Ballroom and was located on the righthand side of the stage platform which is the opposite way from which Senator KENNEDY departed and was subsequently shot.

JACQUES observed the diagram which appeared in the Los Angeles Times on June 6, 1968 and pointed to the stage area of the diagram and indicated that he was located on the lefthand side of the stage from the audience, which would be the righthand side of the speaker's podium. JOHN B. MARQUAND, journalist for the "New York Review", 250 West 57th Street, New York, New York, vacationing at Great Pond, Edgartown, Massachusetts, said he was staying at the Ambassador Hotel, Los Angeles, California, the night the late Senator ROBERT F. KENNEDY was assassinated there June 5, 1968.

At approximately midnight, June 4, 1968, MARQUAND was in the serving kitchen of the Ambassador Hotel along with other journalists and newspaper writers and kitchen employees of the above hotel awaiting KENNEDY's exit from the hotel via that area. Since MARQUAND's good friend, GEORGE PLIMPTON, editor and free lance writer, was accompanying KENNEDY, MARQUAND anticipated a brief interview of KENNEDY as the latter passed through that area.

Suddenly, as the bodyguards and vanguard of KENNEDY's group with KENNEDY entered the serving kitchen, MARQUAND heard what sounded to him like several Chinese firecrackers going off. Then he saw ROOSEVELT GRIER, ex-pro football player; RAFER JOHNSON, ex-Olympic athletic star; GEORGE PLIMPTON; and others seize a frail, small young man who looked like a teen-age Mexican and hold his right arm aloft. There was a handgun in his right hand which they wrestled from him. They then threw him on top of a serving table and appeared to be "tearing him apart." Because of the excitement and confusion, MARQUAND failed to note KENNEDY lying on the floor for some seconds after the above scene took place. MARQUAND said he subsequently learned through the news media that the young man with the gun in his hand was SIRHAN B. SIRHAN.

EUGENE A. DELLEA, Pomeroy Ave., West Stockbridge, Massachusetts, was interviewed at the Pittsfield, Massachusetts Police Department.

He furnished the following information:

On May 17, 1968, he flew from Bradley Field, Windsor Locks, Connecticut, via TWA to Los Angeles, California, arriving there at approximately 3:00 a.m., May 18, 1968. Upon arriving in Los Angeles, he checked into the Ambassador Hotel.

On May 18, 1968, he met with DONALD DOWD, a co-ordinator during the campaign of Senator ROBERT F. KENNEDY and was briefed on the campaign programs.

He advised that a Workshop was held in a school in West Los Angeles and that during the day of May 18, 1968, he travelled to various locations in West Los Angeles, Beverly Hills, and Santa Monica, California.

He related that from May 18, 1968, through June 4, 1968, he worked with Mr. DOWD in organizing Senator KENNEDY's campaign in the Los Angeles area.

He stated that the campaign activities were running smoothly and the only trouble occurring was that campaign posters on the cars of campaign workers were constantly being ripped off the cars.

He related that on the night of June 2, 1968, he was in the Coconut Grove. He advised that he noticed an individual wandering around who didn't appear to belong to the campaign group.

He advised that KAY HACKETT, a campaign worker, mentioned to him that she had asked this individual to leave the area, but he had refused to do so. He advised that he asked the individual to leave, but the individual did not do so.

He advised that he spoke to Mr. DOWD about this individual and Mr. DOWD told him to go and tell a policeman to see if he'd ask the individual to leave.

He advised that he mentioned the matter to a policeman, but he later observed the same individual talking to a group of Catholic nuns. He advised that he then assumed that the individual was probably connected with the campaign in some capacity, and he dismissed the matter from his thoughts.

He related that during the evening of June 4, 1968, he saw the same individual in the Embassy Room and recalled that Mr. DOWD mentioned to him that this same individual was back again.

He advised that so far as he knew this individual did not exhibit any pass or identification card which allowed him to be in the Embassy Room. He related that it was possible to enter the Embassy Room without showing identification due to the large crowd and confusion in the room.

He furnished the following physical description of the individual:

Nationality:	Possibly Lebanese, Greek, or Italian
Age:	Middle 50's
Hair:	Dark
Build:	Very heavy
Weight:	250 lbs.
Height:	6' - 6'2"
Remarks:	"looked like a hood"

He was exhibited a photograph of SIRHAN B. SIRHAN and advised that he never saw SIRHAN or ever heard SIRHAN's name mentioned at any time and that SIRHAN was not identical with the man he saw in the Coconut Grove and the Embassy Room.

He advised that at the time of the shooting of Senator KENNEDY he was in the Embassy Room standing immediately in front and below the television cameras with Mr. DOWD. He related that this placed him in the right rear of the Embassy Room next to the restaurant.

He recalled that the television cameras were not operating and that some of the people in the Embassy Room were leaving.

He advised that he heard a "pop" sound as though a balloon had been popped. He then noticed a great deal of confusion and shouting and heard someone say that Senator KENNEDY had been shot.

He related that Mr. DOWD ran out of the room through a door behind the television camera. He advised that he tried to follow Mr. DOWD, but he was forced back by police officers.

He related that he then rushed out the main door into the lobby and met Mr. DOWD there with POLLY FITZGERALD, a KENNEDY relative. He advised that he and Mr. DOWD and POLLY FITZGERALD then saw policemen taking a man out of the area.

He advised that he and Mr. DOWD accompanied Mrs. FITZGERALD to her suite and that Mr. DOWD went to Senator KENNEDY's suite to check on the Senator's children.

He advised that Mr. DOWD returned to Mrs. FITZGERALD and that they then went to the hospital where Senator KENNEDY had been taken.

He believed that they arrived at the hospital at 2:15 a.m., June 5, 1968; and they remained at the hospital until 7:00 a.m., June 5, 1968.

He advised that after leaving the hospital, he went to the airport and flew to Boston, Massachusetts, on Senator KENNEDY's airplane, arriving in Boston at 9:00 a.m., June 5, 1968.

MICHAEL D. ROMAN, 105 Woodside Drive, Greenwich, Connecticut, attending a seminar at Harvard University, Cambridge, Massachusetts, advised that on June 4, 1968, he was at the Bulova Watch Company sales meeting at the Ambassador Hotel, Los Angeles, California.

He stated that he was in the Embassy Room at the hotel around midnight on that date when ROBERT KENNEDY addressed the group in the ballroom. He stated that he remained in the room when KENNEDY and a group departed and went through the kitchen area. ROMAN stated he heard the shooting and was subsequently advised KENNEDY had been shot.

ROMAN stated he did not see SIRHAN SIRHAN when he was in custody and removed from the hotel. He further stated he saw pictures of SIRHAN and could not identify him as a person ROMAN had ever seen previously.

ROMAN had no reason to believe anyone else in the area of the Ambassador Hotel was involved in the shooting incident.

FROM : SA DENNIS M. CONDON

SUBJECT: KENSALT

On 4/2/69, VINCENT MURPHY, Thoroughbred Racing Protective Bureau (TRPB), Lincoln Downs, R. I., telephonically advised that they had received information that HENRY RAMISTELLA, aka FRANK DONNARUMMA, on whom a Stop was placed by SA FRANCIS CASHIN of the NYO, was at the Lemuel Shattuck Hospital, Jamaica Plain, Mass., as of 3/27/69, and, prior to that, was at a hospital in Springfield with a serious kidney ailment that is worse than cirrhosis of the liver. He said that the Stop placed with the TRPB was in order that they could interview RAMISTELLA.

Boston files reflect that under serial 44-646-45, intensive investigation was being conducted to locate RAMISTELLA as his name appeared in the notebook of SIRHAN B. SIRHAN. RAMISTELLA, aka FRANK DONNARUMMA is apparently a race track character.

I telephoned the Lemuel Shattuck Hospital and ascertained there is no one presently confined there under the name of RAMISTELLA or DONNARUMMA.

RECOMMENDATION

It is recommended that an Agent handling "44" matters pursue this to ascertain RAMISTELLA's location; whether Los Angeles still wants him interviewed, and whether the Stop with the TRPB placed by the NYO should be cancelled.

FEDERAL BUREAU OF INVESTIGATION

Date 4/5/69

HENRY RONALD RAMISTELLA, 737 Carew Street, Springfield, Massachusetts, advised as follows:

He is a former horse trainer and jockey who was disbarred because of some trouble he got into a number of years ago. Because he was barred from the race tracks he travelled to California where he sought work as a horse trainer under the name FRANK RUMMA. Using this name he was employed by Mr. BURT C. ALTERFLISH (phonetic) who is the owner of the Cramja Vista De Rio Ranch. He was so employed for approximately two years ending early in 1968 or in the end of 1967. While employed by Mr. ALTERFLISH he hired SIRHAN SIRHAN as an excercise boy and a jockey trainee. SIRHAN was known to him and to all the other workers as SOL, however, his true name, SIRHAN, appeared on his pay check.

SIRHAN had been employed for about a year when RAMISTELLA referred him to R.L. "BOB" WHEELER. However, approximately two months later SIRHAN returned to the De Rio Ranch and stated that BOB WHEELER had told him he was not ready to become a jockey. SIRHAN worked for approximately a month after returning to the ranch and then quit after he was unable to obtain a raise or shorter hours. This was approximately one year before Mr. RAMISTELLA heard that he had been arrested for shooting Senator ROBERT F. KENNEDY.

SIRHAN had advised RAMISTELLA that he had studied to be an ambassador for his old country noting that SIRHAN was an immigrant to the United States. RAMISTELLA feels that SIRHAN would have been well suited for this type occupation as he was exceedingly polite and appeared well educated.

He described SIRHAN as being a "loner" who had few friends and who used to go without meals in order to save his pay check. SIRHAN was very meek and had no "nerve." SIRHAN was generally afraid of horses and lacked the nerve to become a jockey.

RAMISTELLA states that he and several others were watching SIRHAN run one of the horses at the time SIRHAN fell from the horse. RAMISTELLA noted that this fall had

been subsequently publicized in recent newspaper and television accounts from Los Angeles. He noted that at the time SIRHAN was running the horse it was extremely foggy and SIRHAN apparently lost his bearings and ran the horse into one of the fences almost directly in front of him, RAMISTELLA, and the other onlookers. RAMISTELLA, because of the fog, did not actually see SIRHAN fall from the horse but heard the accident and ran to where SIRHAN was laying. SIRHAN was very much shaken by the accident and was taken to the local hospital for treatment. The hospital found nothing wrong, however, and released him the next day. RAMISTELLA had an occasion to observe SIRHAN for some time following this accident and noted that his behavior was, apparently, no different from his behavior before the accident. SIRHAN did not complain of any ill effects following the accident to RAMISTELLA or to anyone else in RAMISTELLA's knowledge.

RAMISTELLA has no knowledge of SIRHAN's political views. He states that SIRHAN argued with two Hungarians that were employed at the ranch about politics and Communists, however, the discussion took place in a language not familiar to RAMISTELLA and he has no idea what the argument concerned. He could identify one of the Hungarians only as JOHN and states that Mr. ALTERFLISH could possibly be able to identify thesw two individuals.

Sirhan may be released in 1986

United Press International

SAN QUENTIN, Calif. —Sirhan B. Sirhan, once condemned to die for the assassination of Sen. Robert F. Kennedy, has been a "model prisoner" and if he keeps it up he will be released in 1986 under a new California parole policy.

The state Adult Authority determined yesterday that Sirhan, 31, should be released Feb. 23, 1986, after serving a total of 16 years and nine months for the first-degree murder of Kennedy, the 1968 California Democratic nominee for President.

The parole board acted under a new policy of the administration of Democratic Gov. Edmund G. Brown Jr. to establish specific release dates for all California inmates who now serve "indeterminate" sentences.

Sirhan's attorney, Godfrey Isaac of Beverly Hills, Calif., said he talked with Sirhan after the board hearing and Sirhan indicated he would fear for his life after he is freed.

THE CHAPPAQUIDDICK COVERUP

In the early morning hours of July 19, 1969, a Deputy Sheriff named Christoper Look was driving home, travelling east on Chappaquiddick road from the Edgartown Ferry on Chappaquiddick Island in Massachusetts. Look came to a sharp right turn in the road, where the road intersected a dirt road called Dike Road, which continued straight in the same direction Look was travelling.

Look slowed to make the right turn and he noticed a car driving northeast on School Road toward him at the same intersection. As Look slowed to almost a stop, the other car, instead of negotiating the turn on to Chappaquiddick Road toward Edgartown,drove straight ahead and stopped on a narrow sand road leading to a cemetery. As the car passed in front of Look's headlights, he saw it was a black sedan and that there appeared to be a man and a woman in the front seat, and what appeared to be some clothing in the rear.

Look turned the corner and stopped about sixty feet from the other car, stepped out of his station wagon and walked back along the center line toward the car which was stopped at the entrance to the ancient cemetery. As he was about thirty-five feet away, the car quickly reversed, made a 90^{0} right turn and headed towards Dike Bridge and the beach, the car disappeared at high speed in a cloud of dust. It was approximately 12:45 AM.

The black sedan travelled three-quarters of a mile and, at high speed, struck some ruts in the road in front of the wooden bridge, lost control and flipped over the right side into about nine feet of water. The car came to rest with the engine toward the bridge and the rear of the car at an elevated position. The two occupants of the car were upside down with water pouring into the only open window next the the driver's left arm. The driver drowned almost immediately and the young girl scrambled into the rear seat as the water rose around her. She soon discovered that in the upside down position, the elevated section of the floor of the rear section of the car trapped sufficient air that, by grasping the upside down seat, she was able to breathe.

The position of her drowned companion prevented her escape from the only open window; and she survived for approximately two hours. Shortly before 3 AM, or thereabouts, she expired from shock, exposure and lack of oxygen.

The girl was identified as Mary Jo Kopechne, secretary to Senator Robert F. Kennedy, who alledgedly was murdered by Sirhan B. Sirhan in Los Angeles, approximately one year and one month earlier.

When rescuers pulled the girls body from the car at 9 o'clock the next morning, the driver of the vehicle was not there.

Who was he and where had his body gone? When the car was pulled from the water, the front windshield which took the full

Copyrighted 1975
George C. Thomson

impact of the fall from the bridge was cracked but not broken in.

Both windows on the passenger side, which were smaller and did not receive such a force as did the windshield, were broken out to their frames.

Who was responsible for removing the glass from these windows? What was the purpose? Was the driver's body removed in the night and if so why was Miss Kopechne left inside the car?

What was the driver's identity? Why conceal both his body and his name?

At approximately 9 AM, the same morning, a strange conversation occured at the Edgartown Ferry crossing at the time the paramedic was taking the body from the submerged car.

Three men boarded the ferry for the short trip across the narrow strait joining Edgartown Harbor with Katama Bay.

When the ferry docked at the Chappaquiddick terminal, one of the men, Mr. Tony Bettencourt, went up to Senator Ted Kennedy and asked, "Senator, they just took a dead girl our of your car, do you want a ride up the the bridge?" "No", said Kennedy, "I'm going over to town."

Another man named Hewitt said loudly, "Senator Kennedy, are you aware of the accident?"

One of Kennedy's companions said, "Yes, we just heard about it."

It seems to me that this was quite true, since I am fully convinced that the driver of the car was Robert Kennedy, not Ted Kennedy.

What was this terrible secret that forced the Senator from Massachusetts to take the blame for an accident which involved his brother, the former Senator from New York?

I am sure it is not necessary to overstate this case. It is better to leave the police work where it belongs, and hopefully, the Los Angeles police and the Edgartown authorities, will rise to the occasion and perform their duty.

CONSPIRACY REPORT NO. 1 (3-13-75)

Mrs. Sam "Casey" Gordon, deceased, told me approximately ten (10) years ago, that she had a woman as a house guest for approximately one year. The woman's name was Phyllis McGuire, a friend of Sam Giancana, a reputed mobster.

Casey told both my wife and I, that Marilyn Monroe had coincidentally appeared at the Seattle Worlds Fair, and in Reno, Nevada, when Senator Robert Kennedy had appeared at these locations with his family. She said that when Giancana came to Palm Springs, Miss McGuire made herself immediately available to him.

Casey lived on Crescent Drive, next to my house at 769 Crescent, which is now leased. I learned from other sources that Sam Gordon, Casey's husband was a boyhood friend of Jack Ruby, the original Jack Ruby from Chicago. I was told by a different source that Ruby was found shot to death in a barrel, and that the Dallas Ruby was an imposter.

Recent news accounts have charged that Sam Giancana employed one Johnny Roselli to make repeated attempts on Fidel Castro's life. These attempts were allegedly made at the approximate time of the Bay of Pigs invasion. (April 17, 1961)

When Roselli appeared for sentencing from a conviction resulting from a card cheating case, Roselli reportedly asked for leniency due to his participation in the Castro affair. The Judge said he did not deserve any "brownie points" for this and sentenced him to prison anyway.

The press at present, has mounted a campaign of accusation against Federal agencies with respect to their possible participation in political assassinations.

In my opinion, these accusations are not entirely justified, and I will tell you why.

I have firmly established that both Kennedy "assassinations" resulted in the death of persons other than President John Kennedy and Senator Robert Kennedy. With this in mind let me proceed:

The occurence of two fake assassinations lends credence to the thought, that they were engineered in order to conceal those responsible for actual assassinations and assassination attempts.

In any criminal investigation, motive and timing should never be discounted.

The press is now suggesting that Fidel Castro had President Kennedy shot in retaliation for the attempts on his life.

We now know that this was not the case.

Let us suppose, that the disappearance from public life by President Kennedy was in fact, due to possible exposure of the

Copyrighted 1975
George C. Thomson

attempts on Castro's life and other domestic disclosures related thereto.

The press stated at first that two Massachusetts men, (Edelman and Walinsky), who were associates of RFK had stated that RFK had stopped the attempts on Castro's life. The next day the press said this was not the case, that it was President Kennedy who stopped the operation.

The facts are that the operation did take place and that there were six attempts to kill Castro, one of which resulted in the loss of a boat by gunfire.

It is of interest that Roselli's lawyer was Grant Cooper, who immediately following the Rosellis case, represented Sirhan Sirhan, for the alleged "murder" of RFK.

It is apparent that a complete understanding of the Friars Club Card Cheating Case (Roselli) was of paramount importance in dealing with Sirhan.

Now let us look at the fake assassination of RFK. When the true facts of this case were revealed on KUSC Radio (Rap Line, Lowell Ponte, April 24, 1970), a law suit was filed by one Ted Charach, that a plumber from Lockheed did the Senator in.

Time went by and following a discussion at Glendale Colllege on June 5, 1974, that contained some very convincing information, Los Angeles was again invaded, this time from Massachusetts and New York.

A former New York Congressman, Allard Lowenstein, teamed with a man from UNCLE on KABC Radio to again advance "The Plumber in the Pantry", theory of political assassination.

Their intellectual discourse on two way radio was disturbed by a caller who called their attention to the coroner's report which described the deceased in other physical dimensions than the good Senator from New York possessed. According to the Los Angeles Times, RFK was positively shot in the pantry of an old hotel on Wilshire Blvd., on June 5, 1968. Nothing could be farther from the truth.

Another invitation to Glendale College on Febduary 25, 1975, blew a lot of covers, to coin a phrase. It was pointed out that Allard Lowenstein, the advocate of assassination by plumber had employed a secretary who had participated in the joyful reunion with RFK at Chappaquiddick Island on July 19, 1969, thirteen months after RFK was supposed to have been laid to rest after his funeral in St. Patrick's Cathedral.

One thing led to another and it was soon apparent that in 1969, when bodies were arriving at Travis Air Force Base from Vietnam, Bobby was enjoying the good life at Chappaquiddick playground. Bobby's driving ability soon altered this injustice however, and he landed upside down with his mouth full of sea water, at Poucha Pond. Thus ended the saga of the New Frontier and the Mystery of Camelot.

Copyrighted 1975
George C. Thomson

On Channel 13 Los Angeles, a man of rapid voice named, Mort Sahl teamed with this above mentioned man from UNCLE on the night of March 12, 1975 and prepared the American uninitiated and uninformed public with the coming disclosure that the pantry gunfire resulted from blank cartridges, but to no one's suprise, he hung on tenaciously to the libel of the plumbing industry at Lockheed Aircraft Company in Burbank.

56-156-3178 A Poster announcing that GEORGE C. THOMSON was to speak on Tuesday, February 25, 1975 at Glendale College from 11 AM to 12 Noon, in Room B-106.

GEORGE C. THOMSON is the author of 'The Quest for Truth'.

The following paragraphs are set out on this poster:

"The only gun found the night of the murder was found in the pantry with eight expended shells in its cylinder. The body which was taken to the morgue had a bullet removed during the autopsy which did not match the pantry gun.

"The victim was, therefore, shot by a gun other than the pantry gun and the murder was committed in an area other than the pantry."

Also set out on this poster is the following:

"Physical Descriptions for Comparison:

	Victim	RFK	Difference
Color Eyes	Hazel	Blue	-
Weight	165 lbs.	140-145	20 lbs.
Height	5'10½"	5'9"	

Attached is a xerox copy of the autopsy report on Robert F. Kennedy.

GENERAL EXTERNAL EXAMINATION:

The non-embalmed body, measuring 70-1/2 inches (179 cm) in length and weighing about 165 pounds (74.5 kg), is that of a well-developed, well-nourished and muscular Caucasian male appearing about the recorded age of 42 years. The extremities are generally symmetrical bilaterally, showing no obvious structural abnormality.

The head shows extensive bandaging, somewhat blood-stained in the posterior aspect. Dressings are also present in the right clavicular region, the right axilla, and the right ankle regions. Also present over the right inguino-femoral region are apparently elastoplast dressings. A recent tracheostomy has been performed at a comparatively low level. A clear plastic tracheostomy tube fitted with an inflatable cuff is in place. The area also shows a gauze dressing.

Lividity is well developed in the posterior aspect of the body, mainly at the upper shoulder and midback regions with approximately equal distribution bilaterally. The lividity blanches definitely on finger pressure.

Eye color is hazel. Pupillary diameters are equal at about 5 mm (3/16 inch).

The buccal mucosa and the tongue show no lesion.

Chest diameters are within normal limits and there is bilateral symmetry. The breasts are those of a normal adult male. The abdomen is scaphoid. No abdominal scar is identified. There is an old low medial inguinal scar on the right.

Texture and configuration of the nails are within normal limits, and no focal lesions are noted. There is no peripheral edema.

The skin in general shows a smooth texture and no additional significant focal lesion. There is abundant suntan, especially at the neck region where its contrast with the areas shaved for surgical preparation on the right can be noted.

No structural abnormality is noted on the back.

There is a diagonally disposed recent surgical incision about 3 inches (7.5 cm) in length in the right anterolateral femoral region. This incision has been intactly sutured. There is an associated plastic tubing of small diameter, centered about 1/2 inch (13 mm) from the inferior flap margin of the incision.

According to source, also enclosed with the letter was a drawing on 20½" by 35" drafting paper labelled "Dallas Murder Map", and reflecting that George C. Thomson, Engineer, 1526½ Canada Boulevard, Glendale 8, California, was the author of same.

The files of the Dallas Office of the FBI reflect that information concerning one George Cecil Thomson was set forth in the report of Special Agent Robert P. Gemberling at Dallas dated October 21, 1964, in captioned matter, on pages 25 thru 37.

Subsequent to the publication of the report of the President's Commission on the Assassination of President Kennedy, the FBI has been contacted by and received a considerable number of communications from George Cecil Thomson, a 51-year old civil engineer, who in 1964 resided at 917 Briarwood Lane, Glendale, California. He was identified at that time as the owner and operator of the Thomson Engineering Company, 1528 Canada Boulevard, Suite 208, Glendale, California.

Thomson appeared to be obsessed with the idea that Lee Harvey Oswald did not assassinate President Kennedy and Thomson prepared a 106-page treatise on this subject wherein he endeavored to prove his theories. This treatise was entitled "How President Kennedy Really Was Killed" or "The Quest for Truth", and primarily took issue with the scientific examinations conducted and the results thereof. His work was thoroughly analyzed and found to be based on fallacious and incomplete information and was of no value to the assassination investigation.

Dear Esther,

I not only think your letter of Sept. 19 was interesting, it was also factual as to the close attention given my presentation of the "Kennedy Hoax" at Shirley Alloway's house in New London, Conn.

For all citizens of the U.S. who are afflicted with the same turmoil which has been visited recently upon the Governor of Michigan (Brainwashing).

Let me word this in the briefest way possible.

(1) The body at Washington had a bullet in the back and all wounds were from the rear.

(2) The body at Dallas had NO back wound and ALL wounds were from the front.

Q.E.D. Two bodies, neither of them Kennedy. Conspiracy, murder, concealment, fraud and you name it.

As to the identity of the gunman, as early as 1965, I personally asked two agents of the FBI (LA office) for his identify. This was refused so I set upon the task of determining his identity myself. It was not until after three years of work that I satisfied myself that the insane lunatic who shot and killed at least six people on that day was LBJ himself.

A similar request to Katsenbach's office was disregarded.

Now, Esther, the Warren Commission identified the man at the Gunman's right and the little girl at the gunman's left. Not to be outdone, I personally identified the gunman. All evidence points to LBJ.

Let the Department of Justice state publicly that I am wrong.

To bad, They do not dare to because they cannot.

They have the power, but I have the truth.

The reason the Kennedy's returned the Xrays to the government was because they were not their property since the body was not JFK.

CC: Pres. of U.S.
(whoever he may be)

Yours truly,
Fred C Newman

Mr. Thomson forwarded a carbon copy of the same letter to Special Agent Gilbert G. Benjamin, in which Thomson enclosed two Xerox duplicated documents. The first, titled, "THE CHAPPAQUIDDICK COVERUP," is attached as Pages three and four. The second, titled, "CONSPIRACY REPORT NO. 1 (3-13-75)," is attached as Pages five through seven. In each of these letters, Thomson enclosed a printed business card, one Xerox copy of which is attached as Page eight.

Mr. William Sullivan
Chief Special Agent
Federal Bureau of Investigation
11000 Wilshire Blvd.
West Los Angeles, California

Dear Mr. Sullivan:

I am hereby requesting under Section 241 Title 18 of the U. S. Code, and under other applicable laws, that you proceed immediately to prosecute all persons responsible for the conspiracy to violate the civil rights of Sirhan B. Sirhan who is being held in San Quentin prison for a murder for which he was not responsible.

Information available to me shows that Senator Robert F. Kennedy lived until July 19, 1969 at which time he died by drowning on Chappaquiddick Island in Massasachusetts.

The alleged murder of Robert Kennedy was on June 5, 1968. Mr. Sirhan could not possibly have killed the Senator under these circumstances.

All information which I possess to substantiate my charge will be made available to you at your request.

Please advise me of your action as soon as possible.

Very truly yours,

George C. Thomson

THE CHAPPAQUIDDICK COVERUP

In the early morning hours of July 19, 1969, a Deputy Sheriff named Christoper Look was driving home, travelling east on Chappaquiddick road from the Edgartown Ferry on Chappaquiddick Island in Massachusetts. Look came to a sharp right turn in the road, where the road intersected a dirt road called Dike Road, which continued straight in the same direction Look was travelling.

Look slowed to make the right turn and he noticed a car driving northeast on School Road toward him at the same intersection. As Look slowed to almost a stop, the other car, instead of negotiating the turn on to Chappaquiddick Road toward Edgartown, drove straight ahead and stopped on a narrow sand road leading to a cemetery. As the car passed in front of Look's headlights, he saw it was a black sedan and that there appeared to be a man and a woman in the front seat, and what appeared to be some clothing in the rear.

Look turned the corner and stopped about sixty feet from the other car, stepped out of his station wagon and walked back along the center line toward the car which was stopped at the entrance to the ancient cemetery. As he was about thirty-five feet away, the car quickly reversed, made a 90^0 right turn and headed towards Dike Bridge and the beach, the car disappeared at high speed in a cloud of dust. It was approximately 12:45 AM.

The black sedan travelled three-quarters of a mile and, at high speed, struck some ruts in the road in front of the wooden bridge, lost control and flipped over the right side into about nine feet of water. The car came to rest with the engine toward the bridge and the rear of the car at an elevated position. The two occupants of the car were upside down with water pouring into the only open window next the the driver's left arm. The driver drowned almost immediately and the young girl scrambled into the rear seat as the water rose around her. She soon discovered that in the upside down position, the elevated section of the floor of the rear section of the car trapped sufficient air that, by grasping the upside down seat, she was able to breathe.

The position of her drowned companion prevented her escape from the only open window; and she survived for approximately two hours. Shortly before 3 AM, or thereabouts, she expired from shock, exposure and lack of oxygen.

The girl was identified as Mary Jo Kopechne, secretary to Senator Robert F. Kennedy, who alledgedly was murdered by Sirhan B. Sirhan in Los Angeles, approximately one year and one month earlier.

When rescuers pulled the girls body from the car at 9 o'clock the next morning, the driver of the vehicle was not there.

Who was he and where had his body gone? When the car was pulled from the water, the front windshield which took the full

Copyrighted 1975

impact of the fall from the bridge was cracked but not broken in.

Both windows on the passenger side, which were smaller and did not receive such a force as did the windshield, were broken out to their frames.

Who was responsible for removing the glass from these windows? What was the purpose? Was the driver's body removed in the night and if so why was Miss Kopechne left inside the car?

What was the driver's identity? Why conceal both his body and his name?

At approximately 9 AM, the same morning, a strange conversation occured at the Edgartown Ferry crossing at the time the paramedic was taking the body from the submerged car.

Three men boarded the ferry for the short trip across the narrow strait joining Edgartown Harbor with Katama Bay.

When the ferry docked at the Chappaquiddick terminal, one of the men, Mr. Tony Bettencourt, went up to Senator Ted Kennedy and asked, "Senator, they just took a dead girl our of your car, do you want a ride up the the bridge?" "No", said Kennedy, "I'm going over to town."

Another man named Hewitt said loudly, "Senator Kennedy, are you aware of the accident?"

One of Kennedy's companions said, "Yes, we just heard about it."

It seems to me that this was quite true, since I am fully convinced that the driver of the car was Robert Kennedy, not Ted Kennedy.

What was this terrible secret that forced the Senator from Massachusetts to take the blame for an accident which involved his brother, the former Senator from New York?

I am sure it is not necessary to overstate this case. It is better to leave the police work where it belongs, and hopefully, the Los Angeles police and the Edgartown authorities, will rise to the occasion and perform their duty.

CONSPIRACY REPORT NO. 1 (3-13-75)

Mrs. Sam "Casey" Gordon, deceased, told me approximately ten (10) years ago, that she had a woman as a house guest for approximately one year. The woman's name was Phyllis McGuire, a friend of Sam Giancana, a reputed mobster.

Casey told both my wife and I, that Marilyn Monroe had coincidentally appeared at the Seattle Worlds Fair, and in Reno, Nevada, when Senator Robert Kennedy had appeared at these locations with his family. She said that when Giancana came to Palm Springs, Miss McGuire made herself immediately available to him.

Casey lived on Crescent Drive, next to my house at 769 Crescent, which is now leased. I learned from other sources that Sam Gordon, Casey's husband was a boyhood friend of Jack Ruby, the original Jack Ruby from Chicago. I was told by a different source that Ruby was found shot to death in a barrel, and that the Dallas Ruby was an imposter.

Recent news accounts have charged that Sam Giancana employed one Johnny Roselli to make repeated attempts on Fidel Castro's life. These attempts were allegedly made at the approximate time of the Bay of Pigs invasion. (April 17, 1961)

When Roselli appeared for sentencing from a conviction resulting from a card cheating case, Roselli reportedly asked for leniency due to his participation in the Castro affair. The Judge said he did not deserve any "brownie points" for this and sentenced him to prison anyway.

The press at present, has mounted a campaign of accusation against Federal agencies with respect to their possible participation in political assassinations.

In my opinion, these accusations are not entirely justified, and I will tell you why.

I have firmly established that both Kennedy "assassinations" resulted in the death of persons other than President John Kennedy and Senator Robert Kennedy. With this in mind let me proceed:

The occurence of two fake assassinations lends credence to the thought, that they were engineered in order to conceal those responsible for actual assassinations and assassination attempts.

In any criminal investigation, motive and timing should never be discounted.

The press is now suggesting that Fidel Castro had President Kennedy shot in retaliation for the attempts on his life.

We now know that this was not the case.

Let us suppose, that the disappearance from public life by President Kennedy was in fact, due to possible exposure of the

Copyrighted 1975
George C. Thomson

attempts on Castro's life and other domestic disclosures related thereto.

The press stated at first that two Massachusetts men, (Edelman and Walinsky), who were associates of RFK had stated that RFK had stopped the attempts on Castro's life. The next day the press said this was not the case, that it was President Kennedy who stopped the operation.

The facts are that the operation did take place and that there were six attempts to kill Castro, one of which resulted in the loss of a boat by gunfire.

It is of interest that Roselli's lawyer was Grant Cooper, who immediately following the Rosellis case, represented Sirhan Sirhan, for the alleged "murder" of RFK.

It is apparent that a complete understanding of the Friars Club Card Cheating Case (Roselli) was of paramount importance in dealing with Sirhan.

Now let us look at the fake assassination of RFK. When the true facts of this case were revealed on KUSC Radio (Rap Line, Lowell Ponte, April 24, 1970), a law suit was filed by one Ted Charach, that a plumber from Lockheed did the Senator in.

Time went by and following a discussion at Glendale Colllege on June 5, 1974, that contained some very convincing information, Los Angeles was again invaded, this time from Massachusetts and New York.

A former New York Congressman, Allard Lowenstein, teamed with a man from UNCLE on KABC Radio to again advance "The Plumber in the Pantry", theory of political assassination.

Their intellectual discourse on two way radio was disturbed by a caller who called their attention to the coroner's report which described the deceased in other physical dimensions than the good Senator from New York possessed. According to the Los Angeles Times, RFK was positively shot in the pantry of an old hotel on Wilshire Blvd., on June 5, 1968. Nothing could be farther from the truth.

Another invitation to Glendale College on Febduary 25, 1975, blew a lot of covers, to coin a phrase. It was pointed out that Allard Lowenstein, the advocate of assassination by plumber had employed a secretary who had participated in the joyful reunion with RFK at Chappaquiddick Island on July 19, 1969, thirteen months after RFK was supposed to have been laid to rest after his funeral in St. Patrick's Cathedral.

One thing led to another and it was soon apparent that in 1969, when bodies were arriving at Travis Air Force Base from Vietnam, Bobby was enjoying the good life at Chappaquiddick playground. Bobby's driving ability soon altered this injustice however, and he landed upside down with his mouth full of sea water, at Poucha Pond. Thus ended the saga of the New Frontier and the Mystery of Camelot.

Copyrighted 1975
George C. Thomson

On Channel 13 Los Angeles, a man of rapid voice named, Mort Sahl teamed with this above mentioned man from UNCLE on the night of March 12, 1975 and prepared the American uninitiated and uninformed public with the coming disclosure that the pantry gunfire resulted from blank cartridges, but to no one's suprise, he hung on tenaciously to the libel of the plumbing industry at Lockheed Aircraft Company in Burbank.

Indices of the Los Angeles Division of the FBI indicate that from 1964 to the present, Mr. Thomson has made numerous complaints to this division of the FBI, by telephone, mail, or in person. Most of these complaints have dealt with the theme that President John F. Kennedy was not shot in Dallas, Texas; that Senator Robert F. Kennedy was not killed at the Ambassador Hotel, in Los Angeles; that there was an erroneous identification in the shooting of Governor George C. Wallace; and that attempted aircraft hijackings from 1970 through March 1972 were the responsibility of Arab guerrillas. Additional information from several different individuals indicates that they too were contacted by Mr. Thomson with similar complaints.

On October 12, 1964, Thomson telephonically contacted the Los Angeles Division of the FBI at which time he wanted to report he had in his employment a man from South America whose name he felt the FBI should have in its files. He said he considered the individual completely loyal to the United States but "in view of his foreign connections" thought his name should be in the possession of the FBI. At that time Thomson continued, "Sometimes I think the Russians are reading my mind, because things I think in solitude I read later in the newspapers."

In the fall of 1967, a United States Senator furnished the FBI with a copy of a communication from Thomson in which the latter indicated that after three years investigation he had satisfied himself "that the insane lunatic who shot and killed at least six people that day" (the day President Kennedy was shot in Dallas) was none other than the then Vice President, Lyndon B. Johnson. Thomson's letter continued, "Let the Department of Justice state publicly that I am wrong. To bad, They do not dare to beacuse they cannot. They have the power, but I have the truth."

On July 30, 1970, George C. Thomson called this office to advise that based on his analysis of the autopsy of the victim of the shooting at the Ambassador Hotel in Los Angeles, he was of the opinion that Senator Robert F. Kennedy was not dead, and that Sirhan B. Sirhan was not guilty. He said he based his conclusions on the alleged paths of the bullets and the direction in which they were supposed to have been fired.

On August 6, 1970, another source who has furnished reliable information in the past, reported that he had overheard George C. Thomson state publicly, "President John F. Kennedy was never assassinated in Dallas, Texas. The person shot in that car was a JFK double."

During an interview in connection with another official investigation in May 1974, the person being interviewed reported he had received a telephone call during the morning of May 21, 1974, by an individual who introduced himself as George Thomson, Consulting Engineer, of Glendale, California. This source questioned Thomson's mental stability, on the basis of allegations the latter made regarding "a conspiracy by the FBI and the police to do away with the Symbionese Liberation Army", a characterization of which is appended hereto, and Thomson's comment on "thought control." He said that Thomson had indicated he became aware of a "new medical theory regarding 'thought control' which involved a surgical technique applied onto an ear."

SYMBIONESE LIBERATION ARMY

The Symbionese Liberation Army (SLA) was reportedly formed in the Summer of 1973, in California. An SLA document captioned, "Declaration of Revolutionary War and the Symbionese Program," dated 8/21/73, states " . . . Therefore, we of the Symbionese Federation of the SLA . . . do now, by the rights of our children and people and by force of arms and with every drop of our blood, declare revolutionary war against the fascist, capitalist class. We support by force of arms the just struggles of all oppressed people for self-determination and independence within the United States and the world, and hereby offer to all liberation movements, revolutionary workers' groups and peoples' organizations our total aid and support for the struggle for freedom and justice for all people and races . . ." The SLA has claimed credit for the 11/6/73 assassination of Dr. Marcus Foster, Oakland, California, School Superintendent; the 2/4/74 kidnaping of Patricia Campbell Hearst, daughter of newspaper publisher-owner Randolph A. Hearst; and the 4/15/74 robbery of the Hibernia Bank, San Francisco, California, in the furtherance of its revolutionary objectives. Six members of the SLA were involved in a shoot-out with the FBI and Los Angeles, California, police on 5/17/74, resulting in their deaths. Although no current information has been developed indicating the group has been active in areas other than California, other groups and individuals have surfaced claiming adherence to the SLA's revolutionary tenets.

THOMSON, Palm Springs, California, FAirview 4-5171 and reads" 'Have definite proof OSWALD is innocent. Please advise proper course of action.' No information identifiable with THOMSON located in Bureau files."

On 5/21/74, FRED SCHWARTZ, 112 Chicago Street, Clarendon Hills, Illinois, when being interviewed in this office in connection with aspects of the HEARNAP investigation stated that he had received a telephone call earlier that same day from a person claiming to be GEORGE THOMSON, Consulting Engineer, of Glendale, California. SCHWARTZ questioned THOMSON's mental stability, on the basis of allegations the latter made regarding "a conspiracy by the FBI and the police to do away with the SLA;" and THOMSON's comments on "thought control." THOMSON indicated he had become aware of a "new medical theory regarding thought control, which involved a surgical technique applied onto an ear." (This information has been included in the LHM on Page 10.

LA 5343-S is the source of the information on Page 9 of the LHM regarding THOMSON's statements that President JOHN F. KENNEDY was not killed in Dallas, Texas, as it was a "double" riding in the car at the time.

The Senator referred to on Page 9, was the Honorable B. EVERETT JORDAN, which information was forwarded to this office by the Bureau under date of 10/12/67.

The Dallas Division by airtel to the Bureau and Los Angeles dated 5/27/68, captioned, "ASSASSINATION OF PRESIDENT JOHN FITZGERALD KENNEDY, 11/22/63, AT DALLAS, TEXAS. MISCELLANEOUS - INFORMATION CONCERNING," indicated that information relating to THOMSON had been set forth in Pages 25-37 of the report by SA ROBERT P. GEMBERLING at Dallas, 10/21/64, in that matter. They continued that THOMSON appeared to be obsessed with the idea that LEE HARVEY OSWALD did not assassinate President KENNEDY, and that he had prepared a 106-page treatise entitled, "How President Kennedy Really Was Killed" or "the Quest for Truth," in which he endeavored to prove his theories. His work was thoroughly analyzed and found to be based on fallacious and incomplete information and was of no value to the assassination investigation. Subsequent to the publication of the report of the President's Commission on the Assassination THOMSON contacted the Dallas Office on numerous occasions.

Receipt of THOMSON's letters to the ADIC and SA BENJAMIN were not acknowledged in writing; however, he was telephonically contacted on 3/20/75 (there were no answers to repeated attempts to reach him on 3/19/75) and advised that copies of his letter and its enclosures would be furnished to the Department of Justice (since the enclosures indicate at the bottom they have been copyrighted in 1975), for its consideration. He stated he fully approved of such action, and had no objection to the reproduction of the copyrighted materials for official use.

INFORMATION CONCERNING

On 5/29/75 WALT SMITH, Dean of Student Affairs, Glendale College, Glendale, California, telephonically advised that the students of Glendale College made arrangements to have THOMSON appear on campus on 6/3/75 at 11:00 A.M. in their campus center building to discuss the JOHN F. KENNEDY assassination.

Dean SMITH advised that he has utilized his offices to keep THOMSON off the campus for the past year. However, because of the student desires, THOMSON has been allowed to appear on campus to discuss President KENNEDY's assassination for one hour.

Mr. SMITH advised the reason he is bringing this to our attention is that THOMSON wrote him a letter stating that he should contact WILLIAM A. SULLIVAN at the FBI office and invite him to attend.

I told Dean SMITH that Mr. SULLIVAN has no interest in hearing THOMSON speak and would not be in attendance at this function. Dean SMITH stated he understood, but inasmuch as THOMSON wrote to him asking him to contact Mr. SULLIVAN, he did so.

November 21, 1977

Mr. Ted Gunderson
Federal Bureau of Investigation
Los Angeles, CA

Subject: PREVIOUS ATTEMPTS TO OVERTHROW THE FEDERAL GOVERNMENT
FBI INTERVIEW OF NOVEMBER 18, 1977 WITH
SPECIAL AGENT JOHN KELLER

Dear Sir:

Please consider this letter a formal complaint against Special Agent John Keller of your organization and against an agent unidentified who refused to allow me to bring vital national defense information and evidence to your personal attention when such a request was made by telephone on November 17, 1977.

At approximately 2:00 p.m. on November 18, 1977, an interview was conducted in your offices with the following persons in attendance:

Mr. George C. Thomson
Mrs. George C. Thomson
Miss Patricia Donnelly
Mr. Marc Blalack

The interview was initiated by myself when, upon reading a U.S. Government publication revealing certain conversations in the White House between President Nixon and some of his assistants, reference was made to a man named William C. Sullivan. Mr. Sullivan was recently killed in an accident, the full details of which have not been revealed in the press. Mr. Sullivan was the head of FBI intelligence just prior to the time these conversations took place.

The tone and substance of these conversations indicated that President Nixon and his closest aides feared for Mr. Sullivan's safety. It was for this reason that I requested the interview since it was apparent to me that, since a high ranking FBI official had recently died a violent death; and that his knowledge of the details of Dallas, Los Angeles, and Chappaquidick were of such extreme importance, a possible conspiracy to

44-2597-8

murder him should be investigated.

I had at hand for the interview evidence of the following nature:

1. Two photographs which conclusively prove that President Kennedy was not present in the murder car at Dallas and was therefore not shot.

2. Conclusive proof founded on the results of the autopsy, grand jury testimony, eye witnesses' statements, and photographs which prove that also Senator Robert Kennedy was not shot in Los Angeles.

3. A logical presentation which would lend credence to the supposition that Senator Robert Kennedy subsequently died by drowning at Chappaquidick Island in 1969.

This evidence and evidence Miss Patricia Donnelly attempted to introduce was refused by Special Agent Keller, and the meeting abruptly terminated.

For the above reasons, I am requesting that I be allowed to present this information to you personally, since it is my conviction that a proper evaluation of its contents would be valuable both to the FBI and the people of this beautiful country.

Very truly yours,

George C. Thomson

GEORGE C. THOMSON
INFORMATION CONCERNING

DIRECTOR, FBI

ReButelcall of Inspector THOMAS J. BIAMONTE, FBI Headquarters, to Los Angeles 5/16/78.

During retelcall Inspector BIAMONTE advised that the Bureau recently received a letter from captioned individual which had been directed to the Department of Justice which was dated 1/11/78. According to Inspector BIAMONTE, instant letter contained critical comments regarding Supervisor JOHN HALL.

A search of the files at Los Angeles failed to locate a letter from THOMSON dated 1/11/78. There are, however, numerous other letters received from THOMSON over the years, the latest of which is dated 11/21/77, in which THOMSON is critical of a complaint agent for not permitting him to fully present information in THOMSON's possession concerning the assassination of former President KENNEDY and former Senator KENNEDY. THOMSON stated in his letter that he has information which will conclusively prove that President KENNEDY was not present in the murder car at Dallas and was therefore not shot. He also claims to have information including photographs which prove that Senator ROBERT KENNEDY was not shot in Los Angeles but rather died by drowning at Chappaquiddick Island in 1969.

THOMSON's letter of 11/21/77 was orally acknowledged by Supervisor HALL. During that conversation Mr. THOMSON was told that all of the information previously furnished by him to the Los Angeles Office of the FBI had been forwarded to FBI Headquarters and made available to the U. S. Department of Justice. He was advised that unless he had new information to present, it was not necessary for him to re-present his alleged evidence.

The Bureau should note that THOMSON was the subject of a Bureau airtel to all SACs dated 12/15/64 wherein THOMSON's work was noted to be fallacious and of no value.

Introduction

THE hieroglyphic inscriptions on the temples of Egypt, though in existence for centuries, remained a mystery to modern man until the discovery and deciphering of the Rosetta Stone, which became a key to their meaning. The Rosicrucian Order, though in active existence for centuries, is also not known to some persons, institutions, or organizations as it should be, because of the lack, heretofore, of a concise work referring to its objects, practices, and history. A number of recognized literary reference sources, such as the encyclopedias, refer to the organization, but they are not always available and it is for this reason that this brochure is prepared. It is hoped that it will also be a key to the solution of any mysteries which, it may seem to some, surround the world-wide activities of the Rosicrucian Order.

This brochure has been published with a realization of the need of editors, publishers, authors, and research workers, for brief, relevant facts pertaining to the subject of *The Rosicrucians*. Therefore, all unessential information has been deleted and elaboration has been left to the larger bound works on the subject. For further convenience, this brochure has been divided into two parts and the classifications indicated below:

PART ONE

What Are the Rosicrucians?

Nature of the Organization

The Rosicrucian Order is, broadly, a world-wide fraternal organization, established and operating on a lodge system. It expounds a system of metaphysical and physical philosophy intended to awaken the dormant, latent faculties of the individual whereby he may utilize to a better advantage his natural talents and lead a happier and more useful life. It accomplishes this end by a method of personal instruction and guidance. The member is taught the significance and application of the Cosmic and natural laws which are found manifest in the universe around him and in himself. It unites, into one *livable philosophy,* metaphysical idealism and such practical sciences as physics, chemistry, biology, physiology, and psychology. It also seeks, by its educational campaign, to rid society of the enslaving influence of superstition.

The Order, throughout the world, is divided into jurisdictions, in each of which there are established Grand Lodges with temples of instruction. The Supreme Temple for the international jurisdiction of The Americas, British Commonwealth, France, Germany, Switzerland, Sweden, and Africa is located in San Jose, California. (For history, see page 8.)

What Does the Name Mean?

The word "Rosicrucian" is the Anglicized form of the original Latin name of the Order—Rosae Crucis, which means *of the rosy cross.* The name is derived from the Order's centuries-old symbol—the *cross* and a single *red rose.* Although the symbol consists of a cross, it has no sectarian or strictly religious significance, but an allegorical meaning of its own.

"Rosicrucian" is pronounced: Ro'zi-kru'shan.

What Does A.M.O.R.C. Mean?

The initials, A. M. O. R. C., are an abbreviation of the words, "Ancient Mystical Order Rosae Crucis," which is the complete name of the Order throughout the world. In Latin, the full title of the Order was originally: *Antiquus Arcanus Ordo Rosae Rubeae et Aureae Crucis.* In various lands at various times the Order has been known by slightly different abbreviations of the original Latin title. In modern times the initials, A.M.O.R.C., usually follow the popular phrase, "the Rosicrucian Order," to designate authenticity.

Is It a Religion?

The Rosicrucian Order is absolutely NOT a religion. It is nonsectarian in every respect. As its membership is world-wide, it of course includes persons of *every creed* and denomination, as does any other world-wide fraternity of a cultural nature. Many leading clergymen of Protestant denomination, rabbis, and priests are members; but the Order itself, in the past and at present, is *free of religious alliances.* Although its ethics adhere to the principles of Christianity, it must not be considered a religious movement or a Christian sect. The teachings do not interfere with the religious freedom of its members.

Is It a Commercial Enterprise?

The Supreme Grand Lodge of AMORC (The Rosicrucian Order) is incorporated in the State of California, and its subordinate bodies are incorporated elsewhere, as *nonprofit corporations.* No funds of the Order inure to the personal benefit of any officer or member. There are no stockholders or shareholders, and all funds are held in trust for purposes as defined by the Constitution and Statutes. The nonprofit status of the Rosicrucian Order is recognized by the United States Department of Internal Revenue, and in similar departments in other nations.

What Does It Teach?

An individual listing of the subjects included in the membership curriculum would be too lengthy for the space provided here. In main, it includes such topics as the mysteries of time and space; the human consciousness; the nature of matter; perfecting the physical body; the effect of light, color, and sound upon mind and body; the ancient philosophies; development of will; human emotions and instincts, and their relation to personality; important discoveries in Rosicrucian chemistry and physics; explanation of the phenomena of intuition, etc.

The organization maintains its own editorial and research departments, composed of men and women of its membership who have skill and training in specialized fields of science and literature, as well as being well versed in Rosicrucian principles. The instructions are either delivered orally in temples of the Order to the members, or sent privately to them in manuscript form. The subjects are accompanied by experiments which the member must conduct in order to remove the material from the realm of theory and make it entirely practical and applicable, by demonstration, to his personal life. Highly speculative, fantastic, or improbable subject matter is not included in the teachings of the Rosicrucians.

Who May Become Members?

Any law-abiding citizen of either sex and over twenty-one years of age, of good repute and having a firm conviction in a Supreme Being, is eligible for membership in the Grand Lodge of the Rosicrucian Order regardless of creed or financial status. Thus, the organization includes in its membership a cross section of all classes of people. Its membership includes manual laborers seeking to better themselves, and also prominent businessmen, directors of industries, physicians, attorneys, scientists, artists, editors, educators, and authors, who find the teachings stimulating and very livable.

Those desiring membership may write to the Rosicrucian Order at its Grand Lodge in San Jose, California, requesting free literature which fully explains membership and its benefits.

What Rosicrucians are NOT

The Rosicrucian Order (AMORC) IS independent. It never was and is not a part of or sponsored by any other movement or organization. It has at times during the centuries of its existence entered into a federation of orders or fraternities of like nature, but it has never submerged its individuality or forfeited its independent functioning. Regardless of the similarity that some persons believe exists between the honorable Freemasonic Order and the Rosicrucian Order (AMORC), there is, in fact, no relationship between the two orders.

The Rosicrucian Order does not teach, endorse, or practice astrology, fortunetelling, crystal gazing, or any past or present superstitions, or similar popular pseudo-scientific practices.

The Order makes no demands upon its members to conduct themselves in any manner that would cause public ridicule or condemnation. The members are not required to dress, eat, or act differently from any intelligent and morally responsible man or woman in conducting his or her ordinary affairs. They resort to no practices or rites which in any sense are injurious to health, family relationships, or morals.

No Political Affiliations. The Rosicrucian Order (AMORC) is nonpolitical, and not aligned or associated with any movement, society, or group having political activities. Political affiliations are considered to be the prerogative of the individual member and not a matter for intervention or counsel by the Order.

The following, however, is ascertained from each member who desires affiliation with the Rosicrucian Order: "Are you doing your best to be a good and useful citizen and to obey the laws of the country in which you live?" Also, the Rosicrucian Oath of Membership has for many years exacted the promise—"that I will honor and respect the flag of my country and the country in which I live; that I will never be guilty of treason; that I will be a good and useful citizen contributing to the advancement and welfare of the country in which I enjoy the privilege of being a resident."

History of the Rosicrucians

Traditional History

Traditionally, the Rosicrucian Order traces its origin to the *mystery schools* or secret schools of learning established during the reign of Thutmose III, about 1500 B. C., in Egypt. Though he devoted himself seriously to an investigation of "the mysteries"—in other words, natural phenomena—Thutmose III still clung to the ancient religions of the period. His descendent, Akhnaton, 1355 B. C., known as the heretic king, also became leader of the mystery schools; but, being extremely progressive, he abolished the polytheistic religions of the time to advance in their stead the world's first doctrine of monotheism. The Rosicrucians look upon Akhnaton as their traditional first Grand Master.

From Egypt, the secret teachings of the brotherhood spread into Greece, and thence into Rome. During the Middle Ages they were concealed under various names due to circumstances of the times.

Chronological Records

Chronologically, the Order is mentioned as far back as 1115 A. D., in a book of the collection of Brother *Omnis Mariar* in Germany. It rose to considerable prominence during the Sixteenth Century when, following the invention of the printing press, a small pamphlet entitled *The Fama Fraternitatis* was issued and given wide circulation. The authorship of the *Fama* has often been erroneously attributed to Johann Valentin Andrea (1586-1654). The pamphlets were part of a campaign for the revival of the Order. The Order first came to America in 1694, locating in what is now Fairmount Park, Philadelphia.

For a detailed history of the Order, refer to the *fourteenth* edition of the Encyclopaedia Britannica; New Standard Encyclopedia; and *Rosicrucian Questions and Answers with Complete History of the Order*, by Dr. H. Spencer Lewis, available in public libraries.

Current Rosicrucian Activities

Rose-Croix University

The Rosicrucian Order maintains, as part of its cultural program, what is known as the *Rose-Croix University*. The University is located in Rosicrucian Park, San Jose, California. The University is divided into three distinct colleges: The College of Fine and Mystic Arts, The College of Mundane and Arcane Science, and the College of Humanities.

The Rose-Croix University building contains well-equipped modern laboratories. The faculty members have academic degrees from world-recognized universities in their chosen fields of teaching. Students from all over the world attend the University's special semester. The University is strictly a *non-commercial* venture.

(For picture of the Rose-Croix University building, see page 22.)

International Board of Lectureship

A trained lecturer, with sound motion-picture equipment and films and scientific devices to demonstrate the Order's teachings, personally visits countries in which the organization is active. In each city, lectures and demonstrations are given, not only to the membership of the Order, but to the general public as well, without charge. The lecturer is a part of the International Board of Lectureship of the Rosicrucian Order.

Support of Public Libraries

Public libraries in the Americas and many libraries in Europe receive one or more of the large, bound, Rosicrucian philosophical works gratis. As readers' demands increase, additional copies are sent without cost to the library. A number of the books have been translated into several languages, and Braille.

Rosicrucian Science Museum and Planetarium

The Rosicrucian Science Museum, located in the Planetarium building in Rosicrucian Park, San Jose, California, and built at considerable cost, includes a series of exhibits to demonstrate fundamental laws of the physical sciences. It was one of the first science museums of its kind in the western United States. Here, instruments are arranged in order according to the spectrum of energy, progressing from the lower rates of vibration upward in the scale of manifestation. The visitor presses a button, automatically operating equipment for illustrating the principle explained on a placard within the case. A model of sound waves in slow motion, an electronic picture of sound vibrations, electric generation, object suspended in space, mechanical rotation produced by heat, and the mystery of black light are only a few of the exhibits in this growing institution.

The Planetarium building also houses a modern air-conditioned amphitheater called the "Theater of the Sky," portraying the greatest drama of all the ages. Astronomical mysteries, present in the sky, are simply revealed for both young and old. The building includes a seismograph for recording earthquakes, a Cosmic ray coincidence counter, a uranisphere, and many other scientific instruments.

(For picture of the Rosicrucian Science Museum and Planetarium, see page 20.)

Egyptian, Oriental Museum and Art Gallery

The Rosicrucian Egyptian, Oriental Museum is the largest museum devoted to Egyptian antiquities in western United States and is a member of the *American Association of Museums*. It contains a collection of several thousand exhibits from all parts of the Orient and from interesting centers of ancient civilizations. The exhibits consist of Egyptian mummies of human beings, animals, and birds; statuary, jewelry, utensils, clothing, and works of art of vanished races. The Museum also contains the only full-sized exact reproduction of an ancient Egyptian rock tomb to be seen in America—such a tomb as one sees in the sandstone cliffs on the west bank of

the Upper Nile. Its collection has been secured from leading museums of the world. Models of the Great Pyramid, King Tutankhamen's mummy case, and other objects of historical importance enchant the visitor. A prominent art gallery in San Jose is maintained here. Outstanding exhibits are made available to the public.

Admission to the Museum is FREE to the public as well as to members of the Rosicrucian Order. It is visited annually by 120,000 persons, including school and college groups.

(For picture of Museum building, see page 18.)

Statistics

The following statistics are offered to give the reader some conception of the extent of activity of the Rosicrucian Order (AMORC):

- The AMORC mail is one of the largest on the Pacific Coast—its postage expenditure amounting to more than $245,000.00 annually.
- More foreign money orders are received by AMORC monthly than by any other institution between San Francisco and Los Angeles.
- Over 6,000,000 pieces of literature are mailed to all parts of the world annually by AMORC.
- AMORC maintains the only public, free museums in San Jose—the Science museum, and the only strictly Egyptian and Oriental museum on the Pacific Coast. A modern art gallery is included.
- At every Rosicrucian Convention nearly all states in the Union, the provinces of Canada, and several foreign countries are represented.
- If all the 7,120,000 sheets of letter-size stationery used by AMORC in one year were laid end to end, they would form a path of paper from New York City to Kansas City, or 1,236 miles.
- The number of readers of magazines and newspapers in which AMORC advertisements appear monthly is in the tens of millions or exceeds the entire population of many countries.
- The Reading Mail Department of AMORC reads 7,000,000 words monthly, or the equivalent of 160 standard-sized volumes of 300 pages each, of approximately 145 words to the page.

PART TWO

The Institution Behind the Organization

Integrity

The Rosicrucian Order (AMORC) is proud to refer inquiries as to its administrative practices to the San Jose, California, Chamber of Commerce and The Better Business Bureau of Santa Clara Valley.

The organization in its present form has been established in the United States and various other nations for *several decades* and enjoys an enviable reputation in whatever community its lodges and chapters are located. It zealously guards its ancient landmarks and customs which keep its administrative conduct above reproach.

Foundation and Stability

The ability of the Rosicrucian Order to *make good* on its promises to provide members with certain study material, and to perform the various services and provide the facilities held out to them, is possible because of *the institution behind the organization.* It owns the real property upon which its buildings stand, and there are no outstanding obligations against either its real or its chattel property. Financially, the Rosicrucian Order is quite capable of meeting any obligation it assumes.

The following pictures will give the reader a pictorial representation of the stability of the Rosicrucian Order.

PARTIAL VIEW OF ADMINISTRATION BUILDINGS

These buildings house a number of the offices and departments shown in the latter part of this booklet.

ROSICRUCIAN PARK

A partial view of Rosicrucian Park looking toward the Science Museum and Planetarium. Benches in artistic settings are available to all who visit.

FRANCIS BACON AUDITORIUM

This attractive Moorish structure commemorates the labor of Sir Francis Bacon, early Rosicrucian Imperator, in the interest of the Order. Here the Rosicrucian Convention sessions are held. The auditorium seats many hundreds and has such facilities as Reception and Rest Rooms, Registration Office, etc.

THE SHRINE OF AKHNATON, PHARAOH OF EGYPT

This artistic structure erected on the grounds of Rosicrucian Park has no religious significance but commemorates the Initiation held by approximately a hundred Rosicrucian men and women in Karnak Temple, Egypt, in 1929.

THE ROSICRUCIAN EGYPTIAN AND ORIENTAL MUSEUM AND ART GALLERY

This structure is of Byzantine architecture. Unusual relics are on display, including replicas of the Rosetta Stone, and a bust of the Egyptian Queen Nefertiti. Herein also is a large modern art gallery.

THE SUPREME TEMPLE ROSICRUCIAN ORDER AMORC

In this lodge room are conducted the impressive and symbolic ritualistic convocations of the Grand Lodge. (Not used for any religious purposes.)

THE ROSICRUCIAN SCIENCE MUSEUM AND PLANETARIUM

Here the visitor has the opportunity to test for himself the fundamental laws of physical science through the personal operation of working experiments. He also gains a clear conception of the wonders of the heavens through the astronomical demonstrations in the "Theater of the Sky."

ROSICRUCIAN RESEARCH LIBRARY

This handsome edifice of Egyptian design houses thousands of volumes on the sciences and arts, philosophy, metaphysics, and mysticism.

THE ROSE-CROIX UNIVERSITY BUILDING

This beautiful edifice of Egyptian architecture is the Rose-Croix University building, located in Rosicrucian Park. It houses physics, chemistry, light, radio, and photography laboratories, as well as demonstration halls.

THE PLAZA AND FOUNTAIN

This view is taken toward the promenade of the Rose-Croix University building; it reveals the attractive plaza, and the fountain, which at night may be magnificently illuminated. The plaza is the center for pleasant chats.

LECTURE AND DEMONSTRATION HALL

This is one of several modern lecture and demonstration halls located in the Rose-Croix University building. The wide arms of the seats make it possible for the students attending the classes to take notes of the principal points of the professor's lectures. The amphitheater arrangement of the hall gives each student an unobstructed view of the platform and demonstration table.

PHYSICS LABORATORY

This is a partial view of the Physics Laboratory in the Rose-Croix University building. Experimentation in vibrations of sound, light and color, and other phenomena of nature, are part of the research conducted in this laboratory.

THE OFFICE OF THE FIRST IMPERATOR

It was from here that Dr. H. Spencer Lewis, *founder* of the second cycle of the Rosicrucian Order for North and South America, directed its extensive activities.

VIEW OF SECTION OF RECORDING DEPARTMENT

Many such assistants are occupied constantly in meeting the demands of the heavy daily correspondence.

LATIN-AMERICAN BUILDING

This division of the Rosicrucian Order comprises a large staff trained to serve the Latin-American membership.

SECTIONAL VIEW OF MAILING DEPARTMENT

Here are operated all the modern devices for sealing, metering, stacking, and counting mail. Thousands of pieces monthly are sent to all parts of the world, constituting one of the largest mails on the Pacific Coast.

THE IMPOSING EXTERIOR ENTRANCE TO THE SUPREME TEMPLE EDIFICE

The massive columns and general appearance of the exeterior are designed after the great temple of Dendera of ancient Egypt. (Used for Fraternal, not religious functions.)

PORTAL TO ROSICRUCIAN PARK

This pylon, or gate, is a reduced reproduction of the outer gate of the Temple-Fortress of Medinet Habu on the west bank of the Nile opposite Thebes.

In her articles, she claimed that she had a close association with Communists, which was not true. She stated, however, that she knew JOSEPH RUSSELL, who died of an overdose of heroin and was a Communist organizer.

Mrs. CESPEDES then advised that the night President JOHNSON announced he was not seeking re-election, she went to a local bar to celebrate. While there, she was approached by two men. One showed her a gold badge and credentials in a black leather or plastic folder.

From the conversation, she got the impression that they were interviewing her because of the last letter she had written to Radio Station KIAC. One week later, she came to the conclusion that her house was under observation when she noticed three men in suits standing outside her home which is on a dead end street.

On an unremembered date, she telephonically contacted Navy Intelligence, San Diego, California, and talked with the duty officer, Mr. WINNERHALTER, because she thought perhaps Navy Intelligence had something to do with her being under observation.

Mrs. CESPEDES advised she has been working in the Senator KENNEDY campaign as a precinct worker and telephone worker. She advised that two weeks ago when Senator KENNEDY was in town, she attended the rally in San Ysidro. While KENNEDY was speaking, she shouted, "We want justice for the dead President!" The crowd hushed and KENNEDY continued his speech. She followed KENNEDY to the airport and briefly talked to him there. She said to him, "We know that the evidence of the killing of JOHN F. KENNEDY is in the Archives." KENNEDY replied, "Yes."

On the night of Sunday, June 2, 1968, she was working late at the KENNEDY campaign headquarters in downtown San Diego. She noticed a strange man who she had seen often in campaign headquarters. He identified himself to her as HUGO AMOYES or HUGO AMORES.

That night about 9:30, she left the campaign headquarters and got her automobile from the U. S. Grant garage. As she was heading north on Highway 395 entering Balboa Park, she advised she is certain someone took a shot at her. She got out of her car and hid behind it. Two young men in a Volkswagen pulled up and attempted to start her car. A uniformed policeman arrived in a squad car. She advised him of what had happened and she stated she must have run over something.

When she arrived home, she called the KENNEDY campaign headquarters and asked if anyone knew of or if there was a record of HUGO AMOYES. She was advised there was no record of this individual.

Mrs. CESPEDES advised that last week she wrote a letter to Corporal ROBERT D. CORNELL, Marine Serial No. 2270356, currently in Vietnam, MABS-12, ORD MAG-12, FPO, San Francisco, California 96602, in which she stated she feared for the life of Senator KENNEDY.

Mrs. CESPEDES indicated she feels the individual known to her as HUGO AMOYES may have had something to do with her being shot at.

MRS. BAKER advised that between 12:30 A.M. and 1:30 A.M. this date she and her two daughters were watching chanel 10. On this station newsman Sander VanOaker (ph) was interviewing a heavy Mexican-American girl who told him that she had been a group leader in the Kennedy campaign. This girl also told VanOaker that she had seen a young girl, of Spanish descent, running down some stairs at the rear of the location of the shooting. The girl was reported to have been yelling, "We shot him, We shot him!" This girl was follwoed by a boy of similar coloring. MRS. BAKER went on to state that she had heard reports of one shot being fired and then shortly thereafter a series of shots and she feels that these other people explain the other shots, or shot. She advised that she has been watching television constantly since the shooting and all the reruns of VANOAKER's interviews stop with the person just before the girl in question.

MRS. BAKER made statements to the effect that she felt that it was more than one man and that she did not want to see the others get away "this time." She also stated that she had contacted several newscasters and television stations and told them of the above and that she had been told to contact this office.

SUBJECT: KENSALT

At 7:10 pm this date, EDWARD ANDERSON, 8110 Binney Place, La Mesa, Calif., 466-1021, telephonically contacted this office and advised that he had seen an interview on television (Channel 10 in San Diego - NBC) early in the a.m. this date in regard to the shooting of Senator KENNEDY, et al, in Los Angeles.

ANDERSON stated that a young girl was being interviewed along with a Negro fellow and that several things that the girl told the interviewer were rather suspicious under the circumstances. They were as follows:

The girl stated that she was a Kennedy campaign worker and that she also attended Pasadena College (a Nazarene school) which is in the immediate vicinity of the subject SIRHAN's address on Howard St. in Los Angeles. ANDERSON stated that this school is a fundamentalist school and that they have a variety of way out beliefs.

According to ANDERSON, the girl was most explicit in describing the subject and his activities during the commotion. The girl also gave the impression that she was watching the subject run away from the area after the shooting, which would be physically impossible in such a confined and crowded area.

The girl stated that she left the immediate area of the shooting two or three times and on one occasion she left to call her mother in Ohio and advise her of the shooting of Senator KENNEDY. She then came back to the area inquiring as to who was shot.

The girl gave ANDERSON the impression that she was in some way more familiar with the subject than just a passing happenstance would indicate.

ANDERSON stated that his only reason for calling was to bring this information regarding this interview to the attention of the proper authorities and further advised that he thought that due to the nature of the information given during this interview, it was quite possible that the same information had already been given.

Mystery Woman Is Sought

EVENING TRIBUNE News Report

LOS ANGELES — The man accused of assassinating Sen. Robert F. Kennedy, D-N.Y., was described today by acquaintances as honest, good-hearted and a hard worker.

But he was a fanatic when it came to discussion of religion and politics, they said.

His name is Sirhan Bishara Sirhan. He is 24.

Police say he is a cool, close-mouthed Jordanian who fired a bullet from close range into the brain of Kennedy.

Bulletin Issued

Los Angeles police have issued an all points bulletin for a woman sought in connection with the assassination. The bulletin said her identity was not known, described her as a white woman 23 to 27 years old.

Police said she was seen with Sirhan prior to the shooting and was clad at the time in a white dress with black polka dots.

Mayor Samuel Yorty told a news conference the assassin was stirred by bitterness over the Middle East situation — and was inflamed by Communists.

Head Injury Told

Sirhan apparently wrote in a 9-by-12 inch notebook about "the necessity to assassinate Sen. Kennedy before June 5, 1968."

Many — neighbors, former employers and the authorities — say he hates Jews.

He hurt his head in a fall last year, says his mother.

"All I know is he is a nice kid," says one of his four brothers.

The record says Sirhan is 5-feet-5, weighs about 120 pounds, has a swarthy complexion and wiry hair. He has been an exercise boy at a race track, wanted to be a jockey and worked in a health food store.

Charges Are Listed

He is under maximum security guard in a hospital ward at the Los Angeles County central jail, charged with six counts of assault with intent to commit murder.

Asst. Dist. Atty. William L. Ritzi said his office will ask the Los Angeles County Grand Jury to indict Sirhan on a charge of murder tomorrow.

Sirhan's index finger was broken and his left ankle sprained in a tussle that ended in his capture, seconds after Kennedy was shot early yesterday.

Attorney Is Refused

Sirhan has talked to police, but not about Kennedy or the shooting. Officers said he was advised of his rights, but didn't want an attorney. He refused to give officers his name.

"He was violently pro-

Jordan and anti-Israel," said John Shear, who worked with Sirhan at Hollywood Park race track. "When there was trouble between Jordan and Israel, he would become inflamed."

"Sen. Kennedy said the other day he wanted to help Israel," said Sirhan's recent employer, John H. Weidner, 57, operator of a Pasadena health food store chain.

"So I was not surprised after he was shot that Sirhan's resentment had pushed him emotionally to do what he did."

M. Weidner Jr. said Sirhan told him he had to flee Jordan as a child and had seen Jews kill members of his family.

"He was not a citizen and didn't like the United States," Weidner said. "You had to be careful not to walk on his feet. He wanted you to respect him intellectually."

Called Good Student

Mrs. Elsie Boyko, who worked with Sirhan at the store, said he was "a hard worker, honest and goodhearted, but nonetheless a fanatic when it came to discussion of religion and politics."

High school classmates called him a good student and a polite one.

With permission from Sirhan's family, police recovered two notebooks from his room. They contain 18 to 20 pages of handwriting. Some in Arabic, most in English.

In a notation entered either May 17 or 18, the mayor said, Sirhan apparently wrote "a direct reference to the necessity to assassinate Sen. Kennedy before June 5, 1968."

Anniversary Cited

Kennedy was shot when June 5 was only a few minutes old. It was the first anniversary of the beginning of the six-day Arab-Israel war.

There's much scribbling, repeated phrases, many references to Kennedy.

"He does a lot of writing pro-Communist and anticapitalist, anti-United States," said Yorty. "Evidently he was quite pro-Arab in the Arab-Israeli matter."

In Sirhan's possession when he was captured was a clipping of a column by David Lawrence on what the mayor's press secretary called "Kennedy's dove position on Vietnam and his hawk position on the Middle East."

Mother Is Shocked

"My son —it can't be. No. Oh, no," cried Mary Sirhan, when she learned her boy was arrested. Mrs. Sirhan is a housekeeper at a Presbyterian nursery school in Pasadena.

"Ever since he had a fall about a year ago, he hasn't been the same. I can't talk to him."

Mrs. Sirhan said her son fell from a horse and "hurt his head here." She pointed to her right temple.

"All I know is he is a nice kid," commented Said Sirhan, brother of the accused man.

Father In Jordan

In Israeli-occupied Jordan, Sirhan's father, Bishara Sirhan, 53, commented, "I am very, very sorry. I brought up my children as best I could and to fear God. I am sorry for what happened."

The jobless father lives alone in a stone cottage in the sleepy mountain village of Taiyeba, overlooking Jericho.

Sirhan Bishara Sirhan was born March 19, 1944, in Jordan, territory seized by Israel during the lightning war last June.

As a child, Sirhan said he saw an Israeli soldier cut off the breast of an Arab woman with a bayonet.

The Sirhans came to the United States in 1957. They moved into a white frame house. The father returned to Jordan in 1961 after a family fight.

He is an American citizen and visited the United States twice after 1961.

Sirhan Still Won't Make Statement

Jack Murphy writes about capture — Page c-1

By TONY CIMARUSTI
Copley News Service

LOS ANGELES — Sirhan Bishara Sirhan, 24-year-old suspect in the shooting of Sen. Robert F. Kennedy and five others, was under heavy guard in the medical ward of central jail late yesterday.

Sheriff Peter J. Pitchess, who took over jurisdiction of the prisoner following his arraignment at 7 a.m. yesterday, said Sirhan suffered a broken left index finger and a sprained ankle at the Ambassador Hotel after Kennedy was shot.

The broken finger was set and Sirhan remained in the medical ward of the jail.

"He has refused to make a statement," Pitchess said.

'VERY COOL'

Los Angeles Police Chief Thomas Reddin said:

"During a number of lengthy conversations, Sirhan talked freely and with interest—until asked who he was and anything about Kennedy."

He was "very cool, very calm, very stable and quite lucid," Reddin said, but anytime the questions got around to Kennedy he would say, "I prefer to remain incommunicado."

The change from the Los Angeles Police Department to county sheriff's jail care was considered part of the routine process of handling prisoners.

The sheriff is responsible for, and operates, all central jail facilities in the county where prisoners are held until trial or are freed on bail. Sirhan's bail was set at $250,000.

NO DETAILS

In a terse statement, Pitchess did not go into detail on precautions to prevent unauthorized persons from seeing Sirhan other than to emphasize, "He is under maximum security."

Apparently the most critical moments in getting Sirhan into custody came at the Ambassador after the shots had been fired. It was the job of the Los Angeles city police.

The suspect was surrounded by officers and ushered out the back door of the hotel, then taken to the Rampart Street Police Station near the Ambassador.

Police armed with loaded shotguns surrounded the station and no newsmen from any media were allowed to enter.

Arraignment before Municipal Court Judge Joan Dempsey Klein came seven hours after the shooting. Six charges of assault with a deadly weapon with

intent to commit murder were formalized.

Later yesterday, Dist. Atty. Evelle J. Younger announced his office would seek a county grand jury indictment tomorrow against Sirhan on the same charges, a move which can eliminate a preliminary hearing in the fishbowl atmosphere of a municipal courtroom.

Grand jury cases are behind closed doors, and an indictment would prove the way for early action in Superior Court leading to a trial.

Police said Sirhan lived with a brother, Munir (Joe) Sirhan, who works in a Pasadena department store. Detectives took Joe from the Sirhan home, where the brothers' mother, Mary, also lives.

Los Angeles police said this eight-shot .22-caliber pistol was taken from suspect in the shooting of Sen. Robert Kennedy. He was identified by officials as Sirhan Bishara Sirhan of Pasadena.

Jordanian Is Identified As Assailant

By FRANK STONE
EVENING TRIBUNE Staff Writer

LOS ANGELES — Mayor Sam Yorty today identified the man who shot Sen. Robert F. Kennedy, as a Jordanian who now lives in Pasadena.

Yorty said the man is Sirhan Bishara Sirhan, 24.

Yorty and Police Chief Thomas Reddin in a joint press conference said Sirhan was identified by tracing the .22-caliber revolver used to shoot Kennedy and five other persons.

A police bulletin today said that Sirhan was seen with a woman about 23 years old just before the shooting. She was described as 5 feet, 6 inches. She wore her hair in bouffant style. She was in a white dress that had small black polka dots.

One television broadcast quoted an eyewitness as saying he saw a girl of that description running down a hall after the shooting. She was shouting, "We shot Kennedy. We shot Kennedy."

Arraigned on 6 Counts

Sirhan was arraigned in Superior Court shortly after 7 a.m. on six counts of assault with intent to commit murder

involving the shootings of Kennedy and five other persons at the Ambassador Hotel.

He was taken to County Jail under heavy security. Bail was set at $250,000.

Injuries Treated

Later he was taken to the hospital ward in the jail for treatment for a broken finger and a sprained ankle.

Yorty also said that four $100 bills were found in Sirhan's pockets, as well as an "anti-Kennedy" newspaper clipping and another clipping that told where Kennedy was speaking.

In Washington, records of the Immigration and Naturalization Service showed that Sirhan was born March 19, 1944, in Jordan. He was admitted to the United States as a permanent resident on January 12, 1957 at New York City.

Prints in Files

Yorty and Reddin said that investigators found Sirhan's identification and fingerprints in juvenile files in Sacramento.

The prints were taken when Sirhan applied for a job as an excercise boy at the Hollywood Park race track, Reddin said.

Reddin said Sirhan was born in Jordanian Jerusalem and is not a United States citizen. He said he did not know how long Sirhan and two other brothers have lived in the United States.

Events Are Told

Reddin explained that police officers traced the gun first to an elderly man in Alhambra. He gave it to his son-in-law who lives in Marin County. The son-in-law's wife gave it to an 18-year-old boy who in turn sold it to a "man named Joe with bushy air who lives in Pasadena."

The "Joe" was identified by Reddin as one of Sirhan's brothers, whose correct name is Munir.

Attended High School

Sirhan Bishara Sirhan attended John Muir High School in Pasadena, the mayor said.

Reddin said an automobile key found in the suspect's pocket belonged to a 1959 model car owned by an employe in the Ambassador Hotel kitchen, in the area where Kennedy was shot.

Key Answer Sought

Reddin said later that the hotel employe had been eliminated as having any involvement in the shooting, but that police still are trying to determine how the key to his car got into Sirhan's possession.

FBI Enters Kennedy Probe

WASHINGTON (AP) — Atty. Gen. Ramsey Clark said today he ordered the FBI to investigate the Los Angeles shooting of Sen. Robert F. Kennedy.

"We have jurisdiction under both the Voting Rights Act and the new Civil Rights Act" of 1968 to investigate the crime, Clark said.

He said, however, the primary role in the investigation is being handled by local law enforcement agencies.

Wounded Twice; Condition Called Very Critical

LOS ANGELES (UPI) — Sen. Robert F. Kennedy was shot and wounded early today in a hotel ballroom where he had just claimed victory in the California primary election.

An aide said the senator was wounded twice in the head—in the forehead and near the right ear. The aide, Press Secretary Frank Mankiewicz, said the senator's

A team of neuro-surgeons operated on Sen. Robert F. Kenedy to remove a bullet from his brain.

"He is breathing well and has a good heart," Manklewicz added.

Some witnesses at the Ambassador Hotel said Kennedy was shot at least three times, shortly after midnight.

The senator was given the last rites of the Catholic Church at 1 a.m. at the Central Receiving Hospital where he was first taken. The Rev. Thomas Peacha said he administered the rites shortly before the senator was moved to nearby Good Samaritan Hospital.

SUSPECT CAPTURED

Police captured a man believed to be the assailant. He was about 25, curly haired, and olive skinned. They took him out through the lobby of the hotel, a shotgun at his back. The suspect reportedly brandished a small pistol.

Also wounded in the gunfire erupting at the rear of the hotel room was Paul Schrade, a Steelworkers Union official who is a member of the Democratic national convention delegation pledged to Kennedy.

So was a television newsman, and perhaps others.

A doctor who said he treated Kennedy at the scene said the senator was conscious and talking with his wife, Ethel.

The suspect was pinned against a dish rack by Roosevelt Grier of the Los Angeles Rams professional football team, and Rafer Johnson, track star.

CROWD IN KITCHEN

About 200 people were crowded in the kitchen passageway at the time of the shooting.

Witnesses said Kennedy was conscious and spoke a few words as he was taken to an ambulance from the hotel.

An Associated Press reporter saw blood flowing from Kennedy's head.

The New York senator had just finished thanking his supporters at the hotel for their help in winning the primary.

The turmoil and terror of the shooting was broadcast on live television by cameras set up for the victory statement.

The shooting came as Ken-

nedy was claiming victory in the California Democratic primary over Senator Eugene J. McCarthy.

Mrs. Kennedy was at the senator's side during his victory talk. He mentioned his dog Freckles and said the pet had been maligned during the campaign.

Kennedy then waved to his supporters and was ushered backstage through a kitchen passageway enroute to a room where he was to hold a news conference.

Four or five pistol shots rang out.

The reporters ran into the kitchen passageway and saw a tumultuous scene.

"Not again!"

"No, no!"

These were cries from the crowd.

"Stand back! Give him room!" others shouted as they tried to make space around the fallen Kennedy.

A short time before the shooting, McCarthy had retired at his suite in the Beverly Hilton.

(Mount Clipping in Space Below)

EVENING TRIBUNE Staff Writer

LOS ANGELES — Sen. Robert F. Kennedy was in "extremely critical condition" in Good Samaritan Hospital here today with bullet wounds suffered shortly after he claimed victory in California's presidential primary.

Frank Mankiewicz, the New York Democrat's press secretary, told newsmen gathered outside the hospital that doctors consider the next "12 to 36 hours critical."

All but one fragment of a bullet which struck Kennedy in the head was removed during a three-hour operation, Mankiewicz said.

"There is no evidence that there has been any brain damage," Mankiewicz said. "But there is a possibility of impairment of the blood supply to the brain. He is living, he is breathing."

No further surgery is contemplated immediately, Mankiewicz said.

Kennedy will remain, for the time being, in the intensive care unit of the hospital where he was taken after surgery.

No Immediate Removal

Another slug remains in the senator's shoulder and doctors have decided against trying to remove it immediately, Mankiewicz said.

Until the operation Kennedy was able to breathe only with assistance.

The 42-year-old brother of the late President John F. Kennedy was shot from about three feet away by a swarthy man in his 20's who was subdued by three Kennedy aides but not until he had emptied all eight bullets from a .22 caliber revolver toward the Senator.

5 Others Injured

Five other persons in the surging crowd around the victorious California primary candidate were wounded.

Kennedy's wife Ethel, who is expecting their 11th child, was not hurt. She bent over her husband as he lay bleeding from the wound near his right ear and another in his shoulder, whispering to him and trying to console him just as Jacqueline Kennedy had bent over her husband in a Dallas convertible in 1963.

2,000 Hear Him

He had just made a triumphant talk to 2,000 cheering supporters in the Ambassador Hotel.

After a slow count, he had seized the victory over Sen. Eugene J. McCarthy in the race for California's 174 Democratic convention votes.

Of the eight shots fired, one

bullet lodged in Kennedy's brain and another caused a superficial shoulder wound.

The gunman was not immediately identified. He refused to talk about the shooting.

No Conspiracy Seen

Los Angeles Police Chief Thomas Reddin said the man apparently acted alone and that so far there was no evidence of a conspiracy. The man was held under maximum security at the Los Angeles City Jail while the FBI joined in attempting to learn his identity.

The tragedy was stunning in its suddennness and the pandemonium which followed.

Kennedy had come down from his suite in the hotel to speak to his supporters massed before television cameras in the Embassy Room and claim victory.

'We Can Work Together'

"I think all these primaries have indicated it is quite clear that we can work together in the last analysis and that what has been going on the last three years, the divisions, violence, disenchantment with society between black and white, poor and affluent can be healed," he said.

Flying Wedge Formed

Then Kennedy left the podium and was pushing his way through hand-shaking and cheering supporters with a sort of flying wedge led by his aide, Bill Barry, a former FBI man; Roosevelt Grier, a 300-pound tackle for the Los Angeles Rams football team, and Rafer Johnson, former Olympic champion.

They headed into a corridor leading to a hotel kitchen, seeking to get on a freight elevator and back up to the suite. Kennedy was shaking hands with a young busboy near a row of refrigera5ors when the shots began ringing out "like a string of Chinese firecrackers."

Los Angeles Times photographer-reporter Boris Yaro was standing a few feet away.

Point-Blank Range

"Kennedy backed up against the kitchen freezers as the gunman fired at him at point-blank range," he said. "He cringed and threw his hands up over his face.

"I turned around and saw Kennedy lying on the floor. Blood seemed to be pouring out of a wound in his head or ear. It seemed as though he was trying to say something but you couldn't hear him."

Shouts For Doctor

For a few moments the crowd jammed in the ball room had no idea what had happened. Then shouts for a doctor went out over the public address system and the word spread: "They shot Bobby." Young girls began sobbing and men fought to try to get at the assailant.

Grier wrested the gun from the hand of the would-be killer who struggled wildly until Grier subdued im and sat on im on the floor.

Aid Is Resisted

Mrs. Kennedy at first resisted aid by the ambulance attendants and as the senator was lifted up in a stretcher he moaned "Oh, no, don't." Then the wounded man and his wife entered the ambulance and were taken to the Central Receiving Hospital where Kennedy received the last rites of the Roman Catholic Church.

The examining physician at the hospital, Dr. Victor Baz, first believed he was dead.

Encouragement Noted

After 3 hours and 0 minutes on the operating table in Good Samaritan hospital, to which Kennedy was moved, Deputy Mayor Joseph Quinn said the doctors told him that the senator's condition was encouraging.

Wounded as they stood beside Kennedy were Paul Schrade, a CIO-AFL union official; Ira Goldstein, 19, a radio newsman William Weisel, 30, a television cameraman; Irwin Stroll, 17, and Mrs. Elizabeth Evans.

Help Is Urged

Schrade told aides who rushed to his side: "Help Bobby, help Bobby."

Kennedy's press secretary, Frank Manciewicz, gave a more detailed report on the senator's condition following te operation.

Manciewicz said Kennedy had been returned to the intensive care room and that his condition was "extremely critical."

Breathing On Own

"The vital signs remain about as they were except he is now breathing on his own, which he was not prior to surgery. All but one fragment of the bullet has been removed from the head injury. There is still one bullet apparently somewhere in the back of his neck although this is not regarded as a major problem.

"Sen. Kennedy lost a considerable amount of blood as a result of the bullet which entered and passed through the mastoid bone on the right side of his head and some of the fragments of bullet and bone went toward the brain stem."

Success Pronounced

The surgery was pronounced successful in that it accomplished what it set out to do, remove most of the bullet.

Kennedy's personal physician is flying here from Boston.

At 11:55 a.m. on 6/7/68 Mr. REXFORD RYAN, 1342 Gertrude Street, San Diego, California, telephone number 276-4075, telephonically contacted the writer and advised that he is a salesman for Pearson Ford in San Diego, California, and that since the assassination of ROBERT KENNEDY he has been concerned over the actions of a fellow salesman identified as CHARLES (CHUCK) DAVIS. DAVIS is described as a white male American, age 50, who has been employed at the Pearson Ford agency for several years.

According to RYAN on the morning of the assassination (6/5/68) upon hearing the news that KENNEDY had been critically wounded DAVIS announced to the other sales personnel that he was overjoyed and felt it was an occasion for celebration and left the agency, allegedly to celebrate the incident.

DAVIS is outspokenly bigoted and prejudiced and has alleged to other sales personnel that he has maintained a list of individuals, including ROBERT KENNEDY, the late President KENNEDY, MARTIN LUTHER KING, MEDGER EVERS and STOKLEY CARMICHAEL, and that in DAVIS' opinion these individuals should have been killed.

On numerous occasions when a customer who was a member of a minority group, a negro or oriental, entered the agency DAVIS has become visibly upset, highly excited, usually making it necessary for the other members of the agency to calm him down.

RYAN advised that he has only been employed at the agency a few months and has limited contact with DAVIS and therefore has no further descriptive information, nor is he knowledgeable as to DAVIS' residence or memberships in any organizations. He advised that he believed many of the employees at Pearson Motors could furnish information and would be willing to do so and suggested that any individual posing as a customer and commenting on the KENNEDY assassination would be exposed to DAVIS' opinions and attitudes.

Accused Speaks To Judge Twice At Arraignment

LOS ANGELES (AP)—A slender, swarthy Jordanian was formally accused in a grand jury indictment yesterday of murdering Sen. Robert F. Kennedy and was later arraigned—in jail, in a wheel chair—under the strictest security wraps in local annals.

The arraignment provided the first public look at 24-year-old Sirhan Bishara Sirhan since his arrest at a hotel early Wednesday after eight gunshots felled Kennedy, fatally wounded, and less seriously hurt five others.

It happened moments after Kennedy had proclaimed victory in California's Democratic presidential primary.

Sirhan spoke but twice — in a quiet, calm, clear voice that did not carry to the rear of the third floor chapel of Central Jail as he was surrounded by four policemen.

He first corrected the judge's pronunciation of his name, saying it is "Sir-han," not "Seer-han" as the judge had said it.

ANSWERS 'YES'

The second statement was "yes" when asked if he was satisfied with his arraignment.

The judge ordered him to return June 28 to enter plea.

Sirhan wore a white shirt open at the collar and blue denim pants. He was in a wheel chair because of injuries to an ankle and finger when arrested.

Earlier, at 4:45 p.m., the Los Angeles Grand Jury returned an indictment charging Sirhan with one count of murder and five counts of assault with intent to commit murder.

NEWSMEN SEARCHED

About 200 newsmen — with no cameras or tape recorders allowed — witnessed the arraignment. All were searched before being admitted, past approximately a dozen security check points.

Superior Court Judge Arthur L. Alarcon, repeating an admonition made when the indictment was returned, ordered attorneys and court officials to say nothing that might affect Sirhan's right to a fair trial.

Sirhan listened with perfect composure as the indictment was read.

The judge, advising him in detail of his rights, told him: "You will receive a jury trial in this case unless you personally give up this right. No one can force you to give up this right."

Sirhan was represented by Wilbur F. Littlefield, chief deputy trial lawyer in the public defender's office, at whose request the entering of a plea was continued to June 28.

TO EXAMINE SIRHAN

The judge also granted a Littlefield motion to permit two psychiatrists to examine Sirhan before the next hearing.

The grand jury of 13 women and 8 men, who the foreman described as coming "from all walks of life," began the hearing at 9:30 a.m.

The indictment was announced at Superior Court at 4:45 p.m.

Brunette Says She May Be Mystery Girl

LOS ANGELES (AP) — A 19-year-old brunette who may be the "girl in the polka dot dress," sought since the slaying of Sen. Robert F. Kennedy, was located yesterday, Sheriff Peter J. Pitchess said.

The sheriff identified her as Kathy Fulmer of Los Angeles and said she telephoned his office to say she thought she might be the young woman authorities were seeking.

A young woman had been reported seen near Sirhan B. Sirhan, 24, shortly before he allegedly shot Kennedy early Wednesday.

After a girl outside the slaying scene at the Ambassador Hotel told authorities that a girl in a polka dot dress burst by, shouting "We shot him. . .we shot him," an all-points bulletin was broadcast for the girl.

"I was yelling that they shot him," Miss Fulmer told newsmen.

"I was scared because I knew he was shot."

She said she decided after hearing news reports about the sought woman that she was the girl officers were seeking in hopes of finding more information about what happened at the scene.

After three hours of questioning, Miss Fulmer was released.

The sheriff indicated, however, the search for other girls "dressed in polka dots" may continue.

L.A. Prosecutor Issues Plea For Restraint In Sirhan Case

Copley News Service

LOS ANGELES — The Los Angeles County district attorney, Evelle Younger, appealed to the press and public officials yesterday to exercise caution and restraint in coverage and comments on the case against Sirhan Bishara Sirhan, accused killer of Sen. Robert F. Kennedy.

Younger told a press conference that the district attorney's office will present its evidence to the county grand jury today and request that Sirhan be indicted on one count of first degree murder and five other counts of assault with a deadly weapon or assault with intent to commit murder or both.

PREDICTION MADE

The grand jury investigation is expected to take the entire day, Younger said. He anticipated that it will return indictments, after which Sirhan will be arraigned within 48 hours before Superior Court Judge Arthur Alarcon.

He predicted that no plea will be made by the defendant during arraignment proceedings. Instead, he said, the defense probably will request a two-week continuance until after a grand jury transcript becomes available to the defense. This takes about 10 days.

SIRHAN BISHARA SIRHAN . . . faces indictment

Younger said 17 witnesses, none members of the Kennedy family, will appear before the grand jury.

Younger called Kennedy's death a great tragedy, but said that "it would be a greater tragedy if the prosecution of the accused suspect were jeopardized by improper statements."

The district attorney was referring indirectly to a statement made Wednesday by Mayor Sam Yorty in which Yorty discussed a notebook in which Sirhan had written that Kennedy had to be killed before June 5. The notebook was found in Sirhan's residence.

CONCERN VOICED

Younger, a former judge, declined to directly criticize Yorty, but said this is the type of comment that concerns him and his staff.

He cited appellate decisions that have upset convictions because of improper publicity of matters of evidence and said the district attorney's office will be cautious in what it says and will not discuss the merits of its case.

He said he would agree to transfer of the trial to another site if he considered a defense motion for a change of venue to be valid, but he said, "I am not suggesting for one minute that

(Continued on a-4, Col. 5)

(Continued from Page a-1)

he (Sirhan) can't get a fair trial in this county."

Yorty, at a separate news conference, said, "There is so much evidence already that I don't see how revealing some of the background can be prejudicial."

"This is a matter of judgment, and I am a lawyer and I exercised my judgment in this matter," he said.

Public defender Richard Buckley has been appointed by the court to handle Sirhan's case, but Younger said it probably will be turned over to one of Buckley's deputies. There is a chance, he said, that a private attorney will be brought in by some organization.

If a change of venue is granted for the trial of Sirhan, San Diego could be a possible trial site.

"In a case like this, I would not be surprised to see a change granted, even if only to get the trial away from the immediate scene of the shooting," Dist. Atty. Don Keller of San Diego said yesterday.

The decision rests with the Los Angeles County Court, which will decide if a change is justified and will then designate the alternative court, said Richard B. Ault, San Diego County Superior Court presiding judge.

The alternative court must be within California if Sirhan is charged under California law, which appears the most likely, local experts agree.

SIRHAN KIN LINKED TO ISRAELI SPY NET

CAIRO (UPI) — The semiofficial Middle East News Agency (MENA) last night reported Iraqi authorities arrested the brother of Sen. Robert F. Kennedy's accused assassin months ago on charges of spying for Israel.

Mena quoted informed sources in Baghdad as saying Soliman Sirhan, brother of Sirhan Bishara Sirhan, was an engineer working for a private company and carrying a Jordanian passport.

According to the sources, Soliman was arrested near the Jordanian border while carrying maps of Iraqi military airports.

The sources said Soliman was handed over to Jordan after his arrest because he allegedly was connected with a spy ring discovered in Jordan.

The MENA dispatch said Iraqi authorities discovered five spy rings. It said Soliman's group still was under investigation and included Arab elements with headquarters in London.

FEDERAL BUREAU OF INVESTIGATION

Date June 13, 1968

Mrs. FRANCES HOLLAND, 552 Eldorado Drive, Escondido, California, advised as follows:

She is the Southern California Grand Counsellor of the Rosicrucian Order, also known as the Ancient Mystical Order Rosae Crucis (AMORC). She advised the state and international headquarters of AMORC have designated her to handle any inquiries concerning SIRHAN SIRHAN's membership in AMORC. She stated SIRHAN is a member of the Supreme Grand Lodge, San Jose, California, which is a corresponding membership and to her knowledge he did not attend meetings but received correspondence and instructions by mail from San Jose, California, and in turn submitted his lessons by mail to San Jose, California.

Mrs. HOLLAND advised the San Jose office maintains a complete file of correspondence with all members, which file contains the members original application form. She understands that FBI Agents at San Jose, California, were permitted to review SIRHAN's file and were given a duplicated copy of his application blank.

AMORC has local lodges and chapters to which some members belong, although membership in a local club is not required. Mrs. HOLLAND stated she has checked and determined that SIRHAN was not a member of the Pasadena Chapter or any other lodge or chapter. SIRHAN, however, did once and only once visit one of these subordinate bodies. He attended the weekly meeting of the Pasadena Chapter on the evening of June 4, 1968. Mrs. HOLLAND made available a page of the guest register of the Pasadena Chapter, which bears the signature SIRHAN SIRHAN, 696 East Howard, Pasadena and reflects that he is a member of AMORC, with membership number 8-413-477. On the date column of this form SIRHAN entered the date April 16, 1968. Mrs. HOLLAND stated that this is an error and SIRHAN probably used this date because the last previous registration was on that date. Mrs. HOLLAND confirmed by talking to the supervisor of the Pasadena Chapter, that SIRHAN visited that chapter on the evening of June 4, 1968.

On 6/12/68 at Escondido, California File# SD 44-394-32

by SAS ROBERT E. THORNTON, & ARNOLD. W. O'BRIEN AWO:kdw Date dictated 6/13/68

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

This supervisor is SHERMAN LIVINGSTON, 2555 Vista Laguna Terrace, Pasadena, California, telephone number 794-6141.

LIVINGSTON told Mrs. HOLLAND he recalls SIRHAN telling people at the metting how to pronounce his name. LIVINGSTON looked for SIRHAN after the meeting but he was unable to find him.

In signing in, SIRHAN showed he was a first degree member. Mrs. HOLLAND stated that this is a beginner's degree which would indicate membership of less than one year.

AMORC has no full time hall in Pasadena. The chapter meets every Tuesday night. Master of the chapter is THEODORE R. STEVENS, 886 Pullman Street, Los Angeles, California, telephone number 257-9368.

Mrs. HOLLAND stated she would call Mr. LIVINGSTON and Mr. STEVENS on the evening of June 12, 1968, to instruct them to cooperate in answering inquiries from the FBI. She stated the wives of both of these individuals are upset with the bad publicity given AMORC in the press and LIVINGSTON and STEVENS should be contacted by telephone to arrange an appointment.

Mrs. HOLLAND subsequently telephonically contacted the FBI Office, San Diego, California, on June 12, 1968, and advised as follows:

She was in telephonic contact with Mr. LIVINGSTON and discussed the matter of being interviewed by the FBI at Los Angeles. She stated that Mr. LIVINGSTON reviewed his notes and indicated that he had attended the Pasadena meeting on May 28, 1968, rather than June 4, 1968. Therefore, Mrs. HOLLAND assumes the appearance of SIRHAN SIRHAN at the Pasadena meeting was on May 28, 1968, rather than as previously reported on June 4, 1968.

According to Mrs. HOLLAND, the date of appearance of SIRHAN SIRHAN can be verified by contacting Mr. STEVENS, the Master of the Pasadena Chapter.

Mrs. HOLLAND further advised that she has instructed Mr. STEVENS to make available to the FBI the complete membership list of persons present on the night SIRHAN SIRHAN attended the Pasadena Chapter meeting and also to furnish information regarding the topics discussed on the night of that meeting.

For information of San Diego, it has been alleged that SIRHAN SIRHAN purchased ammunition which was used to assassinate Senator KENNEDY from the Lock Stock and Barrel Gun Shop, San Gabriel, California on 6/1/68.

At the time of the purchase, SIRHAN was possibly accompanied by two other individuals described only as short, dark, foreign looking and in their early to mid 20's.

The Lock Stock and Barrel Gun Shop is owned by BENJAMIN J. HERRICK and his wife DONA. On 6/1/68, Mr. HERRICK was at the store and was visited by Mr. and Mrs. RICHARD L. HINELINE, 606 Circle Drive, Solana Beach, California. The HINELINEs are the mother and stepfather of Mrs. HERRICK.

Witnesses to the purchase of the ammunition are unable to state what time the purchase was made. Mr. and Mrs. HINELINE are believed to have come to the store around 2:00 p.m.

The San Diego Division is requested to contact the HINELINES, determine the time they were at the store

FEDERAL BUREAU OF INVESTIGATION

Date June 19, 1968

MYLEEN KAYE was interviewed at her residence, apartment 204, Vacation Village Hotel. She stated that she is a featured dancer in the Barefoot Bar at Vacation Village. She stated that MYLEEN KAYE is her professional name and that her legal name is EILEEN NORMA MURPHY.

She said the first member of the SIRHAN family she had met was ADEL SIRHAN, brother of SIRHAN SIRHAN. She met ADEL in April, 1966, when she started dancing at the Fez Nightclub in Los Angeles. ADEL played the oud in the orchestra at that nightclub. ADEL had worked at the Fez since about 1960 or 1961. She said that ADEL's brother, SHARIEF, occasionally came to the club, but his brothers SIRHAN, MUNIR, and SAIDALLH never came to the club to her knowledge.

MYLENE started to go out with ADEL and around December, 1966, he took her home to meet his family. MUNIR, SIRHAN, and ADEL all live with their mother on Howard Street in Pasadena. This was the first time she met SIRHAN. She did not think much of SIRHAN and on this first occasion he met her she bluntly asked him why he didn't get a job. He said something to the effect that he was busy reading a lot. She realized that she had offended him by her bluntness and she never did get along with him from that day. She considered SIRHAN to be an "odd-ball." He seemed sassy to her. MYLENE said that she regretted having made this remark to SIRHAN and believes that she had resented the fact that all the family seemed to rely on handouts from their mother and all leaned on their mother quite a bit. SIRHAN at the time had seemed like "such a bum" to her.

Subsequently MYLENE frequently called the SIRHAN home to speak to ADEL. Since all three of the boys at the house speak alike she often would not know which one had answered the telephone except that if it was SIRHAN who answered she would know because he was always impertinent in his speech to her.

MYLENE said that she got the impression that ADEL's family did not think much of her because she was a dancer. As a result, she visited the family home only about a total

of four times and never got to know the family, other than ADEL, well. The last time she was at the SIRHAN home was Christmas, 1967. SIRHAN was not at home when she arrived, and when he did get home he would not even come into the room where she was.

She said that ADEL told her that SIRHAN had had a bad fall from a horse and that he had been lucky to have lived through it. It is her understanding that after the accident one of his eyes did not seem to focus.

MYLENE said that she and ADEL both quit their jobs at The Fez in June, 1967, thinking that they would get married. She wanted ADEL to get a job other than in the orchestra at the Fez, a job where he would settle down. She went to England for a couple of months during this period and when she returned to Los Angeles she got a job dancing at the Cascades in Anaheim. She and ADEL quarreled off and on and finally broke up about two months ago at which time she came to San Diego to take her present job at the Vacation Village.

MYLENE said that her mother lives in Los Angeles and she goes to Los Angeles every Monday, on her day off, to visit her mother. She frequently looked up ADEL for a date on these Mondays. Her last date with ADEL was on the Monday before the shooting of Senator KENNEDY and on that day they had their "final final" breakup.

Of the brothers, MUNIR seemed to be closest to SIRHAN. ADEL did not seem to know what SIRHAN was doing and he did not speak much about SIRHAN although he stuck up for SIRHAN when MYLENE criticized SIRHAN's rudeness. ADEL was an easygoing person and showed no interest in politics. Even on June 5, 1967, at the time of the Arab-Israeli War, ADEL did not seem greatly disturbed although his mother was greatly upset.

MYLENE said that she does not know who SIRHAN's close friends were nor does she know whether or not he had any girl friends. She does not know whether any of the family had travelled to the Middle East and she never heard any of them talk about wanting to go there. She never knew of any member of the family having gone. She believes that none of the brothers are married.

SD 44-394

She has not seen any member of the family since the shooting of Senator KENNEDY.

MYLENE said that about three weeks ago she went to Dr. VANCE E. KONDON on Garnet Avenue in San Diego for an examination at which time she used the name, Mrs. HANK SIRHAN. She said she does not know why she used this name at the time of this visit.

GEORGE ROBERT LETSINGER

On June 11, 1968, Mr. JOSEPH FORROR, Assistant Postmaster, Main Post Office, San Diego, California, advised as follows:

Found on the incoming mail belt was a piece of paper not in an envelope written in green ink which was addressed to "Post Office Post Master". This note reads as follows:

> "If the F.B.I. wonts Ray,s buddy go to 124 Broadway Metropole Hotel Room 117. He may be under the name Geore Letsinger or George Anderson. He knows about Kennedy and also King,s death,s. He may have part in Kings death. I know he was in Tenn. before and after King was killed. I know Letsinger is wonted in Seattle. Also in Big Stone Gap, Virginia, by the F.B.I."

On June 12, 1968, information was received from the Seattle Division, Federal Bureau of Investigation, that one GEORGE ROBERT LETSINGER, FBI Number 584 742 F, born July 13, 1942, at Macomb, Missouri, was arrested at Jacksonville, Florida, on April 11, 1968, charged with grand larceny having stolen $550 to $60 from a restaurant in Seattle, Washington, for which he was employed.

LETSINGER was returned to Seattle, Washington, and on the basis of the charge against him, received a three-year deferred sentence, six months in the county jail and ordered to make restitution.

LETSINGER appealed this sentence and was placed on bond, however, departed the State of Washington and a bench warrant was subsequently issued by the Superior Court, Seattle, Washington.

GEORGE ROBERT LETSINGER

Information was also furnished that authorities at Seattle, Washington, desired his apprehension and would extradite LETSINGER to Seattle, Washington. Based on this information, the San Diego Police Department arrested GEORGE ROBERT LETSINGER at Room 117, Metropole Hotel, 124 Broadway, San Diego, California, on June 12, 1968. At time of arrest, LETSINGER admitted his identity and the fact that he knew he was wanted by the State of Washington.

GEORGE ROBERT LETSINGER was interviewed by Agents of the Federal Bureau of Investigation at San Diego, California, on June 13, 1968, at which time he advised as follows:

LETSINGER advised that in 1963 he went to England and visited the Russian Embassy, Grovesner Square, London, England, for the purpose of renouncing his United States citizenship.

He was arrested while in England by New Scotland Yard, based upon a check which he had deposited in a bank prior to his departure to England and later determined it was a fraudulent check.

LETSINGER was asked why he desired to renounce his citizenship, to which he replied the country is no longer a country for the white people and is eventually being taken over by the "niggers."

LETSINGER exhibited a strong anti-Negro sentiment and stated that at one time he had been a member of a clan-type organization at Big Stone Gap, Virginia.

LETSINGER was questioned as to his association with JAMES EARL RAY and whether he had any knowledge concerning the assassinations of Dr. MARTIN LUTHER KING, Senator ROBERT F. KENNEDY and President JOHN F. KENNEDY. LETSINGER merely replied "I do not wish to talk about these subjects."

LETSINGER did say, however, that if Senator TED KENNEDY and Vice President HUBERT H. HUMPHREY continue to seek the Presidency of the United States, they will be assassinated. LETSINGER did not desire to elaborate regarding this information.

GEORGE ROBERT LETSINGER

LETSINGER admitted previous mental history, having been confined during 1961 for a short period of time at St. John's Hospital, Springfield, Missouri.

Handprinting was obtained from LETSINGER and was compared with the note received by the U. S. Post Office, San Diego, California, and because of a close resemblance of these, LETSINGER was asked if he, in fact, had written the note himself.

He categorically denied having written this note.

RE: KENSALT

On 6/13/68, NORMAN JOSEPH KENNEDY, JR., ASN RA 16383391, currently assigned to Co. C, 2nd Bn., Medical Training Center, Fort Sam Houston, Texas, furnished the following information:

In February 1968 while he was in AWOL status, KENNEDY met an individual known as "JIMMY" who he believes is identical to the individual Los Angeles, Calif., authorities are holding for the murder of Senator ROBERT F. KENNEDY.

While confined to the stockade at Fort Leonard Wood, Mo., as a result of a conviction by court-martial for insubordination, KENNEDY became acquainted with one LEE MOORE. He described MOORE as a Negro male, about 22 years of age, 5'1", 139 lbs., who was also confined to the stockade as a result of two counts of AWOL and two previous escapes from MP's. MOORE was formerly assigned in Vietnam and had been stationed at Fort Leonard Wood with the SPD. MOORE advised KENNEDY that he had contacts in California who would help KENNEDY if KENNEDY went AWOL. MOORE identified his contact in California as "MORRIS" and wrote the address and telephone number on a piece of paper which KENNEDY still has. The address is shown as 1822 W. 4th St., telephone #484-1406. MOORE told KENNEDY that "MORRIS" had helped AWOLs in the past and had a source for phony identification papers.

On 2/11/68, KENNEDY left Fort Leonard Wood, Mo., in an AWOL status. He purchased a bus ticket at Waynesville, Mo., to Kansas City, Kansas. After he got to Kansas City, he

spent the first night at the Chase Hotel. He hitchhiked from Kansas City to Los Angeles, California, arriving at the Greyhound Bus Station about 12:30 p.m. on 2/16/68. En route to Los Angeles, KENNEDY spent the second night in the jail at Wichita, Kansas; the third night at an unrecalled hotel in El Reno, Okla., and the fourth night he rode all night. On the fifth night he stayed at a truck stop located on Highway 66 near Flagstaff, Arizona.

After he arrived at the Greyhound Bus Station in Los Angeles, he was standing around deciding what to do next when he was approached by an individual who asked where KENNEDY was going. He told this individual he was looking for an address on West 4th St. and showed this individual the piece of paper bearing the Los Angeles address and phone number furnished him by MOORE. This individual then told KENNEDY he knew where this address was and he knew the person that lived there. This individual identified himself as "FRANK," last name unrecalled. He is described as a white male, 6'2", 240 lbs., brown-gray hair, 48-50 years. FRANK told KENNEDY that they should go to his place first and then call "MORRIS." KENNEDY and FRANK went to FRANK's address which KENNEDY described as an apartment located about 15 minutes from the bus station in a split level house which would be the second story from the front but the first story from the back. KENNEDY explained that the house was built into the side of a hill and was believed to be in a northeast direction from the station. KENNEDY described FRANK's car as an old model 1956 Chevrolet sedan with California license.

After arriving at FRANK's apartment, FRANK made a telephone call to "MORRIS" but "MORRIS" was busy that day and could not meet with FRANK and KENNEDY. KENNEDY did not notice the number FRANK called but he noted that the phone number was written in the back of FRANK's telephone book. KENNEDY stayed at FRANK's apartment that night and the next day FRANK called "MORRIS" again. This time "MORRIS" said he was busy and would not be able to see them and for them to call later. FRANK called "MORRIS" that afternoon and "MORRIS" told them he would see them. FRANK then drove KENNEDY over to the MORRIS apartment about 2:00 p.m. KENNEDY identified this address as the same one on the piece of paper given him by MOORE, 1322 W. 4th St. When KENNEDY and FRANK arrived at the MORRIS apartment, it was noted that "MORRIS" had two guests so KENNEDY and FRANK had to wait about 45 minutes. KENNEDY

described one guest as a white female, 24 years of age, dyed blonde hair, 5'6" or 7", medium build, who was described as an opera singer. This individual was sitting at the piano at MORRIS' apartment, playing and singing. The other guest who KENNEDY identified as "FRENCHY" was described as a white male, 24 years, black hair, 5'11", 145 lbs., and lives in an apartment cater-corner from Echo Park.

MORRIS told these guests that he had business to take care of and the guests and FRANK then left the MORRIS apartment. KENNEDY sat at the table with MORRIS and MORRIS asked him why he went AWOL. KENNEDY had been told before by FRANK that MORRIS was opposed to the war in Vietnam and the U.S. Government. KENNEDY told MORRIS that he did not believe in the Vietnam war and that he thought it was senseless. MORRIS said he agreed and asked KENNEDY what he wanted to do. KENNEDY told MORRIS that he wanted to stay away as long as he could. MORRIS then told KENNEDY that he could obtain some phony ID papers and obtain employment for KENNEDY and that as long as KENNEDY did not get into trouble with the law he would be safe.

MORRIS has an apartment and two rooms that he rents to other people at the 4th St. address. MORRIS told KENNEDY he could stay at that apartment while he was waiting for his phony ID papers. At this point, KENNEDY decided to become friendly with MORRIS and MORRIS told KENNEDY that most of his time was devoted to the Peace and Freedom Party movement and demonstrations. KENNEDY noted that there were quite a few pamphlets and leaflets in MORRIS' apartment which were all considered anti-Dow Committee and anti-war in Vietnam. KENNEDY helped MORRIS by doing some typing and office work there at the apartment. While KENNEDY was there, MORRIS had various visitors who were representatives of the Communist Party, the "Minutemen," and other unrecalled groups. Most of these meetings involved discussions concerning planned demonstrations by the various groups and whether or not the Peace and Freedom Party would join the demonstrations and just how much support that organization would furnish the other organizations.

During these discussions they frequently referred to the phrase, "this summer when the revolution is going to break out," the details of which were unknown to KENNEDY.

About 2/19/68, there was a meeting held at the Echo Park School. MORRIS talked KENNEDY into going with him. This meeting was about the anti-Dow Committee and those in attendance were members of the various groups who had visited at the MORRIS apartment. At this meeting KENNEDY met SHAWN (ph), a member of the CP. KENNEDY described SHAWN as a white male, age 36, 6'2", 220 lbs., blond hair, and wore a mustache. SHAWN frequently offered new ideas and it appeared that everyone at the meeting looked up to SHAWN for guidance. Also discussed at this meeting was a boycott of the Dow products to be held for a period of one week beginning 4/22/68 to 4/28/68. The reason for the boycott was that Dow produces the napalm bombs which are used in Vietnam.

KENNEDY also attended several other similar meetings at different places which he is unable to identify. Sometimes these meetings were held in homes and other times in offices of one of these groups.

About a week andahalf or two weeks after the 2/19/68, meeting, MORRIS asked KENNEDY for an opinion as to whether or not he, KENNEDY, would support a demonstration. About this time MORRIS told KENNEDY that they were going to attend a meeting which KENNEDY would find more interesting than the others. This meeting was held in an apartment near Echo Park School. There were only about 12 people present who included MORRIS, the secretary of the Peace and Freedom Party, SHAWN, two Mexicans that KENNEDY had never met, "JIMMY," the individual KENNEDY believes who is now held by Los Angeles authorities for the murder of Senator KENNEDY, and two or three other men KENNEDY is unable to describe. There was also a white female at this meeting, whose name KENNEDY does not know, who was about 23 years of age, about 5'6", 110 lbs. The discussion at this meeting concerned the revolution that was to come this summer. The people talked about preparations that were to be made, and SHAWN said there were certain people that were going to be taken out of the picture. He mentioned four names, which included MARTIN LUTHER KING, Senator ROBERT F. KENNEDY,

their Attorney General for the State of California, name unknown, and a Senator from Missouri, name unknown. Someone asked why these people had to be taken out of the picture and SHAWN replied it was mostly because too many people looked up to these leaders and that their beliefs are different. These individuals were also blamed for their support of the Vietnam war.

The next morning KENNEDY telephoned his mother in Wisconsin and she said she was sick and wanted him to come home. He asked his mother to send him some money and about 3/1/68, she wired him money to come home, c/o Western Union, Los Angeles.

Shortly after KENNEDY had called his mother, MORRIS took him to an area which appeared to have been formerly an upper middle class section but was now rundown and located somewhere between Los Angeles and Orange, Calif. It was a residential district with houses sparsely scattered. They drove to this house in MORRIS' light blue 1963 sedan, make unknown, automobile. After they arrived at the house, KENNEDY accompanied MORRIS to the front door and after MORRIS knocked on the door it was answered by a white male, age 48, dark brown hair, graying, partially bald in the front. This individual recognized MORRIS immediately and MORRIS told him he wanted to show KENNEDY the basement. MORRIS then took KENNEDY to the basement of the house which KENNEDY described as a huge basement containing several rooms. MORRIS opened the door to one of these rooms and he and KENNEDY went inside and there were about 1,000 rifles, as estimated by KENNEDY, some still in their crates and some standing in racks. KENNEDY recognized some of the rifles as being Model M-1 and some being Russian 101. KENNEDY recognized the Russian model from previous pictures he had seen and displays by the Armed Forces and museums. KENNEDY asked MORRIS the purpose of these weapons and MORRIS told him they were for the revolution. MORRIS asked KENNEDY if he recalled RAP BROWN making the statement, "It is time to go to the roofs." MORRIS said this is what BROWN meant. MORRIS volunteered information to KENNEDY that there were 35 places like this in the Los Angeles area and that the entire country is filled with places like this.

KENNEDY and MORRIS then returned to the MORRIS apartment. MORRIS told KENNEDY that "they" needed people like KENNEDY and needed more of them. MORRIS knew that KENNEDY had received money from his mother and that he was leaving to go home. KENNEDY left Los Angeles about 3/1/68, and when he arrived home in Wisconsin he told his mother the above events. KENNEDY stayed home about two or three days and then his mother drove him to Fort Leonard Wood, Mo., where he turned himself in as AWOL on 3/4/68.

KENNEDY stated that in view of what had happened to Senator KENNEDY, he had recognized the photograph of Senator KENNEDY's assassin in the paper and felt the above information should be brought to the attention of the proper authorities. He thereafter recited the above facts to the chaplain, his Sergeant, his Commanding Officer, and the Military Intelligence at Fort Sam Houston, Texas.

KENNEDY stated the only time he met "JIMMY" was at the meeting described above. He described "JIMMY" as follows: white male, dark complexion, brown and very long hair, 5'10-11", 150 lbs., dressed in dark green shirt, brown pants, wide black belt and black boots. He gained the impression at the above meeting that "JIMMY" had come to the meeting with the two Mexicans and he could furnish no more details about "JIMMY."

KENNEDY advised that he would recognize these people if he ever saw them again and throughout the interview maintained the above information was the truth.

Re San Diego teletype to Bureau and Los Angeles 6/19/68, entitled MIKE VEYUNDA (Correct name MIKE VEYUNDA) IS - MISCELLANEOUS (MINUTEMEN), and San Diego telephone call to Los Angeles 6/20/68.

Sergeant JOHN KENNEDY, San Diego Police Department (SDPD), San Diego, California, advised SA ARNOLD W. O'BRIEN as follows 6/20/68.

Approximately one week ago SA. JACK COCHRAN, Intelligence Division, SDPD, received a telephone call from the Intelligence Division, Los Angeles Police Department (LAPD) requesting investigation by the SDPD to locate MIKE VEYUNDA allegedly residing in the San Diego area.

Upon location, LAPD desired to be notified so that they could send LAPD officers to San Diego to participate in interview.

LAPD indicated MIKE VEYUNDA developed as possible associate of subject SIRHAN B. SIRHAN.

Upon location of VEJVODA, Lt. COCHRAN telephonically contacted LAPD and determined LAPD no longer interested in being present at interview of VEJVODA.

Sgt. KENNEDY has no information why LAPD no longer interested and Lt. COCHRAN who is not presently available would be only person to know. KENNEDY suspects LAPD subsequently determined that MIKE VEJVODA no longer considered as possible associate of SIRHAN B. SIRHAN.

MIKE VEJVODA detained by SDPD and search of premises and automobile located a carbine rifle semi-automatic and two cherry bombs covered with a plastic substance with carpet tacks imbedded therein and one cherry bomb unaltered.

VEJVODA questioned by SDPD re any association with SIRHAN B. SIRHAN and denied any association whatsoever. Investigation by SDPD failed to develop any information to indicate an association between them.

Pertinent details of papers found in possession of VEJVODA will be set forth under caption MICHAEL VEJVODA, IS - MISCELLANEOUS ([illegible]).

In view of lack of requests by LAPD for investigation concerning any association between VEJVODA and SIRHAN B. SIRHAN, no further investigation being conducted by the San Diego Division.

FEDERAL BUREAU OF INVESTIGATION

Date July 5, 1968

Check of the records of the San Diego County Sheriff's Office uncovered no references under the names JOHN L. PAWLUK, JOHN M. LAWRENCE or JOHN LAWRENCE PAWLUK.

The records of the San Diego Police Department were determined to have a record of arrest for JOHN PAWLUK reflecting that this individual was arrested at Seventh and Broadway in San Diego on February 28, 1949 for vagrancy and that on April 6, 1949 the vagrancy charge was dismissed and PAWLUK was given a 30-day suspended sentence on a charge of disturbing the peace.

The records of the San Diego County Department of Mental Health were found to contain the following documents:

1. A referral sheet regarding JOHN PAWLUK submitted to the Department of Mental Health by Sergeant T. A. CRAWFORD, Chief Jailer, San Diego Police Department. This referral sheet reads as follows:

"This man was arrested 2/28/49 for vagrancy and the charge of disturbing the peace was added by Pros. Atty.

"He has been quite a problem since coming to jail as he questions the legality of his arrest along with practically everything else. When he appeared in Judge Smith's court he demanded that he be given 6 hours a week in the Co. law library in order to prepare his case as he is defending himself.

"For the past few days he has refused to eat or drink so on 3/11/49 had Dr. Wilhoit examine him and he stated that due to Pawluk's physical condition that he saw no reason for interefering with his fast but on 3/13/49 had Dr. Wilhoit examine him and he reccomended that he be sent to Psycho. Ward for examination and reccomendation.

"Inasmuch as his case is still pending and we are not asking for a dismissal, request that you inform us when he is able to come back to jail and we'll send for him.

"He claims to live at 712 Hillcrest, Tujunga, Calif. and as far as I know, he has no criminal record."

2. Social Report Number 7719 of the Department of Mental Health dated March 24, 1949 which sets forth the following background information:

Name	JOHN PAWLUK
Race	White
Born	December 4, 1921 at Fort Worth, Texas
Residence	712 Hillcrest, Tijunga, California (residence of sister)
Marital Status	Single
Siblings	Two sisters and one brother
Occupation	Salesman
Religion	Protestant
Nearest Relative	PETER PAWLUK, father, 931 Pennsylvania Avenue, Tucson, Arizona.

This report continues:

"STATEMENT OF PETITION: Filed March 14, 1949 After being placed in jail refused to eat or drink - his general behavior also indicated he should have a mental examination.

"FAMILY AND PERSONAL HISTORY: Patient's father was born in Kiev, Russia. He is a former Baptist minister, now living in Arizona. The mother, born in Austria, died of tuberculosis in 1945 and hospitalization for six and a half years. Patient attended junior college for two years and U.C.L.A. for one year. He has had a corneal operation on his eye.

"PSYCHOPATHIC WARD REPORT: Upon admission patient appeared very confused; staring into space; dull and slow to respond. In the ward he is withdrawn and is not sociable with others. He has improved in attitude and is cooperative and helpful."

SD 44-394

3. Examining Physician's Report, under name of JOHN LAWRENCE PAWLUK. This report is dated March 24, 1949 and reflects PAWLUK was admitted to the San Diego County Hospital on March 14, 1949. Report states:

"This 27 yr old white male was admitted to the hospital at request of the Police officer with history that he had been arrested on February 28 for vagrancy and on charge of disturbing the peace. Since being in the jail he had become quite a problem, constantly questioning the legality of his arrest. He demanded that he be given six hours a week in the County Law Library in order to prepare his case, as he was defending himself. He then went on a hunger strike on March 11 and because of his persistence in not eating, he was transferred to the psychopathic ward. Soon after arriving here, the patient began eating, stating there was no use trying to fight a stomach tube. Overtly, has been in good contact and has mingled with the other patients. Tends to be rather aggressive; he tells his story freely; however, his speech is circumstantial, rambling and at times even evasive. He stated that he has been arrested on six occasions, first in 1942 for lost draft card. Last time in January of 1949, was in Los Angeles for drunkenness. He feels that the police over-stepped their authority and he says that his ambition and work is to stop this police rousting. Basically, this individual is eccentric and constitutes that segment of population ordinarily termed as the Chronic Non-conformist. He is querulent and he has consecrated his life to fighting the injustices that are meted out by the Gestapo Police department in this fair state of ours. This man actually goes about with a so-called "chip on his shoulder", apparently hoping someone will knock it off, which will merely indicate his own hostile attitude towards a particular segment of society. This man must constantly seek a justifiable grievance as a protection against his own feeling of inadequacy. Basically, patient is not psychotic, but is, however, border line.

"DIAGNOSIS: PERSONALITY DISORDER

"RECOMMENDATION: RETURN TO JAIL AS PER THEIR REQUEST."

JOHN LAWRENCE PAWLUK AGE 27 (transient) City Jail - 7128 Hillcrest, Tujunga, Calif.

MENTALLY ILL PETITION filed by Thomas A. Crawford, Police Officer, San Diego

DATE OF ADMISSION 3-14-49

CALIFORNIA 24 years

SAN DIEGO COUNTY 12 days

This 27 yr old white male was admitted to the hospital at request of the Police officer with history that he had been arrested on February 28 for vagrancy and on charge of disturbing the peace. Since being in the jail he had become quite a problem, constantly questioning the legality of his arrest. He demanded that he be given six hours a week in the County Law Library in order to prepare his case, as he was defending himself. He then went on a hunger strike on March 11 and because of his persistence in not eating, he was transferred to the psychopathic ward. Soon after arriving here, the patient began eating, stating there was no use trying to fight a stomach tube. Overtly, has been in good contact and has mingled with the other patients. Tends to be rather aggressive; he tells his story freely; however, his speech is circumstantial, rambling and at times even evasive. He states that he has been arrested on six occasions, first in 1942 for lost draft card. Last time in January of 1949, was in Los Angeles for drunkenness. He feels that the police over-stepped their authority and he says that his ambition and work is to stop this police rousting. Basically, this individual is eccentric and constitutes that segment of population ordinarily termed as the Chronic Non-conformist. He is querulent and he has consecrated his life to fighting the injustices that are meted out by the Gestapo Police department in this fair state of ours. This man actually goes about with a so-called "chip on his shoulder", apparently hoping someone will knock it off, which will merely indicate his own hostile attitude towards a particular segment of society. This man must constantly seek a justifiable grievance as a protection against his own feeling of inadequacy. Basically, patient is not psychotic, but is, however, border line.

DIAGNOSIS: PERSONALITY DISORDER

RECOMMENDATION: RETURN TO JAIL AS PER THEIR REQUEST.

Possibility SIRHAN may have exercised horses for DESI ARNAZ, TV actor-producer and owner of Corona Breeding Farm at Corona, California. ARNAZ has advised secretaries in Hollywood, California, ELAINE BRADDISH and ROSALIE BROAT at General Service Studios, that he has no personal recollection of SIRHAN and has a very limited contact with employees at the breeding farm. ARNAZ suggested that his horse trainer, RALPH WEST, and his ranch manager, CHARLES ZOELER, and his business manager and accountant HOWARD SHEPARD, 106 East 6th Street, Corona, who has payroll, be contacted.

FEDERAL BUREAU OF INVESTIGATION

Date July 3, 1968

THOMAS W. BRADEN, writer and former owner, Oceanside Blade Tribune Newspaper, 1331 South Pacific Street, Oceanside, California, advised he was Senator KENNEDY's Northern California Coordinator and handled matters concerning the Senator's campaign in San Francisco, California for approximately two weeks prior to June 4, 1968. He said he flew to Los Angeles the afternoon of June 4, 1968 and joined Senator KENNEDY at his suite on the fifth floor of the Ambassador Hotel, along with about thirty other supporters. He said during the early evening he was in the main ballroom of the hotel with KENNEDY supporters and he noted nothing unusual and he had no reason to be suspicious of any person in the ballroom. He was unable to identify photograph of ADEL, SHARIF, MARY, SAIDALLAH, MUNIR or SIRHAN B. SIRHAN as being a person he saw at any time in the hotel that evening. He was unable to furnish any information concerning SIRHAN B. SIRHAN. He could not furnish any information which might, in any manner, have a connection with the assassination.

He said he was with Senator KENNEDY in his room shortly before the Senator left to appear on television in the main ballroom and as the Senator was leaving, JOHN GLENN suggested he (BRADEN) and TED WHITE, remain in the room and watch the Senator's appearance on television. BRADEN said he and WHITE agreed with GLENN's suggestion, whereupon, Senator KENNEDY suggested they leave then and go to "The Factory" a Beverly Hills nightclub, and he would meet them there in twenty minutes. According to BRADEN, earlier that evening the Senator had made arrangements for a small party of friends to meet at that nightclub.

BRADEN said they watched the Senator on television for the first part of his speech from the main ballroom, left the room before it ended and while walking in the hotel toward the elevator on the fifth floor, PROVY (LNU), Mrs. JACQUELINE KENNEDY's ex-maid, rushed up to them and said the Senator had been shot. Thereafter, an unnamed manager at the hotel told him and WHITE to guard the Senator's room whereupon they returned to the room and protected the area.

BRADEN said he had no personal knowledge of the reason Senator KENNEDY proceeded in the direction of the Colony Room rather than the ballroom where his supporters were however, he had conversation with BILL BERRY, while traveling on the funeral train on June 8, 1968 concerning the change. He said BERRY told him he and another person, possibly JERRY BRUNO (phonetic), had checked the area the Senator was to have proceeded and that the Senator, without prior notice told him, "Let's go this way", thereby causing BERRY to be behind the Senator as BERRY had planned on going in the direction of the ballroom to meet the Senator's supporters. Continuing, BRADEN further said BERRY told him "I kicked Sirhan off the platform three times while the Senator was behind the microphone", referring to the evening of June 4, 1968. He said BERRY felt very badly during the trip and he did not know if he would recall their conversation.

BRADEN said he had heard a rumor from an unrecalled source that it was Mr. UNO (phonetic), Banquet Manager of the hotel who was the person who suggested the Senator proceed in the direction of the Colony Room. BRADEN said the Senator had a definite practice of following the suggestion of advisors when in crowds and it was BRADEN's opinion someone suggested to the Senator he walk in the direction he did, as it was a short way out or gave him some other quick reason which caused him to change his previous plan of departure from the ballroom.

FEDERAL BUREAU OF INVESTIGATION

Date 7/19/68

Miss LISA LYNN URSO, 6405 Bradford Street, San Diego, advised that in June of this year she was a member of the group at Crawford High School, San Diego, supporting Senator ROBERT F. KENNEDY's campaign for the presidency. On the evening of June 4, 1968, LISA and two of her girl friends, who were also working in the KENNEDY Campaign, drove to Los Angeles to follow the results of the Primary Election vote at the Ambassador Hotel where KENNEDY had his temporary headquarters. Being head of the KENNEDY supporters at Crawford High School LISA had a badge which admitted her to areas not accessible to her two friends. By the time Senator KENNADY began his victory speech in the ballroom of the Hotel, LISA was separated from her friends. She did not again get together with her friends until hours after the assassination. Her friends had no first hand knowledge concerning the shooting.

LISA said that while KENNEDY was giving his victory speech, she had left the Embassy Room, where he was speaking, and gone to the kitchen to get a drink of water. After getting the drink, she walked in the kitchen to cool off. There were about fifteen or twenty people in the kitchen at this time. She was still in the kitchen when KENNEDY finished his speech. She stayed in the kitchen because she thought he might go to the press room in the hotel after his speech and to go there he would have to go through the hallway of the kitchen. When KENNEDY came out of the Embassy Room and was in the hall of the kitchen LISA noticed, out of the corner of her eye, that a young man if front of her was reaching across his body with his right hand. She subconsciously thought he was getting ready to shake hands with KENNEDY, but when he continued the motion she had the thought that he was reaching for a gun. She then saw him bring his arm back out in front and up and he took a slight step forward. [redacted] certain that she saw a gun in his hand but she heard [redacted] saw flames coming from the tip of his hand. She recalls [redacted] three definite shots and then there was chaos. There [redacted] been more shots, the sound of which was covered by the outcries of the people in the room. She saw Senator KENNEDY grab the back of his head with his right hand. People closed in on the young man and she lost sight of him, but knew the people were holding him down on a table. She did not see

the young man disarmed.

LISA said that she had not by this time seen the young man's face but in standing behind him she said she noticed his hair as black, thick and "real curley." Also he was wearing a jacket with a weave like denim. She does not remember the color of the jacket, but believes it was blue or beige. It was not a sports coat. He was very close to LISA's height; if anything he was slightly shorter. He had been just forward of her left shoulder but the step he took just before shooting brought him in front of her.

After the shooting LISA went into the press room and next saw the young man when he was being taken out of the building. She saw his face for the first time then as he glared at the people in the press room. She is certain that this was the same young man who had fired the shots.

LISA said that she does not believe anyone was with this young man and she did not see anyone with him nor does she recall him talking with anyone.

MICHAEL VEJVODA

DECLASSIFIED BY Spiczka 6/6/03

On June 19, 1968, a source familiar with Minutemen activities in the San Diego area advised as follows:

MICHAEL VEJVODA, a known associate of Minutemen members, telephonically contacted four Minutemen members in the San Diego area on June 19, 1968, and stated, "If you hear anything about me or read anything, don't worry. What I am about to do I am going to do for God and country."

Source advised that MIKE VEJVODA belongs to an organization named "Staff" and travels frequently between San Diego and Los Angeles. According to source, "Staff" is an organization similar in its aims as the Minutemen.

Sergeant JOHN KENNEDY, San Diego Police Department (SDPD), advised that MICHAEL VEJVODA was detained by the SDPD on June 19, 1968, and a search of his residence located a rifle and several cherry bombs wrapped in plastic material with thumb tacks or similar devices embedded in plastic material, making the cherry bombs extremely dangerous to personnel. Above information furnished by Sergeant KENNEDY on June 19, 1968.

On June 20, 1968, Sergeant JOHN KENNEDY, SDPD, advised as follows:

Approximately one week ago, Lieutenant JACK COCHRAN, Intelligence Division, SDPD, received a telephone call from the Intelligence Division, Los Angeles Police Department (LAPD), requesting investigation by the SDPD to locate MIKE VEJVODA, allegedly residing in the San Diego area. Upon location, the LAPD desired to be notified so that they could send LAPD officers to San Diego to participate in the interview of VEJVODA.

LAPD indicated MIKE VEJVODA was developed as a possible associate of SIRHAN B. SIRHAN, alleged assassin of Senator ROBERT F. KENNEDY.

Upon location of VEJVODA, Lieutenant COCHRAN telephonically contacted the LAPD and determined that the LAPD no longer was interested in being present at the interview of VEJVODA.

Sergeant KENNEDY had no information as to why the LAPD was no longer interested, but suspected the LAPD subsequently determined that MIKE VEJVODA was no longer being considered as a possible associate of SIRHAN B. SIRHAN.

MIKE VEJVODA was detained by the SDPD, and when questioned regarding any association with SIRHAN B. SIRHAN, he denied any association whatsoever. Investigation by the SDPD failed to develop any information to indicate an association between them.

On June 24, 1968, Sergeant JOHN KENNEDY made available the following notes and information obtained during their investigation:

OFFICER'S REPORT concerning INTELLIGENCE INFORMATION REGARDING MICHAEL VEJVODA

VEJVODA was contacted at his residence regarding information received that he was possibly involved in burglaries in the San Diego Area (see arrest report). Officers had also received information from Los Angeles Intelligence Division that VEJVODA was possibly an associate of Sirhan SIRHAN, the assassin of Senator Robert F. KENNEDY.

Officers ascertained that VEJVODA was living at 3042 State Street and was registered in a room at this location under the name of Paul ANGELO. A knock on the door to his room was answered by him, and requested, that the officers step inside so that our conversation could not be heard by other tenants or the landlord of this residence. Officers present at this time were A. L. DENZ, Lt. E. J. COCHRAN, and Sgt. J. W. KENNEDY. VEJVODA was placed under arrest for investigation of burglary and a search of his room was conducted.

The following is a partial list of items impounded at the time of the arrest (see report by Officer DENZ for a complete list of property impounded): Several pages of written material (see attached copies); a 30-caliber carbine; a quantity of ammunition; some ammunition for a .22-caliber weapon; a large bow and twelve steel arrows; two large cherry bomb firecrackers which had been dipped in an adhesive-type substance and rolled in large carpet tacks (this made an explosive substance, including the cherry bomb, mastic and tacks, that was approximately 2" in length and 1¼" in diameter); a five-band transistor radio, and a tape recorder.

Subject was brought to Room 16, where he was interrogated by Lt. COCHRAN and myself. The following is a list of his locations since he spent two and a half years in Boys' Town, Nebraska, leaving there in 1954.

VEJVODA was questioned in regard to the large amount of rocks in the trunk of his car, as well as the slingshot and small rocks in the glove compartment of his car, and he stated he carried these for protection in case he got in the area where a riot was going on. VEJVODA was questioned also as to why he had his car and house keys taped so that they did not rattle and also as to why he had taped his flashlight. His answer was so that they would be easier to handle.

VEJVODA was questioned as to his dislike for Senator Robert KENNEDY, which he readily admitted and stated that he made a statement while in the Rafferty Headquarters when KENNEDY's picture flashed on TV: "Don't disgrace this headquarters by leaving his picture on TV."

OFFICER'S REPORT concerning INTELLIGENCE INFORMATION REGARDING MICHAEL VEJVODA

VEJVODA stated that besides the .30-caliber rifle, he also owned, at one time, a Ruger .22 automatic. Re: MAVRO CHAVEZ
Rosarito Beach Hotel
Baja, California

On 6/4/68 the above-captioned person was a registered guest at the Ambassador Hotel, Los Angeles, California.

At 12:15 A.M. on 6/5/68, SIRHAN B. SIRHAN, at the conclusion of a victory rally by the late Senator ROBERT F. KENNEDY (D-New York), in the kitchen area leading off the Embassy Ballroom shot and killed Senator KENNEDY, utilizing a .22 caliber revolver.

The Los Angeles Police Department requested the assistance of the Bureau in the location and interview of guests of the hotel in an effort to determine whether or not any of the guests might be in possession of any information concerning a possible conspiracy, might know SIRHAN, or might have seen him about the hotel on the night of 6/4/68.

All information, negative or positive, should be incorporated into an FD-302, as all information is being disseminated to the District Attorney, Los Angeles County, in report form, such reports being prepared by Los Angeles.

Trial date is tentatively set for the first part of November 1968, and it would be appreciated if the lead is covered in an expedite fashion. For your assistance, there is enclosed a diagram of the hotel area and location of the shooting.

22 copies of FD-302 should be submitted.

Mrs. FRANCES HOLLAND, 552 Eldorado Drive, Escondido, California, advised as follows:

She is the Southern California Grand Counsellor of the Rosicrucian Order, also known as the Ancient Mystical Order Rosae Crucis (AMORC). She advised the state and international headquarters of AMORC have designated her to handle any inquiries concerning SIRHAN SIRHAN's membership in AMORC. She stated SIRHAN is a member of the Supreme Grand Lodge, San Jose, California, which is a corresponding membership and to her knowledge he did not attend meetings but received correspondence and instructions by mail from San Jose, California, and in turn submitted his lessons by mail to San Jose, California.

Mrs. HOLLAND advised the San Jose Office maintains a complete file of correspondence with all members, which file contains the members original application form. She understands that FBI Agents at San Jose, California, were permitted to review SIRHAN's file and were given a duplicated copy of his application blank.

AMORC has local lodges and chapters to which some members belong, although membership in a local club is not required. Mrs. HOLLAND stated she has checked and determined that SIRHAN was not a member of the Pasadena Chapter or any other lodge or chapter. SIRHAN, however, did once, and only once, visit one of these subordinate bodies. He attended the weekly meeting of the Pasadena Chapter on the evening of June 4, 1968. Mrs. HOLLAND made available a page of the guest register of the Pasadena Chapter, which bears the signature SIRHAN SIRHAN, 696 East Howard, Pasadena, and reflects that he is a member of AMORC, with membership number 3-413-477. On the date column of this form SIRHAN entered the date April 16, 1968. Mrs. HOLLAND stated that this is an error and SIRHAN probably used this date because the last previous registration was on that date. Mrs. HOLLAND

confirmed by talking to the supervisor of the Pasadena Chapter, that SIRHAN visited that chapter on the evening of June 4, 1968. This supervisor is SHERMAN LIVINGSTON, 2555 Vista Laguna Terrace, Pasadena, California, telephone number 794-6141.

LIVINGSTON told Mrs. HOLLAND he recalls SIRHAN telling people at the meeting how to pronounce his name. LIVINGSTON looked for SIRHAN after the meeting but he was unable to find him.

In signing in, SIRHAN showed he was a first degree member. Mrs. HOLLAND stated that this is a beginner's degree which would indicate membership of less than one year.

AMORC has no full time hall in Pasadena. The chapter meets every Tuesday night. Master of the chapter is THEODORE R. STEVENS, 886 Pullman Street, Los Angeles, California, telephone number 257-9368.

Mrs. HOLLAND stated she would call Mr. LIVINGSTON and Mr. STEVENS on the evening of June 12, 1968, to instruct them to cooperate in answering inquiries from the FBI. She stated the wives of both of these individuals are upset with the bad publicity given AMORC in the press and LIVINGSTON and STEVENS should be contacted by telephone to arrange an appointment.

Mrs. HOLLAND subsequently telephonically contacted the FBI Office, San Diego, California, on June 12, 1968, and advised as follows:

She was in telephonic contact with Mr. LIVINGSTON and discussed the matter of being interviewed by the FBI at Los Angeles. She stated that Mr. LIVINGSTON reviewed his notes and indicated that he had attended the Pasadena meeting

on May 28, 1968, rather than June 4, 1968. Therefore, Mrs. HOLLAND assumes the appearance of SIRHAN SIRHAN at the Pasadena meeting was on May 28, 1968, rather than as previously reported on June 4, 1968.

According to Mrs. HOLLAND, the date of appearance of SIRHAN SIRHAN can be verified by contacting Mr. STEVENS, the Master of the Pasadena Chapter.

Mrs. HOLLAND further advised that she has instructed Mr. STEVENS to make available to the FBI the complete membership list of persons present on the night SIRHAN SIRHAN attended the Pasadena Chapter meeting and also to furnish information regarding the topics discussed on the night of that meeting.

The following is furnished for the information of San Diego:

Mrs. VIRGINIA M. SATIR was one of the speakers at a seminar on hospital administration held at the Ambassador Hotel from June 3 through 6, 1968. She stayed at the Ambassador Hotel during this period on the basis of a reservation made for her by the American College of Hospital Administration, San Francisco, California.

The Los Angeles Office has requested that she be interviewed in an effort to determine whether she might be in possession of any information concerning a possible conspiracy in the shooting of Senator KENNEDY, might know SIRHAN BISHARA SIRHAN, or might have seen SIRHAN about the Ambassador Hotel on the night of June 4, 1968.

All information, whether positive or negative, should be incorporated into an FD-302, with 22 copies to be furnished the Los Angeles Office.

FEDERAL BUREAU OF INVESTIGATION

Date March 5, 1969

Mrs. JEANETTE BRYANS, 5698 Dugan Avenue, La Mesa, California, personally appeared at the San Diego Office of the FBI on March 4, 1969, to furnish information relative to the current trial of SIRHAN SIRHAN at Los Angeles, California.

Mrs. BRYANS stated that at about the time of the Arab-Israeli six-day war in 1967, while watching the Joe Pyne TV Show from Los Angeles, California, she observed a group of about five or six Arabs or Jordanians on this program who spoke about the Arab-Israeli war and, according to the recollection of Mrs. BRYANS, made some comment about the possibility of ROBERT KENNEDY being assassinated. Mrs. BRYANS said she could not positively identify any of the participants on this show in connection with this interview, but believed one had a double name similar to SIRHAN SIRHAN and had the impression that this name when translated meant "wolf." Inasmuch as she could not give a specific date for this program, she indicated it was well appointed in her mind because another participant on this same program but speaking on a different subject was Mr. ARTHUR A. BUCKEL, with whom she is well acquainted due to Mr. BUCKEL's friendship with Mrs. BRYANS' brother.

Mrs. BRYANS stated she did not remember specifically any comments made during the interview of the Arabs or Jordanians but did recall that there was general conversation about the conflict in the Middle East. She indicated this information may be of value if it could be used to prove that SIRHAN SIRHAN had, in fact, been one of the participants on the Joe Pyne TV Show and if the statement was actually made on that show that the life of ROBERT KENNEDY was in danger.

FEDERAL BUREAU OF INVESTIGATION

Date March 5, 1969

Mr. ARTHUR A. BUCKEL, 3452 Bayonne Drive, San Diego, California, advised that during March, 1967, he and his wife were in the Los Angeles, California, area on business and pleasure. He stated that he was a participant on the Joe Pyne TV Show during this visit and remembered that he participated as a member of the audience when some unidentified individual made comments regarding the support all Negroes should give Senator ADAM CLAYTON POWELL regardless of his moral or personal standards. Mr. BUCKEL said he felt strongly that some of the statements made should be refuted and volunteered to participate in the rebuttal of statements made on the program.

Mr. BUCKEL said he could not recall specifically other parts of the program but did remember that there were some young men believed to be either Arabs or Jordanians who made comments relative to the conflict, in the Middle East. He could not recall any specific mention being made regarding ROBERT KENNEDY but indicated that due to the period of time which has elapsed it was only natural that anything said might be forgotton.

Mr. BUCKEL contacted his wife and after checking some personal records determined that this trip had occurred on the weekend of March 10-13, 1967, and indicated he had located a cancelled check dated March 13, 1967, with which he paid his hotel bill before returning to San Diego from Los Angeles. He said that to the best of his recollection he and his wife attended the JOE PYNE TV Show about 6:00 p.m. on Monday, March 13, 1967, following which they returned to San Diego. He stated the show was recorded at that time and he subsequently viewed this show at San Diego over the Los Angeles station on March 18, 1967.

BUCKEL said he could not recall any of the program participants specifically and could not state whether or not SIRHAN SIRHAN was present at the broadcast.

SCHORR stated he was the first witness for the defense at SIRHAN's trial and during the course of interviewing and examination of SIRHAN he formed a theory that SIRHAN may have been psychologically programed to kill KENNEDY without SIRHAN having knowledge of a conspiracy. SCHORR said SIRHAN may have been [redacted] used in this manner because of his mental condition.

SCHORR said he has [redacted] no facts to support this theory and only considers this as a possibility due to fact SIRHAN unable to recall anything concerning the shooting and appeared to be in some sort of a trance just prior to and after he killed KENNEDY.

SCHORR requested this be made a matter of record with this office in the event something should happen to him or other information of this nature should [redacted] develope in this matter.

INFORMATION CONCERNING

On 1/22/71, Dr. SCHORR telephonically contacted the writer to advise him of a meeting to take place on 1/29/71 at Howard Johnson's Restaurant located on Waring Road, San Diego, California. This meeting is to be participated in by Judge BOB STANIFORTH, District Attorney ED MILLER, and a Los Angeles lawyer, who was involved in the trial of SIRHAN-SIRHAN. Dr. SCHOOR was calling to extend an invitation to writer to attend this meeting since he expects the trial of SIRHAN-SIRHAN to be a main part of the discussion.

It is noted that Dr. SCHORR was a Psychiatrist who gave testimony at the SIRHAN-SIRHAN trial and when previously contacted by writer wished to discuss his theories of how SIRHAN-SIRHAN had been put up to the assassination, which information has already been entered in this file.

Dr. SCHORR was advised that the writer has no authority for attending such a meeting and that the Special Agent in Charge of the San Diego Division is most probably already aware of any forthcoming discussions of local law enforcement officials scheduled to take place, on higher administrative levels.

INFORMATION CONCERNING

Dr. SCHORR had called this office late last evening; however, in learning that I was not in the office, advised that he would call me today.

He called to advise that he was participating in a Criminal Justice Series this coming weekend, Friday, 4:30 p.m. to 8:00 p.m., and Saturday, 9:30 a.m. to 12 noon, and the topic was "Victims of Violence." He said that the meeting would take place in the College Grove shopping area in a large hall, exact address unknown to him. He advised that there would be approximately 400 people in attendance and that they would probably discuss at some length the two KENNEDY assassinations and the organization known by, according to Dr. SCHORR, "In The Name of God."

He requested that we furnish a speaker who would speak without being identified as with the FBI or serve as an observer during the proceedings and possibly take photographs of some of those in attendance.

Since this appears to have much potential for possible problems, I politely informed Dr. SCHORR that due to our heavy commitments we would be unable to join in either as a speaker or observer. He advised that he appreciated this situation; however, he did want to mention this meeting to me.

Dear Mr. Gray:

Thank you for your letter of May 24, 1972. I regret that I was unable to respond until this time. Since your letter of May, 1972, arrived I have been sequencely at Sharp Hospital for an acute enteritis due to food poisoning and just spent a remarkably anxiety-free summer vacation in the Upper Lake country of Northern Minnesota where my wife's relatives still whinny away.

The information with respect to the Uniform Crime Reports and the particular information with respect to law inforcement officers killed in the line of duty is of most particular concern to me. I plan to use it with appropriate credits in my forthcoming book and I am currently arranging book publishing affairs with Bob Zappa of McGraw Hill. I was particularly shocked recently over the California Supreme Court's decision on capital punishment and I was especially concerned since that decision revolved itself about the Robert Page Anderson case of which I was a large part. I have been on at least two major murder cases in California in which homicide or murder was predicted through psychological testing and for which officials and authorities had their hands tied and could do nothing until the events actually took place, days later in one case and months later in the next. There were no priors with respect to both of these cases. I thoroughly agree with Hutschnecker, whom I understand is a physician-friend of our President, that psychological test screening and psychiatric screening of six to eight year olds would be most helpful in redirecting aggressive and violent tendencies during the pre-teen years. I do not at all agree with those individuals of the press who label people like Hutschnecker a fascist or an authoritarian type dictator for making such helpful suggestions as a means of improving and enhancing our society rather than tearing it down. I cannot understand some of the recent court rulings which over protect the assassinator of law and justice dignified by decisions ranging from the superior court system all the way to the highest court in the land while simultaneously ignoring the rights of the would-be victims and their heirs.

To make no discrimination whatsoever with regard to the particular nature of each personality studied, allowing each death-row inmate complete freedom to live and eventually become paroled not only erodes the judicial process which has made this nation the greatest of the kind in the world in terms of freedom and justice for all, but the latest acts of the Supreme Court in abolishing capital punishment now permits the Charlie Mansons of contemporary America (and there are many) freedom to go out and do it again along with the milque toasts (and there are some) who are less likely to repeat.

I was primarily instrumental as a key-expert in the Robert Page Anderson trial which involved a four hour shoot-out with more than half of San Diego's police force during an active work day. The Whitman case, the Morses, the Mansons need to be stopped and stopped dead in their tracks.

Punishment and its degree should not be mandated away by a group of people who blow Utopian smoke rings in their ivory towers and fiddle away citizen rights while Watts burns.

Is the legacy of Washington, Jefferson, and Lincoln to be surrendered to the murderers of custom and taboo? It seems that our age of anxiety following World War II has now been replaced by the decade of the anti-hero. We are in some ways like Rome before the fall. There is still time to turn this around and fulfill the American dream of our ancestors for all Americans and mankind.

I am trying to incorporate into several chapters material relating to the two Kennedy assassinations and I would like to obtain additional material with reference to the Arthur Bremer investigation. I am now going through a second reading of the 26 volume Warren report and have developed the impression, perhaps against my better judgment, that assassinations during the past decade at least and through Arthur Bremer have been programed, planted, computerized, and tailored by communist or communist-inspired organizations. Lee Harvey Oswald may have, in fact, been a double agent but he sold us down the river. There are remarkable parallels in Oswald, Ruby, Sirhan, and Bremer which might be worthy of considered investigation. Some of the tangents may well extend into Havana, the mideast and Moscow and others into organized crime.

If your department has any material which can be confidentially released that is now archieved, I would be most happy to try to put it all together as part of my book on homicide investigation. The book is tentatively called "Murder is A Family Affair" and this includes many cases ranging from parricide to the carcinogenic pollution of our national character.

The greening of America reddens the land with its manifesto for anarchy. It is high time that other voices be heard. We need to return America home and to make freedom with responsibility meaningful once again as we face eventful crisis years ahead.

I deeply apologize for having taken so long to respond to your letter of May 24, Like Avis I shall try harder the next time to be consistently prompt.

While hospitalized I read of the new women appointments to the Bureau and was particularly amused by a statement allegedly made by Barbara Herwig with respect to smoking and opening her own door. In closing, I should like to suggest that I agree completely with Miss Herwig in her statement about equality for women. I would like to tell her that all gentlemen should hold the door open for any lady, regardless of race, creed, color, place of national origin, or sexual differentiation.

If you would be interested in some of the abstracts of the materials I have been writing to date with respect to murderers and their crimes, I'll be happy to release to you copies of my as yet unreleased book materials for your own edification and interest. I realize you are a most busily occupied man these days and I look forward to your next communication however long the wait. I am enclosing a curriculum vitae in this letter as an update for your files and possible convenience.

Very truly yours,

Dear Mr. Gray:

I appreciate your comments of September 11, 1972. With reference to release of archived materials, I'll be most happy to wait for such a time some of those materials become classified for such release. Meanwhile, I will plan to crystalize, condense, and combine the materials you did send for release that may be of benefit to the public. Any new materials regarding the mounting problems of law enforcement and additional statistics on officers slain in the line of duty, will be useful to the undersigned in bringing to the attention of the public the compelling need for greater citizen assistance in rendering information toward the apprehension of crime and greater citizen support for the line duty officer.

We need to create model cities of low crime density that may one day become the envy of the world. I hope I am right in saying that I shall address you sixty days hence as simply Director of the FBI. It will be nice when the election campaigns are over and security a brief but most welcome vacation.

Very cordially yours,

Dear Mr. Attorney General:

When President John F. Kennedy was assassinated the President had a commission investigate the events and persons surrounding that infamous blot on the History of Mankind. The testimony and data accumulated are Federal Property and I'm certain well protected. Thus, should anyone disagree with the commission's findings it is all there to be examined and remains for posterity.

I would like to recommend that the President create two more commissions to examine the two assassinations that have taken place since then. The assassination of Senator Robert F. Kennedy and the assassination of Reverend Martin Luther King.

As in the case of the first commission, the purpose of these commissions should be to examine the events and these terrible actions

confide the data and testimony and write reports of their findings. This is especially important to do soon since the two assassins have been convicted for the crimes and are there to be questioned should discrepancies arise. These would not be retrials but rather studies and analyses in depth into the complex situations surrounding the events. The members, as before, should be of all different backgrounds and political tenets so that there is complete objectivity.

We owe it to ourselves, our Country, the World, posterity, and to the Constitution which the late President, Senator, and Reverend always defended to have these Presidential Commissions created and their studies commenced immediately.

ATTEMPTED ASSASSINATION OF SENATOR ROBERT F. KENNEDY

Another Government agency which conducts criminal type investigations advised on June 5, 1968, that one Charles Mayheld Davis (phonetic), had called the office of Senator Robert F. Kennedy early on the morning of June 5, 1968.

This individual stated that Senator Kennedy had helped him and other convicts get out of jail and that he, Davis, and other convicts were going to get guns "so sit tight."

The current edition of the Chesapeake and Potomac Telephone Company Directory for the District of Columbia, discloses no listing identifiable with Charles Mayheld Davis.

Mr. Frederick C. Springer

Dear Mr. Springer:

Thank you for your recent letter to President Johnson.

You may be sure that the President shares your concern and that of the American people and their representatives regarding the relentless drive of the world Communist movement. The President is determined that our country will successfully meet the challenges of Communism both here and abroad.

There is no Federal legislation which effectively outlaws the Communist Party as such, and there is no law preventing Communists from making speeches or holding private or public meetings. Moreover, it is not illegal in and of itself to be a member of the Communist Party. The First Amendment to the Constitution guarantees to everyone the right to speak and put in print his views on a subject even though critical of our form of government or of our public officials. It grants to each person the right to associate and meet with persons of his own choosing.

In this regard the judicial interpretation and application of the Smith Act which prohibits advocacy of the violent overthrow of the Government may be of interest. The United States Supreme Court has held that the Smith Act may not be applied in a manner prohibiting persons from teaching or advocating the abstract doctrine of violent overthrow of our Government. The Supreme Court has held that if it were to be so applied it would be held unconstitutional as denying to Americans the right to express their opinions.

Records
Mrs. Knickle
Mr. Nelson

INSP'TD AND MAIL
COMMUNICATIONS SEC
JUL 11 1968

This law has been held constitutional by the Supreme Court as long as it is applied in a manner requiring substantially more proof than mere advocacy. For example, the Court has indicated that if it is shown an active member intends to accomplish the overthrow as soon as conditions will permit and if the advocacy is of such a nature as might be reasonably expected to incite persons to action, then he could be subject to prosecution for that sort of activity.

With regard to outlawing the Communist Party it would be extremely difficult if not impossible to draft such a statute so that it would be constitutional under the protections of the First Amendment regarding freedom of speech, press, and assembly. Such legislation might also be deemed to constitute a bill of attainder. Some such proposals in the past have been opposed by both J. Edgar Hoover and the Department of Justice. Mr. Hoover observed that such legislation even if held constitutional would not cause the Party to end its operations but would drive it underground.

There is enclosed some material we have available for distribution on the subject of Communism. For additional information in this field, you may write to the Superintendent of Documents, United States Government Printing Office, Washington, D. C. 20402, who will send you, without cost, a list of publications on Communism which have been issued by Government agencies, including investigative committees of the United States Congress. From this list you can select those publications which will be most helpful to you. They are generally available at nominal cost.

As requested, a photograph of President Johnson is enclosed.

Your interest in writing to the President is appreciated.

Sincerely,

J. WALTER YEAGLEY

Dear Sir.

Since the death of Senator Robert F. Kennedy, I am greatly concerned over the way the Senator died. I think it was Communist inspired. I have wrote the U. S. Senate and asked them to get rid of the Communist Party. Would you please get rid of the dirty rotten Communist Party in the United States. Also, I would appreciate it very

166-12C-1

much if you would send me an 8 by 10 ~~of~~ picture of yourself.

I believe you allready received the letter I wrote to you last week.

But since the death of a person I considered famous, I wish you would have a bill passed to outlaw the U.S. Communist Party in America. I am sick of fighting them across the sea, when nothing is being done about them at home in the U.S.A.

Thank You -

Dear Senator Montoya:

Thank you for your letter of June 10, 1968, enclosing a copy of a constituent's telegram regarding the possibility of a conspiracy in the assassination of Senator Kennedy. I apologize for my delay in responding.

Immediately following the tragic death of the late Senator, the Attorney General on June 5, 1968 made the following remarks:

> Every angle of this matter will be fully investigated. No resource will be spared. According to the information I have at this moment, we have no evidence of a conspiracy; only the evidence of this individual act. But every lead will be followed. No stone will be left unturned.

The rules with respect to pre-trial publicity preclude further comment, but you may assure your constituent that all investigative aspects have been and are being fully pursued.

Dear Mr. Brown:

The Attorney General has asked me to respond to your letter of June 10, 1968.

With regard to your comment on the Warren Commission, we can only point out that the Commission gathered and considered a vast amount of material, much of it having only a remote connection with the assassination. It made a thorough inquiry and detailed analysis of the facts, and the evidence, as presented in the one-volume Report, amply supports its conclusions.

Your confidence in bringing your views to the attention of the Attorney General is appreciated.

My Dear Sir,

I am enclosing an article which appeared in today's issue of the Montreal Star, which if true proves once again the coddling murderers receive in the United States and certain half baked lawyers and judges call it justice.

This moron Sirhan Sirhan should get the Gas chamber for the dastardly crime that he is guilty of and for never it.

Ever since the enactment of the 18th amendment, which in itself was the work of a majority who should be ashamed to call themselves Americans, we have an everlasting increase in crime, crooked judges and lawyers keep criminals free and this is as true as the gospel and you cannot deny this.

I have read the Warren report and I consider it a masterpiece of legalisms and legal niceties which are hard to accept as the truth, by the way this opinion is shared by many.

Now we have to lose another great American by the hand of an assassin who had $4.00 in bills in his pocket, where did this moron get that kind of money.

The control of firearms is a disgrace in the United States and you cannot deny this, a visit to that half breed state of Vermont will prove to you that Burlington Vermont is a real arsenal where anyone can buy what they desire in firearms, no questions asked and many of these find their way into Quebec where all types of gangsters seem to have a paradise of their own. Bank holdups every week, police shot down in cold blood.

Our procedure is too damn slow and in most instances as evasive as anything gets to be.

This individual now held in Los Angeles should have his day in court and then get him in the Gas Chamber where he belongs.

Criminal lawyers don't work for peanuts and you know it and when the Public have to listen to such nonsense as insanity, one begins to wonder who runs and courts and where is justice?

Tighten case against Sirhan

Associated Press - UPI

LOS ANGELES, June 10—With Sirhan Bishara Sirhan behind bars, top prosecutors are meeting daily in hopes of closing holes in Los Angeles County Superior Court Case No. A233421.

That case contains the murder charge against the 24-year-old Jordanian immigrant accused of slaying Senator Robert F. Kennedy.

Sirhan is to enter a plea to the charge June 28.

Although Sirhan was arrested at the scene of the fatal shooting early Wednesday, and identified by several witnesses as the New York senator's assailant, the case presents unanswered questions.

Not the least of them is whether there was a conspiracy behind the shooting.

Police haven't been able to produce the dark-haired "girl in the polka-dot dress." Sandy Serrano, 20, a Youth for Kennedy worker, reported seeing the girl run from the Ambassador Hotel after the shooting and say: "We shot him!"

Not the girl

Three young women, the latest a 19-year-old belly dancer, have claimed to be the girl in the polka-dot dress, all saying Miss Serrano misunderstood their words as they ran from the hotel. But Miss Serrano says none is the girl she saw.

"You've got to be colorblind to think that's the girl," Miss Serrano said of the belly dancer, Kathy Fulmer, who had told police she was wearing a polka-dot scarf and a blonde wig the night of the murder.

Meanwhile, Pasadena police are keeping a 24-hour guard at the home of Sirhan's family, although the family has not been staying there.

Besides imposing the strictest security precautions ever at Los Angeles County jail here, authorities are trying to limit comment on the case by all persons connected with it and by public officials.

Of five other persons wounded during the Kennedy shooting, three have been released from hospitals and the other two are reported in good condition.

Sirhan has asked the American Civil Liberties Union to help find a "big name" lawyer to defend him.

A. L. Wirin, noted constitutional lawyer and chief counsel of the Southern California ACLU, has been visiting Sirhan daily in his cell.

Ask for attorney

This week Wirin will ask presiding Judge Richard Schauer of Los Angeles Superior Court to call on the Los Angeles Bar Association and other legal groups to obtain a defence attorney.

Superior Judge Arthur Alarcon rejected Wirin's motion at the arraignment for "one or more outstanding lawyers" to be appointed to defend Sirhan but indicated he would reconsider the request at a later time.

Wirin emphasizes that the ACLU has not undertaken the defence of Sirhan and has commended the courts and prosecution for vigorously protecting the defendant's rights, rare praise from the ACLU.

Sirhan presently is represented by Wilbur F. Littlefield, chief deputy trial lawyer in the public defender's office. At his request, entering of a plea of guilt or innocence was continued until June 28.

Wirin hopes that a lawyer of the calibre of Melvin Belli, who defended Jack Ruby in Dallas, would be sought by the court.

"Our future may live beyond our vision, but is not completely beyond our control. It is the shaping impulse of America that neither fate nor nature nor the irresistible tides of history, but the work of our own hands, matched to reason and principle, that will determine our destiny. There is pride in that, even arrogance, but there is also experience and truth. In any event, it is the only way we can live."

This is the way he lived. My brother need not be idealized, or enlarged in death beyond what he was in life, to be remembered simply as a good and decent man, who saw wrong and tried to right it, saw suffering and tried to heal it, saw war and tried to stop it.

— in a word, of social justice."

He said the assassination "inscribes itself in indelible characters not only in the history of the United States of America but as well in the conscience of humanity."

Elsewhere in Europe, American churches were filled with large congregations of visitors and members of American communities who came to hear special services for the slain senator.

In Paris, Catholic, Episcopal and other Protestant denominations which serve the American community held special services in which ministers and priests alike condemned the violence which killed Kennedy. They praised his contribution to the fight for peace, justice and dignity of man.

In London, hundreds of visitors formed a steady line into the American embassy to add their signatures to books of condolences for Kennedy, which now mount to volumes.

Students at International Hall at London University brought a huge red, white and blue floral wreath to the embassy which has been in the past the target of violent demonstrations by students.

One British housewife explained, "I feel I just had to come. This was not just an American tragedy, but a tragedy of our generation."

Party leaders attend Ottawa memorial Mass

Canadian Press

OTTAWA, June 10 — The leaders of three national political parties were among some 1,000 people who attened a Mass and memorial service here yesterday for Senator Robert F. Kennedy.

The service at Notre Dame Cathedral was attended by Prime Minister Trudeau, Conservative Leader Stanfield, NDP Leader Douglas and about 100 members of the diplomatic corps, including W. Walton Butterworth, U.S. ambassador to Canada.

Archbishop J. A. Plourde, head of the Ottawa Roman Catholic archdiocese, celebrated the Mass and said during a brief sermon that the mourning would be "unlife and the method of his death.

"He fought poverty, war, economic problems and the war in Viet Nam . . . he fought the very violence that finally destroyed him."

Anglican Bishop E. S. Reed, leading the congregation in prayer during an ecumenical service that followed the Mass, said mankind "must overcome the stupidity . . . which makes possible such tragic waste."

He said Senator Kennedy "battled against oppression and labored for peace."

Several hundred people stood outside the packed cathedral during the 50-minute service. When Mr. Trudeau left the church many of

Mr. Fred Vinson Jr., Assistant U.S. Attorney General
c/o Scotland Yard
London, England

Dear Mr. Vinson:

I have just heard a radio news program announcing that James Earl Ray, alleged assassin of Dr. Martin Luther King, will be held by British authorities until June 18th. The Sunday News of June 9, 1968 stated the following:

"Last night Fred M. Vinson Jr., head of the Justice Department's Criminal Division, flew to London" to review on behalf of the United States the custody, protection and expeditious return to this country of James Earl Ray."

The announcement by F.B.I. Director Hoover of the arrest in London of Dr. King's assassin came close on the heels of the shattering news of the assassination of Senator Robert F. Kennedy. The shock of

166-12C-1

the Senator's assassination was devastating to the American people who have not yet recovered from the wounds inflicted on them by President John F. Kennedy's murder at the hands of Lee Harvey Oswald.

Almost as shattering as the President's assassination itself was the subsequent killing of the assassin surrounded as he was by a phalanx of Dallas police. The murder of Senator Kennedy in the midst of his security guards is a startling parallell to the execution of Oswald by Jack Ruby in full view of a nation-wide television audience.

The death of Senator Kennedy like that of Lee Harvey Oswald has raised serious questions as to the effectiveness of the agencies responsible for our national security. The action of President Johnson in assigning secret service men to guard all major presidential candidates points up the threat to our national security posed by political assassination.

In connection with all three assassinations there is one remarkable reaction by our security agencies - namely their haste to assure the public that there is no

evidence of a conspiracy by enemy agents. The assassin is immediately labelled a sick individual and a product of our sick society. The nation is invited from every pulpit and forum to don sackcloth and ashes and and heap upon its head the hot coals of the collective guilt for the martyrs whose murder is laid at the doors of the people.

All this maudlin crocodile tears smack strongly of a calculated brainwashing and of the psychological warfare so effectively practiced by the communist intelligence agencies in turning against our own country the hatred and outrage which should be directed toward the communist agressors in Vietnam.

I submit that it is not society which is sick - it is our intelligence services and our leadership who are sick. They are suffering from a pernicious amnesia that has blinded them to the existence of the world-wide communist conspiracy to destroy democracy by force and violence.

With respect to the assassination of Dr. Martin Luther King every known fact fits into a pattern of action which can be explained only on the basis of a classic

example of political conspiracy. The motive for the assassination was two-fold – to eliminate the apostle of non-violence and to set off the holocaust of arson, murder, and destruction which did in fact sweep the nation.

The assassination was long and carefully plotted and financed by enemy intelligence following a modus operandi consistent with the theory that James Earl Ray was remotely controlled by Colonel Abel of the K.G.B. working perhaps with Kim Philby. It is highly unlikely that Ray himself would have the slightest inkling that he was acting as an agent of the Communist intelligence assassination apparatus. To say the murder of Dr. King was a professional "contract" killing prepared with all the meticulous attention to detail described by Burton Turkus in his book "Murder Inc. Incorporated."

The modus operandi of a Cosa Nostra killing is perhaps best shown by the tactic of cutting in on the police radio waveband to draw ~~the~~ the pursuit off on a wild-goose chase while Ray made good his escape.

It is Ray's operations in Canada which show the earmarks of the K.G.B.

standard operating procedure utilizing their local network.

Ray's assumption of the identity of police constable Sneyd is a tactic that recalls the identical procedure of the soviet agents in the Baltch Case which was tried by U.S. Attorney Foley in Brooklyn Federal Court. Another interesting parallel to the Baltch case is the fondness of the N.L.B. for assuming the cover of the teaching profession. Baltch himself taught languages in a Berlitz school and took courses in a radio school.

According to the N.Y. Daily News of June 10, 1968 Ray chose for his second alias the name of Paul Bridgeman who is listed in the Toronto city directory as a consulting teacher for the Board of Education. Both Colonel Abel and the Baltches cultivated the acquaintance of school teachers whose sympathy with and participation in Communist front organizations has been documented before the Senate Internal Security Subcommittee. Ray's choice of a teacher for his second alias might tie in with the fact stated by James B. Donovan, Colonel Abel's defense attorney, that the New York City

Teachers Union was a communist-dominated union conducting a Trojan Horse operation for the penetration and takeover of the city's 50,000 man teaching profession.

James B. Donovan's book "Strangers on the Bridge" provides one exotic detail which would tend to support the theory that Dr. King's assassination was a "murder incorporated" contract undertaken as a joint venture by the K.G.B. who sub-contracted the actual killing to the Cosa Nostra. The convict with whom Colonel Abel shared a cell in the federal penitentiary was Aquillante, godson of a prominent Cosa Nostra dignitary, and king of the private sanitation cartage racket in the Westchester area.

A man with the intelligence background of Colonel Abel could hardly fail to see the immense possibilities of using as a powerful auxiliary the de facto political control exercised by the Cosa Nostra over our popularly elected officials. The "Marcus Case" currently in progress in the Federal Court at Foley Square is unfolding a Machiavellian intrigue for subversion and corruption of the city government that would have done

credit to Stalin himself.

Herbert Athis, the alleged undercover agent for the F.B.I., under the guise of a labor lawyer was acting as attorney for corrupt labor leaders who plundered their union pension funds for the benefit of their Cosa Nostra masters. It seems quite conceivably that Athis was acting as a double agent monitoring the F.B.I. for the benefit of Tony "Ducks" Corallo and his Mafia associates as a counter-espionage agent.

Athis' frequent trips to London might provide the link between the local Cosa Nostra and the K.G.B. apparatus which may have been passing Ray along their underground railway to an ultimate disappearance behind the Iron Curtain.

The sudden trip to London of Theodore Kheel in the midst of his mediation efforts in the dispute between President Shanker of the United Federation of Teachers and the Board of Education may have some bearing on the King assassination. Kheel, as a nationally-known labor mediator, has participated in Teacher's Union Contract Negotiations and has dozens of connections with leaders of Communist-front organizations masquerading

as peace groups and civil rights groups. He and his wife have been active with Negro Civil Rights Organizations and were personally acquainted with Dr. Martin Luther King.

Theodore Shell, on the other hand, knew Herbert Atkins and James Marcus and is probably fully aware of the close working relationships between officials on all levels of government and the international network of the Mafia.

James Earl Ray, King's assassin, was a baker according to his F.B.I. description. As such he may have been a member of the Bakers and Confectioner's Union headed by Mr. Motto who is a co-defendant with Tony Corallo of the Cosa Nostra. Another detail tending to connect Ray with the Cosa Nostra and the H.L.B. is his alleged effort to obtain funds from a Swiss bank. This may be the pay-off money for the execution of the "contract" on Dr. King.

The Colonel Abel trial, the espionage trial of the Baltikes, and the current Cosa Nostra exposé in the Marcus Case provide many details of the modus Operandi closely followed

by James Earl Ray in the assassination of Dr. Martin Luther King.

The theory has advanced that James Earl Ray was carrying out a politically-motivated assassination contracted by the Cosa Nostra acting as kaymaster for the K.G.B. is based on the facts so far published in the news media. Whether or not the theory is confirmed by hard evidence will not materially affect the known fact that enemy intelligence possesses the capabilities of carrying out political assassinations and that such murders have in fact been repeatedly executed.

As a corollary to the above theory is the assumption that attempts will be made to silence Ray so as to conceal the modus operandi of the enemy intelligence murder apparatus.

A successful attempt on Ray's life would have disastrous ~~consequences~~ effects on the morale of the American people and would shatter their confidence in our security agencies.

Sincerely yours,
Reuben R. Gordon

President Lyndon Johnson
The White House
Washington, D.C.

Dear Mr. President:

The enclosed letter to Richard Nixon and to Governor Rockefeller raises the crucial issue of the breakdown of law and order in New York City and State. The most dangerous aspect of this breakdown is that the judiciary, the police, the district attorneys and the law enforcement machinery have been found to be in league with organized crime for the exploitation of the citizens who are heavily taxed to support a government which betrays them.

I shall cite only a few of the major scandals that have shaken the confidence of the public in their government officials.

1) The "Marcus Case" shows that one of Mayor Lindsay's most trusted commissioners was working with Tony "Duchs" Corrallo of the Mafia to fleece the taxpayer by throwing "emergency" contracts to their co-conspirators who cut up the graft and kickbacks between them.

2) The 350 man Police Narcotics Division has been "shaken up" by Police Commissioner Leary as a result of the proof submitted by a dismissed police officer that the squad was riddled with corruption. The two most vicious examples of this corruption were the theft from an office safe of several thousand dollars intended for the widow of a policeman, and the revelation that police were peddling the same narcotics they had seized from arrested narcotics "pushers."

3) The cynical attitude of the district attorneys and the police officials is shown by their handling of the little notebook which detective Peter E. Meenan lost in the subway over a year ago. Meenan's notebook listing many firms to be touched for graft was found and turned over to city law enforcement officials a year ago.

These officials "investigated" for a year and could find no witnesses against Meenan. When finally the scandal of the "little notebook" was exposed to public view, District Attorney Hogan was unable to indict any of the grafting policemen..

Most of the dozen or so police officers who subsequently were given departmental trials have suffered no worse penalties than reprimand or transfer.

The moral of these two ugly police scandals will not be lost on police officers throughout the nation who continue to operate as the official crime syndicate in uniform.

The moral is: Don't get caught! However, if you do slip up, don't open your mouth about your superiors in the system - the worst you can get is a slap on the wrist and a transfer. In other words, the graft you kick back to your superiors is protection insurance and will be honored as such.

3) The judiciary in New York City and State has recently been shaken by two scandals and is nervously trying to hold back additional exposures of criminals whose black robes cover their black deeds.

a) The case of Judge Lloyd Sarisohn in Nassau County reveals a judge who consorts with prostitutes, fixes traffic tickets, tampers with court records, and bullies the public who appear before him.

b) The case of Judge Benjamin Schor in Kings County is involved with a conspiracy to shake down a tavern owner for his services in obtaining a liquor license.

Judge Schor is presently under indictment for perjuring himself before the Grand Jury in connection with the shakedown which involves also the New York State Liquor Authority.

Presiding Judge Beldock of the Appellate Division who announced over a year ago that he would bring up Judge Schor on charges of misconduct in office, has apparently decided to forget the whole thing. Perhaps he fears it might revive the old scandal in the State Liquor Authority where Mr. Morehouse, State Republican Chairman and close friend of Governor Rockefeller, was involved.

The list of noisome scandals among judges and law enforcement officials could be extended ad nauseam. Currently, former Judge Gustave Rosenberg is involved in an alleged conspiracy to accept a bribe for giving a suspended sentence to a captain or "button" man in the Cosa Nostra.

New York City and State under Mayor Lindsay and Governor Rockefeller have already become a "disaster" area in law enforcement. It remains only for the President to issue an official proclamation to that effect.

The enclosed letter to Mr. Nixon is an effort to brief him on the breakdown of law and order in New York State under Governor

Rockefeller, who is his rival for the Republican Presidential nomination.

The fact that Attorney General Clark has assigned a special Task Force to combat organized crime in New York City, is evidence that you and the Justice Department are fully aware of the national threat posed by the Crime Syndicate operating in our major cities.

May I suggest that you make available to Senators Robert Kennedy and Eugene McCarthy all of the facts on the threat posed to the internal security of our nation, by the treason of the judiciary and law enforcement officials who have sold out to organized crime.

Sincerely yours,

LET'S GET OUT OF VIETNAM AND FIGHT THE SHANKER-DONOVAN SELL-OUT OF TEACHERS AT HOME!

Is President Al Shanker and his entrenched bureaucracy a dummy front for the C.I.A.?

Are Vice President O'Neill and Richard Parrish stooges for the Communist Intelligence service?

What's behind this stage production of the Great Debate on U.F.T. policy on the Vietnam War?

The New York Times of March 8, 1967 quotes a Communist Intelligence Expert who deserves to be heard on this problem facing our union.

In discussing the strategy of Communist Intelligence Services in the West, former Polish Communist official Wladyslaw Tykocinski said:

"It is not the recruiting of spies - that is quite easy. The whole thing is political - everything should show that world opinion is supporting Communism.

"You are always looking here at home for Communists. But they - the real Communists of the intelligence apparatus - they don't want communists. They want citizens with money and influence.

"They flatter the intellectuals and the non-Communist left and they get them to do the work. They don't want them as Communist party members but as stooges who have entree in society.

"To prove to the world that you are savings the world and that you are the wave of the future, you need respectable people - not workers, but students, teachers, churchmen, professors and doctors."

This is the battle for influence that intelligence officers say the general public does not understand.

Are Shanker and Kolodny the wave of the future for the United Federation of Teachers? Is fake unionism where Superintendent Donovan and Personnel Director Lang act as hatchet-men for Shanker in purging his anti-Communist opposition - is that the wave of the future for the rank-and-file classroom teachers?

But on with the Great Debate on U.F.T. policy toward the Vietcong!

We're listening!

ASSOCIATED TEACHERS AGAINST CORRUPTION
(ATAC)

ASSOCIATED TEACHERS AGAINST CORRUPTION

Hell No! We won't go -- for Al Shanker's "Big Lie" technique to cover up his rat-fink sellout of union teachers to Donovan's kangaroo court departmental trials.

The Big Lie was Shanker's statement that any suspended teacher will be defended by the Union if only he requests assistance.

The facts below throw Shanker's lie back in his teeth and in the teeth of every delegate who has joined in Shanker's conspiracy of silence.

Demand that Shanker and Kolodny answer the charge of sell-out of union members.

Beginning in May 1961 and continuing to date Mr. Shanker has denied me all rights as a tenured teacher. He has been acting in concert with the officials of the Board of Education.

The combination of this vicious discrimination and harassment came at the Delegate Assembly of March 20, 1967.

There when I rose to answer a brazen falsehood of Mr. Shanker, he replied in typical "big lie" fashion by stating that I was not a member of the union.

Apparently, Mr. Shanker was officially pronouncing me an "unperson" to excuse the fact that for six years he had denied me every right spelled out in the Union Contract as well as under State Education Laws.

The result of Mr. Shanker's failure to enforce the contract has been that I have twice been suspended without pay and dismissed from the school system with a loss in salary over the years amounting to over $20,000 plus interest.

In support of my charges I sent a petition to Education Commissioner Allen. This petition gives the details of the Board's vicious illegal actions against me. At no time did Mr. Shanker and the Union officials offer me any assistance in enforcing my rights before Commissioner Allen.

I was compelled to carry my demand for reinstatement with pay through the Appellate Division. At this stage, the Union submitted an amicus curiae brief after having refused to supply me with counsel. I won reinstatement at a cost of $9,000 in counsel fees which represents a year's salary. The Union officials have refused to contribute a single penny to the expense of litigation in defense of teacher tenure.

I request that my fellow delegates redress this wrong done me.

UNKNOWN SUBJECT;
THREAT TO DERAIL THE KENNEDY
FUNERAL TRAIN EN ROUTE FROM NEW YORK TO
WASHINGTON, D.C., JUNE 7, 1968

Michael Cornelius, 621 West 17th Street, New York City, telephonically advised that while standing in the vicinity of 9th Avenue and 17th Street, New York City, on June 8, 1968, an unknown male individual came out of a telephone booth on the corner of 9th Avenue and 17th Street and asked him for money for the subway. The man then stated he did not like Kennedy and the Kennedy train en route to Washington "would be blown up because the railroad tracks were mined". The man stated the tracks were mined about one-half mile outside of Washington, D.C. The man then disappeared north on 9th Avenue.

Cornelius described individual as a Puerto Rican, five feet six inches tall, 160-170 pounds, medium build, age 31 to 32, dark in coloring, dark coat, light brown slacks, brown tie with dark stripes.

2. All strata of American society are shocked and horrified by the Kennedy shooting. From the President and his official family to the lowliest members of the national community, all share the deepest compassion for the Kennedy family. In the words of President Johnson, we all pray for the Senator's recovery.

3. It can be expected that once the initial statements of shock, horror and grief have been made, there may be a flurry of extremist and intemperate statements, statements critical of "a sick society" which can generate such assassinations. These should be used only in direct ratio to the importance of their authors.

4. As in the death of John Kennedy, many in the world again will regard today's tragic shooting in terms of a conspiracy. We cannot and should not be in a position of adding to, or assessing in any way, this kind of theorizing. We should stick strictly with official comments by the police and other law enforcement agencies. For the time being, avoid picking up

ASSASSINATION OF
SENATOR ROBERT F. KENNEDY
LOS ANGELES, CALIFORNIA

In our continuing investigation to trace the activities of Sirhan Bishara Sirhan immediately prior to the shooting of Senator Robert F. Kennedy, several witnesses have been located who observed Sirhan in the ballroom of the Ambassador Hotel moments prior to the assault. One witness, Edward Minasian, employee at the Ambassador Hotel, observed the actual shooting. None of the witnesses interviewed observed Sirhan in the company of any other individual.

A casual acquaintance of Sirhan's, Gaymoard Mistri, Pasadena, California, when interviewed related he had a chance meeting with Sirhan at approximately 6:10 p. m., Pacific Daylight Time, on June 4, 1968, at a Pasadena restaurant. He claimed to have been with Sirhan until approximately 7:30 p. m., Pacific Daylight Time. During this period, Sirhan gave no indication whatsoever of his intentions to commit the action that followed several hours later. In fact, he invited Mistri to engage in a game of pool and gave no indication that there would be a time limit or that he had a subsequent engagement.

Walter S. Crowe, Jr., an admitted member of the Communist Party, acknowledged an acquaintanceship with Sirhan, having last been in contact with him on May 2, 1968. Crowe stated Sirhan was not a member of the W. E. B. DuBois Clubs of America nor was he a member of the Communist Party. Crowe considered Sirhan "erratic" in his political philosophy since he politically favored movements that are considered by the general populace to be left of center; however, definite phases of his thinking were to the right of center, particularly on the subject of the State of Israel.

It has been reported by the Los Angeles, California, Police Department that a ballistic examination has proven that the bullet removed from Senator Kennedy's head had definitely been fired by the murder weapon at a distance from two to six inches.

ASSASSINATION OF SENATOR ROBERT F. KENNEDY

Information was developed by our Los Angeles Office to the effect that Sirhan has been identified as engaging in target practice with a .22 caliber pistol on June 4, 1968, at the San Gabriel Valley Gun Club, Duarte, California.

Sandra Serrano, aged 20, who appeared on television immediately after the shooting was interviewed in detail relative to her statement that she heard shots and then saw a man and woman running from the scene of the shooting. According to Serrano, as the woman who wore a polka-dot dress ran by her she yelled "We shot him - we shot him." An on-the-scene examination of the area in the presence of Serrano indicates she was across the ballroom at least 140 feet from the scene of the shooting and at the time there were approximately 1,500 people in the ballroom. Detective C. J. Hughes, Los Angeles Police Department, advised in his opinion it would have been physically impossible to hear a .22 caliber pistol being fired at a location where Serrano claims to have been, pointing out many other individuals much closer to the shooting who were inside the ballroom had not heard the shots. This phase of our investigation is continuing.

On June 7, 1968, Judge Arthur L. Alarcon, Superior Court, Los Angeles, California, issued an order prohibiting the release of any extra judicial statements, documents, exhibits or evidence so as to insure there be no interference with the constitutional right of Sirhan to a fair trial.

They Want Less Government Control

Revolt of the Farmers

The plight of the American farmer is underscored in a recent poll by the Farm Journal which found that nine out of ten farmers favor new laws to give them more power to bargain on their own.

Nearly that many believe that farmers should organize into bargaining associations that will meet with processors and buyers on prices and other terms, and they want a law that will penalize buyers who discriminate against farmers who join a bargaining group.

The poll revealed further that 68 per cent of the farmers believe they should purposely hold products off the market to force processors to pay higher prices.

From 65 to 80 per cent want the government to be shown of the power to veto price agreements or to set farm prices and production by boards made up of representatives of farmers, processors and consumers.

These results, plus a great many other expressions of opinion on other aspects of the farm problem, would indicate that the farmers would like to take a try at running their own businesses, without government intervention and supervision.

They want to work out their own destiny and not be dependent on haphazard programs representing political compromises and considerations in Congress. They feel that if they control their own programs they can drop them and try something new if they don't succeed, instead of waiting until Congress gets around to the job.

Fundamentally the farmer, who hasn't shared as well as most people in the national prosperity, wants to get out from under the heavy hand of government and try to run his own business on the theory that perhaps he knows more about it than the gentlemen in Washington.

Not the last of the factors in favor of getting the farmer out from under government control is that farm prices would depend more upon the market and less on direct government payments.

It might even mean that Washington could get along with fewer employes in the Department of Agriculture which would be a considerable achievement. With the possibility of farm price support costs decreasing and the Agriculture bureaucracy decreasing also, the attitude of the nation's farmers becomes increasingly attractive to the general public.

Fate of the Suez Canal

It has now been nearly a year since the Suez Canal was closed during the war between Israel and the Arab States and apparently no one cares except the Egyptians and the Russians.

Fifteen merchant ships were trapped in the canal when the war broke out and they are still there. Meanwhile, traffic through the canal is blocked and in the 12 months since there seems to have been no effort made to open the waterway that once was considered about as vital as the Panama Canal for ocean-going commerce.

Neither the United States nor Israel is in any hurry to have the canal re-opened, although perhaps both are suffering some inconvenience and some additional expense. But the Russians are suffering more and the Egyptians are hurting badly.

The blocked canal has impaired a Russian supply line into Vietnam and it has also impeded the expansion of Soviet influence down the Red Sea and into the gulf by the ambitious Russian fleet.

Egypt is suffering from loss of revenue, which had been running at about $260 million a year, revenue which that country badly needs.

The United States, of course, is quite pleased at anything that will make it more difficult for Moscow to continue pouring supplies into Vietnam. And Tel Aviv is quite happy over anything that reduces Cairo's ability to prepare for its next attempt to over-run Israel.

One of the main advantages of the Suez Canal for years had been to reduce the cost of bringing oil from the Middle East to western Europe. But the construction and increased use of huge oil tankers has largely removed that advantage and the building of additional oil pipelines from Eilat on the Gulf of Aqaba to the Mediterranean Coast would make the canal even more unnecessary from the standpoint of oil shippers.

The fate of the Suez Canal illustrates how costly war can prove to be. Once the canal was a powerful strategic force for Egypt and closing it to Israeli shipping did much to increase hard feelings between the two countries. Its closing will cause some hardship for world shipping but the principal loser will be the Egyptians.

The penny weighing machine is the only place where you can get a lot more for your money than you did 20 years ago.

Matter of Opinion

A Look Into the Future

The pace is slow in Virginia's Southside. On a hot summer day in Surry County languor hangs in the air with the dust of tractors.

High-powered automobiles that flash along flat, winding Highway 10 to Richmond seemingly speed through a past age. This is rural Virginia, south of the James River, and men weary of the hustle and bustle of business and civic affairs find it attractive; some retire here to spacious, historic Tidewater houses.

But the atomic age is coming to Surry, has been ever since the Virginia Electric and Power Co. a few years ago announced it would construct a nuclear power plant at Gravel Neck, near Hog Island State Waterfowl Refuge. Since then, VEPCO has opened a $40,000 information center, where the workings of atomic energy are explained, and has pressed on to make the generating station a reality.

It takes about seven years from the announcement of intent to bring a nuclear power plant into being. When the Atomic Energy Commission's Division of Reactor Licensing recommended approval of lands to build two nuclear power reactors in Surry, a milestone in the journey was reached.

The first reactor is expected to be operative by the summer of 1971, the second a year later. When both are working, they will generate enough electricity for 400,000 households. They will also generate taxes for Surry, jobs, and, perhaps, industry.

VEPCO estimates that construction expenditures, including nuclear fuel for the first five years of operation, will total about $850 million. That's a lot of money —and power—to dump into a placid countryside, and it will put Surry smack into the 21st Century.—**Norfolk Virginian-Pilot**

Our Representative in Paris

Behind the scenes, South Vietnam officials express a deep and growing concern about Presidential representative W. Averell Harriman in Paris.

They have a right to think in terms of Laos, and the common denominator that links their worry with Laos is not President Johnson. It is Mr. Harriman.

Mr. Johnson had no part in the Laos debacle, but Mr. Harriman was an important architect of it as a chief adviser to President Kennedy.

Appearing before a record-breaking 426 newsmen, and speaking to the world over Telstar TV, President Kennedy warned Moscow, Peking and North Vietnam alike on his 62nd day in office that the United States "will not permit" a Red takeover of Laos.

Equipped with three elaborate maps and using a pointer, Mr. Kennedy dramatically explained that a Red Laos bordering South Vietnam made South Vietnam indefensible.

Then occurred the tragic gap between Mr. Kennedy's words and the deed, as it did again in the case of the Berlin Wall and of "on site" inspection in Cuba, the island we solemnly swore to defend.

Kennedy's Presidential adviser Harriman embarked on a tour to round up 14 polyglot countries, tossed together out of nowhere, to take care of Laos and its anti-Red defense. President Kennedy appointed him his chief negotiator with the Red North Vietnamese at Geneva.

Once more, Mr. Harriman had been a major party in the dismal program of saying one thing and doing another. And when we signed at Geneva the devastating Laos accord, Mr. Harriman even stated at Geneva: "Laos isn't too important, after all."

Yet to this very day, no military man alive knows how we could ever contain the Communists in South Vietnam since the moment they were given their sanctuary in Laos. And since President Kennedy sent the first U.S. combat troops into Vietnam we have built up our forces beyond 500,000 men and suffered 121,000 casualties in the horrible try.

It does President Johnson credit that he has never leaned on the Kennedy causes of his disastrous heritage and has scrupulously avoided reflecting in public on the fact. Moreover, Mr. Johnson's courageous action in the Dominican Republic helped to reverse the pattern of saying one thing and doing another. But how can our South Vietnam ally's well-founded suspicions fail to be revived all over again in Paris?

The tragedy of FDR at Yalta will remain to haunt America and the free world for all time. Mr. Harriman was a participant at Yalta and, incredibly, still defends the Yalta agreement. There and elsewhere, his record has been to talk a good game as an adviser and negotiator, and then — behind the scenes — cave in.

What we are seeing in Paris is the Communist hammer-lock technique: twist a little more, push a little more, fight a little more, lie a little more until resistance can stand it no longer. On the record, overcoming this is not Mr. Harriman's forte. In fact, again and again as a party to one surrender after another, he is more identified with the disastrous pattern of saying one thing and doing another than nearly anyone President Johnson could have selected.

There is a poignant personal tragedy in this, for Mr. Harriman is a diligent man. And Mr. Johnson certainly seems to mean it when he states repeatedly to the North Vietnamese that we will not tolerate a one-sided — their side — settlement. But as the talks continue the burning question mounts in Saigon: Why did the American President risk the Laos identification, to say nothing more than that, by having in Paris — of all people — W. Averell Harriman?

Mr. Johnson has a vital opportunity. If he would quietly, but at once, replace Mr. Harriman a wave of renewed confidence would sweep our South Vietnam ally and North Vietnam Paris negotiator Xuan Thuy would, at long last, begin to sit up and take notice.

Inside Report

Political Hatred

The shooting of Sen. Robert F. Kennedy seems the work of one madman rather than any conspiracy, but this insane act cannot be disconnected from the over-all deterioration in the civility of American politics these past three years.

The senseless violence early Wednesday morning in Los Angeles is viewed by pop sociologists as in keeping with an unhappy American tradition of violence. More important, however, it is part of a vituperative political style that is something very new indeed in this country.

As political reporters, we have noticed the change insidiously picking up momentum across the country. The passion of political hatred against a Lyndon Johnson or a Bobby Kennedy passes old bounds. The political dialogue, public and private, becomes more rancorous. The dissenters — particularly the Nergo poor and the war protesters — turn to "direct action" and most un-civil disobedience.

What this adds up to is nothing less than a rejection of conventional forms of political action. From this, it is one step to the burning and looting of the Negro ghetto and another step to a plot to kill Martin Luther King or a lunatic impulse to destroy Robert Kennedy.

Kennedy, though pilloried by the right as the instigator of all this disorder, was profoundly aware of the dangers exposed when civility is gone. That, as well as the quest for middle class support, was why in his campaigning he had been mixing his social reforms generously with calls for law and order.

Indeed, Kennedy realized — even if some of his bomb-throwing young aides did not — the growing demand by the white middle class for a return to civility and a restoration of order. Fully appreciating that this demand could easily balloon into a white counter-revolution, Kennedy was trying to fit a restoration of order into a progressive mold — an exercise not yet convincing to the middle class — as of Wednesday morning's tragedy.

The darkly menacing mood in Washington during the first hours following the Kennedy shooting illustrates the point all too well. Both the White House and Capitol Hill were thrown into a state of panic, both reaching out for any scheme that might bring back law and order and stave off anarchy no matter what the costs in personal liberties. The mood may fade as the shock of the Kennedy killing eases, but it is strong at this writing.

Many Congressmen in particular tend to interconnect, not without some logic, the assassination of Sen. Kennedy's with the disarray and implicit violent threat of the Poor People's March and the anarchism of the student rebels.

But the deterioration of political order certainly cannot be laid solely at the door of the dissenting left. Encouraged no little by the publicists of both left and right, the un-civil vocabulary of the new political style has infected the talk of the average citizen.

In interviewing voters in door-to-door polling in primary states we found a shocking intemperance of invective by Democratic voters talking about leaders of their own party. Taking 1960 as a bench mark, we found nothing approaching such invective in voter interviews even when we talked to Republicans about John F. Kennedy or Democrats about Richard M. Nixon.

Moreover, with President Johnson's drop-out of March 31 having eliminated him as a hate-figure, we found the 1968 invective aimed primarily at Bobby Kennedy.

Your Right to Say It

The Decline and Fall

To the Editor:

I would like to submit the following article from the Indiana General Telephone News:

One of the most widely read books of all time is "The Decline and Fall of the Roman Empire." Written in 1788 by Edward Gibbon it sets forth five basic reasons why that great civilization withered and died. These were:

- The undermining of the dignity and sanctity of the home which is the basis for human society.
- Higher and higher taxes; the spending of public money for free bread and circuses for the populace.
- The mad craze for pleasure; sports becoming every year more exciting, more brutal, more immoral.
- The building of great armaments when the real enemy was within — the decay of individual responsibility.
- The decay of religion; faith fading into mere form, losing touch with life, losing power to guide the people.

The oft-heard warning that "history repeats itself" has an ominous meaning in the light of the above.

The average age of the world's great civilizations has been 200 years. These nations progressed through this sequence:

From Bondage to Spiritual Faith,
From Spiritual Faith to Great Courage,
From Courage to Liberty,
From Liberty to Abundance,
From Abundance to Selfishness,
From Selfishness to Complacency,
From Complacency to Apathy,
From Apathy to Dependence,
From Dependence Back Again to Bondage.

In a few years the U.S. will be 200 years old. This cycle is not inevitable—it depends on you.

Democratic Utopia

To the Editor:

This is in response to Mr. Edwin Carter's letter in Wednesday's Progress. To say he supports the Democrats because they are more experienced in business affairs is his privilege and one thing, but to say that the Republicans are not is ludicrous.

It is ludicrous to the point of my wondering if he really means it. All I can say is "have you ever!" Messrs. Davis and Wright have been insurance executives for a number of years. I always thought that anyone understanding the intricacies of insurance was a pretty good business man.

Incidently, if the Democratic candidates win the three seats on City Council we will have to change the name of our fair city from Charlottesville to Utopia, Va. If they can fulfill all the promises and proposals as outlined in their brochures (one candidate listed 27 — everything ranging from an 18-hole golf course to underground utilities) we will certainly be living in Utopia, maybe bankrupt, but still Utopia.

Personally, I'm supporting and working for Davis, Mothes and Wright who are advocating practical and down-to-earth things, such as maintenance of law and order, giving the people more voice in their city government and encouraging local citizens to decide what is best for the city instead of abiding by state or federal "guidelines" and advice from the "experts."

Country Is Still 'Land of the Free'

To the Editor:

Thank you for reprinting that eloquent report of the burial of the Unknown Soldier.

Also please thank Chris Cramer for his inspiring report of the meeting of the Christian Athletes a few weeks ago.

Perhaps our country is still the "Land of the Free and the Home of the Brave," in spite of much noise to the contrary.

The Press Is Blamed

To the Editor:

In light of the tragic events in Los Angeles, a comment on the atmosphere of animosity from which such deeds arise is requisite.

An intelligent citizen is one who listens with an open mind to all the candidates and though he may not agree with the policies advocated by a particular aspirant for public office, he respects that man's right to his opinion.

The fact that an assailant carries a clipping in his pocket which is critical of his victim should at least serve notice that an environment of hostility is far easier to create than one would suppose.

While it is true that in every campaign favorable and unfavorable press appears for each candidate, in this area there has been a preponderance of hostile letters and articles directed against Robert Kennedy and the rampant use of the word "ruthless" is certainly regrettable.

Perhaps the press and the citizens of this community and many others should beware less the adjective be applied elsewhere.

Abuse Charged To Columnists

To the Editor:

We have now seen the outcome of the persistent campaign of vilification and abuse directed against Sen. Robert Kennedy by, among others, columnists of the type of Henry Taylor.

If moderation and good sense are to prevail in the discussion of national affairs journalism of that type has no place. May I suggest that at this time you could make a valuable contribution to public debate by not continuing Mr. Taylor's column in your newspaper.

Governor Stays Execution to Permit Appeal

RICHMOND (AP) — Gov. Mills E. Godwin Jr. has granted more than one month's stay of execution to Harry Junior Williams, 20-year-old Pittsylvania County Negro condemned for the 1966 slaying of a white man.

Godwin granted the stay, from June 15 to July 19, to permit counsel for Williams to seek a rehearing before the State Supreme Court.

Williams, whose home is at Ringgold, was sentenced to death Feb. 13, 1967, in Pittsylvania County Circuit Court for the fatal shooting Nov. 9, 1966, of James Melvin Sarver, 38, at the Sarver home.

Williams originally had been scheduled for execution April 7, 1967, but a succession of stays has delayed his execution.

In addition to the murder conviction, Williams also is under heavy sentences for wounding Sarver's wife and two of the Sarver children. Testimony at his trial was that he came to the door of the Sarver home, shot Sarver to death when he answered the door, then stepped into the house and shot Mrs Sarver and the two children.

Small School Burns in Valley

STRASBURG (AP) — Strasburg Elementary School caught fire about 8 a.m. today as the first pupils and teachers began arriving for the last day of school. No one was believed to be injured.

By late morning, flames had all but consumed the two-story structure.

A spokesman at the town office said the fire apparently started in a third grade room on the second floor of the older section of the school — oldest school building in Strasburg.

The fire quickly spread and within minutes was out of control.

The elementary school has an enrollment of about 500.

A town office spokesman said there was as yet no indication as to the cause of the fire.

Retired Naval Surgeon

Pugh Tells of Herbs

By BOYCE LOVING
Progress Correspondent

GREENWOOD — "Sausage is not sausage without sage," Rear Admiral Lamont Pugh, retired surgeon-general of the Navy, told the Crozet Woman's Club in a talk on herbs this week.

Adm. Pugh, a native of the Batesville community of Albemarle County and a graduate of the University of Virginia School of Medicine, was introduced by his sister, Mrs. Virginia Mays, president of the Woman's Club. He is now physician to the students of George Washington University.

The speaker said he had made an extensive study of the origin, history and uses of herbs and added that they represent both integration and segregation. He explained that a large number of herbs may be planted in a limited plot of ground, yet not lose their plant family characteristics.

Adm. Pugh cited the fact that herbs are mentioned in the Bible and in other ancient writings. He noted that Charlemagne ordered 10 varieties of herbs planted in his garden and stated that it was the drinking of hemlock that caused the death of Socrates. Shakespeare mentions herbs a number of times, Adm. Pugh said, and stated that a search for herbs played a part in the discovery of the Western Hemisphere.

Herbs are important as food, flavoring, perfume and in medicine, the admiral said. They may be divided botanically as annuals, biennials and perennials and are classified as to the use of their roots, flowers or other portions of the plants, he pointed out.

With a sly touch of humor, the speaker noted that the American Indians got revenge for the treatment accorded them by the English colonists by introducing the latter to tobacco. The Indians, he added, knew about herbs as medicines.

The colonists, Adm. Pugh continued, brought some European herbs to North America from their countries of origin.

The speaker also said that in 1735 the Virginia Gazette of Williamsburg carried an advertisement for the sale of sweet basil seed.

He also quoted (with tongue in cheek) a method of distinguishing between a weed and an herb: "If you pull it up and it comes back up, it is a weed."

Many herbs grown in United States gardens today are used in the manufacture of modern medicines, Adm. Pugh said. He cited the foxglove as an herb from which digitalis, a drug used in treating heart ailments, is made.

ADM. LAMONT PUGH
Speaks on Herbs

The former Navy surgeon-general also explained the use of many other common herbs for medicinal purposes. These included horehound, vermifuge, mullein, etc. Marjoram and thyme, he said, are sources from which bees obtain nectar for making an excellent quality of honey.

"King of the herbs", according to Adm. Pugh, is ginseng, an herb the root of which used to be dug in the Blue Ridge and Ragged mountains in this area. Most ginseng, he explained, was exported to China, where the American medicinal root was considered superior to that from any other portion of the globe.

The speaker concluded by saying ginseng once was grown commercially near Crozet. (The grower is said to have been Riley Graves, now deceased.)

As an after-piece to his talk on herbs, the former Navy doctor recited a long humorous poem, "The Yarn of the Nancy Bell," by William Gilbert, somewhat in the vein of "The Cremation of Sam McGhee," by Robert W. Service.

"Navy Surgeon," Adm. Pugh's autobiography, was reviewed in The Daily Progress following its publication several years ago.

Strikers Close 2 More Plants

RICHMOND (AP) — Union workers for Reynolds Metals Co. struck two Richmond plants of the firm Thursday night, bringing to three the number of Reynolds plants closed in the area.

The company closed the South Richmond plant at 11 p.m. and the North Richmond plant at 11:30 p.m., after a strike vote by some 700 members of Local 400 of the Aluminum Workers International Union.

On Saturday, an estimated 300 members of Local 440 of the AWIU voted to strike Reynolds' Bellwood Extrusion plant.

A company spokesman said about 1,100 employes at the North and South Richmond plants are affected by the walkouts. The Bellwood strike affects some 400 workers, the spokesman said.

The two latest walkouts were called after the local voted Thursday to reject a contract offer by Reynolds. G. G. Goode, president of Local 400, refused to discuss the company offer or the size of the strike vote.

Virginians Back Pistol Controls

WASHINGTON (AP) — Eight of Virginia's 10 congressmen voted with the majority Wednesday when the House passed a crime control bill limiting sales of pistols. The vote was 368 to 17.

Reps. Porter Hardy, D-Va., and William C. Wampler, R-Va., did not vote.

Voting for passage were Virginia Reps. Thomas N. Downing William M. Tuck, John O. Marsh, Watkins M. Abbitt and David M. Satterfield, all Democrats and Richard C. Poff, William L. Scott and Joel T. Broyhill, Republicans.

Managers Change At Bank in Greene

STANARDSVILLE — Larry E. Lamb will become acting manager of the Virginia National Bank's Greene County office on July 1.

Lamb replaces Willis E. Estes of Ruckersville, assistant cashier and manager, who will enter Officer Candidate School.

Estes, a graduate of the University of Virginia, has been manager of the Stanardsville office since February 1967.

A 1966 graduate of the University of Virginia with a degree in commerce, Lamb has been active in business in this area.

After joining the bank's staff in April, 1967, Lamb received intensive training in Charlottesville and attended the VNB credit school in Norfolk last summer.

He is a member of the Greene County Jaycees and Mountain View Methodist Church. He is married to the former Linda West and they have one son.

U.S. Acquires Crabtree Falls

LOVINGSTON — The George Washington National Forest has acquired a little over 54 acres at Crabtree Falls in Nelson County in a land exchange with the Atlantic Lumber Co.

Over the years the U.S. Forest Service has been gradually acquiring land in the falls area and this most recent addition has been in the works for several years.

Crabtree Falls, located just off Va. 56 in the Blue Ridge Mountains, are actually a series of cascades that descend from Crabtree Meadows to the South Fork of the Tye River.

Approximately 157 acres of U.S. Forest Service land was exchanged for the Crabtree Falls property. Several years ago, L. A. Snead of Amherst County suggested that the U.S. Forest Service trade timberland of equal value for the land at Crabtree Falls.

Deeds were exchanged between the U.S. Forest Service and the Atlantic Lumber Co. for the lower portion of the falls at Nelson County courthouse on Monday.

Scorpion Had Periscope Leak Before Sailing

NORFOLK (AP) — A Navy court of inquiry probing the disappearance of the submarine Scorpion has been told the ship had a leaking periscope fitting when she left the Meditefranean for Norfolk on her last voyage.

Because of the leak, the nuclear submarine had "lost a lot of hydraulic oil," Communications Technician 1 C. Joseph D. Underwood testified Thursday.

Underwood, a member of the Scorpion's crew, was put ashore at Rota, Spain, because of a possible lung infection as the submarine began the ill-fated Atlantic crossing that never was completed.

"I think they were concerned about conserving it (oil)," Underwood told the court of inquiry. "I don't know whether they were short or not."

He said between May 10 and May 15 the submarine's hydraulic system started shifting back and forth between normal and emergency modes when her rudder and planes were moved. And, he said, the Scorpion's navigation instruments had trouble with her dead reckoning tracer table.

Earlier Thursday the court had been told by the deputy chief of staff of the Atlantic Fleet Submarine Force, Capt. C. N. Mitchell, that the Scorpion's propeller shaft seal was leaking at the rate of seven gallons a minute when she sailed for the Mediterranean in February.

He said, however, this was "not considered serious" and the Scorpion was in good condition.

The nuclear submarine and her crew of 99 officers and men were declared "presumed lost" by the Navy Wednesday. She had been scheduled to arrive here May 27. Her last radioed position was May 21 from near the Azores.

Fluvanna Gets HEW Letter On Race Review

PALMYRA — The Department of Health, Education and Welfare has sent the Fluvanna County School Board a report of their findings of an on-the-scene review of desegregation progress in the county.

School Supt. Willard D. Manby said today that the report's contents would be made public at the school board's June 12 meeting. He said that the HEW report "was not as bad as we thought" but that "they told us we'd have to change our way of life."

In February HEW warned the school board that it would begin "administrative proceedings for the termination of your school system's federal financial assistance" unless desegregation guidelines are met.

If federal funds were stalled for the 1968-69 school year, then Fluvanna could lose over $100,000 in federal help.

Dear Mrs. Ridge:

Thank you for your recent letter addressed to President Johnson.

You may be sure that the President shares your concern and that of the American people and their representatives regarding the relentless drive of the world Communist movement. The President is determined that our country will successfully meet the challenges of Communism both here and abroad.

There is no Federal legislation which effectively outlaws the Communist Party as such, and there is no law preventing Communists from making speeches or holding private or public meetings. Moreover, it is not illegal in and of itself to be a member of the Communist Party. The First Amendment to the Constitution guarantees to everyone the right to speak and put in print his views on a subject even though critical of our form of government or of our public officials. It grants to each person the right to associate and meet with persons of his own choosing.

In this regard the judicial interpretation and application of the Smith Act which prohibits advocacy of the violent overthrow of the Government may be of interest. The United States Supreme Court has held that the Smith Act may not be applied in a manner prohibiting persons from teaching or advocating the abstract doctrine of violent overthrow of our Government. The Supreme Court has held that if it were to be so applied it would be held unconstitutional as denying

INSP'TD AND MAILED
COMMUNICATIONS SEC.
JUL 11 1968

to Americans the right to express their opinions. This law has been held constitutional by the Supreme Court as long as it is applied in a manner requiring substantially more proof than mere advocacy. For example, the Court has indicated that if it is shown an active member intends to accomplish the overthrow as soon as conditions will permit and if the advocacy is of such a nature as might be reasonably expected to incite persons to action, then he could be subject to prosecution for that sort of activity.

With regard to outlawing the Communist Party it would be extremely difficult if not impossible to draft such a statute so that it would be constitutional under the protections of the First Amendment regarding freedom of speech, press, and assembly. Such legislation might also be deemed to constitute a bill of attainder. Some such proposals in the past have been opposed by both J. Edgar Hoover and the Department of Justice. Mr. Hoover observed that such legislation even if held constitutional would not cause the Party to end its operations but would drive it underground.

Mr. J. Edgar Hoover, Director of the Federal Bureau of Investigation speaks out against the Communist Party, USA and other extremist groups in his FBI Appropriation 1969. I am enclosing a copy of this testimony for your information.

Such crimes as arson, looting, murder and incitement to riot are ordinarily local offenses governed by the law of the state or city where such conduct occurs and do not usually involve a violation of Federal law.

However, you may be assured that we are constantly alert to the activities of every faction and element which poses any threat to the security of our country and that in the event evidence is developed which reflects a violation of Federal law, the Government will take immediate and effective steps to enforce the applicable statutes.

Your interest in writing to the President and your support for his policies are greatly appreciated.

Sincerely,

J. WALTER YEAGLEY

Dear Mr. President:

I feel that I must write to you expressing my sorrow for the nation I love - the violence in the streets, lawlessness and disrespect for laws, and now and then a killing that shocks the country - as Senator Kennedy's murder.

As an observing citizen these are some things I see that I believe contribute:

1. There is definitely a Communist element boring within. (I know from talking and listening and reading testimony of former Communists)

2. The Word of God has been outlawed in schools - This has direct and indirect consequences, all bad for our society.

3. The religious body identifying itself as the National Council of Churches is fast taking on the identifications of Babylon The Great, The Mother of Harlots, and the Abominations of The Earth - Revelations.

4. The family unit, often "loosely knit" is so preoccupied with things that they neglect the spiritual values and do not live close enough to God. Children are not trained to obey God's laws.

5. We s[illegible] disrespect for [illegible] in our elected officials. Our Congressmen have no hesitancy (most of them) in passing legislation that is definitely in violation of the Constitution.

Mr. President, you, too, are guilty of urging unconstitutional laws. (The gun control laws, to name the most recent.)

Within a few hours of Robert Kennedy's being shot, you ordered agents to guard candidates and their families, with no authority for doing so. (Yes, I know it may have seemed a good thing, but our nation is to be a government of laws not of men).

You commit hundreds of thousands of young men to war with no Congressional approval (Declaration of War).

You have urged many laws in violation of States Rights.

Robert Kennedy did likewise - sent federal troops into Mississippi to overrule laws that states were given, rightly, under the Constitution.

He (then Attorney General Kennedy) violated a private citizens rights by committing him (Gen. Edwin A. Walker) to a mental institution without any examination, just because he "had an axe to grind". He wanted to get rid of him some way.

Men must live by the moral law if they deserve to be free. Our nation was founded upon the foundation of belief in God and a written Constitution assuming that men of honor and integrity would conform to both.

You, Mr. President, can lead the way.

Many, many people are concerned and giving their all to turn this nation back to God.

There is still a true Church - The Church of Christ - will always be a remnant faithful to the Lord.

There may even be a great revival before the Lord returns. I pray that there will be.

The whole duty of man: - Micah 6:8.
"to do justly, to love mercy, and to walk humbly with thy God".

For Christ and my Country,
Mrs. Ray Ridge

P.S. Evidence keeps mounting that Robert Kennedy's assassin was also a Communist, (As was J. F. Kennedy) How much longer is our nation going to tolerate those murderers, liars and degenerates in our nation and the world?

U.S. casualties keep on mounting as our representatives beg for conciliation in Paris. The reports we hear from returning servicemen "makes my blood boil", risking the lives of pilots, and planes to dump partial loads of bombs in the ocean or in trenches, just to give a bit of substance to claims

of bombing missions made!

Dear Mr. President,

We want quick justice for Sirhan Bishara Sirhan. If he trys claiming insanity then he is still a dangerous man and should be put to death, a few of those quick punishments will discourage others with similar idea.

The blame rests not on the existence of guns but on the permissive attitude of an adminstration that tolerates riots, arson, looting, extortion and a host of other crimes. If we are going to operate lets get to the cause of the real disease.

My son is fighting in Vietnam trying to keep our country safe for democracy. I hope he and others are not there fighting in vain.

dear mr. president,

I listened with respect & cautious attention to your television broadcast to the nation regarding the death of senator kennedy, you were so shocked & confusedit was obvious you felt very lonely groping for an intelligent answer to ease your sprit, this foul act was not a conspiracy & THE sickened culprit who could'nt spell kennedy & did'NT point the pistol before squeezing the trigger proved there was no personal or moral reason for his act, he was a confused mentally ill exhibitionist suddenly turned homicidalfor expressive purposes only, it could have been you,

twice in your discourse you mentioned 'respect for law',

I beleive it was VOLTAIR who coined the phrase' pespect must be earned' in his bitingletters to philip,

most certainly our judiciary & attorneys have not earned it because their robes are soiled & their souls corrupt

one year ago I mailed to you a bound article I wrote (with letter attache entitled' the corrupt, collusive, morally degraded U.S.A.IN which I too requested intervention aid by my government to obtain fop me a jury hearing in the courts of chester county,pa. the courts of which prompted me to form my opinions, you helped by turning it over to a bureaucrat in the poverty program who acknowleged same but probably would not help his own mother, A repeat mailing six months ago to senator scott did noteven earn me the courtesy of an anser,

just one kind word by telephoneto the president judge gawthrop by phone would probably alert the courtto rectify the grave injustice they have meted out& shock them into giving me a new jury hearing, I am no criminal or nut but mine is the reason the mind becomes obsessed to take the law into one's own hands, mental agony combined with loneliness & enforced vegetation prompts such thinking & it takes the strong discipline of a rational mind not to reach for a pistol,

I was disappointed to hear your selected commitee consisted of just the hoipoli & not one of the rabble who could offer much, good health to you sir with the burdens you bear.

Dear Mr. President,

I am writing this letter concerning the fatal shooting of Robert F. Kennedy. First of all, I am a 13 year old Junior High student of St. Augustine School. Robert Kennedy was one of our good leaders who stunned me when I heard of his death. My doubt is directed on his assasin, God permitted him to live after this crime. And he is being treated in the best manner possible for a criminal. I am sure that if he had seen severe punishment done to the assasins of other leaders, he would not have attempted what he did. What I am saying is, more severe punishment should be given to people who commit these terrible, grave, crimes. If it is truly brought out that a person who murders another will be severlly treated for his act, I am sure that they would think twice before it was comitted.

What right has this Sirhan person have to come from a foreign country and kill one of our leaders because of something that was said? He was caught after the shooting with the gun which was used to kill Robert Kennedy. A notebook was found in his home stating the fact that he (Sirhan) must kill Senator Kennedy by June fifth. Isn't this enough proof? Why keep such full watch on him for so long without nothing being done? Certainly this man is going to think that what

166-120-1

he did was well worth the doing if he got by so easily. He will be tried, convicted to a prison sentence, and put away for maybe 5 years. What good is this kind of treatment? What keeps his from going out and killing another person after he is out of prison? However, not one is to say this, but if he knew the severe consequences of his fatal actions, he and many others who wish to do the same would not even attempt it. Thank you.

Devoted in Bobby,

ASSASSINATION OF
SENATOR ROBERT F. KENNEDY
LOS ANGELES, CALIFORNIA

Intensive investigation is continuing in order to determine the complete circumstances surrounding the shooting of Senator Robert F. Kennedy by an individual who has been charged by Los Angeles, California, authorities as his assailant, Sirhan Bishara Sirhan.

School records in Pasadena, California, described Sirhan prior to 1963 when he graduated from John Muir High School as "friendly, cooperative, well mannered, has adjusted very nicely to his new environment and making many new friends." Continuing investigation into Sirhan's background indicates, according to his brother Sharif Bishara Sirhan, the assailant had little association or communication with the rest of the family. He had few male associates and since his fall from a horse in September, 1966, had been more withdrawn.

The FBI Laboratory has conducted an examination of the handwriting appearing on papers found after a search of Sirhan's room in the Pasadena family home which bore notations advocating the overthrow of the President of the United States and other statements alluding to the necessity of assassinating Robert F. Kennedy. The handwriting could not be identified as Sirhan's because of the lack of adequate known handwriting samples. Additional samples of Sirhan's known handwriting are being obtained for comparison purposes.

A copy of this material is attached.

witnesses, Humphrey Cordero and Enrique Rabago, identified Sirhan as being at the Ambassador Hotel at approximately 9:30 p. m., Pacific Daylight Time, on June 4, 1968, at which time Sirhan is alleged to have made derogatory comments regarding "rich people" in general and Senator Kennedy in particular. It was alleged Sirhan stated that Senator Kennedy was going to "buy the presidency" for personal purposes, and that he (Sirhan) was looked down upon because of his clothing. Both Cordero and Rabago were of the opinion based on their conversation with Sirhan that he had come to the Ambassador Hotel alone since no one appeared to be accompanying him during their approximate ten-minute conversation with him.

Three of the five individuals who were wounded during the shooting were interviewed, but none observed the assailant. The remaining two who were more seriously wounded will be interviewed as soon as their condition permits.

Mayor Samuel W. Yorty, Los Angeles, California, was reported by the news media on June 6, 1968, as stating Sirhan was associated with the W. E. B. DuBois Clubs of America. The Los Angeles Police Department advised that on January 16, 1966, a vehicle registered to Sirhan's brother Adel was observed in the vicinity of Baces Hall, Sunset and Vermont, Los Angeles, California, where a meeting sponsored by the W. E. B. DuBois Clubs of America was being held.

FBI files based on available data failed to establish Sirhan was a member of such an organization.

A reliable source has indicated that Dorothy Healy, Los Angeles Communist Party leader, has stated the assassin is unknown as a member of the W. E. B. DuBois Clubs of America in the Los Angeles area. The W. E. B. DuBois Clubs of America is a Marxist-orientated youth organization whose leaders in 1967 were Communist Party, United States of America, members. It was indicated that the Communist Party, United States of America, intends to issue a press release denying Sirhan has had any connection with the Communist Party and, in fact, is considering a legal suit against Mayor Yorty with respect to his allegations.

ASSASSINATION OF SENATOR ROBERT F. KENNEDY

FBI Agents, on June 5, 1968, located a 1956 DeSoto registered to Sirhan Sirhan at Wilshire Boulevard and New Hampshire Avenue a few blocks from the Ambassador Hotel. An examination of this vehicle, after a search warrant was obtained, resulted in the location of one empty box of .22 caliber bullets in the glove compartment. In addition, a sales receipt was located in the glove compartment showing the purchase of four boxes of .22 caliber bullets for $3.99 paid for in cash on June 1, 1968. A wallet containing identification in the name of Sirhan Sirhan was also located in the glove compartment.

ASSASSINATION OF
SENATOR ROBERT F. KENNEDY
LOS ANGELES, CALIFORNIA

Intensive investigation is continuing in order to determine the complete circumstances surrounding the shooting of Senator Robert F. Kennedy by an individual who has been charged by Los Angeles, California, authorities as his assailant, Sirhan Bishara Sirhan.

School records in Pasadena, California, described Sirhan prior to 1963 when he graduated from John Muir High School as "friendly, cooperative, well mannered, has adjusted very nicely to his new environment and making many new friends." Continuing investigation into Sirhan's background indicates, according to his brother Sharif Bishara Sirhan, the assailant had little association or communication with the rest of the family. He had few male associates and since his fall from a horse in September, 1966, had been more withdrawn.

The FBI Laboratory has conducted an examination of the handwriting appearing on papers found after a search of Sirhan's room in the Pasadena family home which bore notations advocating the overthrow of the President of the United States and other statements alluding to the necessity of assassinating Robert F. Kennedy. The handwriting could not be identified as Sirhan's because of the lack of adequate known handwriting samples. Additional samples of Sirhan's known handwriting are being obtained for comparison purposes.

A copy of this material is attached.

Investigation is continuing in an effort to account for Sirhan's activities directly prior to the shooting of Senator Kennedy. Individuals who were in attendance at the ballroom in the Ambassador Hotel at the time of the shooting are being located and interviewed in detail. Two

To the President of United States

President Johnson

In our loss of two great men Senator Robert Kenney and President John F. Kenney. Is there anyway they could torture Sir Han Sir Han into telling who is behind all of this. We all know it communist so why can't someone torture him find out who is behind all of this and do something about it.

Now I know how the people in Dallas felt when President Kenney was assainated — We are supposed to be free. Have freedom of speech and religion but we are being brain wash instead —

When do you hear about another country killing their political people: Russia, or Mexico or any other country — It is always in United States starting with President Lincoln.

So why can't something be done about it. Senator Robert Kenney was a good man he had plans to help the Mexican americans negros and ~~Inca~~ Indians and the poor peoples. It is too bad that all the good men die.

Dear Sir:

I really have no idea why I am writing you this letter. I have no hopes of it ever reaching you; but even if it reaches some high-ranking official, and if he takes a second glance at it, I shall be satisfied.

I know this letter comes at an inconvenient period of time, but I am writing concerning the assassination of Senator Robert F. Kennedy. This man's family receives my utmost sympathy. I was looking forward to seeing him as our next president (after you decided not to run).

But for the time being I would like for you to attempt to answer a few questions that have plagued me since September of 1967.

I had just finished reading the reports of President Kennedy's assasination and it left me thinking of my addition (adding 2+2 and coming up with something besides 4).

My questions: Do you have any idea who killed President Kennedy and Senator Kennedy? If you do, was it a well-known organization known as the CIA? Was it because they feared the Kennedy's would share a dictator's throne with a wealthy family in England? If Edward Kennedy decided to run, would he too be assasinated?

I am very patriotic and to tell you the truth very worried.

The Americans have the greatest

nation to live for on earth, and what are we doing about it. We're letting it go to "pot." (Figuratively speaking).

We're all killing ourselves little by little and I was wondering how much longer God is going to stand for it.

My deepest sympathy is for the Kennedy family, but more so for our country which, in my eyes, can't stoop any lower than it is now.

Respectfully submitted,
Linda Boone

Sirhan File

TO: Steve Pollak

FROM: Bob Owen

Al Rosen called me and raised certain problems that he saw, and wanted opinions before they moved. The principal issue is what the Bureau should do about interviewing the subject Sirhan Sirhan. The FBI is very clear that they do not want to be in a position where they have not at least attempted to interview the subject and, of course, would like substantively to interview him.

Rosen advised that the police have advised the Bureau they have not picked up any information from the subject and that the prosecuting attorney has directed the police to attempt no further interviews.

Rosen believes that the Bureau has no problem, both with respect to the police and to the county attorney of reaching the subject for interview. He indicates that they can arrange it without difficulty.

DEPARTMENT OF JUSTICE
27 JUN 5 1969
RAO

The questions he raises and would like some answers to are as follows:

1. If he has a lawyer, ACLU lawyer Wirin, and the issue is ambiguous, then they have no problem--the plan would simply be they contact the attorney to ask permission to interview the subject and the details would be guided by the attorney's decision, namely whether the interview would be recorded and other details of how they set up the interview; whether the interview would be with or without the attorney.

2. It is also quite possible that the subject has no attorney. They are really asking advice on what to do in this event. Their concern is the Massiah case. While they do not plan any tricks, their concern is really one of the stage of the proceeding. They are inclined to believe that at this juncture they should not interview the man at all unless he is represented ~~by~~ (whether or not the attorney wants to be present). If he is not represented, Nat's view of Massiah and the succeeding cases are that basically at any stage of the proceeding, that if the man is advised of his right to have a lawyer and an assigned lawyer and still maintains that he does not want a lawyer then they can proceed to ask him if he would talk to them without a lawyer and if he signs the waiver consenting to do so they

File
mk

can proceed to interview him.

Al Rosen had some concern ~~that~~ if the guy does give the statement because he believes that the statement may be self-serving. This does not trouble me one way or another. Rosen's concern I think is that the subject might be building his case to the law enforcement people of his incapacity to stand trial.

I think the ticklish problem presented for the Bureau is how they satisfy themselves as to whether or not he is represented now. In the usual case they simply ask the subject and I am inclined to believe that that is what they should do here. The other alternative would be to call the ACLU and determine whether or not they have gotten a lawyer as yet, thought I think that is inviting press coverage of the attempted contact of the FBI of the subject.

I am going to the Hogate Restaurant (638-8066) for dinner and I will call you from there. Rosen said we could get back to him tomorrow on this, but if needed we can deal with him tonight.

Dear Mrs. Giamancheri:

President Johnson has referred to this Department your correspondence dated June 6, 1968, concerning the possibility of a conspiracy in the assassination of Senator Kennedy. We apologize for the delay in responding.

Immediately following the tragic death of the late Senator, the Attorney General on June 5, 1968 made the following remark:

> Every angle of this matter will be fully investigated. No resource will be spared. According to the information I have at this moment, we have no evidence of a conspiracy; only the evidence of this individual act. But every lead will be followed. No stone will be left unturned.

The rules with respect to pretrial publicity preclude further comment, but you may be assured that all investigative aspects have been and are being fully pursued.

RFK nam[redacted]isted in plot-to-[redacted] trial

NEW YORK (UPI) — Sen. Robert F. Kennedy's name was injected yesterday in the Queens conspiracy-to-murder trial as being on a list of "people who should be assassinated."

The quote was attributed to Herman Ferguson, a defendant in the trial, by Detective Edward Howlette, a police undercover agent.

Howelette testified Tuesday that President Johnson also was being considered as a possible assassination target by the alleged conspirators.

The Negro detective testified that on May 18, 1967, he, Ferguson and Arthur Harris, the other defendant, discussed a "list of selective terrorism."

Despite defense objections, Howlette was allowed to enter names on that list: "Roy Wilkins, Whitney Young, Robert Kennedy, Larry Elliot and Larry Neal."

There was no other identification of the last two persons named.

Defense lawyer Mrs. Gean Ann Condon jumped to her feet and moved for a mistrial on grounds the testimony was highly prejudicial and outside the issues.

Justice Paul Balsam denied the motion.

Mrs. Condon persisted, saying: "On this day when the latest radio reports indicate Senator Kennedy is very close to death every American is filled with emotion and this testimony is so prejudicial . . ."

PLOT CHARGED

Balsam interrupted and said that he was sure that the jurors are "not filled with such emotion as not to [redacted]e able to render a fair [redacted]lict on the basis of the [redacted]

[redacted] and Harris are charged [redacted] conspiracy to commit [redacted] in the first degree. [redacted] charged with plotting the murders of moderate civil rights leaders Roy Wilkins of the NAACP and Whitney Young of the Urban League.

In his testimony Tuesday, Howlette said that Ferguson once told him "after Roy Wilkins is killed we might decide to get our President, Lyndon Johnson."

Howlette ended his testimony yesterday shortly before 3 p.m. The trial was adjourned until today when the detective will undergo cross-examination by the defense.

ASSASSINATION OF
SENATOR ROBERT F. KENNEDY
LOS ANGELES, CALIFORNIA

FILED
BY
On FEB 5 1969

This is to advise that Sirhan Bishara Sirhan, a Jordanian national, has been identified as the individual who shot Senator Robert F. Kennedy at 12:15 a.m., Pacific Daylight Time, June 5, 1968, in the ballroom of the Ambassador Hotel at Los Angeles, California. The Senator subsequently died at 1:44 a.m., Pacific Daylight Time, June 6, 1968, at the Good Samaritan Hospital, Los Angeles.

After the assailant was taken into custody by authorities, he refused to identify himself or otherwise discuss this matter. He was shortly thereafter charged by the Los Angeles Police Department with intent to commit murder and held on $250,000 bond.

His brother, Adel Sirhan, notified authorities as to Sirhan's true identity. The FBI subsequently identified Sirhan's fingerprints as being identical with those of an individual by the same name which were submitted by the California State Horse Racing Board during 1965.

According to the Los Angeles Police Department, the weapon used in the assassination was an eight-shot .22 caliber Iver Johnson pistol. All eight shots were expended. Records of the California Department of Justice show this pistol to have been sold on August 10, 1965, to one Albert Leslie Hertz of Alhambra, California. It was subsequently traced by police authorities through several parties to one of Sirhan's brothers, Munir Sirhan.

ASSASSINATION OF SENATOR ROBERT F. KENNEDY

Sirhan Bishara Sirhan, according to records of the Immigration and Naturalization Service, Los Angeles, California, was born on [redacted] in Jerusalem, Palestine. His current address was given as 696 East Howard Street, Pasadena, California. Immigration and Naturalization Service records show he entered this country on January 12, 1957, with his father, Bishara Salameh Ghattas Sirhan, his mother, Mary, four brothers and a sister who is now deceased. His brothers, Adel, Munir, and Saidallah, are currently shown as residing with their mother and Sirhan at 696 East Howard Street, Pasadena, California. The fourth brother, Sharif, is a resident of Highland Park, California. His father allegedly resides now in Jordan. PII

Our Los Angeles Office reports that Sirhan Bishara Sirhan graduated from high school in Pasadena, California. He thereafter attended Pasadena City College, a junior college, for approximately two years, but did not graduate. He formerly worked as a race horse exercise boy and during September, 1966, sustained a head injury after falling from a horse. Interviews with his family indicate his behavior has changed considerably since this injury. Records of the State of California reveal he was awarded a settlement on March 27, 1968, in the sum of $2,000. His brother, Adel, advised the assailant has been unemployed for the past three months. When taken into custody he had $409 in cash on his person.

During a search of his room in the Pasadena family home numerous items, including notations advocating the overthrow of the President of the United States and statements alluding to the necessity for assassinating Robert F. Kennedy, were found. According to United States Attorney William Matthew Byrne, Jr., Central District of California, who had been in contact with the office of the Los Angeles County District Attorney, this material should not be disclosed publicly prior to the trial nor should it be made available to unauthorized persons since it could have a serious adverse effect upon successful prosecution in either Federal or State court. One handwritten page bearing the date May 18, 1968, 9:45 a. m., contains numerous notations among which are "My determination to eliminate RFK is becoming more the more of an unshakeable obsession." "RFK must die - RFK must be killed. Robert F. Kennedy must be assassinated." Another page contains the handwritten statement that "The so-called President of the United States

of America will be advised of their punishments for their treasonable crimes against the state. More over we believe that the glorious United States of America will eventually be felled by a blow of an assassin's bullet."

A third page contains the following statement. "Ambassador Goldberg must die die die." Repeated numerous times on this same page appears "Goldberg will be illiminated."

Page four contains the statement "Kennedy must die - Kennedy must fall," which is repeated numerous times.

Page five contains the statement that "RFK must be disposed of like his brother was."

The statement "I advocate the overthrow of the current President of the (obscene) United States of America. I have no absolute plans yet - but soon will compose some" appears on page six.

Page seven contains the statement "Well, my solution to this type of Govt. today is to do away with its leaders and declare anarchy, the best form of Govt. or no Govt."

On page eight appears the statement "I believe that I can effect the death of Bert C. Altfillisch," who was the employer of Sirhan at the time he was thrown from a horse during September, 1966.

Also appearing was the notation "Robert F. Kennedy must be assassinated before 5 June 68."

In addition, a source who has furnished reliable information in the past and who is an active member of the Communist Party in California advised that he received information from an associate of Sirhan's to the effect he was extremely anti-Semitic in his views, was in favor of the Vietcong and supported some Communist Party ideals. Sirhan, according to this source, had been thoroughly briefed on Communist Party activities at the University of California at Los Angeles within the last two weeks. Although it was reported to this source that an attempt had been made to recruit Sirhan into the Communist Party, Sirhan allegedly has not engaged in any Communist Party activities.

ASSASSINATION OF SENATOR ROBERT F. KENNEDY

Investigation by the FBI is continuing in order to determine the full facts surrounding this situation and in order to ascertain if Sirhan acted alone.

The Honorable Ramsey Clark
Attorney General of the United States
Washington, D. C.

Sir:

It is my earnest belief that the security of our country is directly involved in the assassination of Senator Robert Kennedy, and that these security interests require a thorough interrogation of the suspect, Sirhan Bishara Sirhan, by you and your staff.

I base my contention on the following considerations. First, Sirhan is quoted as shouting at the time of the shooting, "I did it for my country." Since he has never become a citizen of the United States, his loyalty is obviously directed elsewhere. Second, four hundred dollars were found in his possession at the time of capture, a sum that strongly suggests that he had been subsidized. Third, a woman was seen in his company prior to the shooting, and afterward she is said to have boasted of the crime. Fourth, Fadeeyan (guerilla) units have sprung up in great numbers throughout Jordan, and their raids into Israel have multiplied. Since these activities have been amply financed by the oil producing states, the possibility of an international Arab conspiracy cannot be dismissed out of hand.

Holding the key to this mystery is the prisoner Sirhan. Certainly he must not be allowed to carry such crucial secrets to his grave as Oswald did. Certainly the United States, which has already lost so much at his hands, dare not risk losing more of its valued leaders through the failure of extracting from Sirhan all he knows.

In view of his intransigence, I believe that hypnotic drugs such as sodium pentothal should be administered to facilitate the eliciting of information. If this information is withheld from the courts, but used instead as a means for apprehending collaborators if they exist, the prosecution against him should not be hampered or prejudiced in any way.

166-120-1

Other lives may well depend upon how competently the security aspect of this case is conducted. Do you not agree that such a critical matter requires your personal attention?

Sincerely yours,
Mark Flomenhoft

Dear Sir

You stated that you would steadfastly pursue every possible angle of Kennedy's shooting. This encourages me to report an observation that undoubtedly others have made.

NBC news videotaped Kennedy's victory speech and frequently included in ~~the~~ the background Jesse Unruh's face. By the fourth replaying of this tape certain things had become apparent to me.

1) Unruh's forehead was prespiring. No one else indicated they felt any heat.

2) Unruh was crying or going through the motions. His eyes blinked rapidly, he sniffled, scrunched up the bridge of his nose, and rubbed his eyes. ~~This occurred continuously~~ This occurred continuously throughout the speech, to an impressive extent.

3 His left hand fluttered nervously, occasionally tugging at his collar.

4 Once, triggered by a phrase in Kennedy's speech he lifted his eyes from the floor

and began applauding, hoping it would catch on, but no one echoed this applause. IT would seem that he was not at all conscious of the crowds mood but deeply preoccupied.

5. A short time before Kennedy finished his speech, Unruh's chin trembled and he bit his lower lip.

I beg you to review this videotape and decide for yourself whether his emotions are out of place, whether they belong to a man who has planned Kennedy's victory and his assination.

IF Unruh is part of a conspiracy I hope you will proceed very carefully or a deadly lizard may leave you with its tail.

Attempted Assassination of Senator Robert F. Kennedy

Information was received by the Criminal Division this morning from Parish Judge William Mark Daniels of Baton Rouge, Louisiana that yesterday afternoon an individual named Don George of Lafayette, Louisiana contacted one Carlton Greenlees, news director of Channel 9 in Baton Rouge, and asked for the video tape of a television interview of Judge Daniels which appeared on Channel 9 about two months ago. According to Judge Daniels, that interview dealt extensively with the allegations made by Edward Grady Partin in 1962 about a plot by James R. Hoffa to kill then Attorney General Robert F. Kennedy.

The foregoing is forwarded for your information in connection with the captioned matter. During the past several weeks Michael T. Epstein of my staff has received considerable background information concerning Don George. Please contact him directly if such information is desired.

Dear Mrs. Bell:

The Attorney General has asked me to thank you for your letter concerning his statements on the assassinations of Senator Kennedy and Dr. King.

Let me assure you that Mr. Clark has not made the statements which you attribute to him. He has never ruled out a conspiracy in either case but has pointed out on several occasions there was no evidence of conspiracy. This is still true. He did not announce "an imminent capture" of the killer of Dr. King, but expressed his hope and confidence that the killer would be apprehended.

Sincerely,

Cliff Sessions

Dear Sir:

I was deeply shocked and upset this morning by your statements made after the shooting of Senator Robert Kennedy. I realize you are under tremendous pressures in fulfilling your duties as Attorney General but you do the country and the people a grave injustice when you make unsubstantiated statements during a crisis. You probably wish to reassure the people, but all you do is make them fearful and doubtful of you.

I refer to your statements following the assassination of Rev. King and again following the shooting of Senator Robert Kennedy. In both instances, before you could possibly have had time to make any kind of investigation, you went on the air to announce "There was no organized conspiracy". In the case of Dr. King, you went further and announced an imminent capture of the killer, when you must have been aware this was poppycock.

You insult the intelligence of the people and create doubt with these irresponsible utterings. I would strongly urge, for the future, that no public statement be made until you can tell us the truth.

The people of our country are confused enough without adding to the turmoil - what we want now is TRUTH, not blandishments. And you can not tell the truth without the facts. And you cannot make up facts - you have to establish them upon investigation.

Yours very truly,

Ruth Bell

ATTEMPTED ASSASSINATION OF SENATOR ROBERT F. KENNEDY

Another Government agency which conducts criminal type investigations advised on June 5, 1968, that one Charles Hayhold Davis (phonetic), had called the office of Senator Robert F. Kennedy early on the morning of June 5, 1968.

This individual stated that Senator Kennedy had helped him and other convicts get out of jail and that he, Davis, and other convicts were going to get guns "so sit tight."

The current edition of the Chesapeake and Potomac Telephone Company Directory for the District of Columbia, discloses no listing identifiable with Charles Hayhold Davis.

Dear Mr. President,

Our class had a discussion on the shooting of Senator Robert F. Kennedy. We also discussed the downfall of our country. We agreed that if these shootings continue no one will want to run for president. Without a president another country could easily take over the United States. We should try to prevent these shootings instead of putting alot of protection around the important men and women of our county because we shouldn't have to do this. Our class thought of one way to help prevent these shootings which is to make it harder on the murderers and assassins so people would not be so tempted to do such things. Please answer this letter

as soon as possible.

Dear Mr. Johnson,

Today June 5, 1968 Senator Robert F. Kennedy was shot.

Everyday a person is shot, killed or knifed. Do they catch the criminals, sometimes they do (only) and sentence them to a few months, a few years or life. With the ones they don't catch they'll (refering to police and FBI) search for a while and sometimes the criminal is looking them dead in the face and they don't see him.

The alleged suspect, they think shot RFK, to me is guilty all the way. There is no way in the world they can't say he didn't put the bullet in Kennedy's head. Maybe its all a conspiracy. With the leaders who are trying to help the country being shot, there will be no more

166-12C-1

America. What is the world coming to?

Mr. Johnson what has been done about John F. Kennedy's assination? Is it a conspiracy? They still don't know.

What has been done about Martin Luther King's assination. They have his name (they think!) but can't they move faster in finding him?

This nation is protecting criminals. The laws against criminals are twisted and should be rewrited. Criminals are running around the country and dangering is. Something has to be done. Mr. Johnson will you or can you something?

I think you can. You are not doing nothing to help the country against criminals. Just read

this letter, think about it and
move, move, move, don't stand still.
You cands it. I am a elementary
student and these are my opinions.
America is getting worse. Please answer

Dear ~~Mrs.~~ Miss Perry:

President Johnson has asked me to reply to your letter of June 5, 1968.

The authors who have criticized the conclusions of the Warren Commission do not claim to have any significant new evidence, so far as we are aware. Rather, their criticisms and demands for a new inquiry are based upon different conclusions they have drawn from parts of the same body of evidence that was examined by the Commission. The Commission made a thorough inquiry and detailed analysis of the facts concerning the assassination. The evidence amply supports the basic conclusions of the Commission. In these circumstances, we see no basis for a new inquiry.

I am sure you can appreciate that with regard to Messrs. Ray and Sirhan it would be most inappropriate for a Federal officer or agency to comment on criminal matters pending before state courts.

Your confidence in writing is appreciated.

Re assassination of RFK
Feels it was communist inspired

Justice

5 June 1968

President Lyndon B. Johnson
The White House
Washington, D.C. 20310

Dear Mr. President:

Like all other people I am stricken with grief over the attempted assination of Senator Kennedy.

I feel strongly that emphasis on this event and others is being place improperly. True, stricter gun control laws are needed, but I feel the problem is much deeper. Many people are saying that the American people are sick, sick people. I strongly believe that these assinations and attempted assinations over the years are Communist inspired. This maybe a false analogy but what better way is there to make the US appear chaotic at home as well as in our foreign affairs - especially Vietnam. When other nations see these things happening they must think that the United States is incapable of running its domestic affairs, thus causing many to lose faith in democracy itself.

Thank you for your kind attention.

I would appreciate an answer to this letter by anyone.

Sincerely yours,

Gilbert F. Tiberio, Jr.

INTERFERENCE WITH VOTING RIGHTS

DOCKETED
JUN 13 1968

This will confirm the oral request of the Attorney General that your Bureau conduct an investigation into the above-captioned matter.

The Civil Rights Act of 1968, 18 U.S.C. 245(b)(1)(A), makes it a federal crime willfully to injure any person because he is or has been "qualifying or campaigning as a candidate for elective office ... in any primary, special or general election."

Section 11(b) of the Voting Rights Act of 1965, 42 U.S.C. 1973i(b), provides that "No person, whether acting under color of law or otherwise, shall intimidate, threaten, or coerce ... any person ... for urging ... any person to vote or attempt to vote in any primary, special or general election." Sections 12(a), (c) of the Voting Rights Act, 42 U.S.C. 1973j(a), (c), make it a federal crime to deprive any person of any right secured by Section 11(b) of the Act or to conspire to interfere with any right secured by Section 11(b) of the Act.

Senator Robert F. Kennedy while campaigning for the presidency in Los Angeles, California, was shot early today by an unidentified person who is reportedly in the custody of the Los Angeles Police Department.

Please conduct a full investigation of all aspects of this matter, including any indications that the shooting was the product of a conspiracy.

Please provide daily progress reports to the Attorney General and to this Division.

ASSASSINATION OF
SENATOR ROBERT F. KENNEDY
LOS ANGELES, CALIFORNIA

You have been previously advised of the circumstances and conditions surrounding the incarceration of Sirhan Bishara Sirhan, accused assassin of Senator Robert F. Kennedy. Details concerning this matter are set forth in the report of Special Agent Amedee O. Richards, Jr., dated June 9, 1968, at Los Angeles, California, and captioned "Sirhan Bishara Sirhan, Civil Rights," copies of which were previously furnished to the Department.

In addition, Deputy Attorney General Warren Christopher on June 7, 1968, visited the Los Angeles County Jail and observed the area and cell where Sirhan is incarcerated.

Since the incarceration of Sirhan we have had a Special Agent on duty at the jail on a full-time basis in a liaison capacity. No pertinent information has been developed as a result of this arrangement and considering the manpower expenditure on this assignment, this liaison function is being discontinued unless advised to the contrary. The Special Agent in Charge of our Los Angeles Office has stated that Sheriff Peter J. Pitchess has assured him that any pertinent developments resulting from Sirhan's incarceration will be immediately brought to our attention.

ASSASSINATION OF
SENATOR ROBERT F. KENNEDY
LOS ANGELES, CALIFORNIA

Press reports indicate that Russell E. Parsons, 73-year-old Los Angeles, California, attorney, will serve as Defense Counsel for Sirhan Sirhan, accused assassin of Senator Robert F. Kennedy. For your information, there follows a brief summary of information in our files concerning Mr. Parsons.

In 1937, a Departmental Applicant investigation of Russell Edward Parsons was initiated, which investigation was discontinued at the request of the Department prior to completion. The investigation which was conducted indicated Mr. Parsons was born in 1893 and attended the University of Southern California Law School for only one year, taking two subjects, one of which he failed. It is noted that Martindale-Hubbell Law Directory indicates Mr. Parsons was born in 1895 and obtained his law degree at the University of Southern California.

During the investigation, it was ascertained that in 1928, warrants for Mr. Parsons' arrest were issued by Riverside, San Bernardino and Imperial Counties, California, on bad check charges, which were subsequently dismissed. He reportedly entered a guilty plea in January of 1928 to charges of obtaining property by false pretenses, received a sentence of six months, which sentence was suspended, and Mr. Parsons was placed on probation for two years. In 1934 he filed a petition in bankruptcy, which case was dismissed in March, 1935, without his receiving a discharge. Individuals interviewed during the investigation, including judges, attorneys, clients and friends of Mr. Parsons, advised that they had never known him to be involved in any trouble and considered him capable, energetic, hardworking, forceful, a splendid orator,

loyal, trustworthy and honest. One attorney advised the check charges mentioned above resulted from the failure of other individuals to carry out their agreement to deposit money to cover the checks which Mr. Parsons wrote.

Beginning in 1917, for two two-year terms, Mr. Parsons served as County Attorney of Beaver County, Utah, as well as City Attorney for Beaver City, Utah, returning to Los Angeles in the mid-1930's to practice law. According to Los Angeles press reports, Mr. Parsons has become nationally known as a trial lawyer in the area of criminal law. In the late 1930's, Mr. Parsons joined the Los Angeles County District Attorneys Office where he served as a top prosecutor assigned to special cases. These press reports indicate that in recent years he has devoted his time to the practice of both civil and criminal cases.

The files of this Bureau reveal that in 1942 Mr. Parsons was one of the attorneys for the officials of Mankind United, who were indicted for violation of the Sedition Statutes. According to press reports in August of 1940, Mr. Parsons, then Deputy District Attorney, Los Angeles, California, was interested in prosecuting an old murder case which he stated resulted from the investigation of communist activities in the San Pedro, California, area. Mr. Parsons was quoted as stating the murdered individual had been engaged in anticommunist activities and had been killed during communist attempts to infiltrate and destroy a union.

In 1959, Mr. Parsons was reportedly one of the featured speakers at a State-Wide Conference on Criminal Law Reform under the sponsorship of the National Lawyers Guild of California. The National Lawyers Guild has been cited as a communist front by the House Committee on Un-American Activities. In 1962, information was received from the Internal Revenue Service in Los Angeles concerning an investigation being conducted of Los Angeles attorneys for possible income tax evasion on the basis of "fee-splitting" with local bondsmen. A Federal Grand Jury reportedly failed to develop any evidence to substantiate the allegations.

As mentioned above, Mr. Parsons has been active in criminal cases and this Bureau's files reveal that among the individuals whom he has represented have been Joseph, Fred and Alfred Sica, who have been described as Los Angeles hoodlums active in criminal activities, including such activities in the field of bookmaking.

ASSASSINATION OF
SENATOR ROBERT F. KENNEDY
LOS ANGELES, CALIFORNIA

As mentioned previously, twenty-year-old Sandra Serrano appeared on television shortly after Senator Robert F. Kennedy was shot and claimed that immediately after the shooting a woman in a polka dot dress ran by her shouting "We shot him. We shot him." According to Miss Serrano, this woman had entered the Ambassador Hotel prior to the shooting accompanied by two men, one of whom she identified as Sirhan Bishara Sirhan. Extensive investigation has failed to substantiate her story.

On June 21, 1968, after being afforded a polygraph examination and an extensive interview by the Los Angeles, California, Police Department, Miss Serrano admitted that her story was a complete fabrication.

An employee of the San Gabriel Valley Gun Club, Duarte, California, where Sirhan Bishara Sirhan was seen practicing with a revolver on June 4, 1968, claimed that Sirhan talked with a blonde woman at the gun club and it appeared the two had met previously. This woman has been identified as Mrs. Claudia Williams. She advised she was at the gun club with her husband, Ronald, on June 4, 1968, and Sirhan assisted her on the pistol range while her husband was at the rifle range. Neither Mr. nor Mrs. Williams had met Sirhan previously.

The receptionist at the office of Russell E. Parsons, Sirhan's attorney, Los Angeles, received two telephone calls on June 20, 1968, from a person claiming to be John Lawrence of New York City. This caller said he was executive secretary of the Clemency Committee for Sirhan Sirhan and that Los Angeles criminal attorneys are "Crooks" and will take Sirhan "down the river." He also said "We are out to get Mr. Parsons" and claimed that Parsons was being paid $150,000 to represent Sirhan. He said that there are 250,000 Arabs who are militant and who are not going to let Parsons get away with it. Parsons contacted the Los Angeles Police Department and requested protection. The police suggested that he discuss

the matter with the presiding judge, Los Angeles County Superior Court. The presiding judge intends to hold a hearing to determine if Parsons needs protection. The United States Attorney is withholding a prosecutive opinion regarding a possible violation of the Federal Extortion Statute.

SENATOR ROBERT F. KENNEDY
LOS ANGELES, CALIFORNIA

As mentioned previously, twenty-year-old Sandra Serrano appeared on television shortly after Senator Robert F. Kennedy was shot and claimed that immediately after the shooting a woman in a polka dot dress ran by her shouting "We shot him. We shot him." According to Miss Serrano, this woman had entered the Ambassador Hotel prior to the shooting accompanied by two men, one of whom she identified as Sirhan Bishara Sirhan. Extensive investigation has failed to substantiate her story.

On June 21, 1968, after being afforded a polygraph examination and an extensive interview by the Los Angeles, California, Police Department, Miss Serrano admitted that her story was a complete fabrication.

An employee of the San Gabriel Valley Gun Club, Duarte, California, where Sirhan Bishara Sirhan was seen practicing with a revolver on June 4, 1968, claimed that Sirhan talked with a blonde woman at the gun club and it appeared the two had met previously. This woman has been identified as Mrs. Claudia Williams. She advised she was at the gun club with her husband, Ronald, on June 4, 1968, and Sirhan assisted her on the pistol range while her husband was at the rifle range. Neither Mr. nor Mrs. Williams had met Sirhan previously.

The receptionist at the office of Russell E. Parsons, Sirhan's attorney, Los Angeles, received two telephone calls on June 20, 1968, from a person claiming to be John Lawrence of New York City. This caller said he was executive secretary of the Clemency Committee for Sirhan Sirhan and that Los Angeles criminal attorneys are "Crooks" and will take Sirhan "down the river." He also said "We are out to get Mr. Parsons" and claimed that Parsons was being paid $150,000 to represent Sirhan. He said that there are 250,000 Arabs who are militant and who are not going to let Parsons get away with it. Parsons contacted the Los Angeles Police Department and requested protection. The police suggested that he discuss

FROM : Director, FBI

SUBJECT: ASSASSINATION OF
SENATOR ROBERT F. KENNEDY
LOS ANGELES, CALIFORNIA

In connection with our investigation into captioned matter, our Los Angeles, California, Office has reported that records of the Selective Service Headquarters for the State of California show no registration for Sirhan Bishara Sirhan or his brothers Saidallah and Munir Sirhan. The remaining brothers, Sharif and Adel Sirhan, are both registered with Local Board 91, Pasadena, California.

Our Los Angeles Office in noting the failure to register for the Selective Service Act on the part of Saidallah and Munir Sirhan advised that all four brothers have apparently been cooperative with the FBI and the Los Angeles Police Department in connection with the investigation into the assassination of Senator Robert F. Kennedy. They have readily furnished background information relative to the activities of Sirhan Bishara Sirhan. According to our Los Angeles Office, further inquiry into the Selective Service status of Saidallah and Munir Sirhan could possibly have an adverse effect upon what appears to be their cooperative spirit thus far.

Accordingly, the Department's advice is requested as to whether we should proceed further with these possible Selective Service violations at this time.

Dear Mr. Clark,

This is a plea for some action to be taken by your office to prevent further assassinations of our leaders. It seems unreasonable that our law officers were on duty near Senator Kennedy at the time of his assassination. I am wondering how they are trained, as it seems they do not notice trouble and seem to be unable to protect our people. A body guard nowadays, also, just seems to be a body guard in theory but not in practice. Were there any secret service men with him? Or was he allowed to smash through these crowds completely unguarded? I also plea for a quick prosecution of Sirhan Sirhan

before passions cool and everyone forgets about him, so that we Americans and the world can see that judgment still follows crime, and that law is actually practiced in the United States.
Thank you.

ASSASSINATION OF SENATOR
ROBERT F. KENNEDY
LOS ANGELES, CALIFORNIA

The continuing investigation concerning Sirhan Bishara Sirhan has revealed that he is a member of the Rosicrucian Order, San Jose, California. This order is also known as the Ancient Mystical Order Rosae Crucis (AMORC).

An official of this organization has advised that Sirhan had a "corresponding membership" and did not attend regular meetings. Several members of the Pasadena, California, chapter of this order have advised that Sirhan attended a meeting at Pasadena, California, on the evening of May 28, 1968.

Officials of the Rosicrucian Order have advised this is a world-wide fraternal organization operating on a lodge system. They advised it is nonsectarian and is not a religious order although the ethics of the order adhere to Christian principles. They further advised that the teachings of the organization do not interfere with religious freedom of members and only law-abiding citizens over 21 years of age, of good repute, and believing in a "Supreme Being" are eligible for membership. Members reportedly include a cross section of all classes of people and total world membership is claimed at approximately 90,000 people of which 45,000 are in the United States. This order reportedly traces its origin back to the "mystery schools or secret schools" in Egypt approximately 1500 years B.C., and is nonpolitical in nature.

On June 5, 1968, a search of Sirhan's automobile was conducted by the Los Angeles, California, Police Department. This search revealed a sales receipt from the Lock, Stock and Barrel gun store, San Gabriel, California, reflecting the purchase of four boxes of .22 caliber ammunition on June 1, 1968. Intensive inquiries are continuing into this as well as all other phases of this investigation.

President Johnson has asked me to respond to your recent letter concerning the assassination of Senator Robert F. Kennedy.

You may be interested in knowing that Title I of Public Law 90-284 which was enacted on April 11, 1968 provides that it is a Federal crime to intimidate or interfere with a candidate for elective office. Such action is punishable by a fine of not more than $1,000, imprisonment for not more than one year, or both.

I hope that this information will be of assistance.

My dear Mr. President:

The fatal gunning of Senator Robert F. Kennedy, should be investigated thoroughly; should be treated as a National Crime. It should be prosecuted in a FEDERAL COURT, and not in a State Court. If this type of thing continues then DUELLING must again be made legal, so that, an honorable man may at least have some defense against his suspected enemies. This is the most uncivilized way to defeat the loyal opposition and this type of violence will not be tolerated by the American citizen.

This horrible murder must be made a Federal Offense. It must be made a NATIONAL CRIME to hurt, injure, or kill, IN ANY MANNER, a political candidate or incumbent or appointee or representative of the citizens of the United States. The accused or the indicted murderer should be examined in the extreme by competent appointed or elected psychiatrists and psychologists.

This country is one of the very few left where leaders can be seen, heard and touched and may it continue to be so. I would like to see certain leaders of other nameless countries expose themselves so openly. There would perhaps be mass slaughter with no weapons involved.

I was very disappointed when you announced that you would not try again for the Presidency. You have done a tremendous job and Americans can count their lucky stars that we have such men as you. You have inspired some great legislation and I'm certain that you will see the fruits of your labor. God bless you Lyndon Johnson.

Sincerly yours,

ASSASSINATION OF
SENATOR ROBERT F. KENNEDY
LOS ANGELES, CALIFORNIA

A United Press International release on June 13, 1968, indicated an unidentified Arab Government had passed "new and startling" information to American officials relative to Sirhan Bishara Sirhan. It is reported by correspondent John Kimche in the London Evening Standard that Sirhan had traveled in the Middle East in 1964 for seven months. He allegedly returned to the Middle East in 1966 spending five months in Cairo, Egypt, before returning to the United States in the beginning of 1967.

A Reuters dispatch on June 13, 1968, additionally reported that this individual's full name, according to Kimche, was Sirhan Bishara Sirhan Abu Khatar. This individual, according to the dispatch, was first brought to the United States in 1928 when he was four years old. He was allegedly married upon a return to the Middle East on June 27, 1957, to Leila Ussef Mikhael at Es Salt, Jordan.

Records of the Immigration and Naturalization Service show that Sirhan Bishara Sirhan entered the United States on January 12, 1957. His date of birth was given as [redacted] Jerusalem, Jordan. PII

Investigation by our Los Angeles Office reveals he took up residence with his family in Pasadena, California, immediately upon his entry into the United States attending the Pasadena city schools until graduation from the John Muir High School in June, 1963. Thereafter he attended Pasadena City College until May of 1965.

Investigation reveals that during 1964 Sirhan Bishara Sirhan was attending school and employed at two Pasadena, California, service stations. Investigation further indicates that during 1966 he was continuously in the Pasadena, California, area.

In addition, each of Sirhan's four brothers was interviewed by Special Agents of the Los Angeles Office of the FBI on June 13, 1968, at which time they advised Sirhan has never left the United States since his arrival in 1957. They pointed out that the word Abu Khatar, meaning "is the father of Khatar," is a term not used by Christians and that the Sirhan family is Christian.

The Department of State has advised that it has received no communication from any country in the Middle East relative to the aforementioned matter. According to the Department of State, information was received from the American Embassy in Tel Aviv, Israel, to the effect that a United Press International correspondent had reportedly talked with Sirhan's father in Jordan who stated that to his knowledge Sirhan never married and the other details contained in the original story of June 13, 1968, are highly improbable.

According to the Department of State an attempt was made by that agency in London to contact Jon, also known as John, Kimche with whom this story originated. Kimche refused to identify his source but reiterated his source is usually reliable. According to the Department of State he seemed unimpressed by the possibility this might be a simple case of mistaken identity.

Kimche, according to the Central Intelligence Agency, is an able, unscrupulous free lance journalist in London who apparently supports official Israeli Zionist lines in his work. The Central Intelligence Agency reports that during early 1968 there were strong protests from American Government circles in London against his articles which appeared to be aimed at destroying relations between the United States and Arab countries.

A United Press International release on June 13, 1968, indicated an unidentified Arab Government had passed "new and startling" information to American officials relative to Sirhan Bishara Sirhan. It is reported by correspondent John Kimche in the London Evening Standard that Sirhan had traveled in the Middle East in 1964 for seven months. He allegedly returned to the Middle East in 1966 spending five months in Cairo, Egypt, before returning to the United States in the beginning of 1967.

A Reuters dispatch on June 13, 1968, additionally reported that this individual's full name, according to Kimche, was Sirhan Bishara Sirhan Abu Khatar. This individual, according to the dispatch, was first brought to the United States in 1928 when he was four years old. He was allegedly married upon a return to the Middle East on June 27, 1957, to Leila Ussef Mikhael at Es Salt, Jordan.

Why is that only the Kennedys' and Martin Luther Kings are getting "picked off" in this one great country of ours?

~~Why is~~ Words cannot express the shock & disgust I feel for the brutal slaying of these courageous men. Who in the hell do you think you are kidding when you say the assassins "acted alone". It is quite evident that the same conspirators were responsible for these murders. I'll never believe otherwise. It's about time we, the God-loving people of this country were told the truth. There is a stinking, rotten "element" in this country, the extreme right-wingers, who are so low that

that words cannot adequately describe their loonness.

I somehow have a feeling that these "rats" have gotten in so deeply and pressed their luck so far that it will not be so easy to convince the American people that these killings were the work of a single "nut."

I could go on and on about this, perhaps even write a book, but time + energy does not permitt, however I'm sure you get my message.

In closing I ask "~~How~~ What effect will this have on the King + Kennedy children when they grow up?" I feel certain that this country, as a whole, will eventually pay a terrible price for these atrocities.

A fed-up housewife who prefers to remain anonymous (and bitter)

P.S. I might add that the supreme court is the ruination of this country, also.

Dear Mrs. Newhard:

Thank you for your recent letter to President Johnson regarding the death of Senator Robert F. Kennedy.

I share with you your grief and sense of profound loss that once again an assasin's bullet has struck down a member of the Kennedy family in the service of his country.

The concern which prompted your communication is appreciated and you may be assured that we are constantly alert to the activities of every faction and element which pose any threat to the security of our country and that in the event evidence is developed which reflects a violation of Federal law, the Government will take immediate and effective steps to enforce the applicable statutes.

ASSASSINATION OF
SENATOR ROBERT F. KENNEDY
LOS ANGELES, CALIFORNIA

We are continuing interviews with individuals who were at or near the scene of the shooting at the Ambassador Hotel, Los Angeles, California, during the evening of June 4-5, 1968, in an effort to establish full facts relative to the activities of Sirhan Bishara Sirhan.

Rafer Lewis Johnson, Olympic champion who assisted in subduing Sirhan, advises that while he was holding Sirhan immediately after subduing him he held his fist to Sirhan's head and repeated the question "Why did you do it?" The assailant's only reply to Johnson was "I'll explain it."

Another witness, Jesus Perez, saw Sirhan, gun in hand, immediately after Senator Kennedy had been shot. He stated Sirhan is identical with an individual who talked to him briefly just before midnight June 4, 1968, inquiring as to whether Senator Kennedy would pass their way after his speech.

Investigation indicates that the itinerary for Senator Kennedy was modified somewhat during the evening of June 4, 1968, due to delays in receiving election returns. According to information received from Senator Kennedy's Public Relations Director for the California Campaign, the decision to take the route directly to the Colonial Room at the Ambassador Hotel was made on the stage immediately after Senator Kennedy's speech. Inquiry into this phase is continuing.

In conjunction with our investigation into the assassination of Senator Robert F. Kennedy extensive interviews are being conducted of those who were present in the vicinity of the shooting at the Ambassador Hotel at 12:15 a.m., June 5, 1968. Witnesses have been located who have identified Sirhan Bishara Sirhan as the assailant.

This is in reference to your memorandum dated June 14, 1968, inquiring as to whether steps should be taken by the Bureau to arrange an interview of Mrs. Ethel Kennedy by agents of the Federal Bureau of Investigation.

We understand that Los Angeles Assistant District Attorney John Howard and Sergeants Patchett and MacArthur of the Los Angeles Police Department have been in touch with a representative of the Kennedy family to arrange an interview in connection with their investigation of the pending prosecution in Los Angeles of the suspected assassin, Sirhan Bishara Sirhan. We have been advised that upon completion of any interview by the Los Angeles District Attorney's office and the Los Angeles Police Department copies of the interview will be made available. We, therefore, would hold in abeyance any decision on an interview of Mrs. Kennedy by agents of the Federal Bureau of Investigation until the investigation has been substantially completed, and we have had an opportunity to review the results of the interview of Mrs. Kennedy arranged by the Los Angeles authorities.

Dear Mr. Schaefer:

President Johnson has referred to this Department your correspondence dated June 13, 1968, concerning the possibility of a conspiracy in the assassination of Senator Kennedy. We apologize for the delay in responding.

Immediately following the tragic death of the late Senator, the Attorney General on June 5, 1968, made the following remark:

> Every angle of this matter will be fully investigated. No resources will be spared. According to the information I have at this moment, we have no evidence of a conspiracy; only the evidence of this individual act. But every lead will be followed. No stone will be left unturned.

The rules with respect to pre-trial publicity preclude further comment, but you may be assured that all investigative aspects have been and are being fully pursued.

My Dear Mr. Clark:

Having read in the newspapers and seen on television so much about the assassination of Sen. Robert F. Kennedy, I cannot help but express some ideas of mine to you.

I wish to repeat again that my entire knowledge of this case comes only and alone from the publicity itself.

We know the following facts:

1. The assassin was born in the Jordanian held part of Jerusalem.

2. He left Jerusalem at the age of approximately 1 or 2 years.

3. He has lived in this country approximately 20 years.

4. He apparently is a member of some Arabic Student Organization.

5. He had in his pocket a piece of paper on which was written that Sen. Kennedy had to be killed before June 5.

6. He states he felt he had to kill the Senator because of his remarks that weapons and arms will have to be supplied to the State of Israel for her protection against expected Arab aggression.

7. His father, in Jerusalem, stated in one interview by a press correspondent, that he was sorry about the assassination of the Senator, and a few days later he revised his statement after "he was set straight", saying that he felt his son was justified in this act of murder. (I suspect some sort of brain-washing by the Arab Terror Organization).

8. The assassin had about $400.00 in cash on him when he was captured, which could not have been his own money from the income of the small job he was holding at that time.

If I put all the above bits of information together, I seem to come to this conclusion:

How did the assassin know exactly which way Sen. Kennedy would leave the ballroom after his last speech? (it said in the paper that he was waiting for the Senator in the hallway of the hotel); why was Sen. Kennedy selected to be killed when each one of the hopeful candidates for the Presidency expressed about the same ideas and views, including Sen. McCarthy, V.P. Humphrey, Gov. Rockefeller and Mr. Nixon?

How did the assassin know that Sen. Kennedy would come into this hallway?

As outlined above, the assassin was a member of an Arabic Student Organization and we have seen in this country that students in general are getting somewhat restless and young people from the Middle-East, due to their temperamental build up, even more so.

We also know for a fact that amongst the Arabian countries there is a very radical and chauvinistic organization: El-Fatah, which not only makes constant raids into Israel but also threatens everybody who does not cooperate with them, including even King Feisal of Transjordan.

I cannot help but feel that a good deal of the Arabic Student Associations in this country are under the very strong influence of this Terror Organization and have been forced to interfere directly with the inner-political affairs of our country, by selecting prominent figures for assassination. Therefore, it seems impossible to me that only ONE man was assigned to kill the Senator.

The fact that in his pocket was the slip of paper stating that Sen. Kennedy had to be killed before June 5 (the outbreak of last years Middle-East war) seems to indicate even stronger that the whole plot must have been organized in some way and I firmly believe that other persons were posted in the crowd also to shoot at the Senator had he moved to a different location.

It is quite possible that all my ideas and ways of thinking are completely wrong but I definitely believe that this avenue should be thoroughly investigated to prevent similar cases in the future that might come from the same direction.

I will appreciate very much if you would be kind enough to advise me, if I am entirely out of order or not by this my communication to you.

Very respectfully yours,

E. ERNST SCHAEFER

Dear Congressman Bates:

This is in reply to your memorandum of June 25, 1968, enclosing a constituent's letter regarding the possibility of a conspiracy in the assassination of Senator Kennedy. I apologize for my delay in responding.

Immediately following the tragic death of the late Senator, the Attorney General on June 5, 1968 made the following remarks:

> Every angle of this matter will be fully investigated. No resource will be spared. According to the information I have at this moment, we have no evidence of a conspiracy; only the evidence of this individual act. But every lead will be followed. No stone will be left unturned.

The rules with respect to pre-trial publicity preclude further comment, but you may assure your constituent that all investigative aspects have been and are being fully pursued.

Sincerely,

Congressman William Bates
Cannon House Office Building
Washington D.C.

Dear Congressman Bates,

I realize that at this time, you and other congressmen must be flooded with mail, mostly pertaining to the passage of a strict gun control bill. Though this concerns me, this letter does not relate to the gun matter.

Mr. Bates, I am worried and frightened about the tragic events of the past five years and the fact that "assassination" is becoming a household word. I cannot, I will not, slip back into the workaday, business as usual routine without expressing my feelings to the person who is my link to the power structure in Washington. That person is you.

Ever since President Kennedy's death, there have been numerous books and articles written which contradicts the findings of the Warren Commission. These discrepancies, pointed out first and foremost by Mr.Mark Lane, are so poignant that it absolutely mystifies me that no one in Washington has bothered to delve into the matter further.

In the light of recent events and I am speaking primarily of the murder of Robert Kennedy, it is quite apparent that many, many people are uttering "conspiracy". With all my heart, I believe this to be so and nothing has been said or written to make me change my position.

But, Mr.Bates, I am only one person. A twenty-five year old housewife who can only grit her teeth, wave an angry fist in the air and curse the person or persons behind these murders.

Mr. Bates, I assume you do not live in a vacuum. I assume you must be aware of the tension and frustration re-created once more with Robert Kennedy's murder. Tell me, Mr. Bates, are all the other people in Washington aware of this?

I firmly believe that the basic foundation which Americans build their free lives upon is trembling as if to signal an approaching earthquake. That foundation is <u>trust</u>. Trust in the men who run our government from President Johnson on down. Trust that enables us to live our daily lives without worrying (until now, perhaps) that something awful is strangling the throat of Justice and is threatening

the basic tenets of the democracy which most Americans believe in so strongly.
Mr. Bates, let me ask you some questions. Perhaps, you have heard them before.

Point 1. District Attorney Jim Garrison of New Orleans claims he has evidence which would prove there was a conspiracy to kill President Kennedy.

Question. Why has the United States government imposed an injunction on this man in relation to the Clay Shaw trial? Why are they so adamant in their refusal to aid Jim Garrison?

It seems to me, Mr. Bates, that the United States government should be eager to do everything in their power to see that truth is allowed to reach the surface. Even if Mr.Garrison's claims and evidence is far-fetched (and I emphasize "if") I should think the government would want to do everything it could to disprove this evidence by allowing Garrison to lay his cards on the table in a court of law .
Isn't there anyone in Washington who can help this come about? I think it would put the minds of many people at ease. This way, the speculation becomes increasingly dangerous. It includes the claim that there are people in our government who were and are involved in this awful thing.
Because no one in power seems to be doing anything about this, it seems like, 1. There is a stranglehold on the people in power imposed by someone, or, 2. The people in Washington don't want "to rock the boat".

Point 2. It seems there are two men; one in California and one in Texas in whom Mr.Garrison is most interested. But neither Governor of those states will sign extradition papers.

Question Assuming that the government intended to assist Mr.Garrison, isn't there some way they could overrule the heads of those states?

The thing that puzzles me is why Governor Connolly won't aid any way he can since he himself was almost a victim on November 22, 1963. (More speculation on my part. Or was Governor Connolly intended to be a victim at all?)
Do you see, Mr.Bates, how dangerous this wave of uncertainty can become?
I ask you again. Isn't there anyone in Washington who is willing to break all the barriers and fully investigate the two Kennedy murders?

Point 3. Invaluable information pertaining to the murder of President Kennedy has been locked away somewhere and cannot be revealed until the year 2039, 75 years from now. I can assure you that in my own circle of friends, this is a "real bugaboo".

Question. Who, in 75 years, will care as much as we the people who are living now? More to the point, what, in 75 years, will anyone be able to do about it?

This is a haunting mystery. If there was anyone in power who cared enough for the truth, this material would be de-classified. And what would it prove, Mr.Bates? Would it prove, perhaps, how far away from the facts the Warren Commission strayed to reach its conclusions?

I think Americans want to know for sure, and to their full satisfaction what the truth is behind these murders. I seriously doubt that many people are either sure or satisfied with the results of that Commission. Not when so much is pointed out which contradicts it. Not when so little is done to fully investigate every possible angle and that includes assisting and co-operating with the district attorney from New Orleans.

Mr.Bates, on the basis of what I have said, I firmly believe that the same people behind the murder of President Kennedy also conspired to do away with his brother. I believe that those conspirators were afraid that if Robert Kennedy became president, he would then be in a posiition to either publicly or privately investigate every facet of his brother's death. I believe that someone or some persons fed poison into the mind of Sirhan Sirhan about Kennedy's stand on our commitment to Israel. Eugene McCarthy also stressed our commitment to Israel as have other politicians. But Robert Kennedy was singled out. One reason for Sirhan to kill Kennedy and one reason for someone else to have Kennedy killed.

Mr. Bates, all I am is a concerned and worried citizen. There is nothing I want more than to believe in the integrity and honesty of my government but in the past five years there have been serious accusations made against it by dissenters of the Warren Commission.
I think it has cast a dark shadow over the entire country.
I think the only way to lift this shadow is for someone or some people to aid Mr. Garrison. If his claims are indeed valid, it will only mean that the American people will finally have the satisfaction of seeing evil men punished. The government owes this to the American people. We put the men there who make up our government. We are not their slaves and this is not 1980, the year of Big Brother!
If Mr. Garrison's claims are nonsense and are found to be so, in a court of law, then only Mr. Garrison will look the part of a fool.

Until Mark Lane's telling questions are explained and answered to the satisfaction of all and until the evidence of Jim Garrison is presented and either proved or disproved in a court of law beyond a shadow of a doubt, then I am afraid, Mr. Bates, that we are in for more bloodshed. I cannot see how this can be avoided. If there is, in fact, a conspiracy, Mr.Bates, will there have to be another assassination to prove it? There will be other men who will represent everything the Kennedys stood for. Are "they" going to kill them all? Can't we find out now, for certain, in a court of law?

I find it hard to believe that out of all the men who make up the power structure in Washington, there is not one who disagrees with the findings of the Warren Commission. I find it hard to believe that there is not one man in power who will dig and dig for the truth about these murders and present this truth to Americans and to the world.
Do you know of such a one, Mr.Bates, who would be willing to go all out?

The truth, no matter how shattering it may be, is always ultimately accepted. It becomes easy to live with truth once it is accepted but first it must be known, for certain. However, it is very difficult to live with uncertainty and wonder and speculation. Living under these conditions makes people tense, uneasy and frustrated. It makes them speculate wildly and perhaps dangerously. It shakes their trust. Nobody likes to be deceived.

Mr.Bates, almost five years have passed since President Kennedy's death and still and more vehemently the contradictions of the conclusions of that death still persist and now, with the death of his brother, I believe more and more people are completely dissatisfied with what has been done to offset those contradictions. Namely nothing. "Conspiracy" is being tossed around more and more and who can blame anyone for being suspicious?

Mr. Bates, I implore you, as an American citizen and as a man in power, if there is anything, anything you can do to allay the fears and worries of many people concerning the Kennedy murders, please do it. If there are people in Washington or anywhere else that you know have the power to fully investigate these two murders honestly and with the objective of bringing the whole truth to light, I beg you to intervene.

I say the murders of John and Robert Kennedy are linked.
I say the same forces behind the first murder were behind the last.
And, I say desperately, that too much time has already passed by.

Obviously, there are many, many contradictions to the Warren Report which I have not stated. It took many books to do that and you probably know them all. I don't know if you do or not.

Mr.Bates, Mark Lane made a statement on, Tuesday June 4, that Robert Kennedy had in some way been in touch with the office of Jim Garrison. According to Mr. Lane, Mr.Kennedy also believed his brother's death to be the work of conspirators. Six hours after Mark Lane made this public, Robert Kennedy was shot.
This is what prompts me to believe that his death was the result of someone being afraid that he might re-investigate the findings of the Warren Commission or perhaps in some way help Jim Garrison which, in turn, would result in the truth. These are thoughts which run through my head and which I can't get rid of. I doubt that I'm the only one. It just isn't fair [illegible] a whole nation in doubt.

Please, Mr. Bates, for the security and well-being of the American people, let us search and seize the truth in every hidden nook and cranny. Let us do everything we can to re-instate in the American people a feeling of trust and confidence in our government. For without this trust and confidence, Mr. Bates, there cannot be security and nothing lasts long that is not secured tightly. I am convinced that a complete and honest re-assessment of the first Kennedy murder and the recent one, would help instill this in the American people.

After this letter, Mr.Bates, there is little else I can do. You are in a far better position than I. Now what can you do?

Sincerely,

Mrs. Lenora Salvucci

ASSASSINATION OF
SENATOR ROBERT F. KENNEDY
LOS ANGELES, CALIFORNIA

Interviews with witnesses into the shooting of Senator Robert F. Kennedy continue, as well as interviews with associates and former employers of the accused assailant Sirhan Bishara Sirhan. Approximately 207 employees of the Ambassador Hotel have been interviewed to date.

Roosevelt Grier, professional football player who was present at Senator Kennedy's speech in the Ambassador Hotel at Los Angeles, California, during the night of June 4, 1968, related to FBI Agents how he, with the assistance of hotel employees and Rafer Johnson, Olympic champion, disarmed Sirhan after the shooting. Another individual, Louis Shelby, a restaurant owner where Adel Sirhan had been employed, described the assailant as an extremely frustrated individual and one who was convinced the United States was involved in the furtherance of Zionist goals.

Chief Deputy District Attorney, Los Angeles County, Lynn Compton, has advised our Los Angeles Office that a review of investigation conducted by the investigative staff of the District Attorney's office and the Los Angeles Police Department fails to indicate that there is any evidence to support Sirhan was associated with anyone else or conspired with any other person in the assassination of Senator Kennedy.

With respect to the prosecution of Sirhan, it has been reported that Mr. Wilbur Littlefield, Chief Trial Deputy in the Office of the Public Defender, has been named to represent Sirhan. The news media indicates Sirhan reportedly desires two private attorneys to defend him but alleged he has stated he could not afford to retain private counsel. Littlefield was placed in charge of the case after a meeting of the Los Angeles Bar Association.

Dear Mr. President:

You will find enclosed my check for $2.00 (Two and No/one Hundredths Dollars). This money is being sent to be directed to the attorney who will help defend the man who shot Kennedy. While we cannot condone the act, we must have some help for the people of these United States.

This money may seem an insignificant sum to you but to me it represents money from a life's savings. I have just been rated "ineligible" for government service in the U.S

ASSASSINATION OF
SENATOR ROBERT F. KENNEDY
LOS ANGELES, CALIFORNIA

Investigation is continuing in order to develop full background information concerning Sirhan Bishara Sirhan as well as that of members of his immediate family and associates.

With respect to a previous statement attributed to Mayor Samuel W. Yorty, Los Angeles, California, as reported by the news media on June 6, 1968, alleging Sirhan was associated with the W. E. B. DuBois Clubs of America, and a vehicle registered to Sirhan's brother, Adel, was observed on January 16, 1966, in the vicinity of Baces Hall, 1528 North Vermont, Los Angeles, California, where a meeting sponsored by that organization was being held, information has been developed indicating Adel Sirhan had previously been employed as a musician at the Fez Restaurant, 1508 North Vermont, adjacent to Baces Hall. Full details are being developed with respect to this phase of our investigation.

On June 9, 1968, a United Press International release datelined Cairo made reference to the arrest of one Soliman Sirhan by Iraqi authorities as an Israeli spy alleging he was a brother of Sirhan Bishara Sirhan. Sirhan's mother, during an intensive interview by FBI Agents on June 10, 1968, volunteered she had heard this newscast and stated she has only five sons, Sirhan, Munir, Sharif, Adel and Saidallah, none of whom are living outside the United States. The individual to whom the United Press International referred was unknown to her.

Interviews are continuing with those individuals who were in or near the Embassy Room at the Ambassador Hotel during the evening of June 4-5, 1968. Several have

mh

been located who were witnesses to the shooting of Senator Robert F. Kennedy and who positively identify Sirhan Bishara Sirhan as the individual who fired the shots at Senator Kennedy. This phase of our investigation is being exhaustively pursued.

According to information furnished by ambulance attendant Max Alma Behrmann, after responding to the call at the Ambassador Hotel, a distraught Mrs. Kennedy attempted to keep him from assisting the Senator stating "Keep your hands off him, I'm Mrs. Kennedy." As the Senator was placed in an ambulance, an argument ensued between Behrmann and Mrs. Kennedy as to who would accompany the ambulance and again, according to Behrmann, when he questioned Mrs. Kennedy while en route to the hospital as to what had transpired, she stated "I don't give a damn what you say," grabbed his record book and threw it out of the ambulance. Upon noting the Senator was having difficulty breathing and thereafter trying to assist him, Behrmann was told by Mrs. Kennedy "You keep your dirty filthy hands off my husband," and she struck him on the right side of his face stunning him. He further recalls Mrs. Kennedy called to a male associate who was sitting in the front seat to "Come back here and throw this ambulance man out; he's bothering me; he's asking too many questions."

It was further reported by a witness at the hospital that upon arrival there Mrs. Kennedy grabbed a camera from a newsman, knocking it to the floor, and she also swung at the newsman hitting him in the chest area. Senator Kennedy's bodyguard then jumped over the stretcher and punched the newsman in the face.

Of possible significance is the fact that among items found on Sirhan's person when taken into custody was a newspaper article by David Lawrence captioned "Paradoxical Bob" and highlighting the fact that while Kennedy vigorously opposes the war in Vietnam, he has nevertheless recommended full assistance to Israel "with arms if necessary" to meet the threat of the Soviets.

In addition, whereas press reports claim Rafer Johnson, Olympic champion, and Roosevelt Grier, professional football player, subdued the assailant, investigation reveals the first to reach the assailant were two hotel employees. They then were assisted by Grier and Johnson.

ASSASSINATION OF SENATOR
ROBERT F. KENNEDY

ROBERT SMITH See 116-1-23-4020

On June 9, 1968, Detective Dale Buehler, Area One Homicide, Chicago Police Department, advised that on Saturday, June 8, 1968, at approximately 10:00 AM, two male Negroes, subsequently identified as Robert Smith, also known as Yaree Ameer, and his half-brother Michael Walton, entered Supreme Grocery Store, 343 East 51st Street, Chicago, and without any warning shot the owner of the store who was bent over arranging a display in the store. Three witnesses observed Smith and Walton enter the store, approach the owner, and without uttering a sound fire two shots from a .38 caliber revolver, striking the head of Abder Rayyan, described as a male Arab, age 51, alien from Jordan, who has been in the United States for five years. He died fifteen minutes later. Detective Buehler further advised that an Aaron Meyers is being held as a material witness, inasmuch as he drove the car which carried Smith and Walton both to and away from the scene of the murder.

A confidential source, who has furnished reliable information in the past, advised on September 21, 1967, that Smith, using the alias of Yaree Ameer, is the acting director of the Chicago Branch of the Student Non-Violent Coordinating Committee (SNCC).

A characterization of SNCC is attached hereto. Sources utilized in this characterization have furnished reliable information in the past.

According to the arrest records of the Chicago Police Department, Smith has been arrested a number of times for burglary, aggravated battery, robbery and purse snatching, inciting a riot and rape.

ASSASSINATION OF SENATOR
ROBERT F. KENNEDY

ROBERT SMITH

On June 10, 1968, local Chicago radio stations, in reporting of the killing of Abder Rayyan, of Jordanian nationality, indicated that the motive for the killing might be one of revenge or a demonstration of emotion by the Negro assailants over the assassination of Senator Robert F. Kennedy by the Jordanian Arab national. One newscast stated that Aaron Lee Meyers, mentioned above as being held as a material witness, has been charged with murder and two other male Negroes were being sought.

On June 10, 1968, Detective Dale Buehler, Area One Homicide, Chicago Police Department, advised Aaron Lee Meyers had not been charged with murder but was being held as a material witness. He further stated that warrants have been issued for both Robert Smith and his half-brother, Michael Walton, charging them with murder.

On June 11, 1968, Sergeant John Mc Mahon, Area One Homicide, Chicago Police Department, advised that the whereabouts of Smith and Walton are unknown at this time and intensive investigation is being conducted to locate these persons.

On June 12, 1968, Sergeant Mc Mahon advised that Smith and Walton are still being sought for the murder of the grocery store owner. Furthermore, a warrant has been issued on June 12, 1968, for Sally Miller, described as a female Negro, who also was reportedly in the vehicle which carried Smith and Walton to and away from the scene of the crime.

ROBERT SMITH AND MICHAEL WALTON SHOULD BE CONSIDERED ARMED AND DANGEROUS.

STUDENT NONVIOLENT COORDINATING COMMITTEE

Literature distributed by the Student Nonviolent Coordinating Committee (SNCC), headquartered at 360-362 Nelson Street, S.W., Atlanta, Georgia, describes itself as not being a membership organization, but rather an agency attempting to stimulate and foster the growth of local protest movements. SNCC was born out of the sit-in movement which erupted across the South beginning on February 1, 1960. A conference at Raleigh, North Carolina, that Spring, brought together many of the demonstrating Southern students in a loose network of militant youth which was officially named SNCC in October, 1960.

A source has advised that in May, 1966, Stokely Carmichael was elected National Chairman by the Central Committee. In May, 1967 Carmichael was replaced as Chairman by H. Rap Brown, with Carmichael assuming the position of Recruiter and Organizer for the SNCC. In August, 1967, at the invitation of Fidel Castro, Carmichael participated in the Organization of Latin American Solidarity Conference which was held in Havana, Cuba. Subsequent thereto, Carmichael traveled to Hanoi and other sections of North Vietnam. He returned to the United States in December, 1967, at which time his passport was picked up because of travel to unauthorized countries.

A source advised that when Carmichael was elected Chairman of SNCC, the organization embarked on a program of eliminating Caucasians from its ranks. With the election of H. Rap Brown as Chairman in 1967, it embarked on a worldwide struggle for human rights and to take a firm stand against violations of these rights by the American Government and to strengthen its programs of opposition to the draft and to the United States involvement in Vietnam.

Literature distributed in February, 1968, identifies SNCC as an organization in the revolutionary vanguard. It advocates that to be successful it is necessary to develop a revolutionary ideology and revolutionary program.

On August 13, 1967, while addressing a group in the Watts area of Los Angeles, California, H. Rap Brown said "You better shape up America, or we'll burn you down." Later in February, 1968, in a publicized note Brown wrote, "America, if it takes my death to organize my people to revolt against you and to organize your jails to revolt against you and to organize your children, your God, your poor, your country, and to organize mankind to rejoice in your destruction and ruin, then here's my life."

Dear Mr. Stephan:

The Attorney General has asked me to thank you for your letter of June 12.

You have misquoted Mr. Clark. He has never stated that the assassinations of Senator Kennedy and Dr. King were each the work of one man. He has stated that there is no evidence in either case of the involvement of more than one man.

This is still true.

Dear Mr. Attorney General,

the assination of Robert Kennedy was the work of "one man" - Now, How in God's name do you know? your batting average is .000 - I thought you'd have learned after M.L. King's assination to keep quite. (overwhelming opinion and evidence says it was a conspiracy) the prediction of "early apprehension" of King's assassin (in spite of your personal charge of the efforts) was two months premature - and it was Scotland yard's fine efforts - not yours that succeeded. How can you continue to make a mockery of such a high office. once again I respectfully request that you step down from this job - and keep quiet until then. your prompt attention to this suggestion is warranted

Dear Mr. Myosky:

President Johnson has asked me to reply to your letter of June 12, 1968 and to assure you that the views expressed therein have been duly noted.

As I am sure you can appreciate, Federal law has only a remote relationship to the divorce question. The determination of governmental policy in this area is a matter primarily within the jurisdiction of the several states. It is accordingly suggested that you may wish to make your views known to your state legislative representatives.

Your concern in writing to the President is appreciated.

Dear Sir.

The enclosed news item has prompted me to write this letter

I'v heard the person who shot Sen. Robert Kennedy was a product of the divorce courts.

Acts of violence - men in divorce action - Lorain County, Ohio.

① man shoots wife only injured Avon Lake O

② man shoots wife's lover in bed - Sheffield Lake, Ohio - Now in Ohio Penn.

③ man cuts self, dies - leaving wife and 5 children - Reason - unreasonable support

④ - man sits on bridge Cleveland Ohio - comes down - Reason - wife fileing divorce action - from Avon Ohio - Lorain County.

These are only a few acts of violence which occure due to divorce action in Lorain County Ohio.

By now you guessed it I'm involved in a divorce - action -

II.

True facts and figures-

Thousands of persons from New York, Pennsylvania - come into Ohio for their divorce - Reason their State will not grant them one.

Ohio divorce laws too easy - The Lawyers have a sweet Racket going. Only 1 in 20 will attempt to prevent a divorce - Reason - If? A couple goes back together they only get a small fee, in reading some of Ohio divorce laws the courts make a special point that the lawyers are paid, regardless of the mans ability to pay.

Judge Webber - Lorain County - Domestic Relation Courts - has his own set of Rules - No court hearing will be set unless there is an agreement, so a man has No chance for a trial. A divorce decree is always written before

III

The hearing - All he does is listen to the wife's side - and sign the papers and the divorce is granted. A man in Ohio possible other states has no rights - A dog has more laws protecting it than a man involved in a divorce action.

According to various news items everyone is concerned with the alarming divorce rate, but No one attempts to prevent one.

Why are laws passed and investigated only when a prominent person is involved? Going back quite a few years, "Lindberg Kidnap act" strong laws passed to try and prevent this type of violence.

A complete federal investigation should be made into Ohio's sweet divorce racket.

Thank you.

Stephen Myusky - 2408 Tiffin Ave

Find Violence Cause, New Commission Told

WASHINGTON (UPI) — The pressing questions have been posed.

Now comes the difficult part: Determining whether there is "something in the environment of American society" that produces violence.

That in essence was the assignment Presidest Johnson handed yesterday to his new 10 - member National Commission on the Causes and Prevention of Violence.

AT A WHITE HOUSE meeting with the members, the President signed an executive order giving the panel its official title, providing it with money and a staff, and giving it a year to report back on its findings and suggested remedies.

Johnson announced creation of the commission last Wednesday after the shooting of Sen. Robert F. Kennedy in Los Angeles. While that act was not mentioned at the meeting, the President's clear mandate was to determine whether there are basic flaws in the American way of life which give rise to such political murder.

Flanked at either end of the Cabinet room by bronze busts of two assassinated presidents, John F. Kennedy and Abraham Lincoln, Johnson urged the members to make a "penetrating search" that will benefit not only America but other countries at a time when violence is an "international phenomenon."

BEGINNING WITH Chairman Milton S. Eisenhower, president emeritus of Johns Hopkins University and brother of former President Eisenhower, Johnson went around the table extracting from each member promises to go to work immediately without prejudging the issues.

Johnson suggested the commission explore, among other things, these questions:

—"Is there something in the environment of American society or the structure of our institutions that causes disrespect for the law, contempt for the rights of others and incidents on violence? If there is, how can we correct it?

—"Has permissiveness toward extreme behavior in our society encouraged an increase in violence?

ASSASSINATION OF
SENATOR ROBERT F. KENNEDY
LOS ANGELES, CALIFORNIA

Investigation is continuing in order to develop full background information concerning Sirhan Bishara Sirhan as well as that of members of his immediate family and associates.

With respect to a previous statement attributed to Mayor Samuel W. Yorty, Los Angeles, California, as reported by the news media on June 6, 1968, alleging Sirhan was associated with the W. E. B. DuBois Clubs of America, and a vehicle registered to Sirhan's brother, Adel, was observed on January 16, 1966, in the vicinity of Baces Hall, 1528 North Vermont, Los Angeles, California, where a meeting sponsored by that organization was being held, information has been developed indicating Adel Sirhan had previously been employed as a musician at the Fez Restaurant, 1508 North Vermont, adjacent to Baces Hall. Full details are being developed with respect to this phase of our investigation.

On June 9, 1968, a United Press International release datelined Cairo made reference to the arrest of one Soliman Sirhan by Iraqi authorities as an Israeli spy alleging he was a brother of Sirhan Bishara Sirhan. Sirhan's mother, during an intensive interview by FBI Agents on June 10, 1968, volunteered she had heard this newscast and stated she has only five sons, Sirhan, Munir, Sharif, Adel and Saidallah, none of whom are living outside the United States. The individual to whom the United Press International referred was unknown to her.

Interviews are continuing with those individuals who were in or near the Embassy Room at the Ambassador Hotel during the evening of June 4-5, 1968. Several have

been located who were witnesses to the shooting of Senator Robert F. Kennedy and who positively identify Sirhan Bishara Sirhan as the individual who fired the shots at Senator Kennedy. This phase of our investigation is being exhaustively pursued.

According to information furnished by ambulance attendant Max Alma Behrmann, after responding to the call at the Ambassador Hotel, a distraught Mrs. Kennedy attempted to keep him from assisting the Senator stating "Keep your hands off him, I'm Mrs. Kennedy." As the Senator was placed in an ambulance, an argument ensued between Behrmann and Mrs. Kennedy as to who would accompany the ambulance and again, according to Behrmann, when he questioned Mrs. Kennedy while en route to the hospital as to what had transpired, she stated "I don't give a damn what you say," grabbed his record book and threw it out of the ambulance. Upon noting the Senator was having difficulty breathing and thereafter trying to assist him, Behrmann was told by Mrs. Kennedy "You keep your dirty filthy hands off my husband," and she struck him on the right side of his face stunning him. He further recalls Mrs. Kennedy called to a male associate who was sitting in the front seat to "Come back here and throw this ambulance man out; he's bothering me; he's asking too many questions."

It was further reported by a witness at the hospital that upon arrival there Mrs. Kennedy grabbed a camera from a newsman, knocking it to the floor, and she also swung at the newsman hitting him in the chest area. Senator Kennedy's bodyguard then jumped over the stretcher and punched the newsman in the face.

Of possible significance is the fact that among items found on Sirhan's person when taken into custody was a newspaper article by David Lawrence captioned "Paradoxical Bob" and highlighting the fact that while Kennedy vigorously opposes the war in Vietnam, he has nevertheless recommended full assistance to Israel "with arms if necessary" to meet the threat of the Soviets.

In addition, whereas press reports claim Rafer Johnson, Olympic champion, and Roosevelt Grier, professional football player, subdued the assailant, investigation reveals the first to reach the assailant were two hotel employees. They then were assisted by Grier and Johnson.

SUMMARY RE FEMALE IN POLKA DOT DRESS

DEPARTMENT OF JUSTICE
JAN 22 1969
R.A.C.
RECORD

SANDRA SERRANO, AGE TWENTY, INTERVIEWED BY SANDOR VANOCUR, NBC NEWS, APPROXIMATELY ONE AND ONE-HALF HOURS AFTER KENNEDY SHOOTING. AUDIO TAPE OBTAINED. DURING TV INTERVIEW SERRANO CLAIMED TO HAVE SEEN WOMAN AND MAN COMING DOWN STAIRS SHORTLY AFTER SHOOTING AND THE WOMAN SAID, "WE SHOT HIM - WE SHOT HIM." SERRANO CLAIMED SHE ASKED "SHOT WHO?" AND WOMAN SAID "SENATOR-KENNEDY". SERRANO CLAIMED WOMAN WORE WHITE DRESS WITH BLACK POLKA DOTS.

SERRANO SUBSEQUENTLY CLAIMED TO BE SITTING ON FIRE ESCAPE STEPS OUTSIDE AMBASSADOR BALLROOM. AMBASSADOR HOTEL HAS A NUMBER OF BALLROOMS AND BANQUET ROOMS, EACH OF WHICH HAS DIFFERENT NAME AND LOCATION IN HOTEL. EMBASSY BALLROOM, WHERE KENNEDY APPEARED, IS ON SECOND FLOOR IN RELATION TO FRONT ENTRANCE OF HOTEL.

END PAGE ONE

file w/c

DIRECTLY BELOW THAT BALLROOM ON FIRST FLOOR IS AMBASSADOR BALLROOM. VICTIMS WERE SHOT IN KITCHEN AREA LOCATED ON NORTH SIDE DIRECTLY OFF EMBASSY BALLROOM. SERRANO CLAIMS SHE WAS SITTING OUTSIDE OF BUILDING ON FIRE ESCAPE STEPS LOCATED ON FLOOR BELOW ON SOUTH SIDE OF AMBASSADOR BALLROOM. AT TIME OF SHOOTING ABOUT ELEVEN HUNDRED PERSONS WERE IN EMBASSY BALLROOM AND APPROXIMATELY SIXTEEN HUNDRED IN AMBASSADOR ROOM. IN ADDITION A BAND WAS PLAYING IN AMBASSADOR ROOM AND TV SETS WERE STATIONED THROUGHOUT AMBASSADOR ROOM TO ENABLE KENNEDY SUPPORTERS TO VIEW HIS VICTORY SPEECH IN EMBASSY ROOM ABOVE.

SERRANO CLAIMED SHE SAT ON STEPS APPROXIMATELY ELEVEN THIRTY PM AND FEW MOMENTS LATER, TWO MEN AND A WOMAN WALKED UP STEPS PAST HER TO EMBASSY BALLROOM. SERRANO'S OPINION WAS THAT THESE PEOPLE WERE POSSIBLY TOGETHER SINCE WOMAN SAID "EXCUSE US" AND THEY WALKED PAST HER IN GROUP. SERRANO STATED SHE DID NOT KNOW IF ONE MAN AND WOMAN WERE TOGETHER AND THE ADDITIONAL MAN MERELY WALKED IN WITH THEM COINCIDENTALLY OR IF ALL THREE WERE TOGETHER. ACCORDING TO SERRANO, APPROXIMATELY TWENTY-FIVE MINUTES LATER, SHE HEARD WHAT SHE THOUGHT TO BE SIX CAR BACKFIRES OR SHOTS. ACCORDING TO AUDIO TAPE OF TV INTERVIEW WITH VANCOUR, NBC NEWS, SERRANO MADE NO MENTION OF

END PAGE TWO

EITHER HEARING CAR BACKFIRES OR SHOTS JUST PRIOR TO THE WOMAN COMING DOWN THE STAIRS.

ABOUT THIRTY SECONDS AFTER BACKFIRES OR SHOTS SAW WOMAN AND ONE OF THE MEN RAN DOWN OUTSIDE FIRE ESCAPE STAIRS PAST HER. SERRANO CLAIMS DOES NOT KNOW WHERE THEY WENT OR IN WHAT DIRECTION. SHE IS UNABLE TO SHED LIGHT AS TO WHETHER THEY RAN TOWARD PARKING LOT, BACK INTO HOTEL AT ANOTHER ENTRANCE, OR IF THEY RAN TO ATTEMPT TO CONTACT POLICE DEPARMENT OR CALL AN AMBULANCE. WOMAN YELLED IN PASSING AS SET OUT ABOVE. SERRANO INSISTS WOMAN USED WORD "WE" RATHER THAN WORDS "HE" OR "THEY". ALTHOUGH INSISTING WORD WAS "WE" SHE STATES "WE" COULD HAVE MEANT WE AS A GROUP, OR WE AS SOCIETY IN GENERAL. SERRANO CLAIMS NOT TO HAVE SEEN DIRECTION WOMAN AND MAN RAN AFTER PASSING HER SINCE SHE LOOKED BACK UP STEPS, SAW NOTHING, AND THEN WALKED BACK INTO HALLWAY AREA OF AMBASSADOR BALLROOM. JUST INSIDE, SHE ASKED UNIFORMED GUARD IF IT WAS TRUE THAT SENATOR KENNEDY HAD BEEN SHOT. ACCORDING TO SERRANO, GUARD ACCUSED HER OF HAVING TOO MUCH TO DRINK, ALTHOUGH SHE CLAIMS TO HAVE HAD ONLY ONE DRINK. SHE THEN ASKED A GROUP OF FIVE OR SIX PEOPLE IF IT WAS TRUE. SHE HEARD ONLY A COUPLE OF COMMENTS FROM THE GROUP, ONE BEING "YOU'RE CRAZY" AND THE OTHER BEING

THE EXPRESSION "OH MY GOD."

FOURTEEN AMBASSADOR SECURITY GUARDS INTERVIEWED TO DATE, AND NO GUARD LOCATED WHO RECALLS THIS INCIDENT OR ASSIGNED DOORS TO THESE STAIRS. ONE ADDITIONAL GUARD WHO HAS BEEN UNAVAILABLE TO DATE IS BEING LOCATED FOR INTERVIEW.

AFTER SPEAKING TO ABOVE GROUP, SERRANO CLAIMS SHE LOCATED PUBLIC TELEPHONE TO CALL PARENTS IN OHIO, TO TELL THEM OF SHOOTING. SHE ESTIMATED CALL MADE APPROXIMATELY TWELVE FIFTEEN AM (PDT). CANNOT RECALL IF SHE PAID FOR CALL OR IT WAS COLLECT DUE TO FACT SHE WAS EXTREMELY UPSET AND EMOTIONALLY DISTRAUGHT. SERRANO WAS ASKED WHY SHE MADE LONG DISTANCE CALL TO PARENTS WHEN FACT THAT SENATOR KENNEDY HAD BEEN SHOT WAS NOT CONFIRMED BY HER. SHE EXPLAINED THAT BASED ON EXPRESSION ON FACE OF WOMAN SHE SAW, SHE WAS CONVINCED THAT IT HAD HAPPENED. SERRANO ADMITS TO NEAR COMPLETE HYSTERIA AT TIME AND UNABLE TO ADEQUATELY EXPRESS WHAT SHE THOUGHT SHE HAD SEEN. PACIFIC TELEPHONE COMPANY RECORDS REFLECT COLLECT TELEPHONE CALL MADE AT TWELVE THIRTY-SEVEN AM FROM PUBLIC PHONE AT AMBASSADOR HOTEL TO LORAIN, OHIO, SERRANO'S PARENTS' PHONE.

END PAGE FOUR

MANUEL AND AMPARIO SERRANO, LORAIN, OHIO, PARENTS OF SANDRA SERRANO, ADVISED SHE TELEPHONICALLY CONTACTED THEM AT APPROXIMATELY SIX PM (EDT) JUNE FOUR LAST TO CONGRATULATE HER BROTHER UPON HIS GRADUATION FROM HIGH SCHOOL. SHE CALLED AGAIN AT TEN THIRTY PM (PDT) STATING SHE WAS AT KENNEDY CAMPAIGN HEADQUARTERS AND KENNEDY WAS GOING TO WIN CALIFORNIA PRIMARY ELECTION. SANDRA THEN CALLED MOTHER COLLECT APPROXIMATELY THREE THIRTY AM (EDT) (TWELVE THIRTY PDT) JUNE FIVE LAST AND, ACCORDING TO MOTHER, WAS HYSTERICAL. SANDRA TOLD MOTHER SENATOR KENNEDY HAD BEEN SHOT, BUT DID NOT KNOW WHETHER KENNEDY WAS DEAD AND STATED HE HAD BEEN SHOT AFTER HIS SPEECH. MOTHER SAID SANDRA WAS HYSTERICAL DURING ENTIRE TELEPHONE CONVERSATION AND UNABLE TO RECALL SANDRA MENTIONING ANYTHING ABOUT OBSERVING ANYONE CONNECTED WITH SHOOTING. MOTHER CLAIMED SANDRA KEPT REPEATING, "WHY WOULD THEY DO ANYTHING LIKE THIS. HE WAS SUCH A GOOD MAN." SANDRA ASKED TO SPEAK TO HER FATHER, BUT HE DECLINED SINCE HE WAS TOO UPSET AFTER HEARING OF SHOOTING. SANDRA AGAIN CALLED MOTHER APPROXIMATELY EIGHT AM (EDT) JUNE FIVE LAST, AND AT THIS TIME ACCORDING TO MOTHER STATED SHE HAD BEEN ON "TERRACE" AT AMBASSADOR HOTEL PRIOR TO SENATOR KENNEDY'S SPEECH AND HAD SEEN TWO MEN AND A WOMAN AND DESCRIBED THE MEN

END PAGE FIVE

AS MEXICAN-AMERICAN AND THE GIRL AS WHITE. AFTER SMOKING, SHE TOLD MOTHER SHE OBSERVED ONE OF THE MEN AND THE SAME GIRL RUNNING PAST HER DOWN OUTSIDE FIRE ESCAPE STAIRS. ACCORDING TO MOTHER, SHE DID NOT ELABORATE FURTHER NOR DID SHE FURTHER DESCRIBE THESE INDIVIDUALS. PARENTS DESCRIBED SANDRA AS "GOOD GIRL WHO DOES NOT SMOKE OR DRINK, LEVEL HEADED AND MENTALLY AND EMOTIONALLY MATURE." SHE GRADUATED FROM LORAIN HIGH SCHOOL MAINTAINING C PLUS AVERAGE. SHE WENT TO LIVE WITH AUNT AND UNCLE IN ALTADENA, CALIFORNIA, IN JANUARY OR FEBRUARY, SIXTY-SEVEN AND EMPLOYED BY INSURANCE COMPANY IN LOS ANGELES.

ON JUNE SEVEN LAST, SERRANO TAKEN TO AMBASSADOR HOTEL TO REENACT INCIDENT DESCRIBED BY HER. SHE LOCATED OUTSIDE FIRE STAIRS SHE CLAIMS TO HAVE SAT ON. THESE ARE METAL FIRE STAIRS RUNNING ALONG SOUTH SIDE OF BUILDING AND ONE FLOOR BELOW EMBASSY BALLROOM. MIDDLE PART OF THE STAIRS HAVE FIRE DOORS LEADING INTO THE AMBASSADOR BALLROOM AND TOP OF THE STAIRS LEAD TO FIRE DOORS ENTERING EMBASSY BALLROOM WHERE KENNEDY GAVE SPEECH. BOTTOM OF THE STEPS LEAD TO SERVICE PARKING AREA.

PERTINENT TV FILM COVERAGE MADE AVAILABLE TO SERRANO. SHE OBSERVED NO ONE SHE FELT RESEMBLED MEN OR WOMAN SHE SAW ON STAIRWAY.

END PAGE SIX

SERRANO DESCRIBED WOMAN AS WHITE FEMALE, TWENTY-THREE TO TWENTY-FIVE YEARS, FIVE FEET SIX INCHES, MEDIUM BUILD, ONE TWENTY-FIVE POUNDS, DARK BROWN HAIR, EAR LENGTH (BOUFFANT STYLE), WORE WHITE VOILE DRESS WITH QUARTER-INCH BLACK POLKA DOTS ABOUT ONE AND ONE-HALF INCHES APART. SHE WORE BLACK SHOES, NO PURSE, DID NOT WEAR GLASSES AND CARRIED NOTHING IN HER HANDS. SERRANO CLAIMED THIS WOMAN HAD A "FUNNY NOSE" WHICH SHE DESCRIBED AS THE "BOB HOPE" TYPE AND FELT SHE COULD IDENTIFY HER AGAIN. SHE DESCRIBED MALE INDIVIDUAL SHE SAW GOING UP AND DOWN STAIRS AS WHITE MALE (LATIN EXTRACTION), FIVE FEET FIVE INCHES, TWENTY-ONE TO TWENTY-THREE YEARS, OLIVE COMPLEXION, BLACK HAIR, LONG AND STRAIGHT HANGING OVER HIS FOREHEAD AND NEEDING A HAIRCUT. HE WORE DARK PANTS, LIGHT SHIRT AND GOLD OR YELLOW CARDIGAN TYPE SWEATER. NO GLASSES NO HAD NOTHING IN HIS HANDS. SHE WAS NOT SURE IF SHE COULD IDENTIFY THIS MAN AGAIN. SERRANO DESCRIBED OTHER MALE, WHOM SHE SAW ONLY GO UP THE STAIRS, AS A WHITE MALE (MEXICAN-AMERICAN) ABOUT TWENTY-THREE YEARS, FIVE FEET THREE INCHES, CURLY, BUSHY HAIR, WEARING LIGHT COLORED CLOTHES. SHE SAID AFTER SEEING PICTURE OF SIRHAN IN NEWSPAPERS AND POLICE DEPARTMENT PHOTOGRAPHS JUNE SIX LAST SHE FELT CERTAIN SIRHAN WAS IDENTICAL TO THIS PERSON.

END PAGE SEVEN

VINCENT DE PIERRO, WHO WAS NEXT TO SENATOR KENNEDY WHEN KENNEDY SHOT, CLAIMED TO HAVE SEEN A WOMAN IN WHITE POLKA DOT DRESS STANDING NEXT TO SIRHAN IN KITCHEN AREA BEFORE SIRHAN SHOT KENNEDY.

SIX POLKA DOT DRESSES SIMILAR TO EACH OTHER OBTAINED AND PLACED WITH POLKA DOT DRESS OBTAINED FROM FRIEND OF SANDRA SERRANO WHICH SERRANO BELIEVES SIMILAR TO ONE OBSERVED AT HOTEL. SERRANO SAID POLKA DOT DRESS WORN BY THE WOMAN SHE SAW AT HOTEL WAS "JUST LIKE" DRESS HER FRIEND HAD EXCEPT HER FRIEND'S DRESS WAS SLEEVELESS AND THE DRESS WORN BY THE WOMAN SHE SAW HAD THREE-QUARTER LENGTH SLEEVES. THESE SEVEN DRESSES WERE HUNG IN A ROW AND SEPARATE VIDEO TAPE RECORDINGS MADE OF BOTH DE PIERRO AND SERRANO AS EACH PICKED OUT TYPE POLKA DOT DRESS OBSERVED BY THEM AT HOTEL AND EXPLAINED WHY OTHER DRESSES DID NOT FIT. DE PIERRO AND SERRANO VIEWED THE DRESSES SEPARATELY AND WERE UNAWARE OF WHICH DRESS THE OTHER HAD SELECTED. VIDEO TAPE RECORDING ARRANGED BY LOS ANGELES COUNTY DEPUTY DISTRICT ATTORNEY JOHN HOWARD, WHO WILL BE PROSECUTING SIRHAN SIRHAN. DE PIERRO WAS VERY DEFINITE IN PICKING OUT POLKA DOT DRESS THAT WAS SLEEVELESS, HAD LOW CUT NECK, LARGE POLKA DOTS, WHEREAS SERRANO WAS DEFINITE IN PICKING OUT THREE-QUARTER LENGTH SLEEVES,

END PAGE EIGHT

HIGH TOP NECK LINE AND SMALL POLKA DOTS. DUE TO COMPLETE CONTRAST AND DEFINITE VIEWS OF EACH WITNESS, HOWARD STATED HE IS CONVINCED THAT WOMAN SERRANO CLAIMS TO HAVE SEEN ON THE STAIRWAY WAS DEFINITELY NOT SAME WOMAN DE PIERRO CLAIMED TO HAVE SEEN NEXT TO SIRHAN BEFORE SHOOTING. WM. GARDNER, DIRECTOR OF SECURITY, AMBASSADOR HOTEL, WHO WAS PRESENT IN EMBASSY ROOM AND AMBASSADOR ROOM NIGHT OF SHOOTING, ADVISES AT LEAST THIRTY FEMALES WERE IN CROWD WEARING WHITE DRESS WITH BLACK POLKA DOTS. FOR INFO BUREAU, HOWARD NOTED IT WOULD HAVE BEEN PHYSICALLY IMPOSSIBLE FOR WOMAN ALLEGEDLY SEEN NEXT TO SIRHAN IN KITCHEN AREA BY DE PIERRO TO CROSS CROWDED BALLROOM AND EXIT DOOR WHERE SERRANO CLAIMED TO HAVE BEEN IN THIRTY SECONDS. IT IS NOTED SERRANO CLAIMS TO HAVE SEEN MAN AND WOMAN IN POLKA DOT DRESS THIRTY SECONDS AFTER HEARING WHAT SHE BELIEVED TO BE SHOTS OR CAR BACKFIRES.

SERRANO TAKEN TO LOCATION IN KITCHEN AREA OF EMBASSY BALLROOM WHERE SHOOTING OCCURRED. SHE WAS SHOWN STAGE ON WHICH SENATOR KENNEDY GAVE SPEECH AND IT WAS EXPLAINED TO HER BY DA HOWARD AND BUAGENT THERE WERE APPROXIMATELY ELEVEN HUNDRED PEOPLE IN EMBASSY BALLROOM PLUS NUMEROUS PIECES OF TV EQUIPMENT.

LA 56-156

(THE LEGAL CAPACITY FOR THIS ROOM IS SEVEN HUNDRED FIFTY PEOPLE)
SERRANO WALKED FROM STAGE ACROSS EMBASSY BALLROOM TO FIRE EXIT
AND TO STEPS SHE CLAIMED TO HAVE BEEN SITTING ON WHICH IS ONE
FLOOR BELOW. THIS DISTANCE IS APPROXIMATELY ONE HUNDRED SEVENTY
FEET FROM WHERE SHOOTING OCCURRED. WHILE ON STAGE WHERE KENNEDY
SPOKE, SERRANO ACCUSED HOWARD AND SUAGENT OF LYING TO HER AND INSISTED
THIS WAS NOT WHERE SENATOR KENNEDY GAVE HIS SPEECH. SHE CONTENDED
HE MUST HAVE BEEN ON A DIFFERENT FLOOR OF HOTEL. SERRANO,
DURING SUBSEQUENT INTERVIEW BY SUAGENTS AND DISTRICT ATTORNEYS,
WAS ASKED IF SHE STILL CLAIMED SHE HAD HEARD GUN SHOTS AFTER
SEEING LOCATION WHERE SENATOR KENNEDY WAS SHOT IN RELATION TO
WHERE SHE CLAIMED TO BE SITTING. SERRANO STATED SHE HAS NEVER
HEARD A GUN SHOT IN HER LIFE AND CLAIMED SHE HAD PREVIOUSLY
SAID SHE THOUGHT IT WAS SIX BACK FIRES AND NOT SURE IF THEY
WERE GUN SHOTS. SHE WAS ASKED WHY SHE HAD NOT TOLD HER PARENTS
IN HER TELEPHONE CALL AT TWELVE THIRTY SEVEN AM THAT SHE THOUGHT
SHE HAD SEEN SOMEONE SHE BELIEVED TO BE CONNECTED WITH THE SHOOTING.
IT WAS POINTED OUT TO HER SHE CLAIMED TO HAVE CALLED PRIOR TO

END PAGE TEN

VERIFYING THAT SENATOR KENNEDY HAD BEEN SHOT. SERRANO SAID SHE WAS UNABLE TO TALK TO FATHER AND SHE HAS ALWAYS HAD DIFFICULTY COMMUNICATING WITH HER MOTHER. THEREFORE, FACT SHE THOUGHT SHE HAD SEEN SOMEONE CONNECTED WITH SHOOTING WAS NOT MENTIONED. SHE WAS ASKED WHY IN HER INTERVIEW WITH VANCOUR SHE DID NOT SAY ANYTHING ABOUT SEEING THIS WOMAN AND TWO MEN GOING UP THE STAIRS AND ONLY TOLD ABOUT THE WOMAN AND MAN COMING BACK DOWN. IT WAS POINTED OUT TO HER THE FACT SHE CLAIMED ONE OF THE MEN GOING UP STAIRS WAS SIRHAN WAS OF SIGNIFICANCE. AT THIS POINT, SERRANO BECAME VERY EMOTIONAL, CLAIMED SHE COULD NOT EXPLAIN WHY, AND ACCUSED THOSE CONDUCTING INTERVIEW OF LYING TO HER AND TRYING TO TRICK HER. HOWARD THEN ASKED SERRANO IF SHE WOULD TAKE POLYGRAPH EXAMINATION IN EFFORT TO VERIFY WHAT SHE HAD SEEN. SHE INDICATED SHE WOULD, AND WAS THEN ASKED BY HOWARD TO RE ENACT INCIDENT SO IT MIGHT BE VIDEO TAPED TO AVOID MISUNDERSTANDING ON ANYONES PART AS TO WHAT SHE CLAIMED TO HAVE SEEN. SERRANO AGREED BUT PRIOR TO MAKING VIDEO TAPE SHE INSISTED ON HAVING SOMEONE PRESENT NOT CONNECTED WITH CASE.

END PAGE ELEVEN

SEVERAL HOTEL EMPLOYEES WERE ARRANGED FOR BY HOWARD AND REFUSED BY SERRANO FOR NO EXPLAINABLE REASON. FINALLY, TWO EMPLOYEES FROM KITCHEN WERE ACCEPTABLE TO SERRANO TO WITNESS TAPED INTERVIEW. SERRANO CLAIMED TO BE TOO UPSET TO TAKE POLYGRAPH EXAMINATION AND EFFORTS BEING MADE THIS DATE BY HOWARD TO HAVE SUCH A TEST ADMINISTERED BY LAPD.

ALL AVAILABLE PHOTOS TAKEN FROM ALL SOURCES HAVE BEEN SHOWN TO SERRANO FOR POSSIBLE IDENTIFICATION OF PERSON SHE ALLEGEDLY SAW ON THE BACK STEPS. SHE HAS NOT IDENTIFIED THE PHOTO OF THIS PERSON IN ANY OF THESE PHOTOS. LIEUTENANT CHARLES HUGHES, RAMPART STATION, LAPD, ADVISED IN HIS OPINION, BASED ON THE DISTANCE SHE WAS FROM THE SHOOTING AND IN VIEW OF THE LARGE NUMBER OF PEOPLE AND UNUSUALLY HIGH NOISE LEVEL, IT WOULD HAVE BEEN PHYSICALLY IMPOSSIBLE FOR SERRANO TO HAVE HEARD ANY SHOTS.

LAPD ISSUED APB RE WOMAN IN POLKA DOT DRESS IN AN EFFORT TO IDENTIFY SUCH A WOMAN REPORTEDLY SEEN BY SERRANO.
PUBLIC APPEALS HAVE BEEN MADE THROUGH VARIOUS NEWS MEDIA FOR THE PERTINENT WOMAN TO CONTACT THE LAPD. TO DATE LAPD REPORTS ONLY THREE HAVE COME FORWARD AND ALL THREE PUBLICITY SEEKERS AND NOT CONNECTED IN ANY WAY.

INTENSIVE INVESTIGATION CONTINUES.

ASSASSINATION OF SENATOR
ROBERT F. KENNEDY

ROBERT SMITH

On June 9, 1968, Detective Dale Buehler, Area One Homicide, Chicago Police Department, advised that on Saturday, June 8, 1968, at approximately 10:00 AM, two male Negroes, subsequently identified as Robert Smith, also known as Yaree Ameer, and his half-brother Michael Walton, entered Supreme Grocery Store, 343 East 51st Street, Chicago, and without any warning shot the owner of the store who was bent over arranging a display in the store. Three witnesses observed Smith and Walton enter the store, approach the owner, and without uttering a sound fire two shots from a .38 caliber revolver, striking the head of Abder Rayyan, described as a male Arab, age 51, alien from Jordan, who has been in the United States for five years. He died fifteen minutes later. Detective Buehler further advised that an Aaron Meyers is being held as a material witness, inasmuch as he drove the car which carried Smith and Walton both to and away from the scene of the murder.

A confidential source, who has furnished reliable information in the past, advised on September 21, 1967, that Smith, using the alias of Yaree Ameer, is the acting director of the Chicago Branch of the Student Non-Violent Coordinating Committee (SNCC).

A characterization of SNCC is attached hereto. Sources utilized in this characterization have furnished reliable information in the past.

According to the arrest records of the Chicago Police Department, Smith has been arrested a number of times for burglary, aggravated battery, robbery and purse snatching, inciting a riot and rape.

ASSASSINATION OF SENATOR
ROBERT F. KENNEDY

ROBERT SMITH

On June 10, 1968, local Chicago radio stations, in reporting of the killing of Abder Rayyan, of Jordanian nationality, indicated that the motive for the killing might be one of revenge or a demonstration of emotion by the Negro assailants over the assassination of Senator Robert F. Kennedy by the Jordanian Arab national. One newscast stated that Aaron Lee Meyers, mentioned above as being held as a material witness, has been charged with murder and two other male Negroes were being sought.

On June 10, 1968, Detective Dale Buehler, Area One Homicide, Chicago Police Department, advised Aaron Lee Meyers had not been charged with murder but was being held as a material witness. He further stated that warrants have been issued for both Robert Smith and his half-brother, Michael Walton, charging them with murder.

On June 11, 1968, Sergeant John Mc Mahon, Area One Homicide, Chicago Police Department, advised that the whereabouts of Smith and Walton are unknown at this time and intensive investigation is being conducted to locate these persons.

On June 12, 1968, Sergeant Mc Mahon advised that Smith and Walton are still being sought for the murder of the grocery store owner. Furthermore, a warrant has been issued on June 12, 1968, for Sally Miller, described as a female Negro, who also was reportedly in the vehicle which carried Smith and Walton to and away from the scene of the crime.

ROBERT SMITH AND MICHAEL WALTON SHOULD BE CONSIDERED ARMED AND DANGEROUS.

STUDENT NONVIOLENT COORDINATING COMMITTEE

Literature distributed by the Student Nonviolent Coordinating Committee (SNCC), headquartered at 360-362 Nelson Street, S.W., Atlanta, Georgia, describes itself as not being a membership organization, but rather an agency attempting to stimulate and foster the growth of local protest movements. SNCC was born out of the sit-in movement which erupted across the South beginning on February 1, 1960. A conference at Raleigh, North Carolina, that Spring, brought together many of the demonstrating Southern students in a loose network of militant youth which was officially named SNCC in October, 1960.

A source has advised that in May, 1966, Stokely Carmichael was elected National Chairman by the Central Committee. In May, 1967 Carmichael was replaced as Chairman by H. Rap Brown, with Carmichael assuming the position of Recruiter and Organizer for the SNCC. In August, 1967, at the invitation of Fidel Castro, Carmichael participated in the Organization of Latin American Solidarity Conference which was held in Havana, Cuba. Subsequent thereto, Carmichael traveled to Hanoi and other sections of North Vietnam. He returned to the United States in December, 1967, at which time his passport was picked up because of travel to unauthorized countries.

A source advised that when Carmichael was elected Chairman of SNCC, the organization embarked on a program of eliminating Caucasians from its ranks. With the election of H. Rap Brown as Chairman in 1967, it embarked on a worldwide struggle for human rights and to take a firm stand against violations of these rights by the American Government and to strengthen its programs of opposition to the draft and to the United States involvement in Vietnam.

Literature distributed in February, 1968, identifies SNCC as an organization in the revolutionary vanguard. It advocates that to be successful it is necessary to develop a revolutionary ideology and revolutionary program.

On August 13, 1967, while addressing a group in the Watts area of Los Angeles, California, H. Rap Brown said "You better shape up America, or we'll burn you down." Later in February, 1968, in a publicized note Brown wrote, "America, if it takes my death to organize my people to revolt against you and to organize your jails to revolt against you and to organize your children, your God, your poor, your country, and to organize mankind to rejoice in your destruction and ruin, then here's my life."

HE CAMPAIGNED FOR ALL LIKE AN INNOCENT SPARROW
NEVER KNOWING HIS LIFE'S PATH COULD BE SO NARROW
HE HAD JUST SPOKE SOLID TO A VICTORY THRONG
YOU AND I KNOWING HE HAD DONE NO WRONG.

WITH HIS AIDE AT HIS SIDE WALKING DOWN THE HALL
JUST TO MAKE AN EASY EXIT AWAY FROM IT ALL
AS KENNEDY AND HIS AIDE WERE HAVING A FEW WORDS
THEN OUT OF THE CROWD, PISTOL SHOTS WERE HEARD.

PEOPLE CAME RUNNING FROM UP AND BELOW
AND FOUND BOB KENNEDY ON THE HOTEL FLOOR
THEY RUSHED HIM OVER TO LOS ANGELES SICK BAY
WITH SIRENS JUST BLASTING ALL THE WAY.

TO TRY TO SAVE HIS LIFE ON THIS VERY DATE
THE DOCTORS THOUGHT IT BEST TO OPERATE
AS LIFE FOR BOB GREW DIMMER AND DIMMER
OUR HOPES SEEM TO BECOME SLIMMER AND SLIMMER.

THEN LIKE A BOLT OF LIGHTENING OUT OF THE GLOOM
AT ONE FORTY-FOUR DEATH CREPT INTO HIS ROOM
IT HAPPENS EACH TIME WITHOUT A DOUBT

Dear Mrs. Lazaneo:

President Johnson has referred to this Department your correspondence of October 17, 1968.

The strength of our nation lies in its adherence to law which protects the individual. There are many safeguards in our legal system which ensure the individual the time and opportunities to defend himself against criminal charges. Sometimes, it appears as if this is "protecting the criminal", but, in reality, it is guaranteeing his freedoms under the Constitution.

Crimes such as murder are generally within the jurisdiction of state and local authorities and the Department of Justice has the authority to intervene only in those instances where the violation of some federal criminal statute is indicated. When this is the case, this Department does, indeed, intervene to ensure that justice is carried out.

Your interest in writing to express your views and concern is appreciated.

Sincerely,

Sir

The enclosed letter is self-explanatory. I feel that there is urgency regarding the contents, and I hope you will bear with me for the fact that it is a copy. I hope also that you will feel it worth your consideration. At the time that I wrote to Attorney-General Clark - I received a copy of the Bill you had passed at that time regarding Safety in the Streets, signed by the assistant to the Attorney General. However, now as then, as my letter states, that was not what was on my mind. - No doubt, Sir, you, also have felt frustration many times as you have done your best to serve the people best.

Each administration begins with high hopes for a renewed beginning, a fine and admirable sense of dedication, from which come benefits for all of us. There are no more awesome responsibilities nor heartbreaking decisions than those solved by you as President.

There is nothing greater that I would wish for you, President Johnson, than that your solution to Vietnam were successful before you leave office.

I also hope sincerely that you might help Mr. Humphrey to combat the "pat" campaign of half truths and political "brainwashing" that Mr. Nixon is having managed for himself these days.

In closing, may I wish to Mrs. Johnson, to yourself, and to your two fine daughters every good thing with peaceful freedom and relaxation on your Texas ranch.

Altho it is expecting a great deal, I would be most grateful to know your opinions of content of my enclosed letter.

Yours very respectfully

Gladys K. Lazaneo

721 Third St.,

The Honorable George W. Milias,
Member of the Assembly, 22nd. District,
State Capitol,
Sacramento, Calif. 95814.

Sir,

This letter is to bring something to your attention that has been on my mind for a long time. Because of your record locally, and your reputation for pursuing something until results are obtained, I hope you will channel this correctly to get maximum results.

Red tape I cannot cut-the channels open to you I do not have, but I have been writing letters. The first was to Eric Sevareid, who in Look Magazine last July had three articles about "America is Pointed in the Right Direction", or some similar title in the face of the senseless assassination of Robert Kennedy. Another was to Walter Cronkite, who permitted Chicago "Boss" Daley to air his views over the network after the disaster that was the Democratic National Convention. Then to Attorney-General Ramsey Clark, when even President Johnson cried out"for God's sake, let us have liberty, but under the law". To Gov. Reagan, asking that my second letter be properly forwarded addressed to Richard Nixon when he spoke in Santa Clara; to Vice-Pres. Humphrey and Edmund Muskie to Waverly, Minn. as the campaign started. I have received one answer to all these-from Vice-Pres. Humphrey.

The immediate subject is the punishment of the assasins of Martin Luther King and Robert Kennedy. Why the innumerable delays, the careful protection of men caught with smoking guns that commit the crimes? Were circumstantial evidence involved, where the suspect might be wrongfully convicted--but these, along with the killers of Medgar Evers, the three civil rights workers buried under a construction site, the housewife, Mrs. Liuso---all the murderers tried and released with no comparable death penalty. What right has the man to live or even ask for a trial who murdered the 8 student nurses in cold blood?

Under the repeated circumstance of release of these criminals due to all the loopholes and technicalities to be found in the law, justice is so seldom done these days in the top level crimes that real justice is becoming the travesty of our time.

Delays, protection of the criminal, loopholes--these are bad enough, but how much greater compounded is the disgrace of solution when the criminal is remanded to psychiatrists-declared incompetent, unfit, insane-some excuse but so effective, to get them off for rehabilitation. Our latest in the California courts are the two who killed 3 in 3 states, left Susan Bartolome for dead; but she is going thru life without speech and totally paralysed. Now one of these fiends is called a "mental cripple". Today, (10-16-68) the other's sordid background is supposed to minimize his guilt?

The insanity or mental defective bit is the worst of all, and oddly enough continues to get our wholehearted cooperation in the courts. Our society could become saturated with these whom the optimists wish to rehabilitate. If statistics were known, how many of these, from rapists to murderers, are released for a second chance which only turns into the opportunity to repeat the offense-often more savagely than the first time? Why, in our society, do the courts permit the lives of these deviates to be so carefully treated? How long would it have taken justice to be done thru regular channels, if the peculiar, cancer-ridden little man who did not care about himself had not shot Lee Harvey Oswald? And what would the verdict have been?

None of the loopholes can be plugged at federal level--it is the responsibility of the states. But always with so much time elapsing to take the edge off of our anger and hatred--to insist on a fair trial when in my estimation no trial is deserved--meanwhile, the murdered ones are gone, and the maimed are left to struggle thru life. Are Martin Luther King and Robert Kennedy important enough to our society for justice to be done, at least in these cases, or are they to be let go scot free, or with some insignificant sentence? What became of the way some countries still handle it--punishment fits the crime, and it is carried out in kind? We just might have a far less permissive society if the culprits knew that their lives would be forfeited exactly as they killed or maimed their victims. The idea would be realistically effective; it is not sadistic.

The word, for the average citizen, Mr. Milias, is frustration-which seems to be the only recourse after the dismay, shock, and helplessness engendered by these acts. We are, also, always hopeful, awaiting a change of administration, etc. ad infinitum. We wait, to what end? Certainly not to have our feelings compounded by the inadequacies of laws or the inactivity of officialdom which seems to harbor, even nurture, the contaminating criminals, rather than eliminating them. How is our best interest served when we cater to the criminals rather than eliminating them? How many more postponements will Sirhan get--along full news coverage with pictures which maintains that the trial was postponed in order not to lock the jurors up over the holidays--since June 6 yet!

Does not the frustrated citizen, Mr. Milias, have a right to ask: "how long, Oh, Lord, how long," before the courts will eliminate all the delays that favor the criminal's life, in order to dispense punishment as fast and as final as the death or maiming that comes to those attacked?

Questions I have, but answers I do not get-until we read again that yet another of these misfits has not been sentenced to death as they should be. Where could my letter be sent to be most effective? Who is the governor of Tennessee-the state in whose custody we find James Earle Ray, who probably will be released for lack of evidence as are most of the crimes against negroes? What can you do about it in your official capacity? Since state judiciary is involved, would you please bring my letter to their attention also?

Very truly yours,

Gladys K. Lazaneo

(Mrs. Joe Lazaneo, Jr.)

NOT only do he "brainw

'Law and Order' Stand Dangerous

many are beginning to fe he is a danger to our country

By TOM WICKER
The New York Times

During a recent Richard Nixon rally at the Pacific Auditorium in Santa Monica, local policemen began urgently pushing along a group of long - haired picketers gathered outside. Whereupon these members of the witty and sassy younger generation dumbfounded them by setting up the chant:

"Raise police salaries! Raise police salaries!"

The cops can hardly rough up anybody demonstrating for that kind of goal and, in fact, the picketers were making a better point than the presidential candidate who was orating inside the packed hall. Everywhere Nixon goes, he is calling for strict law enforcement and promising that "new leadership and a new attorney general" will put a stop to crime — which, presumably, includes street demonstrations and riots.

* * *

PROBLEM — Nixon is even proclaiming himself an expert in this area, but for a man who believes himself about to become President, he really is taking dangerous political advantage of the country's undoubted concern about "crime in the streets" and "law and order." The net effect of his campaign could be to present him and his prospective new administration with a far more serious problem than the one Nixon speaks about so forcefully — and which is, to some extent, imaginary.

In Denver, on Sept. 25, as an example, he said that in Washington, D. C., "bus drivers have to carry weapons." In fact, District of Columbia law specifically prohibits them from doing so, and the D. C. Transit Company says it would fire any driver who did.

Nixon relentlessly tells his audiences that "crime" has risen nine times the population increase and three times as fast as it did in the Eisenhower administration. Whatever statistical basis there may be for these assertions, they are obviously too slick, because crime statistics, *at best, are inaccurate*, incomplete and often misleading, and cannot be employed honestly in such generalities.

* * *

GENERALITIES — Nixon offers some other vague generalities to suggest that he also would do something about the social conditions in which crime flourishes, but his primary emphasis always is on tough law enforcement. It is seldom on the improvement of police personnel, techniques, working conditions and understanding, all of which have to precede any really effective law enforcement.

Ironically, this comes at a time when real progress in improving American police work is being made, some of it under the impressive leadership of the one official Nixon never fails to attack — Attorney General Ramsey Clark. The Law Enforcement Assistance Act that Clark nursed through Congress promises even further improvements.

For example, starting salaries for the police in some major cities have edged into the $8,000 to $10,000 bracket. In many localities, educational requirements are rising. In Multnomah County, Oregon, which is mostly the city of Portland, deputy sheriffs now must have a college degree. In the past three years, more than twice as many states have made available college courses in police sciences, and more than twice as many of these courses now exist —

RICHARD NIXON
. . . Dangerous Advantage

which means at least twice as many professionally trained policemen.

In the same general period, Justice Department officials believe, far more effective police leadership at the top has been developed, at least in the major cities. The social upheavals and urban disorders of recent years have forced mayors and police commissioners to face up to their problems and to take intelligent steps to analyze and deal with them.

* * *

EASIER — Thus, as many high-ranking police and Justice Department officials see it, coping with "crime in the streets" is going to become easier in the long run — but coping with policemen may become harder in the short run. The political climate encourages some police forces to strain civil authority, and causes political leaders to be hesitant or ineffective in restraining them. Policemen obviously taking the law into their own hands in Chicago (a number of indictments will stem from current investigations) are followed, predictably enough, by off-duty policemen beating up black militants in New York City.

It is this political climate that Nixon's tough talk helps to create — although the rabid George Wallace and any number of local demagogues are far worse. Nevertheless, Nixon clearly risks making such a point of "getting tough" that his election will be interpreted by every heavy - handed policeman in the country as a license to beat up somebody — probably somebody poor, black or young, and preferably all three.

Nixon would be entitled to replace Clark but if he should do so with a hard-liner, and then follow that by substituting tough cops for President Johnson's excellent appointments to the new Law Enforcement Assistance Agency, everybody had better get a helmet.

'Maine, Braun Not Retarded'

By RICK CARROLL
Mercury Staff Writer

Tom Braun is not insane and Gene Maine is not mentally retarded, in the opinion of Dr. Walter Rapaport, former state director of mental hygiene.

He testified Wednesday as a rebuttal witness on the 31st day of the murder-rape-kidnap trial of the two Washington teenagers.

"I found no distorted mental condition or mental illness in Braun," the doctor said, adding that both Braun and Maine had, and still have, the ability to deliberate, premeditate and harbor malice.

Dr. Rapaport's opinion sparked a white-hot verbal battle which brought a stern reprimand to the 73-year-old doctor and defense counsel Merle Orchard from Judge Joseph P. Kelly.

The argument erupted over the method the doctor used to arrive at his conclusion which all but ripped to shreds the defense curtain of insanity.

"My opinion is based entirely on my examination," Dr. Rapaport said. The exmination involved questions and answers which the doctor said he interpreted by drawing on his 46 years of experience in psychiatry.

The exmination showed Braun is not a schizophrenic, he said but a sociopath.

"You didn't give Braun any psychological tests?" inquired Orchard.

"That's correct," Dr. Rapaport said.

He found "no reason" to give any psychological tests to Braun, he said.

"My diagnosis is based entirely on my examination. I showed no psychiatric disorders

Washington Post

The Soviets inflated the trea signing into a massive cerem nial affair. A large delegatio headed by Premier Alexei K sygin, flew to Prague Wedne day afternoon for the forma ties. With him were Foreig Minister Andrei Gromyko, D fense Minister Vassily Kuzne sov, who had done much of th spade work of negotiations her They were joined by no few than 15 Soviet generals.

Significantly, neither Cz choslovak President Ludvi Syoboda or Community Part leader Alexander Dubcek gree ed the delegation at the airpor nor were any Soviet flags flow there. Informed sources said th atmosphere was "cool throughout.

But later, the group wa received by Svoboda at th president's residence, Hradcany Castle. Thereupon, the signing of the treaty, negotiated piece meal over several weeks an made final Tuesday in Mosco by Czechoslovak Prime Ministe Oldrich Cernik, was signed i the spacious Cernin Palace, th office of the foreign minister.

From the Soviet side, th purpose of the exercise was obviously, to put a purporte stamp of legality on the invasion of Czechoslovakia on Aug. 20-21 and to force the victims into a public acknowledgement of th legitimacy of what was patently an illegal foreign invasion.

Hence the treaty, negotiated quite literally at gunpoint. Somewhere between 250,000 and 600,000 Russian troops are now in occupation.

Whatever troops will remain will merely serve as a reminder of the reality of Soviet intention not to let Czechoslovakia get off the Kremlin reservation again as it had, or threatened to during the eight months o Dubcek's liberalization program.

no mental illness, no illness," the doctor said.

Orchard asked if the doctor thought Braun was normal.

"I don't think he was in a normal range or he wouldn't be out shooting, robbing and raping people.

"He is not normal; what he did was not normal."

"Why," Orchard asked, "did he do it? Do you know why?"

"Yes, I know why," the doctor answered, "because he enjoyed it.

"He stole the cars because he wanted a new car. He shot the boy because he wanted to get the girl. He wanted the girl for sexual intercourse. He tried to kill the girl because she knew all about him and he wanted to get her out of the way.

"That's what I know. That's from him—and confirmed."

Dr. Rapaport went on:

"He does what he wants to because he wanted pleasure.

"God or the devil didn't order him to do it. He did it in spite of the fact he knows it's wrong.

"He's a sociopath," the doctor said, "and if a sociopath does it once he'll do it again.

"He bragged about it," Dr Rapaport said.

"Now, wait just a minute," interrupted Orchard.

"You failed to recognize remorse, isn't that closer to the truth?" he asked the doctor.

"That's correct" Dr. Rapaport said.

"Are you saying you're never wrong in your diagnosis?" Orchard asked.

The doctor exploded.

"I'll gamble everything I've got against a dime there's nothing in the record about that," he shouted.

"Are you never wrong?" Orchard asked.

"Several times I've been wrong," the doctor admitted, adding however that "most defendants withdraw their plea of insanity after getting my report."

Orchard touched another soft spot by saying, "After Dr. Rapaport reaches a conclusion, there's not much use in proceeding."

"That's not true," shouted the sputtering doctor.

Judge Kelly called a halt to the verbal tiff.

"I've sat here long enough," he said, "let's get back to the case."

Asked if he knew what the term "pseudo - psychopath" meant, the doctor reacted in scorn and said, "I've never that word."

(Braun the day before had been described by a psychologist as a "pseudo-psychopath.")

Orchard produced a copy of "Diagnostic and Statistical Manual of Mental Disorders" and started to read the definition of the term.

"That's not a Bible," the doctor interrupted.

"Anyone who'd accept it as a Bible is out of his head," he said.

"To say he (Braun) is a pseudo — I will agree with that. He has a false front."

The doctor was handed the manual published by the American Psychiatric Assn. He read the definition of the term.

"That's the first time I've ever seen that," he sniffed.

But Dr. Rapaport held to his diagnosis of Braun as a sociopath and defined the word as:

"A person who understands what behavior is and is not acceptable to society and for one reason or another will commit wrongful acts to bring profit and pleasure to prove that he is able to do something and get away with it without the presence of mentally ill concepts."

Braun, he insisted, is not mentally ill.

Earlier, under cross-examination by John Poulos, the doctor nearly proved himself a good defense witness.

"Is Maine the type of person who would take a gun and kill someone?" Poulos asked.

"In my opinion, he would not use a gun to shoot anyone for any purpose. He has the potential to shoot someone — that everyone has — but not the propensity."

"I think he has an inadequate personality but he's not mentally retarded," the doctor said.

Maine, he said, has the ability to deliberate, premeditate and harbor malice.

Bombing Pause In Vietnam Another Communist Victory

Millions of Americans undoubtedly will be cheered by the impending prospects of a bombing halt in Vietnam. Some will hopefully assume the war could grind to a halt, with no more American boys fighting and dying. Others will delight that their peacenik movement will have won its point and now there will be no more destruction raining down on their left wing friends in North Vietnam.

But there are those, including us, who look with considerable trepidation upon the proposed bombing cessation, even if it would have the bonus of warring on a smaller scale. The reason for such concern is that once again the mighty United States would be losing a war, making a waste of the some 25,000 men killed, the tens of thousands more wounded, and the $100 billion invested to ensure the freedom of the South Vietnamese, who, of course, truly would not be free from the threat of Hanoi.

MULLEN

★ ★ ★

IN THE EVENT anybody has forgot, we lost the war in Korea. We didn't win it, as could have been accomplished, we lost it by being pinned down in a stalemated armistice that requires our military presence in South Korea. We lost, because we did not crush Communist aggression as we had promised.

Instead, our national political leadership arranged a humiliating accommodation with a bush league Communist outpost that stripped us naked of our integrity before the world.

And now the Communists are nearing repetition of the degradation by luring us into another rapprochement in Vietnam. From the outset, Ho Chi Minh set the terms for our further discomfiture: end all bombing and include the Viet Cong in the truce negotiations in the form of the National Liberation Front.

As much as anybody else, we want to see the fighting end. We, too, yearn for days of peace when our young men can have normal lives and our country can go about its business in science and education and improving the lot of the less fortunate.

★ ★ ★

HOWEVER, such desires are to be thwarted or retarded by the evident terms for suspended war in Vietnam.

There was a lesson in Korea, but it has been ignored by our leaders. Communists do not expect us to conquer them and place their territory under military occupation. But they do know that we will attempt to negotiate a peace and will be tolerant almost beyond human endurance to that end.

The hundreds of meetings between the truce teams at Panmunjom, some of which amounted to nothing more than entering the room of the peace hut in the Demilitarized Zone and glaring in silence across the table, set the pattern of the political strategy in a no-win policy.

The pattern also includes the divided nation, as in Korea and in Vietnam; the Demilitarized Zone repeatedly violated by the Communists, and the terrorist attacks in territory under our jurisdiction, not to forget the calculated provocations such as the USS Pueblo.

Our destiny in Vietnam, we fear, is one more Lilliputian strand to hold us prone against Communist salami-style world aggression.

As noted before, we are pinned down in Korea with military and economic commitments.

Our presence is required in Western Europe because of the Russian threat.

★ ★ ★

WE ARE LOCKED in West Berlin because there has been no formal settlement of World War II — once again because of a Communist-divided nation, Germany.

And Cuba is poised at a shaft aimed at our underbelly and the Western Hemisphere.

Thus, it must follow to wonder where the next pressure point will emerge.

Perhaps it may be in the Middle East. Or in Africa. Possibly in a new confrontation in West Berlin over closing the Autobahn; or at The Wall.

Maybe the thrust will be in Panama. But it could be in Thailand to consolidate Southeast Asia for the Reds with Burma, Sumatra or Indonesia in the line of march for Communist attack.

Any of these can be the cost of an uneasy peace in Vietnam, as that war was the price we paid for our failure in South Korea.

Mr. M. M. Rudolph

Liverpool, New York 13088

Dear Mr. Rudolph:

This is in reply to your correspondence of October 7, 1968, concerning the trial of the alleged slayer of Senator Robert F. Kennedy, Sirhan B. Sirhan.

As you know, the confinement of witnesses is both for their own protection and to ensure that the judicial processes may be properly carried out. Although this is an inconvenience for the persons involved, it is often necessary. A citizen's desire to provide information he possesses in spite of personal inconvenience is of great importance to our judicial system.

As for the frequent postponement of trials, this is also a method of ensuring justice. If an attorney has good cause in the eyes of the court for postponement, it is granted with the view that justice may more properly be carried out. The objective of the court in such cases is to enable all persons fair treatment under due process of law.

Your interest in writing to express your views is appreciated.

Dear Sir,

This letter is being written in reference to the case of the accused assassin of our late Senator Robert F. Kennedy. Crim. Div. 10/18/68

Sirhan B. Sirhan's lawyers have stalled enough and have had more than enough time to prepare his case. It is not fair to confine the witnesses to Robert F. Kennedy's tragic assassination any longer. Some of these people cannot stand to be confined even if it is for their own protection. If their pictures were not shown on T.V. along with their names mentioned, perhaps there would be no need to confine them. If they request to be released, and to our knowledge one has and is out on bail, their lives are in jeopardy. As long as the trial of Sirhan continues to be postponed which could go on for months or longer, at the rate things are going, there may never be a trial. Why? Because more witnesses will want to be out of confinement, and by the time every thing is settled and Sirhan's lawyer's are finally prepared, the trial may never come to be. Once again, why? Because there may be no witnesses alive, perhaps the evidence may be destroyed. The members of any anti American group may find a way to reach Sirhan so he will not be able to talk and also the witnesses as well as the evidence. Impossible, no it is not. It did happen before. There were ten witnesses willing to testify after the assassination of our late President John F. Kennedy. They were willing to tell every thing they saw and knew about the tragedy. They are all dead and not by natural causes. There were other witnesses who were approached and threatened. They feared for their safety and those of their loved ones, too frightened to speak to anyone concerning the assassination.

If you wish to check or review the as there is to much to add on this subject, refer to the February, 1967 issue of Cosmopolitan magazine. The article was written by David Welsh and William Turner. As you well know this is a very reputable women's magazine.
We demand action now. The reasons for the postponement are not even justified. Sirhan's lawyers do not appear to have much of a case.

Mayor Yorty is known to have never liked Robert Kennedy. Our Bobby is gone, his children have been left fatherless, his wife lonely and bereaved, his family shocked, and his brother has been left to carry more burden added to what he already has. Now Ted is the lone male Kennedy survivor. Bobby's campaign workers and the people here and all over the world are still shocked and mourn for him, he will live on in the hearts of all the people who loved him. We demand that Sirhan be moved to another state, now, secretly and under heavy security guard and remain there as such until the trial. If it is possible after the trial would even be better. Roosevelt Grier among many others did a lot to capture and keep Sirhan safe and alive to stand trial. We the people want him to stand trial, as it is the American way and the right way. At the same time there is more than enough evidence and witnesses to prove his guilt. As I mentioned before, all of this will be proven at the trial, and the answer will be guilty as charged, premeditated and without reasonable doubt. The death penalty will be too easy and too final. He deserves to serve the rest of his life in prison. If this should be the case, he may have to have guards twenty four hours a day, which I am sure can come out of the taxpayers money as everything else does, with the constant rise in taxes. This is for a better cause then some of the others, for example beautifying America by destroying buildings that need not be, only to build some other buildings we do not need. There are so many ways the taxpayers money is being misused needlessly. Money that can and should be put to better use. Sirhan is only one of many, where our money can be put to use.

What about the girl in the polka dot dress? She was supposed to have been found, questioned, released and her case closed. The dress was found later in a paper bag, but that part of the dress, the girl in the polka dot dress, was never re-opened. After finding the dress in such an unusual manner, why does it still remain closed?

As you can see, we have many reasons for the request we are now demanding — The trial must go on in another state, and as soon as possible.

Sincerely yours,
Mr. + Mrs. M. M. Rudolph

P. S. Again we must refer to Sirhan B. Sirhan's trial as we have just finished reading about Russell E. Parson's latest request for another delay in his trial. This, I believe to be correct would be the sixth time. His picture is not that of a person with any feeling of guilt for the tragic crime he is being accused of, but the expression of one who knew what he did at the time, and of one who is not suffering any regret or sorrow for committing such a crime. We have seen that same expression soon after the crime, when they cleaned him up, yes, the same look on his face. He appears to be content and in his own way pleased for being so succesful!

We are sure that every jury trial is not postponed because of the holidays. Why should he be made an exception! Stalling for more time in hopes the spirit of the people including the jury, judge and everyone involved with this will change in favor of Sirhan B Sirhan, and more time for his lawyer. We will not change our feelings of our great loss and what it has done to our people and country and perhaps even effect our world affairs.

No, this is too big! No more delays, excuses — just go on with the trial. We demand justice!

Dear Mr. President,

Sorry to bother you at this time knowing you have more than enough troubles to worry about. The reason for this letter is mostly because I am very disappointed, and mad concerning Robert F. Kennedy's assassin. Soon it will be five months that our beloved Robert has been gone, and yet the man who took his life is still alive. I do beleive that every human being is innocent until proven guilty, but in this case things have gone too far. This is my question. Why does the law of this country allow such a man stay alive so long,

when he, in front of thousands of people took the life of another human? His trial should have been presented already, and his punishment given to him. I speak not only for myself, but for many Americans who are also asking this same question. Why is the man or beast, who took a father from so many children, a husband from his wife, a brother, a friend, a son, our future president, why is this man alive? Please forgive me for this letter, but I had to tell you how I felt. Thank You very much, and I hope you'll understand.

I would please like to know why you would put Sirhan in the electric chair. That would be taking another life. He could be put in the State Hospital He could get so he would be right and be sorry for what he's done.

Gentlemen:

I believe that the American public have a right to know why the trial of Sirhan Sirhan, the alleged murderer of Senator Robert Kennedy, has been delayed for so long. The latest word is that an agreement has been made between the lawyers and judges involved to delay the trial until next year!

It is just this sort of thing that has all decent, law abiding Americans worried and deeply disturbed about the multitude of ways the laws as they now exist serve to protect a person arrested for a crime, while failing to protect the public at large.

Another example of how criminals are benefiting from the law while the citizenry must suffer from it stems from the so-called Bail Bond Reform Act of 1966. While it may be said that a person arrested for a crime is innocent until proven guilty, it must also be realized that persons arrested for serious felonies may be a danger to the public, and should, in the name of God, be kept in jail until brought to trial. Then if he is found innocent he could be reimbursed.

The key to both of the above mentioned problems is a swift trial. Without swift justice we will never have "law and order" in this country. I trust you will reply to this letter in the near future.

Dear Senator Ribicoff

I heard with almost total disbelief a news item which stated to the effect that the killer of SEN. KENNEDY might not be charged to the full extent of his crime (alleged, of course) because the news media had printed information about evidence of planning (premeditation). Is it possible that a premeditated crime of this magnitude (killing) can go unprosecuted because a District Attorney is unable to legally introduce valid evidence, legally obtained because of a Supreme Court ruling against evidence which has been publicized (ie "reported").

Even if this ruling is not applied because of the public nature of the victim the ruling still stands for the remaining 2500 willful killings committed per year. Will you therefor introduce legislation which will (1) clarify what constitutes a disclosure of evidence which is sufficient to prejudice juries. (2) clarify what is not sufficient to

prejudice juries. (3) prescribe penalties for interfering with "due process" by the disclosure of said information to non-authorized persons (4) indicate who is authorized (or leave that authorization to the states) and (5) prescribe penalties for reporting said information (evidence type information etc) to the public.

Clearly the public has a "right to know" but this is no ~~argument~~ meaningful argument when it undermines on of the fundamental reasons for the existance of government itself namely the maintainence of ~~law~~ ~~and~~ order thru the <u>enforcement</u> of law. The fact that this killing was so widely publicised, that ~~the~~ number of witnesses reported in detail what happened and who they saw do it leads me to wonder if our Jordanian friend will be convicted of <u>anything</u> other than disturbing the peace, discharge of firearms within city limits, and possession of a dangerous weapon (~~if~~ unless he elects trial by judge, of course).

Let me know what you propose.

The Honorable Lyndon B. Johnson
President of the United States,
The White House,
Washington, D. C.

Dear Mr. President:

My conscience impells me to cry out to my President and the American electorate against the evilest conspiracy our country has ever faced. This is a conspiracy to continue to control the military-industrial-political policy of our democracy after the 1968 elections by means of political exploitation of the assassinations of Dr. Martin Luther King Jr. and Robert F. Kennedy.

This conspiracy follows the successful conspiracy to assassinate President John F. Kennedy before the 1964 elections to protect the assumed prerogative of the Complex-controlled Central Intelligence Agency against Presidential opposition to make foreign policy by its role of provocateur in U. S. military operations and foreign government coups.

Before these statements are called preposterous, I hasten to add that this conspiracy is professionally rated at 50% probability of being correct and 50% probability of being incorrect or one chance out of two of being correct. On the other hand, the government's view that all three assassinations occurred without conspiracy of sponsors is rated at 5% or one chance out of 20 of being correct.

Although there are really no counter-conspiracy probability analysts that provide such services professionally yet, my claim to professional reliability is based upon two decades of counter-conspiracy and action against the political arm of what President Eisenhower called the military-industrial complex. I also qualify by having predicted the Krushchev-Castro Cuba missiles crisis conspiracy to the Assistant Secretary of Defense, Logistics, in March, 1960. I predicted the time of execution of the conspiracy within three months, the approximate place (within intermediate ballistic missile range of U. S.) and the type of weapon to be employed in the showdown. I also predicted that the result would be nuclear war or alternatively, a political settlement.

Now both brothers who achieved that settlement for America and the world in the face of a Complex retaliatory policy have been assassinated. A new Complex-inspired campaign for the 1968 season to close the "strategic capability gap" in a new arms race is under way. The Kennedy brothers' cause of world peace through negotiations is virtually forgotten except for meaningless campaign propaganda by the right-wing forces of reaction. The Nobel peace prize winner who proved to oppressed peoples of the world as well as those of his own country that non-violent revolution through reform could be successful is also slain by probable conspiracy. This predictably

AUG 15 1968

spurred young black nationalists to bear and use arms through frustration and a foreign ideology which in turn gave excuse for massive police and troops retaliation under the thinly disguised political slogan of "law and order" which emerged from the witches' brew of the assassination of the political leader of non-violence.

President Eisenhower warned succeeding Presidents and the American people against the evil conspiratorial power of the "Complex" in the following words of his farewell address in 1961:

> "In the Councils of Government we must guard against the acquisition of unwarranted influence, whether sought or unsought, by the military-industrial complex. The potential for the disastrous rise of misplaced power exists and will persist."

It is ominous that so soon after this warning the next President was the victim of disastrous misinformation deliberately provided him by the Central Intelligence Agency and confirmed by the Joint Chiefs of Staff to trap him into military intervention by the armed forces of the United States to establish not just a simple non-communist government but an ultra-right-wing government in Cuba. It is ominous that the secret report on the causes of the Bay of Pigs disaster that the slain President requested of Robert F. Kennedy and General Maxwell Taylor has never been made public.

It is ominous that about a year before the 1964 elections when a prudent President might have been expected to release the report, take corrective action against Complex military procurement teams, and seek an electoral mandate for 1965 against the Complex and the CIA, two mysterious resignations and a "suicide" occurred in the Complex team under the Secretary of the Air Force. These mysterious events were followed in another month by the assassination of the President.

It is ominous that after the assassination the nominees of the two corporations that have been for two decades directing political strategy of the Complex and were closely involved with the Complex team in which the resignations and suicide occurred, were elevated to seats in the Cabinet.

Most ominous of all is that there is not "Complex issue" in the 1968 election nor any warning from the incumbent President of its growing evil anti-democratic power in spite of two more political assassinations of sworn enemies of Complex' policies. On the contrary, the false issue of the "strategic capability gap" offering tens of billions of new business for the Complex has been officially raised by the Republican nominee in his acceptance speech just as the false issue of the "missile gap" was raised by the Democratic nominee in 1960. This "issue" has not been challenged by the Democratic Party.

Consequently, unless there is a virtual revolution at the Democratic Convention the American electorate will go to the polls in November, virtually disenfranchised, to vote for one of three Complex-supporting nominees of their parties, Hubert Humphrey, Richard Nixon and George Wallace.

The Complex has attained its greatest power under your Administration although it has increased its evil powere under each post-war Administration starting with Harry Truman's. You shoulder no greater blame than the other three post-war presidents for pouring out a trillion dollars into defense armament and services while our minorities still live under poverty in ghettos. In fact, you have passed more civil rights, education and other social legislation measured in real benefits than all three other Presidents put together. Nevertheless, there is evidence that the American electorate and perhaps even history is looking for a scapegoat. It might be you. I am thoroughly opposed to blaming the error of Presidents when the real responsibility lies with the American electorate of which I am a guilty member.

Paradoxically, Mr. President, you have the greatest opportunity of any president to reverse the trend and return power to the American electorate and the Presidency. You are not yet committed to any candidate nor to the Complex. The Complex, on the other hand, may be setting you up to preside over the liquidation of the American two-party system of electorate control over the government.

You have the power to meaningfully investigate the Complex-favoring assassinations, the Complex wholesale corruption of the military supply stream up to the White House itself, and the usurpation of foreign policy making by the Central Intelligence Agency before your term is over. You have the power and the means to really unify the country with a call for a government of national union. You have the power and the means to assure that your President John F. Kennedy, Dr. Martin Luther King Jr. and Robert F. Kennedy will not have died in vain and that their followers will have a ticket to identify with in November.

You still have time to set the pattern for peace, not only in South Vietnam but in Southeast Asia; not only in Southeast Asia but in the Third World; not only in the Third World but in all Three Worlds of our globe. I feel that I have the right to ask that you be drafted for this job because I voted for you in 1964 and voted for Democratic candidates all my life before I was disenfranchised for the 1968 elections by the obsolete convention system each of which are nominating men with less than majority support of the American electorate. Only a government of national union can command majority support this year; the failure of the convention system will assure four parties.

I realize that the raising of the Complex Supergovernment issue and the demand for independent investigation of the assassinations of the three greatest democratic activists of our time will be temporarily divisive. This division, however, will be followed by unity in support of a truly national union ticket designed to preserve the very great democratic advantages of the two-party system until less divisive times. I do not believe in my study of the political factors involved that contrary choices of the Republican and Democratic conventions can prevent the sweep of a genuine national union ticket in which partisan political advantage is foresworn. Public opinion polls could easily check this political phenomenon. The activist pressures of the far right and the far left that threaten to divide America into four political parties in actual political civil war if not armed civil war by 1972 can be soundly defeated by appealing to the political conscience of the great democratic center majority of the American electorate.

As a rank and file political activist I want to vote American in 1968. I want to vote for national union. I don't want to watch helplessly as the Republicans splinter rightward under the impact of the American Independent Party and the Democrats splinter leftward under the impact of an Administration candidate identified with the Complex and escalation of the war in Vietnam.

Therefore, I implore you to help give me and all the other followers of the slain leaders of democratic activism a chance to make the cause of these martyrs live as their living memorial.

I am sending copies of "Assassinations of the Industrial State" to Governor Nelson Rockefeller of New York, to Senator Eugene McCarthy, to Senator Edward Kennedy, and a copy to the Senate Foreign Relations Committee with a request for investigative action into the subversion of foreign policy by the Complex and the CIA.

Most respectfully submitted,

Dear

President Johnson has referred to this Department your correspondence concerning the report of the National Advisory Commission on Civil Disorders. I apologize for the delay in responding.

In an effort to ascertain the causes of last summer's disturbances, President Johnson appointed a National Advisory Commission on Civil Disorders. In establishing such a committee to search for causes and solutions to this American tragedy the President recognized that in America "we seek more than the uneasy calm of martial law. We seek peace based on one man's respect for another--and upon mutual respect for law."

One of the recommendations of the Kerner Commission report was that open housing legislation be enacted. Earlier this year the Congress passed, and the President signed the Civil Rights Act of 1968 which prohibits discrimination or segregation in the sale and rental of most housing in the country.

Please be assured that all other observations and recommendations of the Commission have been made known and are currently being considered by appropriate government officials.

Dear Mr. President:

In a few hours my father will come to my house to celebrate with his five children a day set aside to honor the fathers of this nation. But I am thinking today of homes where there will be no celebration today.

I am thinking of the ten children of Senator + Mrs. Robert F. Kennedy, of the children of President and Mrs. John F. Kennedy, of the children of Dr. + Mrs. Martin Luther King, Jr, and many more.

And I am thinking of my own three year old daughter who when she

saw flags flying in front of neighborhood homes on Friday, Flag Day, said, "Who was shot today, Mommie?"

I weep for this nation, and I weep for myself - 29 years old, living with all the material abundance this country has to offer, having travel to more than 15 foreign countries, and in spite of all the pretty words and politics of joy, sick at what I see and despairing for this country.

What good will another commission do? You didn't have the courage or the compassion to speak out for the implemetation of the Kerner Report. We need commitment, action not a matched set of commission reports.

Please act for sanity.

I just wanted to write and let you know (if by chance you ever see this) that many American people are aware of the fact that the murders of the Kennedys, King and Baby if not more have been a part of a conspiracy. It's becoming a majority view and for the sake of our country our survival it's finally coming into the light.
You won't be able to stop all Americans concerned for peace. We will reach our goal and end the corruption from the Government.

Honorable Mr. Clark;
A short time ago, I wrote you about difficulty about reply not recieved from a Bronx stamp dealer.

I am now in receipt of the stamp, after I had infommed him that I would seek means for return of same.

I was concerned about the stamp, as a catalogue in a public library listed the value of the stamp at around $350.00.

I do not know if the stamp can be sold, but will not try to sell by mail again.

Thank you for any service rendered, or reply yet to be recieved.

Sincerely,

Aileen E. Barry

P.S. I was very happy to hear today on the news, that Senator Edward Kennedy does not plan to accept invitation to be Vice-President.
As much as I wanted Senator Robert Kennedy for our next Presidnet, I now wish he had never aspired to anything but a Senator.
If so, maybe he would have still been with us.

I am of the belief that there may be a conspiricy, or maybe just a result of hate preaching such as done by people like Carl McIntire of Collingswood, New Jersey.

I have managed to get him removed from our local station some time ago, and wish he could be removed from all radio.

Carl McIntire, of Collingswood, N.J. calls himself a preacher, and, although I have not heard his radio message recently, I have heard him in the past speak as if he hates the United States.

His literature is the same old tired line it has been, and he has my Mother's Church, the Assembly of god, believing that we are going to be taken over by Communism any day.

He is soliciting large funds from tha old-age pensioners to fight this Communism, and these people believe him.
I am now living in this environment, so I know.
However, I am not living here by choice.

I believe preaching such as this could, and probably has influenced persons such as Sirhan Sirhan, and the practice is very dangerous.

I hope he can be stopped from all radio.

Possibly you can tune in his broadcasts from your area, or if not, would you send for some of his literature under an assumed name?

Thanks

DEAR MR. PRESIDENT;

THIS IS A ~~ANONYMOUS~~ LETTER FROM AN INMATE IN THE HALL OF JUSTICE JAIL IN LOS ANGELES WHERE SIRHAN SIRHAN IS BEING HELD. LIKE ANY BIG CITY JAIL IT IS FILLED WITH PRISONERS CHARGED WITH JUST ABOUT EVERY DIFFERENT CRIME POSSIBLE. SOME ARE GUILTY. SOME NOT GUILTY, AND SOME NOT GUILTY BY REASON OF INSANITY. BUT NONE WITH THE PROBABLE EXCEPTION OF SIRHAN IS IN ANY WAY GUILTY OF HAVING ASSASSINATED SEN. KENNEDY. EVEN THOSE WHO HAVE MADE

166-12611

A CAREER OF CRIME DEPLORE THE ACT.

SEN. KENNEDY HAD BECOME A NATIONAL FIGURE. IT DOESN'T SEEM REALISTIC THAT ONE CITY ALONE WITHOUT THE HELP OF FEDERAL TROOPS SHOULD UNDERTAKE THE JOB OF PROTECTING THE SAFETY OF THE MAN ACCUSED OF HIS MURDER AS WELL AS THE SAFETY OF OTHERS WHO BY CHANCE FIND THEMSELVES IMPRISONED WITH HIM. IT APPEARS THAT WITH THE PRESENT PRECAUTIONS TAKEN FOR THIS MANS SAFETY, THE ONLY

WAY WHICH HE COULD BE DESTROYED WOULD BE TO DESTROY THE ENTIRE JAIL AND ALONG WITH IT ALL OFFICER'S ON DUTY AND PRISONERS. IT SOUNDS PREPOSTEROUS. BUT IN THIS WRITERS OPINION THE DESPERATE WAY SEN. KENNEDY WAS MURDERED WAS PREPOSTEROUS-NO GO. THE WAY THINGS ARE NOW, I HOPE NO ONE IS AS DESPERATE TO MURDER SIRHAN WHATEVER THE REASON FOR WISHING TO DO SO. IF THE SENATOR HAD TO BE ASSASSINATED BEFORE JUNE 5th, MAYBE HIS ASSASSINE HAS

TO BE PUT AWAY BEFORE HE GETS TO TRIAL. SINCE THE NATIONAL GOVERNMENT REQUIRES THAT ALL PEOPLE BE GIVEN A FAIR TRIAL IT SHOULD WHEN NECESSARY INSURE THAT A PERSON LIVE TO RECEIVE THAT TRIAL. IN THIS WRITERS OPINION THE DEFENSE (PHYSICAL) OF THIS PRISONER IS ABOVE THE HEAD OF THE LOCAL AUTHORITIES HERE. ITIS THIS WRITERS OPINION THAT A 24 HOUR GROUND AND AIR WATCH IS IMPERATIVE.

YOURS TRULY

A confidential source, who is in a position to furnish reliable information, recently advised that Karl F. Jorss, Jr., President A. F. Jorss, Incorporated, Iron Works, 300 South 10th Street, Arlington, Virginia, home address 5401 Audubon Road, Bethesda, Maryland, made the following statement:

> "A well-known attorney of the Department of Justice related at a cocktail party last week that Bobby Kennedy's assassin was inspired by a high Government official."

On June 25, 1968, Mr. Karl F. Jorss, Jr., advised he attended a dinner party Friday, June 7, 1968, at the residence of Mr. Armiger L. Jagoe, 3700 Kanawha Street, N.W., Washington, D.C. He identified Mr. Jagoe as President, Corporation Insurance Management, 4000 Brandywine Street, N.W., Washington, D.C.

After the dinner, there was general discussion of the assassination of Senator Robert Kennedy which had just taken place.

Mr. Elwood Davis, Attorney with office at 800 17th Street, N.W., Washington, D.C., was present at the dinner but left immediately after eating. During the after-dinner discussion, another guest, identity not recalled, quoted Mr. Davis as having commented during dinner that he, Davis, thought the assassination of Senator Robert Kennedy "was inspired by a high government official." This guest did not explain the context in which Mr. Davis made this statement or endeavor to interpret his meaning.

ASSASSINATION OF
SENATOR ROBERT F. KENNEDY
LOS ANGELES, CALIFORNIA

This is in reference to your memorandum dated June 14, 1968, inquiring as to whether steps should be taken by the Bureau to arrange an interview of Mrs. Ethel Kennedy by agents of the Federal Bureau of Investigation.

We understand that Los Angeles Assistant District Attorney John Rowan and Sergeants Pritchett and MacArthur of the Los Angeles Police Department have been in touch with a representative of the Kennedy family to arrange an interview in connection with their investigation of the pending prosecution in Los Angeles of the suspected assassin, Sirhan Bishara Sirhan. We have been advised that upon completion of any interview by the Los Angeles District Attorney's office and the Los Angeles Police Department copies of the interview will be made available. We, therefore, would hold in abeyance any decision on an interview of Mrs. Kennedy by agents of the Federal Bureau of Investigation until the investigation has been substantially completed, and we have had an opportunity to review the results of the interview of Mrs. Kennedy arranged by the Los Angeles authorities.

Vice President Hubert H. Humphrey

Dear Vice President Humphrey:

Is it true that deep in the hills of Castro's Cuba, a cult of chaos creators exists, dedicated to the assasination of selected U.S. public figures, those whose death by violence will fan the flames, upsetting many and bringing about more violence?

Is three a plot, managed by skilled pros, who seek out sick stooges as tools to do their dirty deeds? Was Oswald a manipulated stooge and was he himself assasinated so that he would not talk? Is Sirhan another stooge? Was Martin Luther King slain by a third stooge? Are these people so cleverly manipulated that they are themselves unaware of being but the hand on the gun? All these are questions that run through the minds of those who have never been satisfied that Oswald was totally a loner.

The confirmed visits of both Oswald and Galt to Mexico where contact with Castro agents would be easy and of Galt to New Orleans appear suspicious. Has Sirhan visited Mexico recently? Has he been to New Orleans? Who has he seen in these past few months since he became unemployed?

If these acts have all been plots, did the same people manage all three plots. Is their base of operations in Cuba? Is it a subsidized project of the Castro government?

All these and many other questions need be answered. Sirhan's life must be protected. His contacts must be searched out. With due respect for the rights of the individual, this man who was seen by many in the execution of his act, must be interrogated and led to disclose others who aided, supervised or manipulated him. If these three tragedies are linked it is urgent that those responsible be uncovered, caught and punished before they move on to their next targets.

ASSASSINATION OF
SENATOR ROBERT F. KENNEDY
LOS ANGELES, CALIFORNIA

Reference is made to a letter dated June 5, 1968, from Assistant Attorney General Fred M. Vinson, Jr., captioned "Attempted Assassination of Senator Robert F. Kennedy," Department file FMV:HMH:ag. This concerns information furnished by Judge William Hawk Daniels of Baton Rouge, Louisiana, that Don George requested a tape of a television interview of Judge Daniels which contained remarks attributable to Edward Grady Partin that James R. Hoffa had once plotted to kill then Attorney General Robert F. Kennedy.

Additional information has been received concerning an alleged plot by James R. Hoffa to kill Robert F. Kennedy. One Edward Hugh Pole, presently incarcerated at Colorado on local charges, advised that while at the Federal Penitentiary, Lewisburg, Pennsylvania, around Memorial Day, 1967, he heard Hoffa say at the dinner table, "I have a 'contract' out on Kennedy and if he ever gets in the primaries or ever gets elected, the 'contract' will be fulfilled within six months." Thus far we have not located anyone else who heard this remark. Penitentiary officials advised that Hoffa's regular dinner companions are Samuel Desist, a narcotics violator, and Anthony Provenzano, a former teamsters' official who was convicted of antiracketeering. Neither Desist nor Provenzano has been interviewed in this regard.

Investigation thus far has uncovered no evidence of an association between Sirhan Sirhan and James R. Hoffa.

Since James R. Hoffa is presently appealing his Federal convictions and is represented by counsel, it is requested that this Bureau be advised whether an attempt should be made to interview Hoffa concerning the allegation

CRISPIN CURIEL GONZALEZ,
Also Known As
Alejandro Zaldovosqui Zamora

On July 1, 1968, Lic. Norberto Salinas Navarette, Federal District Attorney, Juarez, Mexico, advised that Curiel had been found to be psychotic and on receipt of specific instructions from Mexico City, Curiel had been interned at the General Hospital for the Insane, Juarez, Mexico. Salinas noted he had made a recommendation that Curiel be sent to another institution more adequately equipped to handle juveniles, and he was advised that any decision in this regard would necessarily have to be made by the administrator of the hospital.

Salinas recalled that Curiel, on realizing what he had done by attracting so much attention to himself, openly admitted the entire story was a hoax, and he readily criticized newspaper reporters, administration officials, and police officers for being so gullible as to believe this fantastic story.

On July 5, 1968, Salinas advised that Curiel, while in solitary confinement at the General Hospital for the Insane, had put together a rope from the mattress material located in his room and he hung himself. He was discovered dead at approximately 7:45 p.m. on the evening of July 4, 1968, by an attendant of the hospital.

Vincent Thomas DePierro, a waiter at the Ambassador Hotel, previously advised Special Agents of the FBI and officers of the Los Angeles Police Department that he had observed Sirhan Bishara Sirhan shoot Senator Robert F. Kennedy on June 5, 1968, and just prior thereto had noted Sirhan engaged in a conversation with an attractive white female attired in a polka dot dress. Our Los Angeles Office has now advised that DePierro was afforded a polygraph examination by Los Angeles, California, authorities on July 1, 1968, following which he admitted the information concerning the female in the polka dot dress was entirely false. DePierro told local authorities he lied solely to make his story more interesting to the news media and police authorities.

Local authorities have advised our Los Angeles Office that DePierro testified before a local Grand Jury identifying Sirhan as the assailant and commented on the fact that he had observed a female in a polka dot dress talking to Sirhan. In view of his current admissions as to the fraudulent nature of a portion of his testimony, local authorities now indicate his value as a witness concerning the actual shooting has now been destroyed.

For your additional information, our Los Angeles Office reports that defense attorneys for Sirhan have engaged one Michael A. McCowan, a former Los Angeles police officer, as an investigator for the defense. According to information furnished by the Los Angeles Police Department, McCowan resigned from the department in 1965 after having been arrested by postal

ASSASSINATION OF
SENATOR ROBERT F. KENNEDY
LOS ANGELES, CALIFORNIA

Press reports indicate that Grant B. Cooper, a Los Angeles, California, attorney, will serve as an additional defense counsel for Sirhan Bishara Sirhan, accused assassin of Senator Robert F. Kennedy. Martindale-Hubbell Law Directory reveals one Grant B. Cooper, born in 1903, was admitted to practice in 1927 and attended law school at Southwestern University in Los Angeles, California. For your information, there follows a brief summary of data in our files concerning Grant Cooper.

In 1941 the chief investigator for the Jack Tenny Committee investigating communism in California advised that one Grant Cooper, then on the Los Angeles County District Attorney's staff, and close to Mayor Fletcher Bowron, was married to a daughter of Mrs. Norton, Mayor Bowron's secretary. Phyllis Norton Cooper, the wife, was reportedly a former close associate of Celeste Strack, a prominent Young Communist League leader in Southern California and formerly active in New York City.

News and other sources reported in 1949 that Mr. Cooper was the attorney for a bit actress, Lila Leeds, who was arrested along with Robert Mitchum and others on a narcotics charge. Reportedly Mr. Cooper had as one of his associates in his law firm the son of Los Angeles County Sheriff, Eugene W. Biscailuz.

Mr. Cooper represented one Samuel Jesse Berland in his appearance before the House Committee on Un-American Activities in April, 1956. Berland, according to our files, was prominent in communist activities in the Los Angeles area for an extended period of time.

Grant Cooper was the attorney in 1957 for one Philip Watler, a business agent of a Local Teamster's Union in California, in connection with a Grand Jury indictment for perjury.

In November, 1960, the Governor of California established a Special Committee on Insanity and Criminal Offenders to study insanity in relationship to law. Attorney Grant Cooper of Los Angeles, who reportedly defended Dr. Bernard Finch for wife murder, acted as chairman of one of the discussions of this committee.

In connection with an investigation of James Riddle Hoffa in 1961, a reliable source advised that he had contacted one Bill Bufalino, Teamster official in Detroit, Michigan, and was instructed to telephonically contact a Mrs. Williams at the Ambassador Hotel, Los Angeles, and assist her. The source discovered that Mrs. Williams was in fact Viola Carbo, wife of Paul John (Frank) Carbo, then under prosecution for extortion and anti-racketeering in connection with the boxing racket. Mrs. Carbo requested the source to locate an attorney for her husband. Source took Mrs. Carbo to the home of Grant Cooper, at which time Cooper set his fee for representing Carbo at $50,000. Mrs. Carbo indicated that she would have to make the payment in cash rather than by check and Cooper advised that he was not interested in handling the case in that manner.

In June, 1962, it was reported that Grant B. Cooper was the Southern Committee Vice Chairman Pro-Tem of the National Council on Crime and Delinquency. The announced purpose of the organization was to formulate a "crash" program to marshal the best know-how and experience in the State to bear on crime and delinquency.

Grant Cooper has represented numerous other individuals in the criminal element as well as one Chinese espionage subject who was under deportation proceedings in the Los Angeles area and is rated as a very prominent capable criminal trial lawyer according to news sources.

ASSASSINATION OF
SENATOR ROBERT F. KENNEDY
LOS ANGELES, CALIFORNIA

The Los Angeles, California, Police Department advised that on June 25, 1968, Munir Sirhan, brother of Sirhan Bishara Sirhan, was afforded a polygraph examination. It was concluded by the police department that Munir Sirhan was not involved in the assassination, but that he did lie about the purchase of the gun. (The gun used in the assassination was traced through several owners, one of whom, George Erhard, advised that he sold the gun to Munir Sirhan while Sirhan Sirhan was present. Munir had denied that he ever had ownership of this weapon.)

The polygraph examination indicated that Munir Sirhan did not accompany Sirhan Sirhan to a gun shop on June 1, 1968, when Sirhan Sirhan purchased ammunition. (A salesman at this store had stated that Sirhan Sirhan was accompanied by two as yet unidentified individuals when he purchased ammunition on June 1, 1968.)

The Los Angeles County Board of Supervisors has voted to authorize $20,000 for the protection of Sirhan Sirhan and the judge and jury that will be concerned with his trial. This money will be spent to install armor-plated courtroom partitions, bulletproof glass and other security devices.

On June 28, 1968, Sirhan Sirhan appeared before Superior Court Judge Richard B. Schauer, Los Angeles, California, in order to enter a plea to the indictment pertaining to the assassination of Senator Robert F. Kennedy and the wounding of five other individuals. Court was convened in the chapel of the Los Angeles County Jail for security reasons.

Mr. Russell E. Parsons, who represented Sirhan, was officially substituted by the court as the attorney of record replacing the Public Defender's Office. Mr. Parsons advised the court that he was not yet

ready to have Sirhan enter a plea and he requested a three-week continuance. Mr. Parsons also requested that the court appoint Doctor George Abe, psychiatrist with the Metropolitan State Hospital in Norwalk, California, to examine Sirhan. The judge granted these requests and court was adjourned until July 19, 1968. Mr. Lynch's office was telephonically advised of this on June 28, 1968.

Honorable Edward J. Gurney
House of Representatives
Washington, D. C.

Dear Congressman:

The Attorney General has asked me to respond to your letter of June 26, 1968, enclosing two newspaper articles sent to you by your constituent, Mrs. M. R. Dowd of Fort Myers.

The thrust of both articles seems to be primarily that certain recent decisions of the Supreme Court have shifted the balance of advantage in criminal trials to the accused. In this connection one of the articles makes specific reference to the alleged assassin of Senator Robert Kennedy. The articles also suggest that the Court's decisions are the cause of increased lawlessness in the nation, and that the Justices, by reason of their age, are unable to respond to the wishes of the majority of the population.

WCP 7/25/68

The causes of crime are complex and deeply rooted in our society. In the judgment of most persons knowledgeable in the field of law enforcement, the recent decisions of the Supreme Court have had no adverse effect on the incidence of crime in this country. Perhaps the best recent analysis of the problem of crime in the United States is contained in the Report of the President's Crime Commission entitled "The Challenge of Crime in a Free Society." The Report, which Mrs. Dowd may wish to obtain, is available from the U. S. Government Printing Office, Washington, D. C. 20402, at a price of $2.25 per copy.

FV MAH 7/25

Unfortunately, the articles sent to you by Mrs. Dowd nourish the wholly inaccurate attitude by our citizens that they have done their part in the war against crime by deciding whether they are for or against the Supreme Court. Such simplistic answers do us no service in our effort to find solutions for the complicated problems we face in the war against crime.

As to the alleged failure of the Supreme Court's decisions to comport with the desires of the people, I would like to point out that it is not the function of the judiciary to express the will of

the majority. Rather, the courts are sworn to uphold the Constitution and the laws of the United States, and to interpret them in a way that will achieve the purposes for which they were enacted.

I trust that my reply is a sufficient response to your constituent's inquiry. Please let me know if I may be of further assistance.

Sirhan Case Open and Shut, However —

By William R. Spear

PRETRIAL PUBLICITY. How ridiculous is much of the current concern over pretrial publicity said to be prejudicial to the defendant in criminal cases can plainly be seen in the case of Sirhan Bishara Sirhan — the "alleged" assassin of Robert F. Kennedy, as everyone is carefully calling him.

The California attorney general and the Los Angeles district attorney are raising sand with Mayor Samuel W. Yorty of Los Angeles for making statements that they claim may jeopardize the prosecution — and indeed, under some of the recent Supreme Court rulings, they may be right. Specifically they complain about Yorty's making public the contents of Sirhan's notebook in which the prisoner had written of "the necessity of assassinate (sic) Sen. Kennedy before June 5, 1968."

There is, of course, no question of Sirhan's guilt and it can be proven beyond the "reasonable doubt" that the courts require. It is known positively that Kennedy died of a bullet in the head, that the bullet came from a particular pistol, and that Sirhan held and fired the pistol. Two prominent Negro athletes in the Kennedy entourage who were on the scene, Roosevelt Grier and Rafer Johnson, saw it happen, seized Sirhan and wrested the pistol from his grasp, fracturing his trigger finger as they did so. It is an open and shut case.

Yet so heavily have recent court decisions weighted the scales of justice on the side of criminals and so concerned have the courts become over procedural matters that the conviction of Sirhan could well be reversed, despite his indisputable guilt, if actions by the authorities can be shown to be prejudicial to his case. It has happened lately in many less publicized cases. And this softening of justice is undoubtedly a contributing factor to the lawlessness abroad in this country today.

YOUNGER JUDGES

Editor, News-Press —

Most industry today requires that their employes retire at the age of 65. Not so the United States government. We have these old fogies in the Supreme Court who are living in the past. They have taken to making the laws of country rather than making an interpretation of the law. According to the Supreme Court a policeman can no longer shoot a criminal who draws a gun on him without being charged with manslaughter. You can no longer sell your property to whom you please but must sell it to the first person who meets your price. Is this the United States or Russia?

These old men are too old and feeble to have full control of their senses yet they are appointed for life. Retirement at 65 should be the rule for all members of the government. The majority of the United States population is under 50 years of age. The older men have no idea of what they think or how they feel. This is a young country, filled by young people. How can a man of 80 possibly have any knowledge of the needs of young people. The police can no longer interrogate a prisoner without the presence of the suspect's attorney.

The country is going to hell in a handbasket because of the rulings of these nine old men. There are plenty of young capable men who could fill the shoes of these oldsters. Industry would never hire one of them as they realize they are far behind the times.

Let's take some action to replace them with capable people who will return the United States to a period of sense and reason. Write to your senator and congressmen to start an amendment to the Constitution if necessary to exchange these old men with others in tune with time. I realize at 64 that I am not capable of keeping up with youngsters of 25 or 30 so how can it make sense to have feeble old men in the highest court in our land.

Their latest ruling makes it impossible to sentence a murderer to the gas chamber. Hung juries will be the answer if people who do not believe in capital punishment were to serve on juries. How silly can you get. We need capable responsible men in our courts, Senate and Congress. Let's get America on the move once more.

Honorable Edward J. Gurney
House of Representatives
Washington, D. C.

Dear Congressman:

The Attorney General has asked me to respond to your letter of June 26, 1968, enclosing two newspaper articles sent to you by your constituent, Mrs. M. R. Dowd of Fort Myers.

The thrust of both articles seems primarily to be that certain recent decisions of the Supreme Court have shifted the balance of advantage in criminal trials to the accused, and one of the articles makes specific reference to the alleged assassin of Senator Robert Kennedy. Further, the articles suggest that these decisions are the cause of increased "lawlessness" and that the justices, by reason of their age, are unable to respond to the wishes of the majority of the population.

In my judgment and in the judgment of most persons knowledgeable in the field of law enforcement, the recent decisions of the Supreme Court have had no adverse effect on the incidence of crime in this country. As to the alleged failure of the Court's decisions to comport with the desires of the people, I should point out that it is not the function of the judiciary to express the will of the majority; rather, the courts must interpret the Constitution and the laws in the manner best suited to the implementation of the purposes for which they were enacted.

I trust that this will be sufficient response to your constituent's inquiry; but if we may be of any further assistance, please inform us.

Sincerely,

-MEDICAL EXAMINATION OF SIRHAN BISHARA SIRHAN

BY PHYSICIAN AT LAPD JAIL, JUNE FIVE INSTANT-

DR. FINO, PHYSICIAN ON THE STAFF AT THE LAPD JAIL, ADVISED BUAGENT JUNE FIVE LAST, THAT SIRHAN BISHARA SIRHAN WAS EXAMINED AT TWO ZERO ONE AM, JUNE FIVE LAST, UNDER NAME "JOHN DOE DASH SUSPECT". MEDICAL FINDINGS INDICATED SWELLING OF HIS LEFT ANKLE, POSSIBLE SPRAIN, NO FRACTURE; CONTUSION OF LEFT INDEX FINGER; HEMATOMA OF LEFT FOREHEAD AND MINOR ABRASIONS ABOVE FACE.

THE MEDICAL EXAMINATION WAS CONDUCTED BY DR. E. C. LANS AND THERE WAS NO OTHER PERTINENT INFORMATION IN THE MEDICAL REPORT.

-DESCRIPTION OF FACILITIES WHERE SIRHAN

CONFINED AT LOS ANGELES COUNTY JAIL-

INSPECTOR RALPH C. WELCH, OFFICER IN CHARGE, LOS ANGELES COUNTY JAIL, ADVISED JUNE FIVE LAST THAT SIRHAN IS CONFINED TO AN EIGHT FOOT BY TEN FOOT HOSPITAL ROOM LOCATED ON THE SECOND FLOOR OF THE HOSPITAL SECTION OF THE LOS ANGELES COUNTY CENTRAL JAIL. THIS ROOM CONTAINS NO WINDOWS AND HAS A SINGLE STEEL DOOR, WHICH HAS A TWELVE INCH BY TWELVE INCH GLASS WINDOW WHICH PERMITS AN OUTSIDE GUARD TO VIEW THE ROOM. THE ROOM CONTAINS AN EIGHT INCH HIGH WELDED STEEL BED, SECURED SOLIDLY TO THE FLOOR. THE

BED CONTAINS A FOAM RUBBER MATRESS, BLANKETS AND PILLOW. THE ROOM CONTAINS A COMMODE AND A TWELVE INCH BY SIXTEEN INCH TEMPERED GLASS MIRROR. LOCATED NEAR THE COMMODE AND AFFIXED TO THE WALL, IS AN EIGHTEEN INCH BY SIXTEEN INCH STEEL SHELF WHICH CONTAINS FIVE COAT HOOKS. THE ROOM ALSO CONTAINS A WASH BASIN, TOWEL BAR, TOWEL AND A STEEL TOILET PAPER FIXTURE WHICH IS AFFIXED SOLIDLY TO THE WALL.

INSPECTOR WELCH ADVISED THAT SIRHAN IS CURRENTLY WEARING A PRISON ISSUED PAIR OF PAJAMAS AND NO TOILET ARTICLES ARE PERMITTED IN THE CELL EXCEPT ON REQUEST OF SIRHAN. WELCH FURTHER ADVISED THAT NO ELECTRONIC DEVICE IS IN SIRHAN'S CELL, NOR WILL ONE BE INSTALLED.

WELCH STATED THAT SIRHAN WILL BE FED THE STANDARD HOSPITAL MENU THREE TIMES A DAY, SELECTED AT RANDOM FROM MEALS PROVIDED ALL INMATES, AND THE ONLY OCCASIONS ON WHICH HE WILL LEAVE HIS ROOM, UNDER ESCORT, WILL BE FOR PURPOSES OF RECEIVING MEDICAL ATTENTION AND SHOWERS.

WELCH STATED THAT WHEN SIRHAN ARRIVED AT THE LOS ANGELES COUNTY CENTRAL JAIL, HE WAS IMMEDIATELY EXAMINED BY THE MEDICAL STAFF OF THE FACILITY AND THIS EXAMINATION INCLUDED A HEAD TO TOE X-RAY. IT WAS NOTED DURING THE EXAMINATION THAT SIRHAN WAS SUFFERING FROM A FRACTURED FINGER, WHICH WAS IMMEDIATELY SPLINTED, AND AN ACE BANDAGE WAS APPLPED TO HIS SWOLLEN ANKLE. DURING JUNE FIVE LAST, SIRHAN REQUESTED AND RECEIVED SOME COPIES OF LOS ANGELES DAILY NEWSPAPERS.

WELCH STATED THAT A JAIL GUARD CONSTANTLY SURVEILS SIRHAN THROUGH THE GLASS WINDOW OF HIS HOSPITAL ROOM DOOR WHENEVER HE IS ALONE IN THE ROOM. THE ONLY EXCEPTION TO THIS PROCEDURE IS WHEN SIRHAN IS VISITED BY A PHYSICIAN OR HIS ATTORNEY, AT WHICH TIME THE GUARD WOULD CHECK THE WINDOW AT FIVE MINUTE INTERVALS. ANYONE VISITING SIRHAN'S CELL, INCLUDING HIS ATTORNEY, MUST FIRST HAVE THE PERSONAL APPROVAL OF SHERIFF PETER J. PITCHESS. UNDER NO CIRCUMSTANCES WILL SIRHAN BE BROUGHT TO AN INTERVIEW AREA IN THE JAIL BECAUSE OF SECURITY REASONS.

IT WAS INDICATED THAT NO COMPLICATIONS OTHER THAN THE FRACTURED FINGER AND SWOLLEN ANKLE WERE NOTED DURING THE PHYSICAL EXAMINATION OF SIRHAN BY PRISON MEDICAL OFFICER DR. PHILLIP ATTALLA. FURTHER, THERE WERE NO INDICATIONS THAT SIRHAN HAD BEEN USING ANY FORM OF NARCOTICS AND DR. ATTALLA INDICATED THERE WS NO INDICATION OF ANY FORM OF NARCOTIC WITHDRAWAL.

INSPECTOR WELCH STATED THAT IN HIS CONVERSATION WITH SIRHAN JUNE FIVE LAST, HE FOUND HIM TO BE VERY ARTICULATE IN HIS SPEECH WITH VERY LITTLE DISCERNABLE ACCENT.

WELCH STATED THAT A COMPLETE LOG IS BEING MAINTAINED DURING SIRHAN'S INCARCERATION AT THE LOS ANGELES COUNTY CENTRAL JAIL AND THAT COPY OF THIS LOG, TOGETHER WITH ALL MEDICAL REPORTS, WILL BE MADE AVAILABLE TO THE FBI WITH THE PERMISSION OF SHERIFF PITCHESS.

A VACANT ADJOINING CELL TO SIRHAN'S AT LOS ANGELES COUNTY CENTRAL JAIL WAS PERSONALLY INSPECTED BY BUAGENT AND FOUND TO BE EXACTLY THE SAME IN SIZE AND CONTENTS AS THE ONE DESCRIBED BY INSPECTOR WELCH IN WHICH SIRHAN IS CURRENTLY CONFINED.

To President

Mr President I would like to know what kind of a gov you are running that a man like Sirhan can stand out in public and shoot a good man like Robert Kennedy in cold blood then you wast the tax payers money having a trial. it looks to me like this,, if you belongs to the Communist you can get away with first degree Murder,, Sirhan was saw by 1.000000 of people on T.V. shoot Robert Kennedy and then you let him a trial he should be shot down in cold blood jest like he did Mr Kennedy and he might get 10 years in the pin but I dout it

if I was the lawyers that is defendant Sirhan I would turn in my licens after the Trial. I could not face the public or I would be afraid to because some one might shoot me the way Sirhan did Kennedy

Well it is like this they have been 2 Kennedys run for President and both have been shot down in cold blood. well they have 1 more to go. Ted Kennedy when he runs in 1972 I wonder what the one that kills Ted will get a pat on the back like Sirhan is getting Well if you are afraid of someone the best way is to hire some body to kill him. that is what they did to the two best men we have ever had to run for President

Sirhan is guilty of first degree murder and every body knows it but he will claim to be crazy and get away with it or go to a hospital for a while then go scot free. then when he gets out he will get payed by some unknown for the great loss he has gone this country. I no one thing it would not pay for me to be President of this country. if I was people like Sirhan and Oswald and Ruby would never saw the inside of a jail. if you know what I mean.

Well Mr President I would like for you to write and let me no what you think of the waste of money and time

Dear Sirs:

Since you are my only "connection" in Washington, I am writing my letter to you. I hope when and if you see the president you could show him or tell him about this letter. I am sure you'll get a couple chuckles at least.

I was glancing through my history book (Story of the American Nation) and was looking at the section on the Constitution. Then I looked at the ~~b~~ Bill of Rights. ~~Common~~ Amendment #6 states and I quote "In all criminal prosecutions, the accused shall enjoy the right to a speedy

trial, by an impartial jury of the state and district wherein the crime has been commited, which district shall have been previously ascertained by law, and to be informed of the nature and cause of the accusation; to be confronted with the witnesses against him; to have compulsory process for obtaining witnesses in his favor, and to have the assistance of consel for his defense."

Here is the question: in sentence #1 it says the criminal shall "enjoy" a speedy trial. What about Sirhan Sirhan's trial. I don't exactly say his trial was quick. In fact, it hasn't even been finished yet or it hasn't been justly publicized.

I know it isn't right blasting you for something you

aren't in the least bit involved. But if any of one of you is in conversation with the president, please bring this topic up. Oh, if you have the letter pretty ~~please~~ please with sugar on it have him sign it and mail it back.

In conclusion my hopes are high that you correct me on the error. Thank you ~~f~~ for reading this.

Yours truly,
Danny Walsh

P.S. Please tell my ol' pal Dick that if a democrat (LBJ) could write a letter, a republican could. (I'm sorry if democrat or republican are connected to the wrong people.)

P.P.S. If you don't see Dick tell ~~him~~ him I wish him the best of luck in the

presidency.

P.P.P.S. Just to ~~et~~ enlighten this letter and to take up space here is a joke.

What does the ~~ge~~ "green hornet" eat with his hot dogs?

The Department of Interior has referred to this Department your letter of January 21, 1969. Please excuse our delay in responding.

Your criticisms and concern for the delays in the judicial system are shared by many. The matter is presently the subject of much legislative debate, in both the United States Congress and various state legislatures. Certain court reforms are needed and are being sought through bills currently being introduced in an effort to alleviate these conditions.

We are enclosing for your information a copy of the Attorney General's address before the National Council on Crime and Delinquency.

President Richard M. Nixon
The White House
Washington, D. C.

Dear Mr. President:

I want to congratulate you on this Inauguration Day and wish you well. Mine and my family's prayers will be with you during the next four years.

Today when you took your oath I wonder what your thoughts were. Mine were that, if an assassin's bullet had not taken away the life of Robert F. Kennedy, he would have stood where you did. I am certain a thought like that must have crossed your mind too.

You have now what you have dreamed about and worked for and, by the grace (???) of God been given. In gratitude for his stepping aside, through no fault of his own, pay a debt to Robert F. Kennedy by doing all in your power to have the monster known as Sirhan Sirhan go to his speedy reward. I am attaching Henry Taylor's column to let you see what I am talking about.

Go on from there then and see that laws are passed to get rid of all trash like that who kill, rape, maim and rob. Never do away with Capitol Punishment - reve it up so that assassinations will stop. When there is no punishment, why keep in the hate. Believe me, mine is as great as anyone's in the loss of the Kennedys - I have never recovered from President Kennedy's death. He and his brother could have saved the world and their deaths have set this country back a century. Now, there is a threat against Edward. If he goes - so do I ---straight out of this country to Switzerland. I was a WAVE in World War II on Admiral King's personal staff, my sister was a Navy Nurse, I have a brother now who is a Major in SAC - last of all, another brother was killed in Germany in April, 1945. As I look at the cavalier attitude of the Courts at murderers, I wonder what in the world my brother died for. It is DEFINITELY not the country I knew and sacrificed for back in 1942.

Assuage some of my heartbreak at the loss of the Kennedys and see that Sirhan comes to justice and to HELL as soon as you can.

Respectfully yours, Mrs. A. M. Shinn

TAYLOR'S COLUMN

By Henry J. Taylor

Alleged assassin Sirhan Bishara Sirhan's trial has begun at last. Sen. Robert F. Kennedy was assassinated June 5, 1968 - - seven months ago.

Dr. Martin Luther King was assassinated April 4, 1968. Alleged assassin James Earl Ray, arrested in London June 8, 1968, is still (seven months) not at the bar of justice.

TAYLOR

President John F. Kennedy was assassinated November 22, 1963. Alleged assassin Lee Harvey Oswald was killed in front of the TV cameras by alleged murderer Jack Ruby who died January 3, 1967, still unconvicted or sentenced more than three years later. Why?

Justice Oliver Wendell Holmes said, "Justice postponed is Justice defeated."

President William McKinley was assassinated September 6, 1901, by Leon Czolgosz. Czolgosz was tried, sentenced and executed by October 29, 1901 - - 53 days later.

President Theodore Roosevelt used to place on a chair at the head of his White House bed a "44" Smith & Wesson double-action revolver, which you can see at his 29 East 20th Street birthplace in New York City. An eyeglass case through which the bullet passed saved his life when John Flamming Schrank attempted his assassination at Milwaukee in 1912. Insane Schrank was committed in five days.

President-elect Franklin D. Roosevelt was shot at in Miami on February 15, 1933, by Joseph Zangara; a woman seized Zangara's arm and his bullet killed Chicago Mayor Anton J. Cermak, in the car with Mr. Roosevelt. Zangara was tried, sentenced and executed within 33 days.

Did you know that last year was the first year in the history of the United States that not one single criminal was executed? It was also the year of the highest crime rate in history. A connection? Even in our nation's capital walking after dark near the Capitol is extremely dangerous. Murders, Kidnappings, assaults and rapes constantly take place. Are the "rights" of the troublemakers more important than the sufferers?

The crime rate has nearly doubled in the past decade. Since 1958 it has increased five times as fast as our population. More than 2.5 million serious crimes were committed last year. And more than 40 percent of all serious crimes now involve boys and girls under 18.

The President's Commission on Law Enforcement estimates there are 1.1 million "full-time criminals" now operating. Armed robbers took about $27 million from victims last year. "Highly specialized" pick-pockets make about $15,000 a year. Stock defrauders stole about $500 million; shoplifters $300 million; burglars $251 million; embezzlers $200 million. The sales of fake arthritis remedies alone were $250 million."

Within one single week 91 American cities burst into violence and more than 55,000 troops had to be committed to them. A recent national survey of police departments in 425 cities showed that 41 percent of the cities exceeding 100,000 population experienced riots, and many attendant murders even though the typical city among the 425 has now increased its full-time police force to an average of one policeman for each 700 residents.

The statistics are incredible, but they, too, are only part of the picture. FBI Director J. Edgar Hoover has told me that of 539 offenders involved in police killings, 77 percent had been previously arrested and 67 percent previously convicted. He said that two-thirds of the police killers had been granted parole or probation and that three out of 10 were actively on parole or probation when they killed the officer. In one appealed case, he told me, on the 23rd day after a convicted man should have been jailed he murdered a police officer.

Many who scan the crime facts seem to ignore the most shocking fact of all. Although 1968 serious crimes increased 16 percent over 1967, arrests increased only four percent and convictions actually decreased eight percent. The inescapable conclusion is that the courts are not properly disposing of criminal offenders and the police officers lack confidence that the courts are supporting police diligence.

The new Congress and very able incoming Attorney General John N Mitchell are faced with the roaring need to overcome by new legislation, and then new enforcement support, the present Supreme Court majority's rulings that have leaned over backward in behalf of criminals and shown more concern for the felons than for their victims.

Dear Ronald:

President Nixon has referred to this Department your letter of January 19, 1969. Please excuse our delay in responding.

It would be inapporpriate at this time for the Department of Justice to comment on the case since the trial is still in progress. If you wish to question the matter further, may we suggest that you write to the Los Angeles County officials who are handling the proceedings.

Dear Sir:
I would like to know what you think about the Sirhan Sirhan case. I think it was awful of him to kill Senator Kennedy, if he did. They keep on extending the trial. I think they should hurry up with the trial to make sure if he did it or not.

Thank you,

We have sons, who are brilliant students and call themselves proudly "American American" (not like Italian-American, or Japanese American etc).

Now, we are very fearful that in an attempt to save the life of Sirhan B. Sirhan, the latter will be permitted to launch a bitter anti-Israel, anti-Jewish propaganda that may endanger

the very life and security of citizens of Hebrew faith and even their friends.

I am appealing to you, whom I have greatly admired for your lofty ideals, and for whose fair of separation, from us, cried to protect our children from a possible disorder if launched here by Arabs.

As you know, the criminal prosecutions undertaken in these matters are being conducted by the states of Tennessee and California respectively. There is no direct Federal involvement. I am sure your constituent can appreciate that it would be most inappropriate for a Federal officer or agency to comment on the conduct of criminal proceedings by State authorities.

Dear Senator Jordan:

The subject of my letter is the two apparent assassins of Dr. King and Senator Kennedy. We naturally assume that in "due" time and by "due" process of law that they will be tried. But I, for one, feel that the undue amount of time that is permitted and the legal maneuvering involved is far greater than necessary. I do not find in my mind an acceptance of the common explanation that such is necessary for the protection of innocent people who may be charged with murder.

I realize that this is only very indirectly my problem. Perhaps it is more directly yours. I do feel that such outrageous assassinations, these in particular, should be more speedily dealt with.

Dear Mr. Reinecke:

You have asked us to consider the attached letter of Mr. Kenneth Hahn, Supervisor for the Second District of the County of Los Angeles, California, concerning the costs incident to the assassination of the late Senator Robert F. Kennedy.

It appears that virtually all these costs stem from the apprehension, incarceration, and prospective trial of Mr. Sirhan B. Sirhan. Mr. Sirhan is not charged with the violation of any federal law. The murder of a candidate for the Presidency is not now a federal crime, nor was it at the time of the assassination of Senator Kennedy. 18 U.S.C. 1751 (Supp. III, 1965-67). Moreover, at the time of the assassination there was no provision for federal protection of Presidential candidates. The absence of such provisions presumably reflected the policy judgment of Congress that protection of candidates for federal office should be a matter of local control and responsibility. Since the assassination of Senator Kennedy, Congress has authorized federal protection for candidates, P.L. 90-331, 82 Stat. 170.

We are not aware of any precedent for the federal government reimbursing localities for the costs of prosecuting defendants charged with violations of state law in connection with the murder of federal officials. Whether or not Congress should reimburse the County of Los Angeles for the costs of prosecuting the alleged murderer of Senator Kennedy is a matter of legislative judgment for Congress.

I hope this information is of interest to Mr. Hahn.

Dear Sir:

No wonder people get sick with this kind of crazy living & delays.

It isn't fair for the citizenry of the U.S. to see this kind of shoddy-PSWKy delay on a murderer.

Why don't you take action?

What is the justification for 200,000,00?

Closed Circuit TV Approved

Sirhan Trial Is Postponed

By Associated Press

LOS ANGELES — Trial of Sirhan Bishara Sirhan, charged with murdering Sen. Robert F. Kennedy, was postponed Thursday until Jan. 7.

Prosecution and defense attorneys approved closed circuit television of the proceedings to an auxiliary press room.

The trial had been scheduled for next Monday. The delay was to permit a new member of the defense team, veteran criminal attorney Grant B. Cooper, to familiarize himself with the case. He just wound up participating in another trial.

Superior Judge Herbert V Walker, who will preside in the case, announced that he probably will let husbands and wives visit jurors on weekends. He earlier had said he would lock up the jury after each session. The trial is expected to last at least two months after a jury is selected.

The televisio setup — a concealed camera in court, with receivers in an auxiliary courtoom on another floor — was occasioned by the shortage of seating in the main court room. There will be no public television.

Sirhan, 24-year-old Jordanian, sat quietly through the proceedings. He is accused of shooting Kennedy and wounding five others last June 5 just after Kennedy claimed victory in California's presidential primary election.

My Dear Mr. President:

I wish to express my opinion on something which has concerned me greatly for months. It is, the assasination of Senator Robert Kennedy. I wonder Mr. President why this Mr. Sirhan Sirhan is allowed a life to live when he has taken without reason or cause the life of a most beloved American. Surely, Mr. President I realize that there are problems enough today in the world which require more priority, but Mr. President can't something be done to avenge this wrong doing by Mr. Sirhan?

Mr. President, I do love my country just as it is, as free as it is, but should Mr. Sirhan be allowed to share my American freedom?

I must tell you I am a 22 year old young woman with a strong feeling and have no doubt that this same feeling concerning Senator Kennedy's assasination is shared by millions of other American people.

Thank you very much Mr. President for taking the time to read this.

Very respectfully yours,

I have carefully considered the information as presented by your constituent. The circumstances as described do not, however, warrant action by this Department. NOV 29 1968

Honorable Sir:

I have a question to ask and would appreciate receiving a direct response from you.

I read in the Bakersfield California, 11/25/68, that Sirhan Sirhan is to be given "chromosome" sanity tests to determine if he has a possible hereditary compulsion toward violence. If he has a "chromosome" count of XYY in lieu of XY he might be considered a "super male" who is predisposed toward violence. My question is, why are they trying so hard to prove this man insane so that he will not be executed for the death of one, Robert F. Kennedy? Instead, put him in a mental institution for 5 to 10 years then be released as a free man. Who is behind all this political idiocy and how much money is involved???

Why wasn't a "chromosome" test given to the killers and rapers of Timothy Luce and Susan Barthomei? One of the accused has been given the death penalty which I believe is only right and just. Was such a test given to one Richard Welch for the killing and rapying of the Jenkins boy and Diane Bradford? What about Richard Speck and the 8 nurses? How many other murderers and rapists etc. down through the years have been given the advantage of a "chromosome test"?

Who and why are they trying so hard to free this man of such a senseless slaying? Why can't he be given a trial like any other human being who has committed a crime? Is it because this is the game of politics? Because he has one Russell Parsons defending him? Because it was a political figure killed - a Kennedy? Wasn't Bobby Kennedy just another ordinary human being with an ordinary daily job? I believe in freedom and justice for all men, but why is justice toyed with so much?

I realize that their is more money involved as far as the attorney representating Sirhan is involved but why does money always have to win out - why can't things be excepted for what they are.

I could go on and on regarding this matter but I won't. Again I would much appreciate your response to my inquiry.

Respectfully,

[illegible]

It is tragic, of course, that many children have unhappy homes and consequently develop resentful and distorted adult dispositions.

However, the fact remains that anyone who commits a murder is TEMPORARILY INSANE. In other words, has lost control of his emotions.

No matter what his background, is dangerous to the law abiding citizens. Yet that defense and others like it, turn these people loose to endanger other lives and property, every single day.

There should be a law enacted immediately, to void the possibility of using the 'TEMPORARILY INSANE' and similar defense argument, to acquit these people who commit crimes because they cannot control their emotions. Even those who are convicted are too, too often released from prison after serving a few years of their sentence.

THE TIME IS LONG PAST DUE WHEN FIRST PRIORITY IS GIVEN TO PROTECTING THE CRIMINAL, AND SECOND PLACE GIVEN TO THE LAW ABIDING. it should be changed.

In the month of June one of this country's most beloved men was shot down in cold blood right in front of thousands of people of course they caught the man who killed him but for all that has happened to this man in way of punishment, what good did it do? They have been busy protecting Sirhan from us, or from someone who would want to end his life like Ruby did Oswald's. I suppose there are good measures to take, but let me ask why don't they try him instead of delaying his trial? Do they hope that if they wait long enough the rest of us will forget about it all and they can let him go after he serves a few years in prison? If that is their way of thinking, they greatly underestimate our memories! Not only are they fooling around and wasting time on Sirhan's trial, but they're doing this on all convicted people's trials. It really and truly is a crime to furnish a murderer or robber nowadays. people want some action to be taken because our country cannot last if things are left as they are. People who have committed a crime and have been convicted must be punished, not turned loose after serving a few years of a thirty year term, or for the jury to let him go in the courtroom.

The Supreme Court should go jump in the lake! They are communists themselves, I think! We should be allowed to pray in school. It's the least we can do to show our love to God compared to all that he's done for us. And, also that stupid, stupid law or rule that says it is a violation of communists' rights to make them register in the United States, yet we have to register our guns. Mr. President, the communists must be made to register. They're here to destroy the United States and our government, and to then set up communism! All we ask of them is to register! That is not too high of a price to pay compared to what they're trying to do to us. The communists must be controlled!

All acts of treason against the United States must be punished. When someone gets up in front of everybody and says that he's been to Moscow and Peking, and that he's going to help overthrow the government, shouldn't someone get a little suspicious? Or will it be considered to be one of the crazy things that the kids of today say?

I hope you know, Mr. President that you have got a big mess. And, if you refuse to protect us, if you refuse to control the communists, if you refuse to punish people like Sirhan, and if you refuse to take hold of that Supreme Court by the shoulders and shake some sense into them, Mr. President you've, well, I don't know how to finish that sentence. Thank you. Now, get to work and save the United States of America. You have more people than you know you will immediately jump behind you in doing so.

CIV. RIGHTS DIV.

Dear Mr. President: This is the first letter I have had the temerity to write to one in your office.

The continued delays of trials for Mr. Ray and the slayer of Robert Kennedy seem all out of reason to so many of us. The Kennedy slayer who was apprehended on the spot with the murder weapon in his hand seems to

he uppermost in our
minds. Delay are
very expensive and
the seeming lack of
justice being done
only adds to the
prevalent feeling
that any sort of
crime may be
committed and one
may go free; go to
jail for a short time
then be let out or
serve a year or two
and all is forgotten.

Perhaps I have not stated my case too well but I feel sure that you realize how so many citizens feel about our courts and their decisions.

Not knowing where this should be sent I sent it to you as our head of state.

Sincerely

Marian D. Walker

The President of the United States of America
Washington. D.C.

Dear Mr. President;

I am sure you have seen and heard about this Sirhan case that up until today our government has spect 285,949.00 in trying to find this guilty.

Just what kind of laws did our forefathers lay down for us Was it for justice,or was it for someone to tamper with and interpret it as they saw fit. ??

Everyone you talk to ,they wonder in amazement about how much money the government spends to try to prove someone innocent whether it be by the fact of hiding behind the 5th amendment or trying to prove the man insane. Aren't we all insane to a certain degree then. ????

Our laws and our courts are getting to be a big farce. You have a man who was caught red handed and had killed and tortured 8 young nurses. This man is still in the best hospitals and under the best of care, while our boys fighting in Viet Nam are prisoners and being deprived of so many necessities of life. Yet here we have a brutal criminal who did confess, who was not sorry for what he did and yet our coutry thru its mal interpreted laws, are fighting so hard to save this mans life at the expense of all of us. Does this make right thinking ???

Now here you have Sirhan who was caught , he did it he ad mitted the T.V. cameras can tell you he did it, and yet our laws are fighting so hard to try to prove this jerk insane. Does this make sense Where is our law and order and our fair justice in our courts ???? You will take an honest citizen who has never committed a crime, but make a mistake on his income tax return,, a federal case is made if this. The newspapers will smear his name all over the front page the radio adds all the momentum,until this honest man is shamed and all he can do is committ suicide.And yet a murderer who is caught red handed is permitted to go free and enjoy the tremedous care given to these privileged prisoners. Just what is this ??? Who can restore some sanity to our courts and to our senseless courts and judges and crooked lawyers who get big fat fees to liberate a known criminal. This is a laughing stock. Other nations have a right to criticise our way of taxing our people so that we may protect criminal and murderers. You can't blame people for not wanting to pay taxes when they are not spent wisely and judiciously.

As the president you do have some powers to suggest some corrections, ask some senator to sponsor legislation which could plug up these wasteful loopholes.Put to death anyone who is found guilty of trying to overthrow our governement ,selling our secrets to the enemy, and murderers who rape, steal, and torture. Do hope you will get some legislation to stop this wanting lawlessness and expensive upkeep of criminals.

Yours Sincerely

Michael Vecchione

Dear Sir(han):

Having removed an all but unsurmountable obstacle from the path of the Republican presidential candidate you have not only earned the gratitude of conservative Americans but become the undisputed kingmaker in this year's presidential contest. Your service to the cause of anti-communism has been of uncalculable magnitude and will not soon be forgotten by the military planners who have worked so hard to escalate a minor civil war in Asia into an ideological confrontation of major proportions.

The skillful elimination of Senator Robert F. Kennedy from the political scene and the prevention of an impending Kennedy landslide were executed in the aggressive spirit of your great compatriot Amin El-Husaini, the Grand Mufti of Jerusalem, who as early as 1942 recognized the extent of the communist menace. This noted Arab nationalist supported Hitler's invasion of the Soviet Union unequivocally and it can be assumed that many of his Arab followers and other right-wing extremists look upon the war in Vietnam as being a continuation of this original anti-communist crusade.

Your bold action has altered the course of history. The world trembles in contemplation of the ominous consequences of your morbid deed.....

Gentlemen:

I think the above is a misnomer. Is there not some way we can stop this circus about Sirhan Sirhan? He is guilty and should either be put to death or sent back where he came from. Neither he, nor his family are U.S. citizens. Why are we using the taxpayers money to put on this ridiculous performance.

There isn't another country in the world that would tolerate all this nonsense. They would either execute the person or send them back and not fool around with all this waste of money and time.

The evidence I heard this morning on the TV is ridiculous too. The attorney claims Sirhan was in a trance and achieved peace through the shooting. Isn't that great!

Sir:

America is the land of justice. So we are taught in school and so it is written on almost every state or federal building. It is broadcast on Voice of America, and the public trials of Sirhan Sirhan and Earl Ray make a comedy out of the efforts to give these murderers fair and unbiased hearings. Yet when a clique of corrupt lawyers are charged by an ordinary citizen of gross negligence and breach of trust, those same upholders of America's justice can turn the trial into a kangaroo court without fear of exposure or punishment. And when that citizen pleas for his Constitutional right of a fair trial to the state governor, the governor turns his back: "It is beyond my jurisdiction," he blandly replies. What are we to believe? Is justice endowed to only those in the public eye or those who can buy it? Of course there will always be cases of men taking advantage of others, but will the government simply shelter them, providing a haven for the unjust rather than for the just? Within whose jurisdiction does it lie to clean America of corruption?

The lawyers mentioned above control not only a whole city, but also spread their power over the entire state, so that it seems impossible for even the governor to dare break their clique. Therefore, they can manipulate the law to suit their callous ambitions, irregardless of the lives of those involved. In effect, then, they are legal murderers and legal thieves who can carry on their activities under the protection of the government. Mr. President, I can give you the case which exposes the entire scandal, a case which conclusively proves them guilty of gross negligence, undue influence, breach of trust, collusion, fraud, and perjury. By breaking their power, innocent people throughout the state can be safeguarded, and the example will be set to other such men that justice cannot be denied to the people of the United States.

Or will you also turn your back? No, I believe you are truly a sincere man whose interests lie in helping the American people, in setting aright the crumbling judicial system, in restoring the original ideals of justice and equality to America--in other words, a man with the courage to do what he knows is right, no matter what the personal risks. I beg you to act, for there is no one but you with the power to do so.

Very truly yours,

Patricia Helene Massy

Department of Justice
Washington, D.C

Gentlemen:

On 3 February 1969, Metromedia News in Washington reported as follows:

> "Federal agents investigating the murder of Senator Robert Kennedy have uncovered some evidence which hints at conspiracy...
>
> When the accused assassin, Sirhan Sirhan, was apprehended, police discovered that keys in his pocket fit a car parked a block from the hotel... The car belonged to a kitchen worker at the hotel at which Kennedy was shot... Reliable sources also report that the Secret Service had a file on this kitchen worker, and had it been the president who was in the hotel, the Secret Service would have detained the man before the President ever came to town. While the Secret Service had no file on Sirhan Sirhan before the Kennedy murder...they did apparently consider this kitchen worker in question at least a threat to presidents."

I would like to know what investigations were conducted by federal agents, and what reports of that work are available.

Sincerely

I understand that Sirhan Sirhan, if found guilty, may receive the death penalty. I object to such a punishment which should have gone out when Jesus Christ came. Please do something!

Dear Mr. President,

I think more should be done about the Sirhan trial. If he says he didn't know what was happening then why didn't he shoot some-one else. There were so many people how come he didn't shoot one hundred people.

More should be done at the peace talks. Every time one side has a truce. The other side starts fighting.

Dear Mrs. Tillis:

This is in reply to your postcard of January 9, 1969. Please excuse our delay in responding.

Your comments, criticisms, and concern for the delays in the judicial system are shared by many. The matter is presently the subject of much legislative debate, in both the United States Congress and various state legislatures. Certain court reforms are needed and are being sought through bills currently being introduced in an effort to alleviate these conditions.

Dear Mr Clark,

Please tell me, why, do we the People, have to pay for an expensive trial for Sirhan when so many eye witnesses were present, also TV film? Seems rather absurd to me - there is no question of guilt in this case.

Why can't laws be up-dated to cope with the Crime-ridden world we live in? Why the long wait for dispensation of crimes while the criminal lives it up for free at expense of Tax payers?

Dear Sirs:-

Here I am living in Canada, a U.S. citizen. Just too scared to live in Detroit. I was a night telephone operator, too scared to go to work, scared to come home, scared to go to sleep. My two very good friends, one is a retired lady living alone, afraid to step out of her apt to catch a bus, another assistant at one of our big hospitals Sinai, And a third I nearly forgot a widow who also lives alone in an apt. Who saw a murder committed outside in back room windows in the parking lot. They are all making preparations to move over to Canada when it is safe. A fourth lady who is afraid to go out on her porch to get the evening newspaper.

There are a few living here who would like to live in their own country, but are afraid.

Then I hear day after day news on the T.V. about Sirhan Sirhan who shot Sen. Kennedy, and they don't think he was in his right mind. But he had mind enough to go for target practice on a rifle range

to practice before hand. How many people does one have to kill, to prove they are no good. Too bad there wasn't another Mr Ruby to put him in his place, soon after it happened. The tax payers really have to pay to keep such a person, and for how many more years. Those Arabs are pretty good fakers. Just like the Cubians, brought over by car loads, boat loads, built homes, schools, churches for them found jobs for them in Florida. They made a mess of their own country. Now they are here, now we have trouble, riots, beatings, stealings burnings thats all they know. But our own down south, are starving, no doctors, no food, no clothing!

There's only one way to clear this up. anyone, who does not want to obey the law, send them back, Africa, Arabia, Russia. Clean this country up. So we can go back to our country, where we belong.

Why not send Sirhan to the front lines, we need crack shots there. Not here.

Yours very truly!

Mrs. Edythe Armstrong.

Dear Mr. President:

I am most concerned with the taxes it is costing the California tax payers in the Sirhan Sirhan case of which you are aware of in the assination of Senator Kennedy. They say this conviction will be in court three months. WHY? He has admitted his guilt, and was caught in the act. Why do we law abideing citzens have to pay for this? Our taxes is so high now in the San Fernando Valley that we just can't afford to live in the house we bought for 13,000 9 years ago. My Husband served in World War II and we have been since 1947 trying to own a home. Can't something please be done? We are past 50 years old now and would like to have a home in our later years instead of a room or rest home. I do thank you for takeing the time for my complaint.

Do you think the trial is being post poned to often? Do you think Sirhan will be tried and convicted guilty of 1st degree murder from shooting Senator Robert Kennedy in June '68?

I am puzzled about Sirhan and his trial because your opinion usually isn't printed in the newspaper about this incident. I would appreciate it if you would write back, telling me your opinion on this confusing matter.

Mr Nixon

I would like to know why some things are allowed to go on in our United States.
Not to bother you to much I would like for you to ans - my letter just to let me know you recieved it. And to know you care about the people of this U.S.
a person read the the awful things and happenings that is going on that it makes you wonder and worry.
I will name only a few. And they may not seem like much to you but there is other things to read and think besides the Vietnam war. ect. -
Two great Men were killed John And Robert Kennedy. Robert's Killer is now on trial and I read where

he wont get the death sentence when thousands of people seen him shot. When just today I read in the papers a 13 year old boy shot his playmate over a cig- And it stated he will get the death penalty if found guilty. — In Fla. Why is this trial so short lived And Robert Kennedy's just goes on & on. So people can have something to read. And also making it hard on his widow And Children.
Another question not related to the one above
I live in W.Va. And the Bars are allowed to sell Liquor after 12 But a shoe store was shut down on Sundays. The Only time a family has for shopping together I dont agree with either one staying open. Because Sundays a day to worship. But to leave

a bunch of Bars open for parents to set a drink. Gods knows what happen after they get in the Car to go home. It looks like. Beer is ok on Sunday But shots are illegal. They say that employment is up. My Husband has tried to get work at different plans. The state Rd here in Fairmont. But they wont hire him. They ask you if you a Democrat or Republican. And you better say the right one. Then they hire men that work half the time they Call in from being drunk. or they wont hire you unless you been recently discharged from service What is a Man supose to do to support his family when there are people like that get jobs And wont let you work for a living. Maybe

these things seems small to you. But to me thei not. I Could go on but I wont waste you time. try And Answer my letter if you have time And explain it. Thank you

Bishar Sirhan had suffered a cut eyebrow when he fell against a resterant table. The Sirhans had tried to obtain a suitcase that contained bank books seen by the hotel New Yorker staff.

I had written to your predecessor asking if Oswald or his father had been employes of City Bank of New York.

The Oswalds had been involved in narcotics in Staten Island, New York. The elder Sirhan had been a seamen that delivered narcotics from the Mediterain area to Pannama a good many years ago. During the last war he shot agent Hill in Macy's dept. store. I was a member of the French-United States Intelligence staff, (FUSI).

I participated in the Pederson-Greenglass case. See Senator McClellan. Sec. of the Navy Forrestall was murdered I believe,

Dear Mr. President,

I want to ask of you that you intervene and appeal on the basis of mercy and reason that the accussed assassins of Martin Luther King and Robert F. Kennedy be helped and pitied rather than punished. The old custom of Blood for Blood made cleaner and more "respectable" by modern techniques of execution must surely be renounced and discarded. We live in an age when sick, unhappy people can be cured. Tell me, what possible justice is served by increasing the suffering of humanity through prison sentences and executions. By what right do we, who are fallible in many respects, condemn others to die and suffer? Can this ever bring an end to the senseless violence and slaughter of human

beings around the world?

I realize that you are not a member of the jury, nor are you in any way directly connected with these trials. But as the chief of state, as the leader of two hundred million people, could you not raise certain questions which were raised by Christ nearly two thousand years ago:

"Blessed are the merciful for they shall obtain mercy." Matthew 5:7

"Ye have heard that it hath been said, an eye for an eye, and a tooth for a tooth:

But I say unto you, that ye resist not evil, but whosoever shall smite thee on thy right cheek, turn to him the other also." Matthew 5: 38, 39

"Judge not, that ye be not judged." Matthew 7: 1

Hopefully these ideas have not gone out of fashion, although I fear they have. Are we ashamed or afraid to raise them? Why, why in the world, should we hesitate to enunciate clearly what can save us from the hatred, violence, and suffering which plagues mankind? The people of this earth would be forever grateful to you for taking a stand for mercy and forgiveness.

Sincerely,

Pat Conaway

Dear Attorney General Mitchell:

Permit me to congradulate you on your appointment to the President's Cabinet. In attending to your great responsibilities, may you find much strength and joy.

Of immediate concern are the intimations that the prosecution and counsel for defense for Sirhan Sirhan may reach an understanding that if the defendent insists on pleading not guilty, then he may be found mentally incompetent to stand trial.

I think that of the few matters for which it is desirable to retain the death penalty, political assasination is one. If a defendent chooses to stand trial, is found guilty, and is sentenced to death, an appropriate granting of clemency is possible and desirable. Is this not better than that the United States of America should temper Justice with Deception?

in regards to Robert Kennedy's murderer. (Sirhan B. Sirhan)

It is an insult to the American people that this man should be allowed to dictate his wishes, after such a terrible deed.

This is an open

Invitation to murder on the part of other radicals in our society to have this case prolonged month after month.

If this crime was committed in Europe or elsewhere, it would have been justified in a very brief time.

I do sincerely hope that you will do all in your power to see that this man gets the death penalty which he deserves. Nothing less is justice.

Gratefully.

Dear Mr. President:

I'm writing to you because I have a problem which is bothering me, and this is Siran Siran.

He is not an American citizen, though he killed an American Citizen--Robert Kennedy, what right do we have to convict a foreigner to life or even death ? Wouldn't this cause friction between the two countries ?

I'm not trying to say that we shouldn't do anything about it, but shouldn't we stop and think about what his people might do if we give him the chair ?

I would like to know, if possible, if Sirans country would have any say to this since Siran is not an American citizen.

Thank- you.

Caroline Thompson

MR. PRESIDENT,

PLEASE FORGIVE ME FOR THIS EXTREMELY INFORMAL LETTER, HOWEVER THE URGENCY OF MY COMMENTS REQUIRE IT.

ON THE NEWS TODAY I UNDERSTOOD THE OFFICIALS OF THE COURT IN LOS ANGELES, WHO ARE CONSIDERING THE ASSASSINATION OF ROBERT KENNEDY, HAD APPROACHED WASHINGTON TO DETERMINE THE POLITICAL IMPLICATIONS OF THE VERDICT. IN PARTICULAR, HOW WOULD ISRAEL OR THE U.A.R. REACT TO THE RESULTS OF THE TRIAL.

MY COMMENT IS THAT JUSTICE AND EQUALITY FOR THE INDIVIDUAL UNDER THE LAW, IN ORDER TO BE FAIR AND IMPARTIAL, MUST APPLY TO ALL CITIZENS EQUALLY REGARDLESS OF THEIR BACKGROUND AND SHOULD BE DEVOID OF ANY POLITICAL PRESSURES. IT IS MY HOPE THAT ALL ELEMENTS OF THE GOVERNMENT WILL AVOID EXERTING ANY REAL OR IMPLIED INFLUENCE ON THE COURT WHICH COULD EFFECT THE DUE PROCESS AND VERDICT OF THE TRIAL.

THANK YOU FOR YOUR TIME MR. PRESIDENT.

MEMORANDUM TO ALL EMPLOYEES

SUBJECT: Blood Donor Program

The next scheduled date for blood donations is Monday, March 24, 1969, in the Main Justice Building (Great Hall), beginning at 10:00 a.m., and ending at 4:00 p.m.

Since you are an employee of the Department, which is a member of the Blood Donor Program, you and certain members of your family (spouse, children under 18, parents, parents-in-law, grandparents) are entitled to receive any amount of blood you may require without cost provided the Department has met or is relatively close to meeting its established yearly quota of 700 pints. To receive this service, all you have to do is call the Employee Relations Unit, in the Main Justice Personnel Office, and your needs will be met.

Thus far in this fiscal year, the Department is so far below its donation quota that the Red Cross has informed us that we are in danger of losing our privilege of unlimited coverage for employees and the eligible members of their families. Unless we can come very close to our quota, we will be able to fill blood needs only to the extent of the number of pints donated by our employees. This will prove a great hardship to the many employees who will have need of unlimited coverage. Therefore, we ask you to please volunteer to give blood if you are physically able to do so.

Your blood recruiting officer will contact you within the next few days. If he should miss you, please notify the Employee Relations Unit, Code 187, Extension 3143.

Transportation will be provided for groups of five or more donors stationed in other buildings. Employees in the following locations should contact the persons listed who will arrange for tranportation:

101 Indiana Avenue (HOLC) and 3rd and Constitution Ave., N.W. -
Frances Martinez, Code 187, Ext. 3143

119 "D" Street, N. E. -
Virginia Gogel, Code 155, Ext. 348

1405 Eye Street, N. W. (Benjamin Franklin Building) -

Mr. President Nixon
Dear Sir:
I'm not an attorney or law specialist but isn't there some type of restraining orders that could be utilized to prevent the Sirhan attorneys from making a shambles of law and justice.
In effect they are trying the jury system instead of trying Sirhan as a murderer. It seems to me if they wish to make a case against our jury system it should made into an individual case.
Right now this pipsqueak murdered Sen. Robt. Kennedy and the trial should be about that.
If this Debauch is permitted to proceed then all further murder trials should be outlawed and turn all further trials into Mardi Gras -

NOV 29 1968

Honorable Sir:

I have a question to ask and would appreciate receiving a direct response from you.

I read in the Bakersfield California, 11/25/68, that Sirhan Sirhan is to be given "chromosome" sanity tests to determine if he has a possible hereditary compulsion toward violence. If he has a "chromosome" count of XYY in lieu of XY he might be considered a "super male" who is predisposed toward violence. My question is, why are they trying so hard to prove this man insane so that he will not be executed for the death of one, Robert F. Kennedy? Instead, put him in a mental institution for 5 to 10 years then be released as a free man. Who is behind all this political idiocy and how much money is involved???

Why wasn't a "chromosome" test given to the killers and rapers of Timothy Luce and Susan Barthomel? One of the accused has been given the death penalty which I believe is only right and just. Was such a test given to one Richard Walch for the killing and raping of the Jenkins boy and Diane Bradford? What about Richard Speck and the 8 nurses? How many other murderers and rapists etc. down through the years have been given the advantage of a "chromosome test"?

Who and why are they trying so hard to free this man of such a senseless slaying? Why can't he be given a trial like any other human being who has committed a crime? Is it because this is the game of politics? Because he has one Russell Parsons defending him? Because it was a political figure killed - a Kennedy? Wasn't Bobby Kennedy just another ordinary human being with an ordinary daily job? I believe in freedom and justice for all men, but why is justice toyed with so much?

I realize that their is more money involved as far as the attorney representing Sirhan is involved but why does money always have to win out - why can't things be essential for what they are.

I could go on and on regarding this matter but I won't. Again I would much appreciate your response to my inquiry.

Respectfully,

$370,416 Spent On Sirhan Case

LOS ANGELES (AP) — Los Angeles County spent $370,416 on the Sirhan Bishara Sirhan case through Dec. 31, Supervisor Kenneth Hahn said yesterday.

Testimony has yet to start in Sirhan's trial on charges of murdering Sen. Robert F. Kennedy last June.

The trial recessed Thursday until Tuesday so the defense can analyze questionnaires on which Superior Court judges say how nominees are chosen for grand jury service. The 12 jurors have been chosen but six alternates still must be selected.

In the first place I wish to go on record as being a completely sane person and a staunch Republican. I have held a job in New York for some years before retiring that paid me well in five figures, which is not paid in New York unless one is competent.

I wish toprotest the circus which is being held for the man who shot Robert Kennedy. It is a circus and a complete waste of the taxpayers money. How guilty do you have to be to be condemned? I would not serve on a jnury for this man if my life depended on it. He is guilty and should either be put to death or out of the country. Our justice department is ridiculous. Warren should be impeached and several of the other justices are senile.

If Commander Boucher is court martialed I think we should all hang our heads in shame. This man got no support from the Navy and put in a year of mental anguish with his crew in Korea. I only wish the stupid Admirals who are judging him could be put through the same thing. I will see to it, and don't under estimate my ability, that you will get a flood of protest if this thing is done. It is outrageous to put this man through what you are doing to him.

We are about to start a new Administration and I trust Richard Nixon will not be hangstring by a LOT OF stupid people. I think the man is sincere and means well. Let not play power politics, but play it straight and fair.

Yours very truly

P.S. To Senators Aiken & Prouty
Our method of selecting a jury in Vermont is outmoded. It should be selected from a radius of 10 miles and not forty to fifty miles and ask women of 65 to 80 to drive the mountain roads in winter weather. I for one, wont do it, and if I cannot be excused I will move out of the state of Vermont. A lot of other people feel the sale way and also feel Vermont is getting a little big for its boots taxwise.

Dear Mr. Nixon,

One of the biggest problems in this country is the apathy of the voter. One big reason for this is the loss of national pride. People are getting so frustrated in this growing but separating nation that they just dont give a damn!

I must say that I am very disapointed in the treatment of Cpt. Bucher. That man deserves credit for what he did. Where is the justice in our great democracy? Why do criminals like Sirhan Sirhan get away with the red carpet of sympathy when some people dont even get a trial? What kind of example are we setting to the world and the younger generation? Let's hear you come out and stand up for our rights. Get this country moving twards unity. Put pride and concern back in America.

I am a freshman engineer at Manhattan College. I will vote in this next presidential election. I want people to vote for you in the next election because you made us move ahead. I love America. Its up to you to keep me loving America.

My dear Mr. President:

I am a senior now attending Warren Woods High School in Warren. I was recently reading the daily newspaper when I came across a piece about Sirhan Bishara Sirhan the assassinator of the late Robert Kennedy. This piece aroused me to write you this letter. I just cannot understand how a person who kills a man with forty some odd people standing in the same room and another large number of people watching on television still be going to court. I do understand that his lawyer has said he is guilty but now they are trying to decide whether or not he should be tried on first or second degree murder. If a person kills another he should not be tried for second degree murder and given fifty years and then be let out in ten years on good behavior to kill another he should be given the death sentence then you will be sure he won't kill another.

About six months ago a person was let out of Jackson State Prison after serving about five years out of a life imprisonment came to Detroit and murdered a police officer. This I do not think is right. Why should a man be able to kill a person

go to prison get out and kill again. Some people say our society is sick. I don't believe our society is sick it is our court system that is sick. I think they should all be reviewed and all of our judges be reviewed.

Mr. Nixon don't get me wrong I am very proud to be an American I am proud of being free to make my own choices , to live the way I want to, to eat and sleep where I want to not like other people who are governmental puppets, to do what the government wants them to do.

Mr. Nixon I would like to wish you the best of luck in the next four years and the best of health to you.

Dear President Nixon:

As one of our former presidents said "Your Government is what makes your Country."

As I hear the news report the trial of Commander Bucher, I pray that the Lord may intervene and spare this faithful servant of our country, this torture.

While our young men burn their draft-cards, destroy schools, set fire to colleges, even burn the clothing on their teachers, and many get by with it, this man who suffered more than his share for his country, has to stand trial.

"God forbid and forgive our Government" for such brutality to our fighting men and the neglect to punish those who

secure it.

Why are no more drastic actions taken against Sirhan Sirhan, who admits that he killed Robert Kennedy, when three or four lawyers offer free service to protect him from just punishment.

The "Hand of God" is lying heavy on our Country, and we shall reap what is sown.

"Your Government is what makes your Country"?

May God have mercy

Mrs Roy Scher.

P.S. Our son served his Country for four years in the Air-force, and narrowly lost his life in that first air-raid at Be-n-ho, when he was 18 yrs old. He is now attending college.

ATTENTION: Pres. Richard Nixon

My dear Mr. President:

For the past decade I find myself asking, "Is this Russia or is this the United States?" merely because I can't see justice being carried out in these United States. Instead, justice is..."what's in it for me"... that's the way it appears to me.

It all started, I believe, to the riots and demonstrations (which was supposed to be because of racialism) to the death of Pres. John F. Kennedy by a man who loved Russia. This man did not shoot J. F. Kennedy because of racialism or because J. F. Kennedy was for the poor class of people...because this man was from a poor class of people...so it don't make sense why this guy shot J. F. Kennedy. What did Russia give or offer this man for his love for Russia? If the American people were asked, "Do you believe Oswald shot Kennedy just because he was rich and Oswald poor?", I believe you will not find the American people so gullible...many assume there's more behind it and I am one who is disappointed in the United States Government for not finding out because we lost another good American leader, Robert F. Kennedy, who died the same way as his brother J.F.K by another guy who claims his love for Russia. Robert F. Kennedy was not even president...and this Surhan had no reason to shoot him. How can this Surhan afford the best criminal lawyer when he just worked at the race track? What did Russia ever offer or give Surhan for he too claimed his love for Russia? Will Surhan be let free to roam the United States when he hates it here...and those that love the United States their lives are being taken away? "What's going on in these United States?" I keep asking myself.

Another incident is those guys like Dr. Spoke and Dr. Coffin who has

these guys burn up their draft cards. If Dr. Spoke and Dr. Coffin are permitted to do this, then why send our other boys to Viet Nam to be killed while these ores who burn up their draft cards are allowed to stay here in the United States to cause trouble. And, if a guy does try to serve the United States...what does he get if he is captured is "Court Martial" because the communists took his ship...what about these guys in Washington who permits the communists to come to this country to size us up just like they did the Pueblo before they took it over. They are more guilty in letting the communists come into our country to size us up...for we only have one country where a ship can be replaced by a better ship. And, if its only because of a ship ...where was the rest of the Americans who were suppose to defend us...out having tea parties for it was their fault for overlooking the fact how the communists works. By this I am talking about Commander Bucher. This write-up in Everybody's Say-So prompted me to write this letter. I have a pretty darn good idea how the communists works and by Commander Bucher's appearance on television I have a pretty darn good idea what he went through. Not only has he really been through it over there..."What the heck is the United States trying to do to him now...ARE THEY TRYING TO DRIVE HIM OUT OF HIS MIND...or what? "Why didn't they give him more ammunition?" I know how sneeky the communists works and I'm sure that these more educated men surely must know how more sneeky they work...and I believe it is an oversight on their part more than Commander Bucher. What were they offered or why is their negligence justified for their oversight of ammunition or lack of assistance?

All I can say is that you guys in Washington started out on the right foot by getting together and studying the cases before you, and only if you keep staying on the side of justice, will we ever get to be "United". And, this is the only means to prevent other assassirations for we do not want any more presidents to be assassinated regardless if they are Republicans or Democrats.

"God Bless You and Help You" to get us out of a mess.

Very truly yours,

Jackie Kicos

Re The Pueblo

Editor Tribune:

Dear President Nixon:

I was completely shocked by the news last week that the investigation into the matters surrounding the capture and release of the crew of the Intelligence ship Pueblo could possibly end in the court martial of Cmdr. Bucher. Just a short time ago while all of America watched, Cmdr. Bucher and his men looking gaunt and some bearing visible wounds arrived home to the arms of their loved ones, hailed by the world as heroes.

Have we gone so low as a nation in our appeasement of the Communists that we refuse to protect and give aid and support to our service men so that we will not offend the enemy? Is there nowhere within the ranks of our leaders a sentiment like that of Theodore Roosevelt to "walk softly and carry a big stick"?

I truly believe that the Pueblo

Q. — We are interested in adding to our retirement income. Most of our stocks pay well. We get 6 percent from Greyhound. Besides these common shares, we have E bonds. Should these be kept?

A. — If you are looking for more income, you can't afford to keep E bonds, which merely grow at the rate of 4¼ percent a year, but pay out nothing. If you have a substantial amount, the cashing of which would entail a heavy tax burden, redeem only 4¼ per cent of them every year (for example: $425 worth out of a $10,000 holding) and use that money as income. If the amount is small, switch the investment to utility bonds bringing in 7 per cent with checks coming to you every six months.

Greyhound stock has done well for you, marketwise. But if we're talking income, the dividend on the stock, presently selling for around $24, is $1 a share. So the yield on your money is about 4 per cent, not 6 per cent.

Q. — You recently told a young couple with $20,000 in savings and a mortgage of $18,500 on their home not to use the savings to wipe out the mortgage because they could pay off the mortgage with cheaper dollars. Perhaps dollars will become harder to earn. Many people lost property during the depression years.

was captured and held as a result of the soft policy of Mr. McNamara and the Defense Department in their determination to appease and their willingness to sacrifice men in order not to disturb the Communists. In such an event there would be need for a scapegoat to cover all of the questions and explain away all of the humiliation we suffered as a nation because of this experience. This scapegoat's name is Cmdr. Bucher.

My great aunt, Mrs. Georgia B. Minter, was one of the early missionaries to China. She told us of the craftiness and cruelty and animal tendencies of an unregenerated Oriental mind. She was attacked by bandits several times and had not the hand of God intervened she would have been killed.

My aunt and uncle, Mr. and Mrs. Herman Dixon, were some of the first missionaries to the Islands of New Guinea, Borneo in particular. They were captured by the Japanese during World War II and were interned in a concentration camp for some three years. Their treatment was beyond imagination unless heard from ther lips. Their health after release was never again normal. Thus, Cmdr. Bucher's account of his torture and treatment seem very familiar to me. Could any of us have gone through it as well? Would we have been able to send young men to certain slaughter? Would we have tried to fight knowing we were completely surrounded?

Can we, Mr. President, as a democratic nation, pride ourselves on our democracy. "The Land of the Free, the Home of the Brave" and then strip a man of his honor, his dignity, and even his sanity in order to do a "cover up job" for those in authority who did not do their job? Will this be another Billy Mitchell case? Will a man be sentenced to die of a broken heart? I trust not, Mr. Nixon. — MRS. GEORGE W. BENSON.

Dear Mr. President:

Could the Justice Dept. (?) Arrange a probated sentence for: Sirhan, and have him paroled to his parents and make regular contacts with his parole Officer?

If this could be done I think it might make for better relations with the Arab nations. And perhaps a meaningful and workable peace could be worked out between the Arabs and Israelis.

Sirhan, Mother Will Tell of Economic Background

L.A. Times/Washington Post Service

LOS ANGELES — Sirhan Sirhan and his mother Mary are expected to be called to the witness stand Tuesday to testify about their difficulties in making ends meet as Arab immigrants.

The move is part of a defense bid to quash the first-degree murder indictment against Sirhan for the killing of Sen. Robert F. Kennedy.

Chief defense counsel Grant B. Cooper has contended that the poor and the disadvantaged have been improperly kept from serving on Los Angeles County grand jures such as the one that lodged the murder charge against Sirhan last June.

THE SIRHANS' testimony would be limited to their economic background, he told reporters.

Superior Court Judge Herbert V. Walker yesterday dismissed the 12 petit jurors chosen to try the young Palestinian Arab until next Wednesday.

Dr. Robert E. Schultz, a professor of finance at the University of Southern California, testified for the defense Wednesday that the 1968 grand jury prospects were top-heavy with older citizens from gilt-edged neighborhoods.

SHOULD the murder indictment be quashed, the prosecution would have to start all over again. Long weeks spent in picking a trial jury would be washed out.

But no one expects this to happen, least of all the defense. The move is being made primarily to pile up points for an appeal if Sirhan should be convicted. Asked what he'd do if the indictment were tossed out, Cooper laughed and told reporters: "God forbid. I don't know."

Sirhan Sirhan.

You can go back decades and decades and you will find all pioneers in this country and all immigrants had to start from scratch and get their beginning of their careers from the very bottom. The opportunity to higher goals in life is here in the U.S.A., but you must work for it.

My ancestors and my parents like many others, came to this country poor and penniless, but with faith and hard work, they raised a family of eight. It was rough and tough, but it was worth it...just living in a great country, such as the U.S. A. If Sirhan gets away without proper and due punishment, it will be too bad for all future political candidates and leaders of our great country, the U.S.A. Letting Sirhan get off the easy way will only encourage other crack-pots to do same as Sirhan. We will never be able to get good Americans to run for public office..... and this is just what the Communists want....to demolish and destroy the democracy in our Country.

FURTHERMORE, THE FIRHAN FAMILY COULDN'T BE AS POOR AS THEY CLAIM, BECAUSE WHERE DOES HIS FATHER GET ALL THE MONEY TO TRAVEL BACK AND FORTH TO ARABIA AND BACK TO THIS COUNTRY OVER AND OVER.....TRAVEL COSTS MONEY....OR ARE THE COMMUNISTS PICKING UP THE TAB?????????????

Fifty years ago, in the theater a man on the stage would anounce, QUOTE " If a man ~~commits~~ COMMITS a crime to-day, 10 TO 1 he'd not be arrested. Now you can see why crime is faring so well, I see the BRINKS robbers are released, or soon will be they only got 1¼ million, its hard to keep a million dollars in jail.

Have the courts decided the shape of the table where Sirhan eats, maybe they'd do that latter. There's a ¼ million being spent on that bum. Jack Ruby could save the taxpayers much money if he were there. I wish he were

Sirhan Trial Pace Typical Of U. S. Justice

By RICHARD STARNES
Scripps-Howard Staff Writer

LOS ANGELES — The murder of Sen. Robert F. Kennedy was not a typical crime in the epidemic of wrongdoing that is lacerating the nation, and his admitted killer is not a run-of-the-mill hoodlum.

But the glacial pace of the trial of Sirhan B. Sirhan is wholly characteristic of the plodding deliberation with which criminal justice is dispensed in the U. S.

Grant B. Cooper, the soft-spoken, courtly — and, oh, so cagey — chief defense counsel for the accused assassin, has conceded in open court that his moody, whey-faced client fired the shot that took the life of Bobby Kennedy last June 5.

But despite that the trial of Sirhan promises to last at least another three months.

Read

Sirhan was arraigned and pled not guilty last Aug. 2. Trial was set for Nov. 1 and was postponed twice. It started in the heavily guarded Superior Court of Judge Herbert V. Walker Jan. 7.

Three weeks later the jury has not been finally selected, and to all intents and purposes the trial has not even started.

Today, as the lead-footed proceedings resume after a four-day recess, there were still two time-consuming preliminaries impeding the actual trial.

Although eight men and four women have tentatively been seated as jurors, six alternates remain to be selected. Since neither prosecution nor defense has exhausted his peremptory challenges choosing the six alternates could drag on for the rest of the week.

There is also one more motion to be argued. Mr. Cooper and his two assistants today will seek dismissal of Sirhan's indictment on the ground that the grand jury that returned it did not represent a fair cross section of the community.

Substantially the same argument was used in an earlier motion to dismiss the petit jury panel, and was rejected by Judge Walker. (It was renewed the next day, and was again rejected, but not until the 69-year-old trial judge had patiently listened to additional arguments from Mr. Cooper.)

Mr. Cooper said he would subpena more than 100 Los Angeles County judges to support his plea to quash the indictment — a plea observers felt was a doomed ploy intended only to lay the groundwork for an appeal if Sirhan is convicted.

While California's far-out murder trial procedure is undoubtedly contributing to the delay in Sirhan's trial, delay for delay's sake is a time-honored weapon in the U. S. trial attorney's armory.

In California trials that result in a verdict of first-degree murder, the trial jury must then listen to additional evidence in mitigation or in aggravation of sentence and then must decide between life imprisonment or death in the gas chamber.

The "penalty" verdict must be unanimous, just as the guilty-not guilty verdict must be. This doubles the possibility of a hung jury and of a mistrial, and it led to this exchange between Mr. Cooper and a reporter during a courthouse corridor interview:

What happens, Mr. Cooper was asked, if the jury agrees on a first-degree guilty verdict but can't agree when it later must decide on penalty?

"It means," Mr. Cooper replied cheerfully, "that a whole new jury must be selected to fix the penalty. And since the new jury has not heard any of the evidence, practically everything can be reintroduced — not just evidence in mitigation or aggravation."

California, however, has no monopoly on endless criminal trials. At the beginning of the current fiscal year there were 14,763 criminal cases pending in Federal district courts, of which nearly 2000 had been hanging fire for more than two years, 2055 had been in litigation more than a year and 2408 had been pending more than six months.

Dear President Nixon,

My best wishes to you as our New President.

I am writing to you specifically in regard to present trial of Sirhan Sirhan.

JAN 30 1969
R.A.O.
CIV. RIGHTS DIVISION

Just this morning I sat listening to Sandberg's own rendition of "Frankie + Johnnie." I had forgotten how it went. Then Frankie said "Oh warden, what will it be for me?" "The electric chair, dear Frankie, for you killed in second degree." And so it is a legend - an American legend built because of passion + responsibility.

If Sirhan is freed or not committed to death. I think it will be a serious blow to the legend the culture the stuff of what our people are made. Bobby Kennedy was more than a man - as the youth all feel it - but he was also a symbol of a man - and if his murderer is not condemned to death - no man is free.

The very Thought that given the present legal system a murderer will not be faced with murder - makes me sick and sad: for what is life then? At least the living must proclaim life.

(What do we prepare our children for? - how do we explain that Sirhan still lives?)

I hope you as President will seek to secure our past heritage and do all to honor RFK and all men.

Sincerely, and with best wishes,

Diane Wolkstein

South Korean seamen lying about the deck of the Indonesian Star. The freighter has been held here since Feb. 26.

Stranded Korean Sailors Yearn for Home

By JOSEPH NOVITSKI

After being marooned almost five months in New York Harbor, they are unpaid, sometimes hungry, often unhappy and homesick, but still proud of their care for the ship on which they are trapped.

The men, Capt. Hongjo Yoon, master of the freighter Indonesian Star, and 26 other South Koreans in the ship's crew, have been stuck here since last Feb. 26 because creditors of the ship's owners will not let the Indonesian Star sail.

The crewmen have increasingly little to do, little to eat, and very little money to spend while the legal battle continues.

The owners have reduced the subsistence allowance for each man's full needs to $1.50 a day, forcing the Korean sailors to do without a midday meal. With no money, a trip ashore is not attractive, yet there is little for the seamen to do aboard.

The gray-hulled freighter, built in Texas in 1944, lies at anchor in the Narrows, silent except for the deep tremor of the generators. There are regular eight-hour watches only for the 12 men in the engine [illegible] paper keep the ship, the only guarantee of value to the owner's American creditors, from sailing.

Standing on his quiet bridge Saturday, Captain Yoon, a 47-year-old veteran of 10 years of command at sea, squinted into the sun, reflected a moment, and said:

"We believed in our owner as an American gentleman, but we are now disappointed. Our crewmen are very good seamen, but they have not received their wages, and they have to struggle with hard living conditions for their families [in Korea]."

"Crew morale is low, low, low," he added, gesturing with a chopping downward motion of his forearm.

The crewmen, still apparently tightly knit and friendly, have initiated their own legal action by filing a suit for back wages on June 20 in Federal Court here. They have not been paid since April 30.

Texas Concern Is Agent

One hundred and fifty tons of mahogany planking are still neatly lashed in piles on the deck under canvas covers. Some of the rubber was unloaded in March at the Bush Terminal, but 650 tons are still in her hold.

Standing on the canvas-covered after hatch, Chu Sang Kyun, the 22-year-old cabin boy making his first voyage, discussed the crew's plight.

Mr. Chu, a dark-haired, spirited man with a quick grin, said he was homesick for Korea and unhappy about the food situation on the ship.

"Every day there is no lunch," he said.

He keeps busier than some of the other men on the ship by helping the cook, Nam Yong Pong, prepare the two meals a day that are served.

"But we couldn't cancel launch service," he said. "It would be like keeping those guys in prison [illegible]

Audience Also Has Role in Racism Play

By THOMAS A. JOHNSON

When the plantation overseer on the stage struck a female slave, her husband hurried to her defense but was at once frightened away by a threat from the overseer.

"Kill him," a youthful voice yelled from the darkened theater audience. "Be a man, dammit! Be a man!"

But he had yelled too soon.

For, while the audience at the play "The Believers" is encouraged to tell the actors how it feels about the performance, the audience participation is not supposed to come until after the curtain comes down on the last act.

At that time the lights are turned up in the Cherry Lane Theater in Greenwich Village, and the all-Negro cast engages in a free-flowing dialogue with members of the audience on the black, and the white, experience in America.

An actor, Jesse DeVore, said the sessions were "almost a microcosm of America today."

'Dialogue' Every Night

He said requests for the discussions from the audience had made "dialogue night" an almost nightly occurrence for the past few weeks.

The play, which opened on May 9 at the theater at 38 Commerce Street, is described as "the black experience in song" and traces Negro history from Africa to the present day.

"What do you feel we are trying to say?" a member of the cast, Sylvia Jackson, asked after a recent performance of the play.

"You're saying be black and be beautiful," an Negro girl called out. "Dig it—black and beautiful."

She was a part of a group of high school students from the Newark area who had come to the theater in two buses. About half of the people in the audience were adults, however. The audience also was about half white and half Negro.

'Burned Themselves Out'

"But what about riots?" a white youth asked, referring to a scene in the play that touched on modern-day violence.

"Riots are no good," a Negro supermarket manager from Detroit said. "Sure they took things from the white man but they also burned themselves out. Education is the only real tool."

It did not end there.

"The riots showed only that the black man is tired of being oppressed," said Miss Ubie Bell, a Human Resources Administration employe. "They showed that it's time to get ourselves together to do whatever we have to do."

Mrs. Bette Brooks, of Poughkeepsie, N. Y., called out from the last row of the small theater, "And when you get that education, just where can you go to work if you're black?"

"In the kitchen!" a student shouted.

Mrs. Brooks continued: "If a man knocks you down and you don't do anything about it—"

"He'll never respect you," a voice called out.

"He'll knock you down again," Mrs. Brooks said.

"And step all over you," the voice interrupted again.

'Abused and Refused'

Then a teen-aged Negro girl called for order to say that the main problem was that Negroes were "abused, refused, downtrodden and misused." This evoked so much laughter that no one [illegible] anything else she said.

By JUDY KLEMESRUD

SHE competes with ice cream venders, booming jet planes, and skippers sailing their crafts in the Central Park boat pond. But distractions or no, Diane Wolkstein is still the park's undisputed Saturday star—and her reviews are mostly raves.

Miss Wolkstein, ash blonde, freckle-faced and 25 years old, is the official storyteller of the City of New York.

Each summer Saturday at 11 A.M. she appears at the Hans Christian Andersen statue just west of the boat pond (near Fifth Avenue and 72d Street) and tells stories to an enthralled audience for 45 minutes.

She tells them as they have probably never been told before. She moans and groans and laughs and cries and grimaces and gestures and shouts and whispers and jumps and squats—and "meows" so well that you look around for a real kitten.

Encourages Involvement

But her forte is weaving in and out among the tiny chairs and touching the children and encouraging their involvement in the stories. One child recently became so involved in a story about an elephant and a butterfly that he toppled off his chair and ran crying to his nanny, who was sitting on a bench on the sidelines wishing she could spin a tale like that.

"The only way to tell stories out of doors is to walk into the kids," Miss Wolkstein said recently after a Saturday session for 100 children. "When you touch them physically you bring them in. Otherwise the constant noise and distractions make it impossible for them to concentrate."

She paused for a second, tugged on one of the dangly earrings she always wears because the children like them, and added:

"Last year a whole session was disrupted when a kid came up pushing a toy lawn mower. You wouldn't believe the noise!"

She Had the Idea

Miss Wolkstein is a year-round employe of the Administration of Parks, Recreation and Cultural Affairs, which pays her $90 a week "after taxes." She became the city's first full-time professional raconteur—an idea she suggested herself—following an audition last summer in Central Park.

During the week she tells stories in schools, libraries, parks, community centers and children's hospital wards all the way from Harlem to the Lower East Side, and in the Bedford-Stuyvesant area of Brooklyn.

"It's funny the difference between the white kids in Central Park and the Negro kids in the ghettos," she said. "The Negro kids are much more responsive to the stories, and they read your face better. They have more savvy."

Away from her audience, Miss Wolkstein is shy, intense and vulnerable, and she worries constantly about her performances. She gets up around 8 A.M. on Saturdays, gulps coffee to calm her nerves, and then practices about eight stories in front of a mirror in her Greenwich Village apartment. She never knows which ones she will tell until she arrives at the statue and sees the age group she has drawn that day.

She Knows 100 Stories

Her repertory includes 75 stories she has memorized and 25 more she can tell after glancing at a text. She learns word-for-word stories by authors such as Carl Sandburg and E. E. Cummings because "they're so perfect the way they are." Well-known tales such as "Hansel and Gretel" change with every telling, depending on the audience and Miss Wolkstein's mood.

"I don't tell ghost stories or any that scare just for scare's sake," she said. "But you can tell a story where there is *some* violence, as long as it has the redeeming factor of going someplace. Like 'Jack and the Beanstalk.'"

The modern-day Scheherazade also likes folk tales from other countries, which she tells on her weekly radio program, "Stories From Many Lands." It is broadcast over WNYC radio every Saturday morning from 8 to 8:30.

Studied in Paris

Miss Wolkstein was born in South Orange, N. J. She majored in drama at Smith College, holds a master's degree in education from the Bank Street College of Education, and studied pantomime for a year in Paris with Etienne Decroux, who taught Marcel Marceau.

The future? "I don't want to be an actress—it's all too phony," she said. "All I want to do is tell stories. Maybe someone will hire me to tell stories all over the world."

Dear Ruth:

President Nixon has referred to this Department your correspondence of May 5, 1971. We apologize for our delay in responding.

The basic presumption of our American system of justice is that an accused person is presumed innocent until proven guilty before a jury of his peers. This safeguard insures that every person will receive a fair trial based on carefully gathered evidence proving that he has indeed committed a crime.

Sincerely,

DAVID L. NORMAN

Dear Mr. President:

I know that the Sirhan Sirhan murder trial is over, but I would like to know more about trials of this kind. It seems to me that the trial took too long. In a murder such as this, there were many witnesses who saw Sirhan Sirhan murder Mr. Robert Kennedy. My opinion is that Sirhan Sirhan was without a doubt, guilty.

Why do we have to spend the taxpayer's money on such a long trial. The man is guilty as everyone saw. Someone in the United States Government should have the power to send him to jail or to his death without the need of a long court trial.

I would appreciate hearing from you and what your opinion is in this matter.

Re: Sirhan Sirhan

DEPARTMENT OF JUSTICE
MAY 9 1969
R.A.O.
RECORD
CIVIL RIGHTS DIV.

Dear Sir:

A young Jordanian national has recently been placed as the victim on the Altar of false pride of many public officials that occupy positions of responsibility to the little people of the world to set a good example in administering justice. This however, has become the rule in California courts not the exception. judicial decisions based on presumption and assumption of guilt in this case because circumstantial evidence has been deliberately placed in order to have a victim to appease a public that demands a life for a life.

I personally challenge the mental competence of those who have so betrayed the American ideals to become such a travesty of justice. Mental competence in this case I wish to define as the use of the facts (concrete) objectively employed purposively as a means toward an end. It is in my own personal opinion based on the facts as they came over the newscasts, the newspaper, and personal acquired knowledge that it would have been a physical impossibility for Sirhan Sirhan to have been the one to fire the fatal bullets. There were three bullets that penetrated Senator Kennedys brain from the rear. Senator Kennedy was facing Sirhan the only way that it would have been possible would have been for the bullets to have hit a very hard object and ricocheted back, thus losing much of the force where they might have only grazed his skull. There were however six other people injured that were taken to different hospitals, but the names and hospitals would still be in the newspaper files. This would have meant that two guns were used instead of one. Who was it that took the gun from Sirhan and turned it over to the authorities? Were there any tests made to see if all three bullets came from the same gun? A freak of nature may have actually caused the lodging of the third bullet to prolong the Senators life, thru reducing the loss of blood from the brain.

A stethascope is very often unreliable, and one inexperienced in the use of it might not be able to distinguish the pounding of their own heart from, the heart beat of another person. (Thru personal experience I am aware that the absence of a pulse need not indicate the absence of life, and this is true of a cerebral vascualr injury or stroke. I sometimes suffer from postural hypotension in which there is no pulse on my left side when in a horizontal position)

If it is true that only half of the Senators head was shaved then there was no surgery possible, only an autopsy. Surgeons would not accept the responsibility of a mans life without the right to do it right.

ORIGINAL

Why have the doctors that performed the autopsy had a court order or restraint placed upon them to prevent them from divulging facts? Were these men called and given the opportunity to testify to all the facts or was there an evasion of the truth (deliberate)

Why was there so much emphasis on the search for the polka dot girl suddenly called off? There are very few psychiatrists that are qualified to make an objective examination with the ability to be impersonal in their analysis. Very few of them are interested in learning how in Calif. They have no need to be, their opinions are being accepted as facts. This is being permitted by the judiciary branch in spite of an extensive three years of study into the Dilemma of Mental Health Commitments in California (at a great expense to the tax payers). This confirmed that 91% of the patients in California Mental Hospitals do not belong there. The Subcommittee s survey of Californi a commitment hearings in this found the average length of the time alloted to a hearing was 4.7 minutes. One third of them took less than two minutes. Two minutes to impose a life time sentence for the majority. Any one may file a petition of mental illnessmerely by going to the office of the District Attorney or the Mental Health Counselor. Evidence also revealed that the commitment becomes automatic that the hearing is ceremonial rather than functional. In Los Angeles County the person alleged to be insane is not even interviewed by either the D.A. or Mental Health Counselor, In San Francisco County geriatric screening reveals that most petitions that are filed are nothing more than Family feuds.

Nowhere in the United States is there a greater display of mental incompetence of public officials, judges, attorneys and medics than there is in the State of California. This began with the Brown administration (to my personal knowledge) and the corruption has increased with each election.) It actually started to my knowledge in Whittier, the former home town of the President of the U.S.A. It has been a bitter reality for many years that the parents, the police department were helpless against the failure to act judicially in the involvement of the narcotics traffic. This has increased the narcotics traffic and includes doctors, pharmacies and dentists who actually are promoting narcotics. They are subject to no authority outside of themselves, and in this there is no self discipline. Nor do they attempt to recommend legislation that would make some form of restrictions on the unethical doctors among them. The San Gabriel Valley doctors, dentists and druggist Assoc. was formed because the doctors resented the idea of having to fill out a triplicate for percodan when it was proved to be a dangerous narcotic. One patient became addicted thru its use for a broken arm. (As a former medical secretary I was aware of how some doctors were promoting narcotics, and how narcotics addiction was being promoted by Mil-Mor Foundation.) This in itself would have made me a threat to the medical professional pride.

Page 2 of 14

I was also one of those that had what was tantamount to a death sentence to hide a failure to utilize diagnostic equipment, and to gain control of an estate. This was another reality that the officials would not wish to be exposed. I was also a great admirer of Mr. Nixon, and considered him to be more of a statesman than a mere politician, one that was symbolic of the true Christian ideals for which this country was founded, and representative of an era that we needed to be returned to, when the average small town boy could grow up and become the President a position he might earn himself without the backing of great wealth.

ORIGINAL

I also wrote a manuscript entitled Human Dignity a copy of which was sent to the American Medical Association in which I used Dr. Douglas D. Mc Kinnon as an example of an ideal doctor of medicine, one that practiced preventive medicine and made use of the diagnostic equipment that is essential today, for even a simple appendctomy has need of specific scientific tests. This apparently created envy among those who have not achieved this statuee through dedication to humanity, and the relief of human suffering. Those would be the ones that are dedicated to the profession of medicine itself and thus to their own positions as doctors of medicine. The former are never worried or concerned by mal-practice suits, to the latter it is a major concern.

One of the most eminent brain specialists is now in England conducting his research although he is an American. Dr. Grey Walter, but apparently the doctors here do not use his findings. It is possible to use an EEG and discern whether one has a dominant audio or visual learning ability. If one is of the latter to depress the cerebral cortex is to depress the learning ability, but so too has it proved that barbituates and sedatives diminish the visual reflexes. To diminish the ability to learn. The eyes of Sirhan in the pictures especially those taken afterwards have revealed an absence of reaction to light. This is the first test a doctor makes when an unconscious patient is brought in or a coma, to see if there has been brain damage. There was even admission that Sirhan had suffered a brain injury, were there any EEGs made? Were there x-rays taken, Were there any indications of his having been given electro-shock therapy? Were any tests made to see if he were under the influence of a hypnotic drug? H e was said to be requesting sleeping pills, but these are mostly hypnotic drugs even aspirin is known to have a mild hypnotic effect. These hypnotic drugs produce a state of automatism, in which the behaviour is automatic without conscious purpose or knowledge. The subject appears normalto an observer but the real personality is latent, such a person is not responsible for his acts and must be watched very carefully. He may carry our complicated acts without any idea of them or any aftermemory. (Taber s Cyclopedic Dictionary.) Post hypnotic suggestions are transmitted during the hypnotic state to be carried out later. Sirhan testified that he had no memory of having killed the Senator.

Page 3 of 14

I wrote an article entitled Paths Of Glory meant to depcit the common problems that war, assasinations bring, to all women especially, no matter what there party, race, creed, or color. To portray its futility and absence ofbeing united with a common bond of love and understanding that none ever occupy a position so high that they are above being vulnerable to such incidents , but in it I also revealed the probability that Sirhan Sirhan was not the one that fired the fatal bullet, but this I did not realize until it was too late one of the copies had been stolen from my room. I sent a registered letter to the District Attorney on June 17, 1968 and told him of this and ask him to try to secure it back, that it would have been Millie Morrison of Mil-Mor Foundation or her directions. I also went to the office of Joseph Carr the Chief Investigator, but was refused the opportunity to even talk to him by his secretary Miss Day. June 17, I recongized the inadvisability of returning to my former room and checked in the Hollywood Plaza Hotel, although I had no luggage and a broken toe. It while I was there that I had an attack of tachycardia, these I have learned to live with, but I also recognized the danger of being found unconscious so I explained that I had a heart condition and requested that Dr. Ralph Goldman of the Good Samaritan Hospital be notified in any

emergency arose and also gave them the name of my brother Col. E.E. Curran as being with the North American Air Defense. I rented an apartment at the Wilshire Towers or was going to, but would not have signed the lease because it was drawn up in the name of Patricia Ann Tierney and not as the receipt or my legal name as requested, but by then I also recognized the type of security that was given there would not be beneficial to me, but quite the contrary, a camera on each of three levels for the subteranian garage made it obvious one could be made to appear to be in a compromising position. I discovered this when the front door was locked and it was not even dark, nor would my key unlock it.

I received a refund, checked my luggage, and tried to find an apartment on Wilshire near a bus, and near the stenotype school I hoped to enroll in. I rented one at the Talmadge an exclusive hotel type apartment, but mine was one on the roof usually reserved for employees on 24 hour call. It had just been newly carpeted and the footsteps showed whenever any one entered during my absence, which was every time I left. I changed the locks on the brief case I had in order that one that might work the day before would not or used a chain to fasten it in among my clothes, I made it as difficult as possible for any one to enter and remove any papers I had that I might need. I also sent a registered letter to Mr. Joseph Carr to inform him where I was. I had previously placed in a safe deposit vault at the Union Bank duplications that included evidence of the failure of many public officials to render me assistance in protecting my life, my property rights and my right and ability to receive mail. (The latter is still being interferred with). I had written to the Regional Vice President or Director, Edwin Zeigler, on June 14, 1968 and again on June 17, 1968 to request assistance in protecting my bank account and to show there had been no true balance of the account because of the absence of checks. I have made many attempts to secure an accounting, but they have denied me this right. I still have money in the Union Bank a total of $675.00 if every check I wrote want thru, but I doubt if they did. This figure of $675.00 was by coincidence the amount that was said to have been all the money or support I had a right to, but I specified on the back of the check and had photocopies made with and without the endorsement, this enabled me to have a witness to the signature a Miss Rose Mary Davidson of the American Heritage Bank in Colorado Springs. This is the only money I have received other than the money I earned in New York, the failure of the New York Labor board to collect the shortages each week from my check forced me to seek assistance from Waverly Center in New York for one week prior to receiving the $82.40 that was supposed to have paid my train fare to Los Angeles, although I intended stopping here. They had previously informed me that I would be allowed $130.00. My disability check was held at the Law firm of Murge, Rose, Guthrie, Alexander until after the 12th the last date for a change of address and 10days late to me.

Page 4 of 14

I had previously inquired at Marble Collegiate Church where my mail was being forwarded when I first went to New York, (with their permission) and had received the previous check there forwarded from Colorado Springs, Box 2249). I was told by a gentlman there that a check had come to me but he did not know where it was. This information disturbed the janitor especially when he also informed me that a large amount of mail had been received for me there (This I did not receive)

I had rented the apartment at the Talmadge with the stipulation that Mr. Wolinaw guarantee that he would personally see that I received all of my mail. I did not.

I not only made this specification I also [illegible]d that it remained that it would be on the approval of my cousin Mr. Thomas R. Curran, the former General Manager of the UPI in South America and during that time he had his headquarters in Argentina. He was also at one time offered the Post of Ambassador to Argentina during the Perrone Regime, but declined. He later was transferred to London, England and was General Manager of the UPI European Division, and later their Consultant. Alexander Wolinaw was of Russian-French parentage, a member of the Argentine Syndicate, a former importer according to him, but he also resembled some one that often took the part of a sadistic european, prussian military role in movies where Americans were being prtrayed as being tortured. He was a very small man, I doubt if he was five feet tall, completely bald, and with connections with an expert make up artist, a wig, false eye-lashes etcetera could have been very easily disguised as a girl in polka dots especially in the evening in dim lights. (He also answered the descripton in the paper of the one that planted the bomb in the English Consulate At the end of my month, I had requested a few days longer but was suddenly told I had to stay another month, I refused and packed up instead. I went to the Family Service Association and Captain Latros assisted me in securing a taxicab, the cab driver was a negro, but he rendered me a service many white men would not have, and somehad even refused. It was with his assistance & that of two of the hotel employees that I ~~was~~ moved out everyting in the cab. We made two trips, and one of the employees warned me not to return alone by the way he turned the lock. The cab driver returned with me and waited until I finished picking up the odds and ends. He even moved my stereo which was apartment size and these were at first put in the hotel room of the YWCA, and later entrusted to the keeping of Mr. Scotty, the Bell Captain at the Hayward Hotel, this included the stereo that I believed may have ben tampered with. I later moved into the Evangeline Residence but was told the day I moved in after i paid two weeks rent that two weeks would be all I would be permitted if I were not working. This enabled them to use my name & my cousins or his daughters who was married and residing in Argentina to transport dope etcetera thru unsealed air freight.

I planned on leaving Calif. prior to Mr. Nixon's arrival to begin his campaign tour, however I left even earlier when I learned of the death and circumstances of it of Dr. Louis R. Nash. I went down and purchased a ticket for the first train out of town. I recognized the importance of having Mr. Nixon becoming elected. I also recognized that it would be too easy for his political enemies to shoot him and place a gun in my hand if I were any where in the area in which he was and the possibility of many being willing to committ perjury to accomplish this.

I stopped in Ogden, because I would have preferred to remain in a small town where it was easier for me to get around, but when I went to see Jim Whetton, he informed me that he did not need any more girls, although I had not asked him for any position. I said I wished to take acourse in stenotype and try to do some creative writing that apparently my previous efforts were considered to be quite valuable. I also warned him about the Argentine Syndicate taking over control in So. Calif. and pointed out the clean cut young men and women here and hoped they would keep it that way but he informed me that they too had changed the streets as they had in Whittier by changing street signs. He was fully aware that I had a letter from Mr. Nixon with me, and that Clinton Harris had refused to render me any assistance either in contacting legal assistance, Mr. Nixon or securing my Workman s Compensation. Jim acknowledged that I should be receiving it, but made no offer to assist, nor did I ask him to although he witnessed the concussion, he had left Whittier prior to the time the blood tumor formed and ruptured. (I signed a form to protect any future claims but did not press it at that time.) I had mailed him copies of the letter and explanations of it from Colorado Springs as well as the warning of the dangers of sabotage against many companies here in Ogden, including

Utah Light & Power, the Union Pacific Railroad, The Bell Telephone System the three General Motors Dealers or four. He apparently was not interested although he was aware of the stuffed ballot boxes, and the probable illegal expansion of Holifield's congressional territory, fortunately there were others that were informed that wereintelligent enough to act constructively. He saw me but refused to recognize me, the second time I went to his Agency, I had called the day after my arrival to tell him I had taken the liberty of giving his agency as an address but these were replies for three telegrams sent from Chicago. Senator Dirksen, Harry Fleming and the N.Y. Labor Board. I did not receive my disability check until the 11th making it necessary to go to the Weber County Welfare for Temporary assistance.

I have since requested an inquiry be made into the possibility of there being duplications in Soc. Security checks in variations of my name being sent out. I have received no reply , nor to any of the mail sent out, I was notified that the letter sent to me by the Dept. of Rehab. was returned although the street of Orchard is only two blocks long a 2500 and a 2600 block, the local carrier would have had to be informed that a correction had been made on the box application prior to being approved.

In Washington last Septmeber, I came out of my room to see three policemen standing by either room 611 or 610 and when the elevator arrived there was a basket in it to take a body to the morgue. As I looked at it I realized it was just my size. I sent many telegrams, and did receive a very important reply from Camarillo confirming that none had guardianship rights or that there had never been a declaration of mental incompetence. my room was 601

I had not written any checks because of the lack of cooperation from the Union Bank, instead I requested a transfer of funds thru two Washington Banks, these claimed I had no funds. The checks that I had written for my hotel bill at the Bellevue, were where I was actually staying. These were the canceled checks that were returned stamped insufficient funds using the bank # 16/77 one The Talmadge had used for a check number. I Was threatened with arrest unless these were made good. My brother Col. Curran was permitted to send me $250.00 to go to Colorado Springs. I recognized what I was up against the first time I walked into the Main Post Office and saw the name of Congressman Evans onthe Directory and wondered if he were related to the Thomas Evans that had previously interferred with my mail. H e was also director of the United Citizens for Nixon at the Willard Hotel, but what became of the campaign funds??? none were spent in Colorado Springs. I had the only bumper stickers in town, these I placed on my motel windows, and I also had the only Nixon lapel pin although there were many for Evans & Humphreys. Reagan made a pitch for a local Senator & Congressman both of whom were defeated at a so called campaign fund dinner, but none for Mr. Nixon.

After the massacre on the Campus in Texas, I sent in evidence of the lack of competent medical attention to the young man that went beserk, I recognized the dangers of the power of suggestion being misused and even prior to the manuscript The Secret Weapon of the Communist did send to Gov. Reagan thru Max Rafferty this evidence in order that no such incidence might occur in a Calif. Campus due to the use of hypnotic drugs that coud be used without the victim being aware of it. This too was included in the material sent to Johnson, the A.M.A Senator Dirksen, Columbia University (Dr. Margaret Mead) Bishp Sheen and a redemptorist priest Philip Aggeler. in which I reported Joseph Veich of Whittier, as one that both the archdiocese of L.A. and the ELA Medical Assoc. did not believe had the true credentials of a psychiatrist. I stated that I believed that it was necessary for a Congressional investigation in the interests of our national security. It was not until later that I did send the copies of the Secret Weapon of the Communists first to my

cousin T.R. Curran and Mr. J. Edgar Hoover the same time. I later sent them to Johnson, Secy. of Health Educ. & Welfare, Bishop Sheen, Dr. Peale, Cardinal Mc Intyre, Cardinal Cushing and Gov. Reagan, and The Right to Life committee, there were still two unassembeld copies in my home the last time I was there, and I requested both law firms to secure protection for these, Lawton, Christenson, & that of Curran Golden Mc Devitt & Martin. The not only failed in this but managed to make it appear that Mr. Nixon was the one that failed to render me legal assistance, simply because I knew of none that was qualified. I asked his assistancein securing legal assistance in Calif. butthis was when Thomas Evans answered a letter addressed to Mr. Nixon personally. I had placed Mr. Nixon in a difficult position politically and unitnentionally myself. I therefore secured the evidence of who were the guilty parties in a safe deposit box at the United California Bank in Whittier, there were duplications that I decline to state where they went or how. There were also duplications that were placed in the Union Bank at 8th & Hill in Los Angeles. that I opened up on June 4th election day the Calif. primary. I had an affidavit drawn up at the Wilshire Western Brandh of the Union Bank, giving Mr. Nixon personally the right to acess to either box and that he was the only attorney that did have, and that my cousin Thomas R. Curran had rights of coownership, but I had not been able to sign a card for him and did not trust the mails. I also had an affidavit that stated that I had one charge account at J.W. Robinsons that I was not using that I had no hidden assest in any bank vault, these originals were left in the deposit box at Wilshire & Western. I recognized the technicalities that might cause some to declare them invalid or misinterpret them, so, I had another one notarized on July 19 to replace the one on July 12, 1968 that gave the same authority but specified the relative attorneys Curran & Lawton were not legally empowered to enter. Mr. Nixon & Mr. T.R. Curran were the only ones to ever be given any legal authorization to make decisions in regard to the sale or publication of any of the manuscripts including the comparative analysis of the brain, the mind and a television. The first one was written in 1964, in non-technical lagnuage and intended to demonstrate the indiscriminate viewing of television, but also a demonstration of the thinking that Dr. Daniel Block had described as paranoid. and unrealistic. A copy of Human ignity was sent to Holifield four days after the others, my intution had told me to have the others arrive first, but I could give no logical reason for the delay at that time. In a letter to him (copies had previously gone to Senator Dirksen of the letter to Holifield, It was an appeal to prevent the administration of electro shock therapy to reduce a woman to the level of an animal. Those who failed to act apparently have been deprived of even their natural intelligence now, and in the desparation they hoped to drive me to, they see but a reflection of their own. These men that sought to control the thinking of others in order to rule the world have learned that another human being may thru hypnosis or shock therapy control only an empty shell, an empty body devoid of a personality, a human soul. Those who failed their responsibilities, no matter how high or low as employers as elected or apponted govt. officials, failed themselves and their own personal families most of all. They have dishnonered their community, their country, the dignity of man. The evidence in the safe deposit boxes reveals who had the opportunity to act to prevent the damage thru colored T.V. to the hearts, the minds of our youth via Pay T.V. & the General Telephone Comapny, have the guilt on their ownselves they sought to publically impute to Mr. Nixon, myself and my only son.

Today in a Los Angeles County prison a young Jordanian national sits with a death sentence over his head, one that was imputed to him ~~to present~~ ~~their own~~ by others who needed a scape goat to protect themselves but those who would use the children of others, those that are deeply and sincerely loved as shields to protect themselves are not worthy of the positions they occupy whether it is civil or ecclesiastical of any denomination and their own children and grandchildren they dishonored most of all.

I do not doubt that there is a sorrowful mother that sits and waits in agony, awaiting the crucifixion of one that was destined to be a child of God, in a world of peace and brotherly love under the Fatherhood of God. The God that Created a Universe, and has given to mankind so many great blessings was crucified Himslef, that men might learn to know the truth, how to live in a world of light and not sit and grope around in the darkness. It is this invisible God that gives to mothers every where the strength to hope for miracles in the face of despair. Surely one sorrowful mother of two thousand years ago is having her own heart pierced again in the heart of every mother that ever sat beneath a cross.

Do you know that love makes no sacrifice, love never counts the cost, love never dies, love regrets that it can not fill all the human needs of any child, love desires happiness and beauty, but love also recognizes that love has to be freely given and have no ties to bind, for only then can the love be completed and fulfilled, love that is said to be an obligation is nothing more than a debt to a lower self an empty ego, that takes what it does not or can not give.

Who was it that failed the young Jordanian national, the Govt. that failed to adhere to the immigration restrictions not in denying him access but by denying that a sponsor can only sign a paper without recognizing the privilege of helping another partake of a better world. A Govt. that forgot the dignity of mankind can never be bought for in the Garden of Eden, there was everything Adam & Eve desired, there every want had been filled by an Indulgent Loving Father, but the one thing that was missing was the grace to appreciate the multitiude of blessings, these were taken for granted. This is the secret of happiness, not in having everything one could desire but in appreciation of what one has been given. The Father of Humanity too had an error to correct, the right of sharing in the creating of a more beautiful Garden of Eden.

A Govt. that forgot to remember the heritage, the ideals for which this country was founded, the four freedoms, one that forgot that there are none endowed with high positions that do not bear a corresponding obligation to act for the good of all, but the one that grew so accustomed to an economy geared to war & profits forgot the inestimable worth of every child. These are the human temples, the human hearts. the minds, that have a need to be filled with creative ideas to construct a brighter world, it is not in the number one has, but in the quality of the contents poured into these temples, that draw out the inherent goodness that an infinite creator has endowed a human heart with the capacity for. Children are not born with pride and prejudices these are aquired only when one loses the gift of gratitude, one need not ever possess a world of material things if one can but possess the ability to see the beauty in all things.

How is it possible for a young Jordanian National to see beauty thru prison bars, to look out at a country that once held promise and hope ? He stated that Jesus Christ Himself could not have saved him, but would not this be a strange remark for one of his nationality or creed/ or is he a Christian. If Christ could not save him it was because there are no redeemers to be the instruments of that saving of a human life. This miracle he needs is a simple but forgotten one of simple justice, investigation, and a fair trial based on reality, medical evidence and then objective analysis.

There are too many interested in saving their own faces to permit the truth to be told, they would rather go on heaping injury to the insults of the despotic aristocrats that can afford to be wrong because they have the political power, the wealth to control the destiny of a nation, a nation that would rather be able to remain poor in order tha they might never be bought or sold out.

If one only has a face to save, What became of the soul????? Surely it must be the Divine retribution that caused them to lose that which they caused so many to have buried alive with ~~many in those with the~~ latent personalitys, the dormant souls. To have a personality, one must first become a person and no two human personalitys are exactly alike. No two humans ever react to the external circumstances of life in an identical manner. None have yet given an objective analysis of the young Jordanian without revealing what they expect to find there.

One claimed that he was substituting his own father, but there was never any personal relationships, therefore this would require a generalization to be objective. What is every father ideallically the symbol of?? An invisible, ideal Father that is perfect, but also something enough of a human father not to expect more than he gives. What would Senator Robeert Kennedy represent to young Sirhan? What was he in reality a Christian leader, if there was rebellion could it have been in the Christian leadership of the world of today? Has there been justice in this Christian leadership of all denominations to the young people of America, much less the nationals?

The Doctrine of the Indulgences split the Christian world asunder and this division has increased until nowhere is it more apparent than in the Church of Rome, for it can no longer claim to be Catholic since it is no longer universal in its teachings, nor can any other denomination claim to be without its dissenters. The shepherds of mankind still quarrel among themselves as to who is right, forgetting that it is what that matters. The wolves come in and steal the sheep and the young lambs are still being led to slaughter. This is the curse of the Church of Rome that has been passed thru too many generations the demand for being infallible, when the Creator Himself is still seeking to perfect His own Creations thru the hands the hearts, the human wills that are united with His. In a common bond, a common purpose of a world in which there is peace on Earth for all. One can never give up a human will, without surrendering it to another human that is also prone to err. One can never give up the right to make a decision without trying to take this from another. One can never give to the rich the right to do wrong or be wrong, one can never make a reparation to the young people of America for having failed to pass on to them at least as much as we were given, a world in which there was hope for peace and harmony and a hope for the foretaste of the happiness of heaven while still here on earth.

Who paid the farmers not to work, who dumped the vitamins of health and strength in the ocean by the carload, while there was still so much poverty here in the Southern States, that candidates always fear ~~of~~ not securing the votes, the confidence of? Who forgot the value of the rotating of the crops? Who forgot that to be independent and free and lead the way, we must also be self sustaining in our farms, our dairys, our ranches. Who caused the cities to become ghettos, if not those who advertised the large welfare payments, but failed to inform them of the rest of the truth, that a Dollar in New York, or any big city does not go as far or buy as much as in a small community. Do we not have many ghost towns thatonce had utilities in many with durable constructions of an era that built a home to endure that could be reclaimed. Do we not endanger our industires by having them so close to a shore, it may save on transportation, but does it not double the risks of defeat and invasion by failing to support the railroad in times of peace so they will be there in times of need? (Did the railroads or unions either one secure unemployment benefits for railroad employees under the Soc. Sec. Act) There will always be times of inequities that will require changes and rearrangements, but there will never come a time when any nation, will ever be without the need to participate and be a vital part of the world but so too is this true of the individual worlds, the human soul

If the young Jordanian National did not kill Senator Kennedy, who did? Who actually did the killing and who planned it and why???? Who would have gained ? It happened in California where A governor and an attorney General of the State knowingly tolerated the imprisonment of many to bury the diagnostic failures of medics (failure to try to make a diagnosis) but this too was the real crime on the Campus in Texas failure to make use of the diagnositic equipment that research has brought about, and a Govt. that failed to take proper disciplinary measures then. One medic that is undisciplined creates an epidemic of them, but so too was there another pseudo-psychiatrist that was seeking to destroy the minds and hearts of the people in the Whittier area. Those who were aware of this failed in their responsibility to themselves, their professions, their own families, the community, and the nation. Caution among the undisciplined was not even necessary for they had learned that the Govt. officials at that time would help them and tolerate their own incompetence. Failure to use their talents for the benefit of their fellowman. This is how they repaid their debt to the country that had made their educations possible, and provided the funds for the research. The scientific tools they did not need to use, they forgot that only God has the power to see into another human soul, a human mind, but California was the State that has denied the values of human lives, human souls and tolerated the mental incompetence of others and blame it or attribute it to those who have no power politically to help themselves.

(conjectures)

Thomas Lynch, the Attny. General, and Reagan were the ones that might have gained politically by the elimination of one they might have seen as a threat to the achievement of their political aims, and they both would have gained had it been possible to implicate Mr. Nixon even indirectly. Who could have investigated it, who failed to fill the office of District Attorney, the same one that has been tolerating the lack of investigation prior to condmning patients to mental instititions in order that the politically powerful might steal their estates, but then he too had failed to make restitution in correcting this or preventing its reoccurrence when he had the opportunity to do so. He failed to face up to his responsibility to the people themselves when he received a copy of Paths of Glory that inadvertently told him the truth. Instead time and energy was expended to render me helpless, in order to be able to secure the evidence of his own failure to do so. A false felony charge might have enabled him to have a warrant to secure the evidence of the office of the District Attorney tofail to have the mental competence to distinguish between a civil suit and a criminal offense, but there was a chance that it might be attributed to Mr. Nixon instead of to him, but in this too he failed so while they were keeping me from having any assistance the mushroom of evil grew. They hoped I might despair of finding assistance, but then they forgot that I was aware that my sons world, his future, his happiness could never be purchased at the price of another and while they sought to discourage me, the evil still grew and reached epidemic proportions.

(conjectures)

I was the mother that tried to instill in my son a respect for authority, but discovered one day, there was no authority left to respect because none had the courage to administer it with justice. I once tried to instill in my son a reverence for human lives, but one day discovered that the State of California tolerates the willful destruction of a mothers love and life, A woman no longer was a person in her own right merely a chattel to be destroyed if one could profit. My personal hope became the election of Mr. Nixon, not that he might render me personal assistance but that he might restore respect for authority, by the administering it for the welfare of the people as a whole.

ORIGINAL

If one were to analyze the analysts opinions ~~of this,~~ one might come to the conclusion that men who fail to use the power of their position for the benefit of the majority are the same ones that fear losing those positions, and this is the fear of failure when in reality the failure was that of the willingness to try, to seek to inflate their own egos, by deflating those who oppose them, but an ego can be deflated but a person can not, and the envious greedy men who sought to destroy Mr. Nixon politically failed because Mr. Nixon was on Gods side, they were not. Mr. Nixon represented freedom and justice for all, they represented the freedom to do as they pleased. When one seeks to take away an intangible, they mistakenly seek to take away the outward manifestations of the hidden value. Character, backbone, moral courage that has been earned by effort and thru the right use of personal talents can not be destroyed. I saw its beginning in Whittier, in which men resented the lack of political coat tails for them to ride on, so they went over to his opposition. Holifield.....They did not expect Mr. Nixon to win but then neither did they care if he did, for another Republican came along that was more to their personal taste of rendering them assistance in cheating their employees, in placing the burdens of taxation on the populace. (Gov. Regan's property holding are so extensive, he resents the taxes he personally must pay, he has managed to have them reduced each year thru political connections but the Domocratic Central Committee chairman was a woman by the name of Watson. Was she the wife of the tax assessor?) Is Regan a Republican or Democrat, it is difficult to tell for both parties have the subversive element in them and he has only been carrying on the policies of his predecessor)

An ad in the paper a few days before The Calif. primary had Holifield listed as supporting Lynch's uncommitted delegation.

Thomas Lynch, was one of the hold overs of the Brown Administration, that was fully aware of the injustices being perpetrated in the California Courts, but he no longer had to act for the benefit of justice there were none big enough to, for we had become a disunited states with no Federal authority to act when States fail to administer justice. They still quarrel mainly over who has the right to spend the funds. They also caught a glimpse of what Mr. Nixon would represent when his own personal income taxes and financial holdings were bared to public view, those who could not do the same feared exposure. Regan today is pushing a bill that would place taxation burdens on the middle class no matter how many dependents one might have, but so too was he the one that signed the bill that permitted the medics to claim to be able to predetermine the mental health or mental capacity of an unborn child, when in reality they can not evaluate the mental health of the adults. In so doing they revealed their own mental incompetence, the inability to use their acquired knowledge, applied objectively.

Page 11 of 14

Thomas Lynch was also the head of the Lynch Delegation that was not committed to any specific candidate, the absence of the outstanding contender would have enhanced the voice of the Lynch delegation. Who was it, Holifield, the Congressman that had usurped territory from Mr. Nixon, the one that was on the atomic energy committee, the one that was on the military affairs committee, the one that was reputed to have the communists backing to gain power? This was the question I asked last summer in Washington? He was the Congressman that failed in his duties to seek a Congressional investigation into the pseudo-psychiatry and used postal patronage and the General Telephone Co. in Whittier to completely isolate me from contacting any assistance. There were those that might have but they did not have the moral courage to act either, nor did they wish to become involved. This lack of willingness to recognize their own individual responsibility to the young people, to their country has jeopardized their own positions and this they sought to hide. The Catholic doctors, priests, and attorneys that prevented me

from contacting Mr. Nixon or Senator Dirksen. One can not place the welfare of any segment of society as being of any greater importance than that of the whole, one can not permit conditions to exist that are detrimental to the entire young America without jeopardizing the segments. One can not permit the crucifixion of a young Jordanian National without recrucifying Christ in him. One can not deny the benefits of a just and fair trial to one young man without exposing the injustices that would be the fate of the majority in a society that tolerates this.

How many young men would have the capacity for intuitively recognizing that seven people can not be injured with only one gun. Who were the real perpetrators, who actually did the killing? Who had the opportunity to take the gun from Sirhan and in the heat or wave of confusion exchange it? Who was it there to motivate the young Jordanian that probably had his own personality rendered dormant and helpless, was this Alexander Wolinaw, he told me in a phone conversation that he had killed Robert Kennedy, but he may have done so expecting me to tell this to the D.A. He had the opportunity to steal a copy of Paths of Glory and may have expected me to become involved, giving them the opportunity to silence me. I had learned there was no authority that functioned for the benefit of the tax payers, it was being used to hide the scandals of the higher echelons of our society. This too gave many the opportunity to steal the manuscripts they wished credit for without earning it.As long as they could keep me helpless, they had a chance to steal these.

The Redmptorists that might have were subject to the will of a Cardinal who could not afford a scandal. One of the non-profit charitable organizations (so-called) was Mil-Mor Foundation, it was a state supported alchoholic Rehabilitation center that in reality was nothing more than a front for narcotics addiction, Millie Morrison was the director and female Christian anarchist that ruled by threat of expulsion, I only talked to her once and she stated that she would throw any one out that voted for Richard Nixon. (Chances are those who did vote, did so but quietly to be able to defy her inwardly if not openly)

The men in the armed forces too would have the intuitive ability to recognize that more than one gun would have had to be used, the doctors with knowledge of the function of the brain, the notable absence of information that was silenced by a court order. We have lost our respect as a nation because we lost respect for those who occupied positions of trust, and if we have no self respect as a nation, then neither can we expect other nations to respect us.

Is there not the possibility of a previous injury from the rock the Senator was struck with? a factor that might have healed itself in time or formed a tumor? I never heard Senator Kennedy speak prior to his death, only the commercials, and in these I noticed that he sounded very much like his brother, but there was something missing in these because there was a flatness about the voice, this is one of the effects of injury to the frontal lobe, it is called emotionally flat, but its effect is the loss of the inability, to transmit ideas or meanings that correspond to the words. Is there not scientific equipment that can test the pitches of the voice to identify them, were there ever any comparisons of the tapes of the voice prior to the blow from the rock and after?

A man that was informed that he had terminal cancer such as Jack Ruby had might be willing to be a martyr for a party, for he might have nothing to lose. There was division in the ranks of the democrats then. Who was it that failed in his duty to investigate the assasination of President John Kennedy, is it the place of a Supreme Court Justice to

conduct investigations or listen to the accumulation of facts and evidence after it has been accumulated by both the defense and the prosecution. In the case of the assasination of a President would this not have been the role of the Attorney General of the United States, with the assistance of the Federal Bureau of Investigation? The man that failed to accept the responsibility of his own office was the same one that became vicitmized by a repetiton of the lack of justice, the lack of respect for the rights of the people to determine their own choice at the Ballot box.

The enactment of gun control laws will not eliminate assasinations, nor will it appease the people. One must first find the cause to be able to effect the cure. Could it be a failure to give a healthy respect to the young for the right use of these. But then we have become a nation that has not the ability to use the other material things for their specific purposes such as scientific equipment to make a diagnosis. The legal minds no longer need use their acquired knowledge in a court of law, they do as they please by pleasing the party in power. As a nation we do not make use of these material blessings for the purposes for which the Divine Creator intanded them to be used. Instead there is a loss of the sense of values in the things themselves so it is now quanityx instead of quality.

A long time ago, at the first outbreak of violence that I remember, at a Southern California School, it was one that was pro-Cuban, there was also the wife of a doctor from the Good Samaritan Hospital that spoke to the Mothers of St. Marys Parish School. She warned us of these things that have come to pass. The main point I received was that it would take a strong faith, to counteract these dangers. I recognized she was telling the truth and this I wanted for my son. Faith in an invisible God, to sustain him in times of danger or times of need. Some seem to take it for granted that membership to a church or specific religion is the same as having faith.

A religion that exists only in words is an untried, impractical theory and therefore to have a proven value the words must have a practical application thru the every day living of them. These acquire a value but only to those that choose to live them and then only in the measure they have been lived. This is what transforms a religion into a living faith, but its value is only to the person that lived them and Catholic, Protestant or Jew need only live according to their own. The Church of Rome can never prove its infallibility by proving every other one is wrong for science has too often proved the fallibility of their decisions. One can never find security in membership in any organization, specific creed or association because this too can be lost or proved to be of no value.

I placed a petition on the Altar of Perpetual Help, for I recognized if my own son needed a Guiding Star then too so too did the other children. I had always requested the Source of Perpetual Help to Mothers to render me assistance in guiding him, and if it was not possible for me to be the one to recognize his needs and fill them to please let there be some one else to do it for me. I can not give my son respect for authority , for this is something I once had but lost, but we now have a President that can with God/s help and enough of those who care to follow him to restore the administration of authority to function for the benefit of all.

He can not do it alone, for society is much to complex. When men* fight just battles, they find God on their side, when men protect the rights of the weak, the helpless, they do not fear their own human frailties. When men give themselves the right to examine the consciences of others, they reveal their own. When men expect to find evil in another, that is what they too will find, but how can they know or be sure that it is not just the evil of their own thinking them to be. Men who have failed to defend the homes, the people that depend on them because of their position in society, ~~they~~ have fail a sacred trust.

* men in this sense also include women

The ability to utilize the intelligence is something that is very personal, it is not dependent on how much one knows, or how many degrees one has, nor is it a possession. It is an ability and must be used. One need not possess great talents, but in Biblical times talents were a medium of exchange, coins. Talents too can be personal abilities including acquired knowledge. In the parable of the talents, There were two servants that were rewarded for the manner in which they used their talents. One invested his wisely and earned an increase for the Master, one tried but failed, he too was rewarded for his efforts if not his successes. It was the one that buried his for fear of losing them that was rebuked by the master.

I was the Catholic that voted for Mr. Nixon in 1960 because I sincerely believed that he more truly personified the true ideals of Christianity. I did not hesitate to say so. This was an unpopularity contest among the elite.

In 1968, I was the Protestant that voted for Mr. Nixon, I became a protestant for the same reason millions of others have since Martin Luther. I do not believe one can ever repair a wrong by a contribution of alms to an institution. In civic circles this is called bribery, by buying political favors. It just so happens that I did not ever see it the way others have been taught, but then I learned my catechism lessons from a mother who saw to it that I returned the pennies that I stole, before I said the words . It was in this way I learned not to steal pennies from another. A reparation must match the act, the sin of detraction calls for a retraction. Gossip* is never considered a serious offense but in reality it is gossip that is damaging to the reputation of others, and how many of the psychiatrists comprehend the psychiatric truth, The hidden guilt we see in another is but a reflection of our own. If it is hidden then would not the speaker have to be aware of it, and who is it that sees the anxiety neurosis of the American people as a sense of hidden guilt. The medical profession that looked away from its own sins (ignorance) have placed themselves in the position of being guilty of being the mill stones around the necks of their fellow members. The attorneys that use their talents to gossip about the ones that use the gift of tongues to defend freedom. The judges that make decisions on precedents, or an opinion another judge once rendered or the social position of the defendant. The district attorneys that promote themselves thru promoting the party in power. The adults in this world that have no children that care not about the world of tomorrow, the parents that expect to take away from the children of others to give to their own, cheat their own most of all by depriving them of the right, the ability to earn their own human dignity.

What was it that my mother saw when you took her to keep Cam company to witness an A-Bomb test outside of Las Vegas? This was just prior to her death and did you really think that she would have told me anything that might have jeopardized my life? Is this why she had a premonition of death and why when she was killed in an auto accident near Baker, that the Chief of Police of Las Vegas at that time found a note incidating that she did not expect to return alive to her own home? She left it on the dining room table of her home in Las Vegas at 846 Kenny Way.

My brother was an air force attache in Damascus at that time, there was nothing phenomenal about my believing that he should be notified prior to any decisions setting a time for the funeral. I simply believed he would return if possible and this he did. This is what one might have referred to as a family association since my brother loved my mother and did not have the opportunity to see her prior to his departure for Damascus, Syria, and X Jordan.

Apparently there must have been a skeleton in the closet at Magna Corporation that you wished to hide. All I did was the accounts receivable and was required to keep in perfect balance, this I did by a trial run on the ledger every 10 days. However, there were other restrictions that were part of this job too, such as seeing that there was a purchase order for every invoice for the precision instruments that went to Caracas & Arabia. This was essential to protect both Magna Corporation and the customers such as Esso International. With the proper invoices and purchase orders the overseas shipments were the responsibility of the purchaser when they arrived at their destination. American goods being used by American Companies. (This would prevent them from being used by the wrong people)

We were shown what was supposed to be classified information about the saline water project. I saw nothing of interest or value in the film and wondered why they were showing this to the office help. It was a film but left no impression on me because it was of not interest to me. Was this an attempt to use film and and subliminal perception??????????My brother was in Caracas during the time I worked at Magna (He had been given training for a position here in Ogden...Were you instrumental in having this altered to an assignment at Caracas?) I doubt if he even knew I worked there until recently. (No precision instruments were shipped there without purchase orders either when I did the accounts) I was not even corresponding with my brother then, possibly the results of the electro shock therapy I had in 1956 that did not destroy my ability to think, to make decisions, but broke the bond of familial relationships. I did not see my brother again until May of 1966.

Are you aware by now that electro shock therapy effects can not be predetermined, nor can one be hypnotized that would not be willing to, nor would one act according to a previous concept of morality (willingly accepted) One may be conscientious without being inhibited. My brother entered the Air Force in 1940, he was a good soldier and was promoted rapidly after he received his wings. His character and personality were carefully molded by my mother, in spite of hardships, you see we were not unwanted, unloved children, and we never had to bear a sense of guilt at being a burden to her for she did not see us that way herself. To my mother we were a sacrdd trust, it was her role to give us guidance and direction, but never domination. We were permitted to make our own decisions, to have a free will of

contrary

our own. Many mothers seek to compensate for their own failures to develop the conscience & personality of a child by dominating them. Or, it may be seeking to possess their souls. My mother did not.

My brother Tom, amazed many because he too was quite brilliant, was he not? You gave him an appointment to West Point, the first test was excellent in everything but math, so well that he was sent to Cornell for a year at the Army's expense to study math. This too was unusual for one to have such a high score in logic and be poor in math, but then my son also received poor grades in math but after graduation from high school did exceptionally well on intelligence tests. (Is this attitude derived from the fact that one learns to reason in the primary grades thru reasoning problems? These use words. Is it a coincidence that my brother Tom too was given electro shock therapy? What about my brother Jean, was he given some in Texas to diminish his memory, for the deliberate induction of amnesia so that he would not be able to remember that I had rights of inheritance in the Tierney Trust Fund? You were aware that sedatives and hypertensive medications would also diminish the efficiency of his cerbral cortex, as well as create loss of initiative and low blood pressure.

My son too was the victim of an unprovoked attack and taken to the Stanford Hospital for a nose realignment. (May of 1966) This can be dangerous too for it very often causes a young man to suffer from sham rage as does electro shock therapy. (That was the nose bleed that cost the insurance company almost $300.00 for an overnight stay in the hospital) My son had been my source of strength and encouragement in the months that preceded that, but I myself believed that he should move away from home because my son loved me and it was difficult for him to see my difficulties. He was helpless to help me as was my husband. They were not attorneys, they were not doctors. Professional agitation came from many sides did it not?? But failed to drive me to desperation as many hoped.

The paper said that you were instrumental in the formation of the Transportation Post, but so too do I remember the gossip that linked you with the Communists at the time you first ran for office. Your red tie identified you as being sponsored and backed by them. Your appeal to the unions and laborers also would be along communistic lines. At one time Helms Bakerys were a fine organization until the professional agitation put the union in. They do their dirty work and leave.(Bob Schultz) He used to be in the cleaning business and would have had a knowledge of the effects of reversing the carbon dioxide in a refrigerator unit. This was done with a celanoid to make it appear to be my husband. My husbqnd would have had no understanding of the effects of the odorless tasteless gas. In this case my sons deviated septum turned out to be a blessing as did his fathers and mine. It diminished the intake of carbon dioxide thru inspiration. It became worse though after I called the Sears Service Dept. to fix it, that was when I learned that it sounded like a reversal of the odorless tasteless gas, this kept only milk and cheese products safely, meat became contaminated in a few hours. Whatever was causing the refrigerator to sweat also was causing me to do the same. It became necessary for me to sleep out doors in the day time and I closed off the kitchen and sat up at night. (intuitive action)

My son came to take me for a ride one day, and I accidentally bumped my head when I got out of the car, this made me realize that even an accidental bump could cause my husband or son to be blamed for my death.

One could hardly have blamed my son or husband for the carbon dioxide stains on my clothing (purchased after moving into the Wm. Penn Hotel) This toxic poisoning created a non-functioning kidney and the poison poured out my pores, although it was not so noticeable at the Wm. Penn. I had learned to recognize an odor. It apparently was in my blood stream because the yellow carbon dioxide stains were

on the right side of my neck only. This too created problems of making muscular movements being more difficult. (That is why I refused to pay my hotel bill unti an attorney or public official tested the stains on the clothing, but that was before so many other incidents tok place and I left California, in order to preserve my rights to life, liberty and eventual rehabilitation.

I saw a red tie on a Mr. Lake one day in the cafeteria in the Fed. Bldg. and remembered yours, but then he was the one that was supposed to have seen to it that I received my rehabilitation and never did. I applied for this in Feb. of 1966, it was eventually approved for the Bryant School but had I been able to travel 30 miles to school, I would have been able to work. I requested Whittier Business College, but upon trying to use the stairways, I found them too exhausting and repeated my request for stenotype training thru La Salle University. At one time I was told my husbands salary exceeded the minimum, but this was supposed to have been thru Soc. Sec. and not part of the poverty program.

I applied for stenotype in Washington D.C. but was not there long enough to be refused. In Colorado Springs, I was told that in 1967 their allotment had been used up by March, and no funds would be available until January, but I left Colorado Springs on January 8, 1969. The Rehab. here in Ogden could not secure my records until the end of the period indicating a check is being paid to some one in my name. There was a stenotype studio there that was supposed to be a school, but also a correspondence course, I tried repeatedly to find some one there to enroll and pay my own way whil in Colorado Springs, but none were ever there. n HOw many times have funds been granted and approved but never given to me and who would be cashing the checks?

Did you have your sights on the Vice-presidency? Thank God you did not succeed. Can your children or grandchildren be proud of the kind of a legislator you have been? How can you protect them from the crimes of the enemies of humanity that went out over the T.V. set up. These are crimes that none can compensate for, nor would you permit me to reach any that would render me assistance in providing the evidence of how it was being done. These are crimes that are on your soul not on mine, in your expectation that I might become desperate, you could only see a reflection of your own despair.

Who placed Clinton Harris in a position in which he needed to sell his ranch, a former employer? a former General Mgr. This and the Oldsmobile that was purchased by Mr. Nixon from General Motors thru Harris might have been made to appear that it was a political token, but it just so happened that I did the DMV according to my own judgement, and not as some one expected me to do. His ranch was in Colorado, is it in the area of the Air Force or part of it? Which committee would that come under Military operations? Last summer Jim Whetton had a ranch. Did he sell his thru you, is that why he chose not to recognize me when I came to Ogden. Apparently some people do not wish to have honest accountants any more. In New York some are being paid $15.00 an hour, but these are not the type that use the ledger systems and have regular accounts receivables dept! Although any General Motors Dealer that adheres to the General Motors system of Bookkeeping where a monthly financial statement is used, probably not only has greater protection from less repos. but less trouble with the internal revenue audits being investigated. How can any company that has no accounts receivables such as Magna Corporation had ever withstand an internal revenue audit. Without these firms are very apt to have to dig deep to pay back taxes.

Your pseudo-saline water projects, your postal edicts, your stuffed ballot boxes all have failed, have they not? You over looked one very important factor, and that is hope springs eternal in the hearts of American mothers for a restoration of law...order....and an authority that will render us assistance in administering that authority to give protection to those who

DUPLICATE

recognize the need for it. We very often find tha [illegible] because of the likes of you, but somehow that is when an invisible God sustains us to somehow keet trying, to keep searching for a better way.

Following the year I worked at Magna there was an extensive investigation of our income tax. Months were spent in looking for an error and finally the investigator had to be transferred from the downtown office to Hollywood to claim we had to pay on the $800.00 we paid a relief driver to take over Stans route when he was in the Hospital, but we were also told it could be taken to court to establish a precedent. This became obvious that it was the Bakery that was reaping the benefits of a dual deduction, and the men were paying for it. but the bakery too suffered a lost cause. In letting the men down, they let themselves and their own families down most of all.

Dr. Breitman too gave me a fringe benefit of a major medical insurance but rehigged because it would reveal his own incompetence and unreliability as an employer or doctor. I never received the benefits from this (over $3,000.00)

Clinton Harris too, did not have to assume the responsibility of an employer, I signed the womans compensation claims in 1961 to protect any future claims, this was paid into a private carrier and I was told the state had no record of it being turned in. Or did an office manager collect it in my name, as secretary of his incorporation, he might not have had much to say about it, if she did. His lip service as President of the Nixon Committee would not be associated with you but imputed to Mr. Nixon.

Under the Nixon administration honest accountants will be the ones that receive the premiums. The knowledge that we preferred to pay our own taxes once, to asking for political favors apparently gave many former employers or prospective ones the jitters. Would the FBI be the ones to turn to if one were inclined to be a tax informer. I recently did seek to protect myself from any false charges by informing the Internal Revenue Service in Washngton that there undobtedly were some claiming the rights to handle estates for me with the use of an illegal letter stating that I had been declared incompetent, when in reality three attempts to render me so have failed, and not even a declaration of mental illness was secured.

I am therefore establishing my residence here in Ogden, Utah to protect my life, my proerty rights, my rights to have medical assistance, legal assistance and rehabilitation even if I have to pay for it myself. I had to leave the State of California before the Dept. of Mental Hygiene could render me any assistance and provide me with the necessary documents. The only alternative would be Canadian citizenship and I doubt if Canada will be any safer from the effects of your incompetence, avarice, and greed than is the U.S.A.

It is no coincidence is it that the doctors of the Good Samaritan Hospital in Los Angels, were the same ones that you lied about and had the medical reports substitutud in the Soc. Sec. File. Apparently there were actually only three tax evaders among those I saw that you could weild a club over. They were also the same ones that attended Kennedy, but why was there an injuction to silence them? Was there surgery or just an autopsy. Was he still alive when they were called in? Surgeons do not operate on a skull with only half a head shaved.

Your every attempt to break my spirit and discourage me has failed, and will continue. I am in the one out of every 9 working people that are doing without because of the Social Security Hoax. DUPLICATE

Dear Sir:

I have before me a letter from your office dated March 3, 1969 in which I was advised that the Division of Labor Standards at 80 Centre Street, New York, New York 10013 would be the proper agency and authority to collect the additional wages due me from Uniforce Temporary Employment Agency in New York City for wages earned at Eastern Life Insurance Company, 355 Lexington Avenue, New York, New York.

Apparently the board I was referred to is unaware of their function, or else the individual that replied was unable to interpret the written word, since there was not only ample evidence that there was a rather large sum still due to me for services rendered from January 17, thru February 14, 1969, but there was also evidence that the Federal taxes would never be turned in to be credited to my Federal Income Tax Account withholding for this year. I found it a strange coincidence that the Contract Employers using this little illegal device had the name of Uniforce,, since there is also an outfit in Whittier, California by the name of Unitax that pulled the same illegal device last year. (They also advertised their tax returns were figured by computers but failed to mention that the women auditors were the computers) They failed to report either my number of exemptions claimed, or my social Security Account number ~~of exemptions~~

The absence of the use of a check protector made it obvious that the figure on the company records might not correspond with the figure on the check. They used 3 zeros in front of the figure. Aposting machine may have been used to post their records making it necessary for the figure in the hundreds to be inserted correctly in their records, but the first two zeros were necessary to line up the third 0. The rate of pay I received was the lowest one possible for a file clerk, but I was working in an Insurance Company where my experience and background qualified me for every department they had including that of medical underwriting. I also had a perfect score on their cash accounting test.

The uniforce Agency also had two types of paychecks. (regular) and those they gave out to employees at the office on Friday of the week they worked. According to this there were dates on the time slips that were not included on the checks, making it possible to have charged the company far more than they ever paid me. Each week I informed them that my check was short, and each week they said turn it in and it will be included in your next weeks check, but it never was.

The individual that replied to my many inquiries including a telegram from Chicago, and certified letters apparently is one of those victims of progressive education where they do not learn to interpret the written word. This would make it necessary for some one to instruct him very carefully as to what the function of his position is. This lack of the

comprehension of words however is being very expensive to the taxpayers of New York, in my case it made it essential to secure public assistance for one week (during which time I was given a larger amount to live on than the Uniforce checks were for one weeks pay period. I also received $82.40 from the Waverly Center to pay my transportation to Ogden Utah.

I do not enjoy paying high taxes any more than any one else, nor do I care to pay them and not have them creditied to my account. I object even more so to supporting the illegal endeavors of communistic Congressmen that were allowed to perpetrate frauds, felonies, and perjury to cheat the American people especially the aged and the disabled thru the misuse of Social Security Funds.

They are also taking advantage of the many pensioners that are not aware of their rights in regards to earnings. It is not that pensioners lose benefits it is that only a portion is non taxable. The lower level of the Soc. Security Admin. Offices has failed to inform these people of their rights. (One example of how the middle class is divided against itself by the previous administration).

There are also undoubtedly many collecting welfare in New York that also may be entitled to collect Soc. Security benefits, but then this might enable them to be a little independent of the party.

I would therefore appreciate it very much if you would instruct the agency you recommended me to call on Eastern Life Insurance and inquire how much they paid to Uniforce for my services (Telephone calls and mail are rather unreliable in New York especially in the business area post office of Grand Central Station. You might also recommend that they see how much they did deposit at a Federal Reserve Bank for taxes withheld. (Since the time is passed for making these deposits.)

They also refused to make out my name in the same manner as my Social Security Account (They eliminated the middle initial) they also refused to put either my permanent home address at that time or my New York address as you can see by the photocopies of the checks and stubs. There was no means of identification on the stubs, making it necessary for me to have photocopies of the checks and stubs prior to cashing them. It therefore made it impossible for them to alter the checks and claim I had altered the figure on the check. Chase Manhattan Banks were the only banks that would cash these checks.

It is unfortunately true that many companies are using temporary help to avoid having to pay the ½% of the Soc. Security, since they do not have to pay this if one is employed for less than 3 months. I also requested that the Agency fee be specified since it would be deductible for me if included in my earnings.

This may be why the American People have no respect for authority. The failure of a Labor Board to render assistance in collecting wages enables employers to take advantage of all employees, meaning there is no authority if it is not exercised for the benefit of the taxpayers. The amount of State and City withholding would indicate the State and City are receiving their share of taxes withheld from such paychecks but not the Federal Government. Especially in a case where the taxes would be turned into a different internal Revenue Service Center than that of the permanent home address at that time.

We the American People have had enough of the lack of law, order and authority not functioning for the benefit of the taxpayers. There will be a restoration of respect for law and order when there is a return of it being administered to benefit the American people as a whole and not the tax evaders, and communists within the Government itself.

Mr. Nixon was elected in spite of the campaign funds being diverted, and in many instances in locales where no funds were expended at all. Colorado ~~Springs, for~~ example.

You have inherited the Cabinet Post in which there is more corruption and graft than in any other department in our Government today. If you are politically ambitious it would be advisable to start earning your votes for any future positions you might wish to have. Any failures to correct that corruption in the Dept. of Health, Education and Welfare will be proved to be existent with your knowledge and approval and therefore you will not be in a position to blame either Mr. Nixon, the Postmaster General, or the Attorney General.

Your failure to take steps to correct this makes it apparent that you too along with Regan would seek to blame your own incompetence on Mr. Nixon For the Social Security Hoax and the Saline Water Frauds, going on thru out the U. S. A. today.

The enemies of our country have a habit of liquidating those they use to gain power, when they are thru using them. One man or even two or three can not accomplish a miracle because miracles have to have some believe enough in them to strive to make them possible. It has been the denial of responsibility for many high officials in California that has not only turned it into a Welfare State but one that is pretty well dominated by the Communists, who are turning the people and officials into Zombies thru the use of colored film on black and white programs from Mt. Wilson thru the pay T.V. set up in the Whittier area, with the knowledge and approval of Gov. Regan, and Rasputin Mc Intyre. The vilest suggestions that are beyond description have been implanted in the minds of the young people and which of the same officials has the power to protect his own children or grandchildren from being victimized by this.
Unless the Communists and those who support them without being a party member by their own evasion of responsibility (on every level of society) start working with Mr. Nixon there may not be an America for the politically ambitious to take over.

Mr. Nixon was elected as the last hope of the American People for restoration of freedom, justice for all but he can not accomplish it alone. Nor could General Eisenhower.

Dear Mr. Potter:

I am enclosing a copy of a reply from the Delivery and Collection Cost in which Mr. Tillman E. Thomas, the Superintendent is acknowledging and accepting the responsibility of the Postmaster of Los Angeles to make an investigation, the failure to do so might not be apparent from the names of some of the registered letters but on only four receipts there is evidence of the possible drastic repercussions to the professional and personal reputations of many people who hold positions of responsibility to our nation.

Would this be the proper department?

That which they tried to do to others years ago, to them one hundred fold.

Does any postal clerk or Postmaster have the right to presume that Mr. J. Edgar Hoover would have authorized to personally sign for a registered letter that an additional fee was paid for to insure delivery to no one but him?

[illegible] letter addressed to ordinary [illegible] be arbitrarily signed for by a low Postal [illegible] would Mr. Hoover for whom the letter was intended consider it unimportant to have every Postal clerk or Post Office Official presume the contents were unimportant?

As a private citizen do I not have the right to have evidence of my compliance with the postal regulations that could be detrimental to my monthly income by a failure of a Postmaster to comply with these same regulations?

not yet but hope springs eternal

I am therefore requesting immediate action in seeing that all of my mail is delivered to me, and deny that anyone has had the right to either refuse to permit me to transfer my own mailing address or to do it for me.

Dear Sir: The outrageous legislation enacted by our Supreme Court has given impetus to the increase of crime and murder. Supreme Court has undermined the morale and effectiveness of police and law enforcement. Criminals have grown bolder with the permissiveness of Courts and responsible for the encouragement to youth that a career of crime profits. When a case as Sirhan's at a staggering expense to burden taxpayers can be allowed loopholes to prolong this case to such lengths!! The judge refuses to accept the confession of guilt by Sirhan, giving the attorneys more leeway for the most ridiculous procedure ever enacted in a Court of law. The attorneys have brought into the limelight a minor Arab UN official, Issa Nokhleh who boldly condones Sirhan's crime by statements to press and TV broadcasts that the crime is political and justifiable. It is time common sense was restored to Supreme Ct. and to safeguard our citizens.

TO: Pope Paul VI - The Vatican - Rome, Italy

"Pilgrimage To Canossa"! #21-037-148

Enclosed you will find a copy of my letter of April 24, 1969, addressed to Judge Herbert V. Walker, Presiding Judge, prohibiting the execution of Sirhan Sirhan because of miscarriage of justice in his trial. I expose your own criminal complicity with the Government of Israel, to overthrow Constitutional Government in the United States by inciting to war in the Near East, through your puppet Robert S. Kennedy, and protegee Richard M. Nixon inciting them to murder and treason, in the 1968 elections, which led to Kennedy's assassination.

The analysis speaks for itself. The next necessary legal step in preventing this miscarriage of justice for Sirhan Sirhan - become the victim of highest Vatican - World Zionist - U.S. intrigue and sedition - becomes the necessary intervention of another of your puppets, Governor Ronald Reagan of California, who has Constitutional authority to set aside, or to mitigate, the sentence of death.

Because of you absolute authority over the mind and soul of Ronald Reagan, whose single loyalty is to you, you alone can intervene to cause him to fulfill his Constitutional responsibility to protect the security of the people of the United States and of the world - a shameful admission and indictment of political disloyalty of all "true" Roman Catholics throughout the world. If Sirhan Sirhan life is spared it will be because you so decree!

In the year A.D. 1077, Emperor Henry IV of Germany, who had offended Pope Gregory VII by daring to rule his people under his own lawful authority, was forced, as a penance, to walk across the Alps, barefoot, to Canossa where Gregory was a "guest" of the Countess Matilda, and to wait in the snow for three days until it served the convenience of "guesting" Gregory to lift his excommunication. Now I, in principle and under my secular authority, and under the inspiration of a Universal Power of Truth which is no respector of persons, be they Popes, or Governors, or beggars, DEMAND: That you, figuratively, march across the icy mountains of Vatican murders and treasons, to open the lifting of the curse of the ban of excommunication which you and your predecessors, have brought upon yourselves; in your "Spanish Inquisition" of 16 centuries of bloody-handed murders, especially against your own people. If you are able to exert authority over sequences of prosecution of Roman Catholic citizens of the United States (unlawfully and in violation of duties of Citizenship to defend the Constitutional freedoms), to breed warriors for your war in Vietnam as they have been bred for your perpetual wars all over the world, you are able to exert authority to prevent miscarriage of justice as epitomized in this one man!

I hold you responsible, personally, to me, under the Law and Spirit of the United States, which I represent. You have sown winds of hatred and violence, and if you fail in your "penance", will surely reap the whirlwind of disaster of the "prophecy of Fatima", that "the Pope will lie dead and bleeding at the feet of his throne".

So Mote It Be - And So It Is!

Dear Sir:

I am enclosing another news item that aroused our little neighborhood group called "Common Sense Seekers" to gather at my hacienda to discuss over a few beers,etc. this latest decision of the United States Supreme Court,since we are vitally interested in law enforcement with JUSTICE,but in our studied opinion,these Street and Watts decisions has about reached the bottom.

There have of course been other decisions during the last several years with respect to their philosophy and understanding of the Constitution that always appear to favor those who commit the crimes and forget the innocent victims or decisions that may discourage or prevent crime?

We have also concluded that no matter what your department or Congress adopt as laws to prevent crimes,the Supreme Court will,through nit-picking opinions nullify on mere technicalities even though minute, as contrary to certain amendments to the Constitution that was adopted over a century ago without appreciation or understanding by those honorable and respected forefathers of what is going on now.

How could those men understand or realize the great progress and advancements in our social,electronic,science,space,medical,education field and are we to be denied the necessary tools to cope with this nation is confronted with?

166-13C-1
APR 28 1969
CIV. RIGHTS DIV.

This latest reversal is shocking to an average layman as it was to us when they chose "to not rule on the constitutionality of laws that make a crime to destroy the American Flag,but upset the conviction of a defendant ,who denounced the Flag and publicly set fire to it in June, 1966,convicted but now reversed as it was contrary to the First Amendment????

Even though they upheld the constitutionality of the 1917 federal law against threatening the life of the President but threw out by a narrow vote of 5 to 4,that the Watts "threat" was merely "political hyperbole". (which means more or less than the truth)???

If such "threats" uttered publicly that he was going to refuse to be drafted and added,"if they ever make me carry a rifle,the first man I want to get in my sights is LBJ,etc." while LBJ was then our president, then yelling fire in a theatre is "childish hyperbole" even though very dangerous and final result not known.

If the above reasoning by our highest court through the useage of such fancied phraseology as "political hyperbole",probably coined by a liberal thinking law clerk,then Sirhan Sirhan used "political hyperbole" and he later mahaged to complete his political hatred by murdering Senator Robert Kennedy as he wrote his intentions.

Hon. John N. Mitchell, 2:

We have been very fortunate in LosAngeles County to have a very efficient District Attorney, Evelle Younger and his staff who have prosecuted Sirhan Sirhan against great odds, against competent and prominent defense counsel, a string of psychiatrists, some of whom became a bit mixed up on the stand with a great display of sympathy for the accused even mentioning the effects the jury's decision would have in every precinct in the Arab countries and the world.

We thank God and the staff of the LosAngeles County District Attorney for their determination to render justice in this case as we await the final penalty decision of the jury as to whether life or death, and, it is my hope that while I favor the death penalty in this case, I fear continuous appeals to the United States Supreme or California Supreme Courts, similar to the notorious Chessman trials would finally result in a reversal on some nitpicking basis.

Yes, Mr. Mitchell our little group is becoming disturbed about what is going in our higher courts especially as they seem to find some technical errors or their conception of the Constitution's meaning without a proper evaluation of the effect their decisions are having on society in general or protection of that society, particularly so when they make their findings retroactive.

Of course it is possible that we lay people are away out of line and we discussed that possibility too, but when groups of criminals can devise ways and means to beat the laws with immunity, using every conceivable tactic to carry on their crimes, we do not subscribe to the theory to deny the law enforcement agencies equal or superior facilities of detection as we are certain that the framers of the Constitution had that in mind. Hoffa case is another question?

If it takes a jury composed of twelve men and women after personal observation of counsel, defendant, witnesses and judge, to agree on a verdict unanimously in criminal cases, then by a mere vote of ONE in majority in higher courts can nullify such decisions does not seem fair or proper, as in our opinion, those members are not super-dupers although long occupancy and age may convince certain members of their invincibility, or being untouchable.

I am sure your short occupancy in the department of justice has opened an entirely new era to you and your staff, as I am personally and my beliefs are shared by my neighbors that it is about time that those in power in this country had better to begin to make more than a study of what is going on within our courts, legal fraternity and especial reference to the U.S. Supreme Court, as even tho we suspect that a majority of the judiciary are opposed to the penalty of Capital punishment, but never-the-less permit more than 80 men in the California prison await their final decisions.

Many claim Capital punishment has not proven as a deterrent BUT has anyone proved that it is NOT a deterrent? Delays, deferments, repeated trials on technical grounds is a main contributing factor to to a law breakdown as there is no substitute for swift and fair trials.

Best wishes, I am,

Sincerely,

John E. Meaney

James Meredith had been shot in Mississippi.

The court held 5 to 4 that New York's law under which Street was convicted also outlawed spoken contempt, contrary to the First Amendment guarantee of free speech.

—Upheld the constitutionality of the 1917 federal law against threatening the life of the President. But the court threw out the conviction of Robert Watts for threatening former President Lyndon B. Johnson during a 1966 antiwar rally at the Washington Monument.

The court held 5 to 4 that Watts' "threat" was merely political hyperbole. Watts, then 18, stated that he was going to refuse to be drafted and added: "If they ever make me carry a rifle, the first man I want to get in my sights is L.B.J. They are not going to make me kill my black brothers."

DEAR SIR:

IS IT TRUE THAT THE JUSTICE DEPARTMENT IS THINKING OF MAKING A DEAL WITH THE COUNTRY OF JORDAN TO RELEASE SIRHAN SIRHAN (UPON CONVICTION) TO THEM FOR AN EXCHANGE OF SOMEONE? IF SO, WHO IS THAT SOMEONE THAT HE IS MORE IMPORTANT THAN THE MURDERER OF ROBERT F. KENNEDY?

THE SHOCKING FACT THAT SIRHAN SIRHAN HAS BEEN PROCLAIMED A "HERO" IN THE ARAB STATES FOR KILLING A HUMAN BEING IN COLD BLOOD WAS ALMOST TOO MUCH FOR ME TO BEAR, BUT THEN UPON LEARNING THE NEWS THAT THE JUSTIC DEPARTMENT OF THE UNITED STATES OF AMERICA WAS ACTUALLY CONSIDERING A DEAL TO GIVE HIM BACK TO JORDAN FILLS ME WITH SUCH DISGUST AND CONTEMPT FOR MY COUNTRY THAT I HAD TO WRITE YOU THIS LETTER AND ASK THIS QUESTION: WILL HE BE SENT TO A JORDANIAN PRISON OR BE ALLOWED TO WALK THE STREETS AND ENJOY THE FRUITS OF HIS MOST HORRIBLE DEED?

NO MATTER WHAT, LETS FORGET THE OIL THAT IS IN JORDAN, LETS FORGET THE MIDDLE EAST CRISIS (BECAUSE IT WILL ERUPT ANYWAY) AND LET US SAVE AMERICA'S LITTLE PRECIOUS DIGNITY THAT SHE HAS LEFT AND NOT PERFORM SUCH A DISGUSTING ACT.

AS AN AMERICAN, AS A TAXPAYER, AS A SIMPLE HUMAN BEING, I DEPLORE THE JUSTICE DEPARTMENT FOR EVEN CONSIDERING SUCH AN INJUSTICE. MORE WORDS FAIL ME.

Sirhan to Fight Trial Outcome

LOS ANGELES, April 15 (AP) —Sirhan Bishara Sirhan told his lawyer today that he is ready to keep on fighting, regardless of the outcome of his trial for the assassination of Sen. Robert F. Kennedy.

"This is only the start," defense attorney Russell Parsons quoted Sirhan, after talking with the defendant in the latter's jail cell. "We'll keep on fighting."

A jury, meanwhile, was pondering Sirhan's fate. The jurors were sent back to their hotel for the night at 6:55 p. m. (Pittsburgh time) with no indication of what, if any, progress they made.

The jurors got the case at 2:55 p. m. yesterday and their first assignment was election of a foreman. They chose juror No. 8, Bruce D. Elliott, a systems analyst for an electronics firm.

The Sirhan Sirhan Deceased trial for murder seems to be a great Circus. I am not a Lawyer or know the Code of Ethics practiced by Lawyers. Dear Mr. President,

I really hope you get a chance to read this letter because it is very important.

I am a 13 year old girl. Like many other girls my age, Bobby Kennedy was my hero. He was the perfect president and he was an American dream. Everything a president needs was combined in him. Brains, wit, good looks ambition and moral courage. Like many others also I was very sad when that jerk assassinated him. Now I'm disgusted that our goverment is so easy going that Sirhan is getting away with it.

Sirhan's defenders are saying he fired "In trance". Well maybe he has not got all his marbles but it doesn't give him the right to go around killing nice guys. So to get to the point, I'm speaking for all americans when I ask you to please persude Congress to pass a law making court rules harder. For instance Sirhan is now probably thinking "I'll just pretend I'm insane then they'll let me go." It's probably the same thing James Earl Ray, Clay Shaw, De Salvo, ~~Spect~~ Speck ect, are

thinking. But if Sirhan, who obviously did it, got a fair punnishment. others would be reluctant to kill because there afraid. I trust you, Mr. Nixon so please do what I ask. You would help everybody. If you don't do anything else in the 4 or eight years you serve, do this. PLEASE.

Yours Truly,
Me

P.S. I'm not trying to give a severe punnishment to Sirhan if he doesn't deserve it. But I know he does.

Nothing Short of Life in Prison

Sirhan Deserves It, Defense Shouts

LOS ANGELES (AP) — "Whether Mr. Sirhan likes it or not," thundered Sirhan Bishara Sirhan's own lawyer, "he deserves to spend the rest of his life in a penitentiary."

Ignoring Sirhan's hurt gaze, Grant B. Cooper looked intently at the jury trying his young client for murder and said: "We are not here to free a guilty man. We tell you, as we always have, that he killed Robert Kennedy."

Cooper thus began Thursday the last part of a three-man defense summation in Sirhan's lengthy trial. He resumes the summation today.

"I for one am not going to ask you to do more than bring in a verdict of murder in the second degree," said Cooper.

The penalty for second-degree murder in Californis is a sentence of five years to life, with the exact term and parole eligibility determined later by the Adult Authority. The state is asking a verdict of first-degree murder but not necessarily the death penalty, which is the only alternative to life in perison.

THE JURY MAKES the choice on a conviction of first-degree murder and a prisoner sentenced to life is not eligible for parole for seven years.

"I wouldn't want Sirhan Sirhan turned loose on society when the psychiatrists tell us he is getting worse and he is going to get worse," Cooper said. "There is a good Sirhan and a bad Sirhan and that bad Sirhan is a nasty Sirhan.

"I have learned to love the little good

The dark, curly-haired Jordanian pallid from more than 10 months in a sunless prison cell, smiled at that.

But his face became sullen again when Cooper quoted now-familiar passages written in Sirhan's dairy before the slaying, asking each time: "Is that mature thinking? Is that meaningful thinking?"

MOTIVE, said Cooper as he launched into a lengthy explanation of the law, "is not an element of the crime charged and need not be shown," but can be considered as a cricumstance in the case.

"Can there be any question in anyone's mind that Sirhan's motive was political?" he asked. "Though the motive was political, was it a healthy motive? Obviously the motive in killing any human being is not healthy, but was it a mature motive?"

That, he said, is "the guts of the whole case" — whether Sirhan's mental capacity was so reduced that it affected his ability "to form any of the following specifics — intent to kill, premeditation and deliberation and . . . to reflect on the gravity of his contemplated act."

AND THEN Cooper made one of the few personal references to the victim heard in 14 weeks of trial.

"I have not overlooked that the man who was killed was Sen. Robert F. Kennedy who left a wife and 11 children, one who was born after his death," Cooper said.

And, in a voice tinged with astonishment, the white-haired attorney gestured toward Sirhan, sitting at the far end of the counsel table:

"He believed he was right. How stupid? He believed he shouldn't be punished. How stupid? How immmature?"

She also wanted to encourage one of her nine children, fellow graduate Mrs. Lorrine Bowers, to get her high school certificate.

Mrs. Guerrero went to high school "because my father wanted me to go," but added: "I didn't appreciate it then. I think when you're older it means a lot more."

She said that her daughter, the mother of six, "might have to work someday and now she'll be better prepared to get a good job."

ABOUT 125 PEOPLE attended the classes when the program got under way in October. Average of the students is 35 to 40.

There is no cost for the adult education classes. A $5 fee is charged for taking the GED test.

About 95 per cent of those who take the classes earn the certificate. Only about 60 per cent of those who take the test without attending the preparatory classes get certificates.

Mrs. Fleta Hendricks' success in school was recognized by her son's third grade class at Finn. The class made a large scroll bearing notes of congratulations to Mrs. Hendricks from each student which was presented to her Thursday.

Every student there had his own personal success story . . . and a high school certificate to show for it.

Hon.John Mitchell,
U.S.Attorney General,
Justice Building,
Washington,D.C.

Dear Sir:

Referring to previous correspondence regarding Law Enforcement with Justice,I am enclosing another news item rather proves that too many of our courts are using and exercising their own philosophy when they overturn lower court decisions time after time,as in this particular case.

It should be obvious to the courts that this person is a dangerous person who has committed cruel and vicious crimes but never-the-less,instead of confining him,they nit-pick the thinking and decisions of other courts who heard evidence at first hand,studied the defendant but seem to find something to reverse.

No wonder law enforcement agencies are becoming frustrated when they are confronted with such repeated reversals,especially when the higher courts make their decision based on their own recent thinking and not what the law was at time of crimes.

So,I appeal to you Mr.Mitchell when your commission is making a study of law enforcement with justice,and when future members of the U.S. Supreme Court are appointed,they should leave their own prejudices behind them since it is becoming a matter of liberalism and conservatism,as especially one of the members seems to be that no one can do wrong,so let em go on their way.

Why are we having so many early retirements from our law enforcement agencies? Because every block is placed against them in investigations,depriving them of the necessary tools to gather evidence while the criminals use anything at hand and get away with it.

Many of our citizens are becoming plain disgusted,sick and tired with what is going on as in this particular case,there is no question of the defendant being guilty but what can the courts do to continue trial after trial and ignoring the plain facts,especially when such dangerous characters should be confined.

Now,we are going through a trial at is almost at an end in the Kennedy murder when their attorneys appeal to the jury seeking mercy,etc. even arguing what effect their decision will have on the defendants country Palestine and we ask why should any attorney argue such a point-eight or ten psychiatrists testified in Sirhan's behalf the defense attirney stating that he even has learned to love the defendant,etc. What sort of rot is this and when are we really going to enforce the law with justice without thinking of what effect it will have on International relations?

The answer is swift court trials,fair,just to both sides without all of this maudlin treatment. I am not a law enforcement member but a plain disgusted citizen.

Sincerely,

John B Meaney

Slayer of 3 Wins Right to Retrial, Penalty Hearing

BY GENE BLAKE
Times Staff Writer

A triple killer who made legal history five years ago in a death penalty reversal has been granted a new trial for two 1962 murders and a new penalty hearing in a 1964 slaying.

The California Supreme Court reversed the conviction of Joseph Bernard Morse, 25, for the fatal bludgeoning of his mother and invalid sister in their Chula Vista home.

And the court invalidated a death penalty decreed for Morse in the strangling of a fellow prisoner in the San Diego County Jail.

In deciding the two cases, the six justices were divided sharply with six separate written opinions totaling 91 pages.

Morse was 18 when he used a rock and a baseball bat to beat to death his widowed mother, Mrs. Hope Morse, 58, and his sister Jennifer, 12, a victim of cystic fibrosis.

He made two detailed confessions. In the second, the Supreme Court said, he "described with dispassionate particularity the background and execution of the crimes and exposed them as a coldly calculated expression of accumulated rage."

Morse was quickly convicted and sentenced to death. But in 1964, in a precedent-shattering decision, the State Supreme Court reversed the death penalty.

The court said then the jury had been improperly advised that it could consider Morse would be eligible for parole in seven years if given a life sentence.

Jurors should be instructed that they may not consider the matter of parole, the court said, and must be instructed:

"It would be a violation of your duty as jurors if you were to fix the penalty at death because of a doubt that the Adult Authority will properly carry out its responsibilities."

As a result of that decision, many other inmates of San Quentin's Death Row were granted penalty retrials.

In Morse's retrial, he received a life sentence. The sentence was imposed Aug. 21, 1964, and it became final without appeal.

But exactly a week earlier, he had strangled Thomas Larry Taddei, a pail trusty serving 120 days for

masquerading as a priest and soliciting money on the streets.

The motive? Taddei had refused to pay Morse 10 packages of cigarets won in a series of domino games.

Morse's trial was shifted to Orange County. He was convicted and sentenced to death for a second time in 1964.

In reversing the 1962 convictions, the Supreme Court ruled 5 to 1 that Morse's confessions were obtained in violation of his constitutional right to counsel.

At the time the conviction originally was upheld, the line of court decisions (Escobedo, Dorado and Miranda) requiring that suspects be advised of their right to an attorney and to remain silent had not commenced.

Eligible to Appeal

But the court, in an opinion written by Justice Raymond L. Sullivan, said Morse was still eligible to appeal by the time the Escobedo and Dorado decisions were handed down, and that his conviction thus was not final.

Therefore, he was permitted to raise the issues on a petition for a writ of habeas corpus. In a retrial, the admissibility of the confessions will be judged on even stricter standards imposed by the Miranda decision.

Concurring with Justice Sullivan were Chief Justice Roger J. Traynor and Justices Raymond E. Peters, Mathew O. Tobriner and Louis H. Burke.

Justice Marshall F. McComb dissented on the ground that the error was not prejudicial. Justice Stanley Mosk did not participate because he was attorney general at the time of the case. His replacement, Justice Thomas P. White, has since died.

In the second case, Justice Sullivan was joined by Justices Tobriner and Burke in upholding the conviction but reversing the death penalty.

They held that, under the compulsion of the U.S. Supreme Court's Witherspoon decision of last year, some prospective jurors were improperly excused for their opposition to capital punishment.

In a lengthy dissent, Justice Peters said the prosecutor improperly commented on the failure of Morse to testify and a manslaughter instruction should have been given to the jury.

Comedy 'Angels and
on Stage of Melrose

BY MARGARET HARFORD
Times Staff Writer

There's a lot of skittish, amiable fun in "Of Angels and Eskimos," Oscar Mandel's comedy now absorbing the fancy of the Melrose Theater's workshop regulars. It leaves a little ping of enjoyment like one of Mr. Cash's used cars which are always pinging. And because Cash himself may be a little mad, his cars are bargains at the price, always lower than what the buyer says he'll pay.

It is this kind of sweetness and light, the reverse of man's native greed and vulgarity — so prevalent now in the Sick Sixties, that generates a smile and a friendly reception for "Of Angels and Eskimos," which is far from flawless, even a mite amateurish in a literary sense.

In other words, Mandel is no Neil Simon when it comes to writing witty, indelible lines and constructing airtight plots. What he has going for him here, awkwardness notwithstanding, is a raffish comedy sense and an optimistic spirit, both as refreshing for a change as a glass of spring water.

Dear Mr. President,

I sincerely hope that you receive this letter ~~before~~ it is too late. This letter concerns the trial of Sirhan Bashara Sirhan.

[redacted] thing, I have great [redacted] our country and [redacted] Supreme Court. However, I feel the Court is making a serious mistake by trying to let Sirhan off on insanity. These are my reasons:

(1) Sirhan has already pleaded guilty

(2) Certainly anyone who kills a man, especially Senator Robert Kennedy, is insane to a certain extent.

(OVER) →

(3). The Supreme Court itself READ in Sirhan's diary QUOTE: "Kennedy must be killed tomorrow night." When a defendant stood up and said that Sirhan was incapable of pre-planning the assassination.

Number Three is the most disgusting fact of all. Please see if you can do something about this. I am a Republican and my parents voted for you in 1960 and 1968. I am thirteen years old, and I'm very fond of you and your wife and government.

The Honorable Richard M. Nixon

The White House
Washington, D. C.

Dear President Nixon:

We were deeply moved by the Eulogy you gave in behalf of "Ike". We were proud you are our President, and the words you spoke in his behalf were appreciated by the world I am sure.

We recently read an article in the San Diego Union stating that "a three-cell suite is being built for Sirhan...at a state medical facility...".

We were shocked, disgusted, and angered by this news. Since this particular crime was committed "beyond the shadow of a doubt" before numerous witnesses, punishment should have been swift and sure, and if the laws were upheld (those of the Constitution as our forefathers wrote them) it shouldn't have taken longer than 24 hours for the sentence to be carried out.

We love our country and are proud to be able to contribute to its support through our taxes. As an ex-service family of 23 years, we get "fighting mad" at this judicial farce that is going on for Sirhan at our expense. We strongly protest the molly-coddling of criminals. Something is drastically wrong with a judicial system where justice is not the prime concern, but where the defense is allowed to "win at any cost" and at the taxpayer's expense, and at the decent people's terror when they are released on technicalities.

We appreciate your efforts to bring this country back to a set of moral values where we can be proud to be Americans.

Respectfully yours,

Hon. Sec. of State, Rogers:

The ridiculous prolonged trial of Sirhan Sirhan, is even being made more ridiculous by the tactics of three expensive attorneys who with the aid of an Arab UN official named Issa Nakleh who thru radio and TV broadcast has been able to besmirch and excuse the murder of Robert Kennedy. With deliberate lies and exaggerations, this Nakhleh is ~~xxxx~~ exeronating this vile crime that it was justifiable and the Arab world think of Sirhan as a guerrilla who did his bit like all the Arab guerrillas for the UAR.

I think this is a matter for our Ambassador to the UN to take up this matter. Could an American minor official go to any Arab country and interfere in a trial of murder that this Issa Nakhleh calls this trial a political one and a justifiable one thru the press and in his TV broadcasts?

MEMORANDUM TO ALL EMPLOYEES

SUBJECT: Tetanus or "Lockjaw" Immunization Program

A tetanus immunization program is recommended by the Public Health Service of the Department of Health, Education and Welfare.

Tetanus can result from any injury, including nail punctures, insect bites, splinters, burns and lacerations. There is no known cure for tetanus which has one of the highest fatality rates of all infections.

Tetanus can be prevented by the tetanus toxoid immunization, which is 99.9% effective if the immunization series is completed and booster injections given as directed. The tetanus antitoxin which must be given to persons who have been injured and who have not had the immunization can result in a dangerous allergic reaction.

The complete series of the tetanus toxoid immunization program consists of:

(1) First injection

(2) Second injection given 4 to 6 weeks after the first injection

(3) Third injection - one year after the second injection.

(4) Booster injections should be given after an injury regardless of the time lapse since the last injection.

(5) To maintain immunity a booster injection should be given every 5 years.

The Department will administer a tetanus immunization program at a charge of 25 cents per inoculation to cover the necessary costs. If you are interested in participating in the program, complete the form appearing below, detach and forward to the Health Unit, Room 2305, Main Building. Detailed plans for the administration of the program

Suite Of Cells Being Prepared For Sirhan

By DONALD H. HARRISON

LOS ANGELES (AP) — A suite of three cells—complete with living and dining quarters and a television set—is being built for Sirhan Bishara Sirhan in case the young Jordanian is convicted of assassinating Sen. Robert F. Kennedy.

The California Department of Corrections wants Sirhan to stay in the special extra-secure cell whether he gets life imprisonment or the death penalty.

"If he's convicted," a Corrections Department officer said, "There's always the chance that some inmate would try to kill him. We've spent about $5,000 to remodel his section so he'll never come into contact with other prisoners."

The walled-off suite of cells is being prepared at the California Medical Facility at Vacaville, near Sacramento. A bill pending in the California Legislature would permit Sirhan, if sentenced to death, to stay there rather than at San Quentin's death row as is now required.

Sirhan's trial, starting its 13th week, was recessed Friday until Tuesday with rebuttal witnesses for the prosecution on the stand. The defense has rested its case with testimony that Sirhan did not meaningfully premeditate the assassination in Los Angeles last June 5.

Phil Guthrie, the corrections officer, said preparations for Sirhan's incarceration were being made in advance of a verdict because "we'd get him within days after sentencing." If the jury convicts Sirhan of first-degree murder, it will decide the penalty—death or life imprisonment.

Sirhan would be confined to three adjoining cells—each about 10 by 15 feet. In one would be a kitchen with a stainless steel stove where uniformed guards would cook Sirhan's meals. Most prisoners eat in a central kitchen. Sirhan's quarters, Guthrie said, would "eliminate the risk of someone trying to poison his food."

In the second cell, a living room with television set, Sirhan would receive visitors. He would sleep in the third cell. A bathroom is off the kitchen.

Full-time security guards would be posted near Si[illegible] quarters, Guthrie said, [illegible] the cost of imprisoning hi[illegible]n would probably far outstrip [illegible]he $2,800 yearly spent on avera[illegible]ge prison-

Dear Senator Murphy —

As a citizen + taxpayer in Los Angeles, I object to all the money (on radio + TV today it was said it will be $1,000,000) it is costing to try Sirhan for Robert Kennedy's assassination! And to add insult to injury they are preparing a special apartment for him with all modern conveniences to keep him apart from other prisoners.

If he is guilty, why not deport him? We all know he is guilty so since he is not a citizen, why can't he be deported to wherever he came from?

AP/16 My Dear Mr. Nixon,

I just feel I must write this letter and hope & pray to the Good Lord you will be permitted to read it.

I love my state and my country. I gave my first husband to this country in W.W.II - My son served in the Navy and my son-law is in V.N. at this moment. I'm also very well aware you have very little love or feelings for the Kennedy Family. How ever justice should be done. The way the state of Calif. has handled this Sirhan case is sickening. This man is being treated so fabulous - I can't believe it. He looks like a million dollars compared to the night

of this assination. He has the best lawyers the whole bit They have spent millions of dollars of our money on this case. He has special everything. They are saying he's mentally off but believe me he wasn't so mentally off when he demanded the best of everything. Those lawyers are making a farce of this Country. With all the problems this state has with its youth they would do well to spend the time money & all these brains on them. If our state has so damn much money to be spent on this trial then they should spend it on some of the hungry people. If I was starving I would have a rough time getting money from this city or state. Not that I plan to ever be in that position but it could happen.

(over)

I personally saw this deal on T.V.
and I don't care if it was a Kennedy
or John doe the fact remains he
killed a human being & should
be punished. I know they wanted
him to have a "fair" trial but
my Lord they don't need to go nuts
over it. all these months this has
irked many, many people & my-
self included. Tonite paper just
about clinched it tho. This 3 cell
suite bit is just too much. a
special cook etc. How come Jack
K. didn't get all this special stuff?
If any body might get poisoned
he has a better chance. I just
can not understand this at all.
Fair is Fair - If other killers or
murders get regular treatment
then this guy should too. And
I certainly think as President of

the United States you should voice your opinion. And I hope you don't agree that this is right. If I'm real wrong I would like to know about it. This man also hates the Jews so much. How come he has accepted Jewish Lawyers? And they say he's nuts. He's making a real fool of the U.S.A. This has been our problem all along we're gullible and all our foreign Countries know it.

Please Mr. Nixon review this case for just 30 min. of your valuable time. I know how busy you are at this time but just take a little time and see if what I say isn't true.

I hope whoever reads this first feels its importance so that you might do something.

After all this is your State too.

I will close now and wish you success and hope you get a chance to do some of the things you said your going to do.

Sincerely,

And May God Bless you + your Family

GIs Overrun Red Base Near Saigon

SAIGON (UPI)—U.S. soldiers aboard tanks and bullet-spraying armored vehicles smashed into a North Vietnamese base and overran it in rubber plantation country northwest of Saigon, military spokesmen said today.

Charging through a fusillade of Communist machinegun fire and antitank rockets, the American troopers and dive-bombers supporting them killed 38 in North Vietnam in the Michelin plantation battle 45 miles from downtown Saigon.

It brought to 444 the number of Communists killed in the past two weeks of an allied drive to root them out of camps threatening Saigon. Eight Americans died and 11 were wounded in the fighting, communiques said.

The report climaxed a weekend in which the Reds shelled Saigon and fired on a U.S. plane from the border Demilitarized Zone (DMZ)—two violations of the so-called understanding that stopped the bombing of North Vietnam entirely last Nov. 1.

Guerrilla gunners fired three rockets at the city from rice paddies to the south Sunday night, two of them landing in a rice paddy and the third in the Saigon River. No one was hurt.

The barrage into Saigon was one of 20 overnight salvos into cities and military camps up and down South Vietnam, U.S. headquarters said.

In one, North Vietnamese troops lobbed 150 mortar shells into a U.S. outpost in the Central Highlands and then charged into the barbed wire throwing hand grenades. Six Americans were killed and 37 wounded.

The announcement said the outpost defenders threw off the attack with machineguns and supporting artillery strikes in two hours and counted 25 North Vietnamese bodies later on the battlefield 245 miles northeast of Saigon.

In other developments announced by the U.S. command:

—The battleship USS New Jersey completed her six-month Vietnam tour today and was to head for home Tuesday. In one of her last missions Sunday, the world's only active battleship smashed 13 Communist bunkers with salvos with her 16-inch guns against South Vietnam's coastline.

—A Communist mine exploded at a bus station near the Plaza enlisted men's billet in downtown Saigon today, wounding four South Vietnamese civilians but no Americans. Early Sunday, terrorists shot their way into a government postoffice in Saigon and set off a bomb, wounding a total of three Saigon soldiers and five civilians.

One year ago today, former President Lyndon B. Johnson declared a partial halt to the bombing of North Vietnam. Later, last Nov. 1, he completely stopped the bombing with the understanding the Communists would spare major South Vietnamese cities from attack and stay out of the DMZ.

The North Vietnamese and Viet Cong have done neither. The shelling of Saigon Sunday was the seventh in their now 37-day-old nationwide offensive.

STATE BUILDS SIRHAN SPECIAL 3-CELL SUITE

A three-cell suite is being built for Sirhan Bishara Sirhan at a state medical facility in case he is convicted of murdering Sen. Robert F. Kennedy and sentenced to life imprisonment, a state official said Sunday.

Sirhan's large quarters, now being walled off, will have a kitchen - dining room, a bedroom, a living room and a lavatory with shower, said Philip D. Guthrie of the California Adult Authority.

The cell, which Guthrie said would protect the occupant from other prisoners, is at the California Medical Facility at Vacaville, near Sacramento.

Sirhan is on trial, accused of first degree murder in the assassination of Kennedy last June 5. If the jury convicts him of that charge, it will choose between death and life imprisonment as the penalty.

If given a life sentence, Sirhan would be sent to the medical facility for "indefinite confinement—many months or even years," a standard procedure for prisoners with mental problems, Guthrie said.

"We'll need some reading of his frame of mind and we'll also want to assess the reaction of other inmates."

Guthrie added that the California Adult Authority is asking the legislature for special legislation so Sirhan could be held at Vacaville if he receives the death penalty instead of being sent, as state law requires, to Death Row at San Quentin Prison. He attributed the request to "questions brought up about Sirhan's mental condition" and Sirhan's "notoriety."

The three cells each are about 10 by 15 feet, Guthrie said.

One would be converted into a kitchen, equipped with a stainless steel stove and oven, where uniformed personnel would cook Sirhan's meals. This, Guthrie said, would "eliminate the risk of someone trying to poison his food."

The second cell would be a living room, equipped with a television set, where Sirhan could receive visitors.

The third cell would be Sirhan's bedroom.

The bathroom will be off the kitchen.

The cost of imprisoning Sirhan and keeping a 24-hour watch on him, would far outstrip the $2,800 yearly spent on average prisoners.

The Attorney General
of the United States

Washington, D. C.

Dear Sir:

We recently read an article in the San Diego Union stating that "a three-cell suite is being built for Sirhan. ..at a state medical facility....".

We were shocked, disgusted, and angered by this news. Since this particular crime was committed "beyond the shadow of a doubt" before numerous witnesses, punishment should have been swift and sure, and if the laws were upheld (those of the Constitution as our forefathers wrote them) it shouldn't have taken longer than 24 hours for the sentence to be carried out.

We are becoming ashamed of a country that has a judicial system that would allow the farce of a trial such as Sirhan's to be carried out - let alone prepare luxurious quarters for him. Something is drastically wrong with a system where justice is not the prime concern, but where the defense is allowed to "win at any cost" and at the taxpayer's expense.

We count it a privilege to live in this country, we think it necessary to pay taxes for this privilege, and after having been a member of the Navy for 23 years (my husband recently retired), we strongly protest the molly-coddling of criminals while we pay for it.

We respectfully request that the laws in this country be reviewed with the thought that the decent people of this land be protected, and the ones who would destroy us, and the criminals be assured of swift and sure punishment.

Mr Kenneth Hahn
Los Angeles County Supervisor
Los Angeles, California

Dear Mr Hahn,

The news media have quoted you as saying the Sirhan trial will cost over $1 million and you feel it is worth every penny. The reports state Los Angeles County must pay the bill. If all this is true, then I am glad you are supervisor in Los Angeles County rather than Brown County, Minnesota. While we are being conditioned to accept large expenditures, this trial cost is a gross mishandling of the taxpayers money.

It will take 2,500 families, working hard, paying an average of $400 a year in taxes to your county, to pay for this trial. These are the people who obey the law, work hard, save for their kids and for their old age and pay their outrageous taxes. These are the people you should be thinking about. These are the victims of prima donna attorneys and "I-don't-care" public officials.

Why will the trial cost $1,000,000.00? What will the fee for the defense attorney be? What wil the Psychiatrists fees be? Does the DA get extra fees for a case like this and how much?

Sirhan admited killing Senator Kennedy, so what is the fuss? He is a foreigner - no matter what his papers say, and a foregner from a nation of people know for violent and uncontrolled temper. The United States, in typical childish and big hearted style, opened the doors to too many immigrants from too many countries. This is one result. We not only are allowing all kinds and colors of immigrants, we IMPORTED millions of Cubans - among who we will find some sabateurs and perhaps assasins. When these people come overhere and assassinate our respected officials and then we spend $1,000,000.00 defending them - there is something radically wrong with us and our system.

The Trial is worth about $10,000.00 and nomore. Who is it that is responsible for this Million dollar trial? Can the defense drag it out to any amount? What if they run it up to $10 Million dollars? Is there no limit? To me it is a prima donna, getting the spotlight and milking the taxpayer for all he can. I would hope there is some public watchdog who will sue the ones responsible for this waste of taxpayers money. It is time them big spenders are taught a lesson.

Dear President Nixon,

I am a high school senior. I have been closely following the trial of Sirhan, Senator Kennedys assasinator. It is quite obvious that Sirhan shot Kennedy and that his premeditated action was carried out while he was quite sane. Even if he wasnt in his right mind when the killing occured, the fact still stands that senator Kennedy is dead and that Sirhan shot him. If the reason that the trial is being drugged out is because the U.S. doesnt want to offend the Arabs, I am terribly shocked and disgusted. Appeasement of the Arabs will not benefit the U.S. as has already been demonstrated. I hope that

When a man or a woman commits a murder as Serhan has he should be put away for his natural life and within the fiet month of his arrest.
This play in our courts is a waist of time and money.
I see by the news that Ray got 99 years this is as good, Now let us see the same thing with Serhan ,and anyone that dont respect property.
We are far to lenient with all these people.
A police officer used to be respected and feared this is as it should be if they still were we would not have the mobs on the streets and in our schools that we have.
I say clean up the pest holes plug the loop holes in our law that it seems were made for these law breakers.
Then we drive communist and the rest of the gangs that are set on overthrowing this nation.

Why does Sirhans trial have to drag on so long and cost so much? When we could be using the money for poverty! Why does Sirhan have to suffer in jail? He said he killed him. I am glad you won the elections.
But I am also very sorry Senator Kennedy was shot. I don't think Sirhan Sirhan should be in the electric chair or the gas chamber. I also don't think he should get away with it. I think he should be put in prison for life. Another thing I object to is a person like (example) James Brown was shot by a man the police might search for him but wouldn't think it was that serious to search every state. If were going to search every state for the person who killed Kennedy we should do the same for another American citizen. Don't you?

Dear Mr. President,

You might think this letter is unimportant to you, because you have so many other problems but I think it is important because it involves and will involve many people.

I read in the newspaper that the man who killed Robert Kennedy, Sirhan, Sirhan, was going to be given a 3 room suite complete with T.V. and everything else free, hard working citizens have if he is convicted. The Government is spending over $5,000.00 to have the jail remodeled over first for him.

I do not think this is fair. Why should he be given all the luxuries of the free citizen? You might as well let him go free. That is no punishment for a man who murdered. He probably wont ever want to go free because he'll be a lot better off and better cared for in jail. He wont have to do anything but sit around and use taxpayes money when it could be used for a much nicier cause.

Sirhan should be treated like the criminal he is not like a famous person. The way he is being treated is like we are supposed to be proud

of what he did. Other people will watch and say if he can commit crime and get treated like a king then why can't we? There will be more and more crime because people know they will be able to get away with it, and they won't have to pay; they'll be getting the pay! You can see its starting to happen every day; more and more crimes are committed but nothing happens, so they go out, try again, each time they get more daring and bolder.

I am in the 9th grade and am 15 years old and I sure don't think its right how criminals are treated and how the citizen is walked on. There used to be a lot less crime when laws were more strict, but now there will be more and more because people can get away with it and pretty soon there will be no more good, honest, citizens. Everyone will be a criminal and nothing will stop them. I think something should be done about this and now! Lots of people feel that way but are too busy to do anything about the problems until something happens to them. If you are a good President and want to be a good one, then you won't just set around and let this keep going?!?

Respectfully yours,
Miss Jodie Nutt

Dear Mr. President,

I would like to ask you a question. Who is paying the half million dollars to pay for Sirhan trial? Is it not true that the arabs are paying for it.

Doesn't it seem strange that they should support such a unless trial. I only ask you why?

Sincerely yours,

Dear Mr. President:

The Soviet Union is securing a stronghold for herself in the Middle East. By supplying arms to the Arab states, and by sending military experts and engineers to the Arab armies to advise in the use of those weapons, she is creating an enormous military menace in the Middle East and making Soviet satellites out of the Arab countries.

This is a threat to American interests in that area and to the cause of democracy throuhout the whole world, yet the United States joins with Russia in United Nations' resolutions and refuses to act in accordance with the seriousness of the situation.

Our government must recognize the situation in the Middle East as it is and we must act accordingly. I strongly urge the establishment of a strong committment to the only democratic state in the Middle East, Israel. The United States must supply Israel with arms comparable to those being given the Arab states by Russia, and must support her in diplomatic circles. The Soviet action in Czechoslovakia indicates Russia's interests and her methods - we must not let Israel down.

Sincerely yours,

Gentlemen:

The Sirhan trial is the biggest farce I've seen in my whole life. How much tax money is being spent? I wonder if you know how sick and tired the average citizen is of all this so called "Due Process of Law"

We will never have law and order until the criminal is punished. Sirhan will never pay the penalty. He will be found insane - committed - paroled - only to kill again.

On 7-24-68 the Des M Register reported the request to void the Speck sentence, the man who killed 8 nurses in Illinois.

On Aug 1 - Ronald Humph was released from prison after serving 5 yrs of a 75 yr sentence, again reported by Aug 1 issue of Des M. Register

On 7-25-68 our Montezuma paper reported the release of Homer Kiernan who was part of a killing of a Grinnell policeman, He had served 4½ yrs of a 35 yr. sentence

Last winter a 10 yr. old girl was kidnapped, raped & murdered and thrown in a ditch by a man escaped from an institution and no one took the trouble to re-capture him.

If you have the right atty and same money or know some one who does - you can get out of anything you want to do.

Today students hiding behind their college deferment, defy the law - destroy property - take over colleges - burn draft cards and nothing is done. And last week 500 poor young men died in Viet Nam. Some of us aren't worth the men dying for. I'm not half as afraid of the bombs as I am about whole happenings now in America. Very Sincerely H K Dieterich

Dear Mr President

I have heard on radio about the John that killed Kenny The man held the gun and fired he was caught in the act of assassination now what is all the cry of him being defended and probably get a couple of years for it what about the broken wife and rest of the family that make up for the loss of those loved one You are supposed to be for law and

anyone that assassinated any

ours should be put to death
this should be mandatory It
is getting pretty bad when a
foreign power can send a
man over here to kill all our
leaders off. If we did that
we would be shot without any
question about it. It seems to
me that the foreign powers
can do what ever they want

Dear Sir:

The conspirators behind the murders of Robt.Kennedy and Dr. Martin Luther King are seeing to it that their assassins,Ray and Sirhan,get off with life imprisonment instead of the death penalty because they are afraid if the two assassins lives are not spared they may inform on their accomplices in revenge....This seems obvious. Both murders were cold-blooded and premeditated and merited the supreme penalty.

In contrast,Lincoln's slayer,Wilkes Booth,and all of his ~~xxxxxxxxx~~ accomplices were rounded up in short order.They all suffered the supreme penalty for their crimes. But that's how much justice has slipped in this country since the Civil War and corruption has taken over. Some people are even so unkind as to suggest we may have reached the rotten stage. In any event,we can hardly respect our country for the shameful part it is playing in these murders. Our F.B.I. and our Government won't even look for the rest of the accomplices. That also is apparent. We know they are there because of all the money that has been spent on the actual killers so far. Money just doesn't mature out of thin air.Nor is the public so stupid to think that it does. The services of Cooper and Percy Foreman don't come cheaply. But,as I have said, that's how much we have slipped. In truth,the hypocrisy and deceit involved here is enough to turn the average citizen's stomache.

And so we ask:is this the " law and order" Nixon talks about? If I were Nixon I wouldn't feel so proud these days. His election was bought with the blood of his political opponents and the anguish and tears of their children...Meanwhile those who furnished the blood-money for these murders goes free....And out here in California at the Army Presidio in S.F. they are sending teen-age kids to prison for 15 or twenty years for dissenting. This is being brought about by Army brass filled with bone-chilling vindictiveness and spite who are angry because of the frustrations and failures of the Vietnam war.They are making an"example" of these sick youngsters. And that,too,is how rotten we've become. The cases will be appealed,of course. Yet it all sounds like a page out of Hitler's manual. Under such wretched circumstances our government can hardly expect anything but division in this nation. Believe me,it takes a bastard--no less--to believe in his country nowadays. I fought for this nation in W.W.II---but I am beginning to wonder why....

When we observe what is happening in San Francisco's Presidio we citizens realize what is facing us if this country ever truly becomes a military state...The Constitution's "cruel and unusual" punishment clause doesn't mean anything to those Army Fascists up there. Fifteen years imprisonment for refusing to eat....Good God! No wonder everybody is aroused over this shocking affair here in California!....That Army brass up there needs the discipline that Chicago's police need. They've both gone loco with power...

Dear Sirs:

I don't want any of you to be tempted into a position of Martyring human existence, and jeopardizing your own personal futures, or that of the world, as a whole. I realize the importance, of keeping the contents of this letter, a secret, from the world, at least, for the length of time to justifiably, prove the truth, of reality, pertaining to the case, of the Assinationism, of the late, Robert Kennedy!

If your intentions; have been for Mr. Sirhan Bishara Sirhan; to publicly; martyr himself; to tempt; the true plotters; and the assinator; of Robert Kennedy; into the open; I could agree with your plan; as long; as there is no involvement; of Mental Torment; or threat; of Insecurity; to that, of Mr. Sirhan; or his immediate family; or relatives! I was once assigned; to the similarity; of this case; another arrangement of Earth's Pasts; by Lyndon Johnson, the former President of the United States of America; more than one arrangements of Earth's Pasts! He had asked me to visit with Robert Kennedy and family; which I did; one afternoon, at a beach. I was present; the night of Robert Kennedy's assinationism; another arrangement of Earth's Pasts; when I walked in through that kitchen; after having watched; outside; someone struggling, to hold Kathie Fulmer, and was very suspicious, but decided; that the best move; was not to show my suspicions; and walked on by, she, and that individual, praying no harm would come to her. I noticed four or five individuals; around, inside the kitchen, surrounding Mr. Sirhan; thinking it was very possible; that they were not members of the F.B.I; as they had asserted themselves; to be; so to not betray my suspicion to them; I kept on going; into the room; where; they were already leading; Mr. Robert Kennedy from; their intentions; to go through that kitchen; I voiceably; pleaded with them, not to take him through that kitchen. I have the memory, of witnessing, the corwd, the jostling reality, in it's insecurity, the individuals, passing the gun; from one hand to the other, until that gun, that killed Robert Kennedy; finally reached the bare hands; of Mr. Sirhan; the others had gloves on; and pushed their way through the crowd to get out of there, in a hurry; saying, they were after someone, leaving Mr. Sirhan, standingthere alone; and were; apparently; those involved in the plot; of the assassination! I am not sure; that Kathie Fulmer; had been one of the individuals; who had been duped; and betrayed; into being part of the plot, others not letting her know; the truth; of their intentions; asserting to the individuals; of a Mental Institution; their intentions; to offer a minor case, of their files; a renewed life; of something worthwhile; in the United States of America; as part of their camouflage; and asking her to pick out the cases; and study them, she finally, picking out the case; of someone; who had fallen; off a horse; which was their psychological click; of betrayalism; to others; and themselves; actually, their intentions; not being above baod; in a dedicationism; to Love's Priority! I had been an individual; who had been many long years; of Militarism; on the Allied Side; In Army; Navy; and Air Force; interchangeably; with the forces; of the United States Of America; too as well; having already; been with; General Douglas MacArthur; at Pearl Harbor, advising him of the possibility; of the Japanese; bombing Pearl Harbor, later; after that; I also; spent a a short time; as a patient; in the same hospital, with Ike Eisenhower. This is only, a very short summary; of my past; of Earth's Pasts! I sincerely; and very seriously; hope; and pary; for your sakes; and of the whole world; that everything; will be better; than before; compared to other arrangements of Earth's Pasts! I hope; that Space Observational Security; has monitored; the case; extensivelly; and can show it; in filmed recording; the Earth's human individuals; who were responsible; for *the Assassinationism*; of Robert Kennedy; and that; it's shown to humanity; *on a lengthy* T.V. Run! Wishing you; All The Best! Towney

Dear Miss Ellmann,

This will acknowledge receipt of your letter of March 13.

The Sirhan trial in Los Angeles is conducted under the authority of the State of California. Moreover, the regulation of the conduct of attorneys-at-law is a state matter. The questions which you raise in your letter are not matters with which federal officers have any direct concern.

In a federal system of government, there is necessarily an allocation of function and responsibility between the states on the one hand, and the federal government on the other. Although these two agencies should function cooperatively, it is most appropriate that one should not undertake to interfere in an area which is the responsibility of another.

I am glad to have your statement of concern, and appreciate your sending it to me.

Very truly yours,

Erwin N. Griswold

Dear Sir:

I would like to express concern for the validity of Sirhan Sirhan's defense, in view of his lawyers' arrangement to share profits of Robert B. Kaiser's proposed book on Sirhan.

This profit seems different from, and improper in comparison to, the acceptance by lawyers of set, regular fees. Such an agreement as this literary one taints the present defense with a financial interest in the popular, and even sensational, qualities of the case, and so involves potential injustice to the defendant. For example, might the manuscript of Kaiser's book bring more money to these lawyers if Sirhan behaves wildly, rather than calmly, in court? Might the manuscript bring more money to these lawyers if Sirhan is sentenced to death rather than to life imprisonment?

File

This is a case in which Americans are anxious to see the most fastidious justice done. Yet, we have already witnessed what seems flagrant gabbling about the case outside the courtroom, on the part of district attornies, and now defense attornies appear to be shabbibly engaged in profiting from the eventual sale of the case to the public.

Sincerely yours,

Mary Ellmann

This is in reply to your memorandum enclosing a copy of a letter from Mrs. Helen Williams dealing, in part, with the Sharon Tate trial in California and Sirhan Sirhan. Please excuse my delay in responding.

Each of these cases was tried in California State Courts for offenses against the State of California. Since no federal offense was involved in either matter this Department had no authority or control over the length of the trials. I understand that in the Sharon Tate case, proceedings are now under way to determine the penalty or penalties to be imposed and that in the Sirhan matter, an appeal is pending in the California Courts. Could you tell me why the Sab murder trial has dragged on and on, there never has been any question as to their guilt from the reports and everyone has lost

What ever happened to Sirhan who assassinated Senator Kennedy? was he ever convicted. Seemed like that was quited down rather suddenly or did I just miss the last reports.

Im sure these seem like very stupid questions for a grown-up to ask but with so much crime one wonders why??? I just had to ask some one who might enlighten me. Thank you

SIRHAN BISHARA SIRHAN

An arrest report of the Sierra Madre Police Department dated September 23, 1970, shows that Saidallah Bishara Sirhan, brother of Sirhan Bishara Sirhan, had been arrested on September 23, 1970, by the Sierra Madre Police Department, in charges of suspicion of possession of marijuana.

Arrest report of the Sierra Madre Police Department dated September 23, 1970, shows that Saidallah Bishara Sirhan was arrested at Lime and Sierra Madre Boulevard and charged with violations of Sections 11530 (Possession of Marijuana), and 11910 (Possession of Dangerous Drugs) of the California Health and Safety Code. The address of Saidallah Sirhan was listed in this report as 1659 North Lake, Number seven, Pasadena, California.

According to the arrest report Saidallah Sirhan and two other suspects were in a vehicle when an attempt was made by a Sierra Madre police officer to stop the vehicle for a traffic violation. While attempting to stop the vehicle, a plastic bag containing a green leafy substance resembling marijuana, was thrown from the vehicle. During the inventory of Saidallah Sirhan's property additional contraband was found.

According to the crime report of this incident, the arresting officer observed a vehicle driven by Saidallah Sirhan on which the license plate light was inoperative. The vehicle was being driven erratically and while attempting to halt the vehicle, the arresting officer observed a plastic bag expelled from the left front window of the car. This was later retrieved and found to contain a green leafy substance resembling marijuana.

ASSASSINATION OF
SENATOR ROBERT F. KENNEDY
LOS ANGELES, CALIFORNIA

This is in reply to your inquiry received January 25, 1971, captioned "Freedom of Information Act," which concerns a request by one Michael James Clark for access to certain reports regarding Sirhan B. Sirhan. In his letter to the Department, Clark bases his request on the fact that he alleges FBI reports had been made available to Robert Blair Kaiser, the author of the recently published book, "RFK Must Die."

As was indicated in my letter of November 18, 1970, captioned as above, FBI reports were furnished the Los Angeles County, California, District Attorney's Office with the request they not be disseminated outside that office. Neither the FBI nor the Los Angeles County District Attorney's Office furnished copies of FBI reports to the defense.

Defense counsel through the court demanded production of the Los Angeles, California, Police Department and FBI interviews of pertinent individuals in connection with the investigation. Review of these interviews was made by the prosecution and copies of requested interviews made. This material was then taken to the court and, upon proper order, turned over to the defense by the court. No restrictions were imposed concerning the use which could be made of this material.

This Bureau did not make copies of FBI reports available to Robert Blair Kaiser. Accordingly, it is recommended Clark's request be denied since the information requested by him is contained in investigatory files compiled for law enforcement purposes.

A LETTER OF CONCERN

Mr. President:

Before I start with what I am concerned, I think, it only fitting that you should know something about me. I am a graduate student at Central Michigan University. I am not studying political science, but I am concerned about some issues which I hope you can clear up for me.

1. Many persons involved in war crimes in Viet Nam have been brought to trail recently. Their trials are prompt and right to the point. Besides this everyone in our country and aboard are given the details of the trials. Now, I want to know why a man like Sirhan-Sirhan has not come to trial yet. His crime was one which caused much misery to many people and caused this country to lose a young leader. In my eyes this was an outright crime against the government of the United States. Where is his trial? I am sure if one of our people in some foreign country was caught in act he would not even receive a trial!

2. Iam a person with great love and admeration for my country and what it stands for(All men created equal)!

APR 1970

If I were to be drafted tomorrow I would gladly go to serve my country because of my love for it, but I will never let myself be drafted until a person like Cassius Clay serves his time, too. If I can take a chance of dying to make this a better world for him, he can do the same for me. Besides, he does not even have any real dependants and I do. Like we say, "All men are created equal!", weather they are black or white. All we are doing is going from one extreme to the other and I know, as you do, of many people of importance, greater than his, who have served their country. Also, if he is a minister, he had the shortest lesson in it that I have ever heard of.

These are only two of many questions I have, but I have already taken up too much of your valuable time. Please find a little time for my questions, because they are of great importance to me.

Thank you for your time.

A fellow American,

Mr. William A. Morren

Department of Justice

Sirs;

I am a citizen of this great nation, the United States of America. I believe in it and all of its principals, especially in its justice for all. I know that justice is sometimes abused and misused, even here in the United States, especially in such issues as; Viet Nam, the death of our late president John F. Kennedy, and his brother Robert F. Kennedy; where public opinion expressed in print or in public demonstration or otherwise is used as a weapon by those who would shape justice to fit their own mold. In the past decade, many defense lawyers have used public opinion unjustly. They say that because of strong public opinion their client cannot get a fair trial. You can't throw the case out just because of this. If there is undeniable evidence that the defendent is guilty, he must pay for his crime.

I am talking specifically about one case; the case of "THE PEOPLE VS SIRHAN SIRHAN". He is, as you know, accused of the slaying of Robert F. Kennedy. Thus far, there is no dispute of his alleged guilt. I think that it is every citizen's right to know just what is going on in this case.

27 FEB 24 1970
FILE L.M.S.
CIV. RIGHTS DIV.

Sirhan killed, not just a public figure, but a great humanitarian who could possibly have done the people of this nation a great service, had he been given the chance. This makes it the right of every citizen to know just what is being done to justify such an act of violence. Some people believe that Sirhan's father's threat of an uprise in the Arab people has scared the United States, but I don't believe this. I have more faith in my country than that. But, I would like to know what is happening to bring forth justice, and why everything about the case has been hushed up so.

Please forgive me if I seem anxious to hang a man. I'm not. I just don't like the thought of this incident reoccurring, because someone thinks that he can get away with it because the last guy did. I just want to see justice done. That prbably sounds old and corny, but it's the truth. It used to be said that justice was for those who could afford it. I think it's about time we put justice back where it belongs; where our Forefathers meant it to be when they founded our nation: a nation with "Liberty and JUSTICE FOR ALL."!

Sincerely,

Robert E. Orlando

Mr. President :

I have previously written several letters abundant in criticism of your administration's policies. This is not a letter of condemnation, but a plea for mercy.

Mercy for one Sirhan Sirhan, who was found guilty of first degree murder in California, a state where murder is punishable by death.

Sirhan killed a great man, but I do not think that the murder of any person will be set right by the murder of another.

Had Sirhan killed either you or Senator Eugene McCarthy while you were campaigning here, the most he could have gotten would have been life imprisonment. But for some reason, unknown to me, government has decided that assassination is more of a crime in California then it is here.

Put yourself in Sirhan's place; a person who might very well become the next president of this country supports your enemy in a war against you. What choice have you? Since you are a little mentally unbalanced to begin with, what choice have you? Ther is murder. And that is all.

Sirhan is a patriot. Patriotic to his own country, not ours. Are we to condemn a man to die because he is perhaps slightly chauvinistic?

I know that, with your power, you can stay Sirhan's death sentence, making it life imprisonment, instead. An even better idea would be to turn him over to the Jordanians, but I rather imagine that that idea sounds rather unappealing to you. I understand. I know that rage I felt, and the sorrow, when I first heard that Robert Kennedy had been shot.

Ronald Reagan will not issue a reprieve. Ronald Reagan is a reactionary, however, and you are not. There is a greater chance that you will understand my plea.

Thank you.

Hopefully,

I do not understand the logic of putting Sirhan to the electric chair because it is only an act of revenge on the principle of an eye for an eye and a tooth for a tooth. If this were so there would be a great deal more injured and dead people. Does it not say in the constitution "We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness" and does it not go on to say that whenever any Form of government becomes destructive of the "ends" of the governed, it is the right of the people to alter or to abolish it and to institute a new form of government to the satisfaction of the people.

You have violated the right to life and liberty and the pursuit of happiness.

If you can't trust a government to follow the constitution how can you trust it with any matter. You could always make that one acception. Think about it

Dear Mr. President:

When President John F. Kennedy was assassinated the President had a commission investigate the events and persons surrounding that infamous blot on the History of Mankind. The testimony and data accumulated are Federal Property and I'm certain well protected. Thus, should anyone disagree with the commission's findings it is all there to be examined and remains for posterity.

I would like to recommend that the President create two more commissions to examine the two assassinations that have taken place since then. The assassination of Senator Robert F. Kennedy and the assassination of Reverend Martin Luther King.

As in the case of the first commission, the purpose of these commissions should be to examine the events and these terrible actions

compile the data and testimony and write reports of their findings. This is especially important to do soon since the two assassins have been convicted for the crimes and are there to be questioned should discrepincies arise. These would not be retrials but rather studies and analyses in depth into the complex situations surrounding the events. The members, as before, should be of all different backgrounds and political tenets so that there is complete objectivity.

We owe it to ourselves, our Country, the World, posterity, and to the Constitution which the late President, Senator, and Reverend always defended to have these Presidential Commissions created and their studies commenced immediately.

Thank you for your recent correspondence to the Attorney General regarding Stokely Carmichael and H. "Rap" Brown.

We are looking into Carmichael's activities, including his travel to Cuba, to ascertain whether he has acted in violation of any Federal statute within our jurisdiction. In the event sufficient evidence is developed to establish a violation of Federal law, appropriate action will be undertaken.

With respect to the shocking statements attributed to Carmichael in Havana, as reported in the press, it should be noted that it is necessary to have competent witnesses to such statements and it is quite difficult to obtain such witnesses, particularly in an unfriendly country. Nonetheless, in the event any of his activities in Cuba reflect a violation of our laws and witnesses can be obtained to testify to his activities, you may be assured that prosecution will be undertaken.

In addition, the Department of State has advised that a letter was sent to the United States address appearing in Carmichael's passport application informing him that his United States passport has been revoked. Since Carmichael is an American citizen, having acquired derivative citizenshi through his father, his return to this country could not be prevented.

Att'n: Mr. Mitchell

I strongly suggest that you publicize the fact that neither Richard Speck nor Sirhan Sirhan has been executed after years of delay, and that this condition has to be bad. Speck killed 8 people in about 1966 or 1967; he is still around ! Cassius Clay is still free after years.

I don't know if judges are working half the time or what is the matter, but something is all wrong. If Congress has to authorize more judges, then you should at least ask for them with a large public flourish. If the fault is not Congress', then whose is it? And let's get them on the ball.

This administration was elected with a charge to do something about crime. The two Speck & Sirhan mentioned were not in the federal category of crimes, but there is some kind of fantastic foot-dragging occurring. You should get the administration exonerated by fixing the blame elsewhere, or if the blame is federal, what is going to be done about it?

My dear Mr. President:

Last night, on TV, I heard Milton Eisenhower give a brief report from the investigation on violence. He said TV programs excite violence because on television children "see the good guys and the bad guys get what they want by using violence."

"The good guys as well as the bad guys get what they want by using violence." That is an accurate measurement of what is wrong with our world. We are too violent! We kill for sport, we kill for food, we kill for profit.

Last night, and Tuesday, we were shown, over TV, how meat companies kill the animals we eat. It is brutal! not only for the animals, but also for the men who do the killing. It makes meat a repulsive food.

Judged by the Commandment "Thou shalt not kill," all wars are immoral. It is immoral to kill for sport, for food, for profit. As a nation we justify all these forms of violence. And yet we are shocked and horrified and full of wrath and revenge when an individual does what the nation does.

DEPARTMENT OF JUSTICE

RECORD

Sirhan Bishara Sirhan's jury doomed him to San Quentin's gas chamber because "they viewed the June 5, 1968 slaying of Senator Robert F. Kennedy as a heinous and coldblooded act." His execution will not lessen violence. It will perpetuate the system that makes criminals.

Sen. Edward M. Kennedy asked the court to spare the life of Sirhan. He said, "my brother was a man of love and sentiment and compassion. He would not have wanted his death to be a cause for the taking of another life."

What has happened to our sense of justice? We taught Sirhan to kill, and now we (society) want to kill him for doing what we taught him to do.

Sensitive children see killing: crimes, murders, warfare over TV. They see it in newspapers and magazines. They hear older people talk about it. Their daddy goes to war and maybe he never comes home again, or he comes home without an arm or a leg.

But, Sirhan experienced the horror of killing. WAR for him was real horror, not a black and white TV picture of horror. He experienced what no child should experience.

We adults are the criminals! So let us not condemn Sirhan for his twisted life. Let us condemn our way of life because it is twisting the lives of too many children.

The magnitude of our violence is greater than that of any other nation, because we are the only nation that has dropped atom bombs on other human beings. Our guilt is so great, we should assume leadership in a world-wide effort to build a world that is right for children! a world without: war, hunger, poverty, illiteracy, pollution, etc. This degree of co-operation would help to reduce the population explosion. To accomplish this you should create a Department of Peace, and a Department of Population and Environment.

Most respectfully yours,

Ruth Samson

Dear Sir,

I was an admirer like so many others, over the pass few years of Senitor Robert Kennedy's life; Which ended so abrutly to the sorry and regert of all of us, his admirers, his followers and the "enenitable mankind." We all shared that greif, but most important the life and the resurrected belief of Senitor Kennedy: To love one another with compassion and do what we can for our survival.

Many of our young were lost no incentive for the future, he brought them back and no surrogate such as they found with him; He led the way. He was one of their kind; just old enough to be a leader and young enough not to exploit the generation gap; to them he was the guiding light out of darkness, some-one to stablize the "moral code", someone who enjoyed life to its fullest with out hesitation, but with good taste and Character. He gave the fullest of of his life to others, and took what was offered to him by others.

The younger generation was in need of this and they flocked to him in such great numbers, the like we had never witness, the enthusiasm seem to have given this country an aura of intelligent interest. The zest displayed by so large a following and so young a following, gave us too a renewed hope in our selves.

Sir I think this is saying something, this is giving acknowledgement to Something greater than a political enclave for america's rebellious youths. Sir I think, and I am sure, that millions of others share this thought just as we Share a hope in a "Man" for a better country, that because of Senitor Kennedy's feeling and "Credo", we will be be doing an injustic to this Man, not to say so much for what the Senitor Stood for but his basic belief the foundation for his respect of all Man-Kind. Jesus Christ life, death, Resurrection, "forgive them Father for they know not what they do".

Murder is Murder, when a man murders another man because of ethical stress his mine is evil. I truly hope we will not live to see the day when our justic reward evil for evil. I think Justic, our Justic has its place and should be implemented to the fullest or limite. But as for life who

should cast the first stone, who is to say who should live and who should die. Those that take life in their own hands are fools but only God can pass down a verdict of guilty, penalty "Death". We should punish trustpassers of others martal life, but that is the limits of our duty for one onother. I am sure this man's conscious has punished him enough and shall continue to do so the rest of his life. We must remember that death is not only in the grouny, once we die in mortal sin our mentality also dies of its natural existence. This man does not have to be punished by us, but by nature, his natural instinct as a human being; counterto, to love thy brother as thy self, do good to him. If he does not have this compassion then he is mentally encompetent and should be pitied. One way or another justice has been served; let us not try and equate justice with barbarity. We are primitive enough with out returning to the good old days of, an eye for an eye and ect.

Yours truly

Dear Senator Murphy:

This is in reply to your memorandum of August 6, 1969, to which was attached a letter and the copy of a newsclipping from Mr. Clifford A. Hauenstein. Please excuse my delay in responding.

We agree that Mr. Schulberg's argument may merit consideration and I am sure the courts are mindful of the problem. Thank you for bringing the article to my attention.

I am returning your enclosures herewith.

The Honorable George Murphy

Dear Senator Murphy:

I am enclosing an article by Budd Schulberg which appeared in the Los Angeles Times "West" magazine. The thesis of the article is that there are some crimes which have such an overwhelming effect on the entire country(political assination, for example) that they cannot be tried and judged by conventional trial procedures and thus, a radically new means of handling such cases must be devised.

It would appear that Mr. Schulberg's argument has merit, and I would appreciate you giving it your consideration. I would be very interested in any comments that you might have.

Sincerely,

Sirhan Sirhan vs. American Justice

(Last of two parts)

Years ago we covered the lurid "White Flame" murder trial for a Los Angeles paper, a typical Southern California crime of passion, a sob sister's delight. Compared to the screaming headlines of that trial, or of a "Black Dahlia" or a "Dr. Finch Murder Case," the trial of the assassin of Bobby Kennedy was reported with second-section modesty. For us the trial of Sirhan Sirhan was an eerie one to cover because it was the first (and we pray the last) time we were to attend a trial for a murder we had witnessed with our own eyes.

The security check of those privileged few permitted to move through the protective barrier and enter the courtroom was the most thorough body-search we have ever experienced. First you removed everything from your pockets, every pen, pencil, slip of paper, coin, paper clip. Then you leaned forward on a table while young officers frisked you carefully from neck to shoelace. (Lady reporters said they even had to remove their shoes, nor were bras sacrosanct to the distaff fuzz.) After the body-search an electronic gadget was run slowly along every inch of you to make scientifically certain that you were not carrying a concealed weapon; no tiny revolver, no pocket knife, not even a pin to endanger the precious life of the young man who robbed us of Robert F. Kennedy.

At one point in my search one day, the electronic device began to scream and two pennies were detected, forgotten in a small inside flap within a larger side pocket. Neither were newspapers admissible. The jury was not to be exposed to the daily press, though how one could break through the barrier of bailiffs and plainclothesmen between the press section and the jury box would have been a problem for Houdini. Perhaps they feared we would roll our newspapers into clubs or spears and turn the decorous trial into the chaos of Dallas.

After one had run the gamut of state troopers and Hall of Justice security officers, the courtroom itself was rather an anticlimax. It was smaller, for instance, than the courtroom in Beverly Hills where my wife went on trial for driving 35 miles an hour in a 25-mile zone. Then why did Emile Zola Berman take this case? For the same reason, his champions insist, that he defended critical civil rights cases in Dixie. Because unpopular cases and causes must be defended as spiritedly as popular ones. In this case, Berman would explain, there was an added incentive: California has a new de-

Dear Mr. President,

I know this letter will be thrown away and you won't even get to read it, but I'm writing anyhow want to tell you how I feel. At the beginning I hated you so much and boy was I mad when you were elected President but now I feel different. I like you very much & know that you want to help the people of the United States. If only you could help the war to end and stop all this rioting and the fighting between the black and white. I'm white and my best girlfriend is a Negro I think very highly of her. She's kind, considerate and understands. Sometimes we don't see eye to eye on something and get into a fight but we always make up. We've been best friends for on 4 or 5 years now. Thats what I call true friendship. We are both 16.

Every night I pray to God and tell him to help the war to stop. My favorite President was Lincoln, John F. Kennedy and Robert I wanted so much for Bobby to be elected President but then the tragedy. (forgive spelling).

DETAILS:

PROSECUTIVE ACTION CONCERNING
SIRHAN BISHARA SIRHAN

On February 4, 1969, trial of SIRHAN BISHARA SIRHAN was resumed at Los Angeles County Superior Court. Court proceedings consisted of efforts on the part of the defense to support the motion for dismissal of the Grand Jury indictment concerning SIRHAN. SIRHAN and his mother MARY SIRHAN, both testified concerning their economic status. Judge HERBERT B. WALKER denied the defense motion.

On February 5, 1969, efforts were made by both the prosecution and the defense to select alternate jurors to serve for this trial.

The twelve jurors previously selected were sworn in but will not be sequestered until the six alternate jurors are selected.

On February 11, 1969, selection of all jurors was completed and further proceedings were continued until February 13, 1969.

Defense Attorney, GRANT B. COOPER, on February 13, 1969, made a motion for a mistrial in this matter based on recent articles appearing in the local press that SIRHAN might be considering a change of plea to guilty. All members of the jury including the six alternate members were individually examined in the Judge's chambers relative to the effect that this publicity might have had on them. Following the examination of the jurors, Judge WALKER denied the motion for a mistrial.

Los Angeles County Deputy District Attorney, DAVID FITTS then made the opening statements to the court on behalf of the prosecution attorneys.

Defense Attorney, EMILE ZOLA BERMAN presented the opening arguments for the defense on February 14, 1969, and the first four witnesses to appear in this case testified. These included employees of the Ambassador who were employed on the night that Senator ROBERT F. KENNEDY was shot.

The defense attorney at the beginning of the court session on February 20, 1969, again moved for a mistrial based on local press accounts that SIRHAN was willing to plead guilty to a first degree murder charge if he could be assured of a sentence of life imprisonment rather than death. These proceedings took place in the Judge's chambers but apparently the story leaked to the local press and at the afternoon recess, Judge WALKER made available copies of transcripts concerning proceedings in chambers on that morning so that all press representatives would have the same information.

During the court session on February 25, 1969, the prosecution moved to admit as evidence in this trial the diary and other papers of SIRHAN that were obtained in a search of SIRHAN's residence on June 5, 1968. The defense objected to the admission into evidence of these papers and Judge WALKER overruled their objection and permitted their entry. Just prior to the noon recess, SIRHAN stood up in court and stated "your Honor, it is not admitted into evidence yet". SIRHAN's outburst was related to testimony then being given by LAURENCE SLOAN, Examiner of questioned documents for the Los Angeles County District Attorney's Office.

On February 26, 1969, the prosecution rested the case and the jury was given copies of SIRHAN's notebooks which had been admitted into evidence. Court proceedings were continued until February 28, 1969.

The defense opened it's case at the court session on February 28, 1969 and during the afternoon session while a witness from the Pasadena School system was testifying concerning the academic record of SIRHAN, SIRHAN stood up in court and addressed the Judge. His attorney seated him, requested permission to approach the bench and the jury was excused. SIRHAN requested permission to speak and indicated a desire to change his plea to guilty to murder in the first degree. SIRHAN also requested to be executed and to dis-associate himself from his present staff of defense attorneys. In response to a question from the Judge, SIRHAN indicated that he had willfully killed Senator ROBERT F. KENNEDY after 20 years of premeditated malice aforethought.

SIRHAN insisted that he be allowed to represent himself and the Judge declared him incompetent to defend himself. The Judge ruled that the trial would continue and he admonished SIRHAN that if there were further outbursts of this nature, he would be physically restrained in the court.

When court reconvened, defense Attorney GRANT COOPER, speaking for himself and the other defense counsels, made a motion that all defense attorneys be disassociated from the case due to differences of opinion between themselves, and SIRHAN as to the proper conduct of the trial. This motion was denied by the Judge and trial was ordered to proceed.

During the court session on March 6, 1969, while SIRHAN was testifying as a witness, the defense attorney, after conference with the prosecution and the Judge, read the entire transcript to the court, including the jury of the events that occurred during SIRHAN's outbursts in the court session on February 28, 1969. SIRHAN was then excused as a witness.

Judge WALKER at the opening of the court session of March 7, 1969, advised the jury that in determining the guilt or innocence of SIRHAN to disregard the testimony given on March 6, 1969 regarding the statements made by SIRHAN at the court session on February 28, 1969, while the jury was absent. Prosecution Attorney, DAVID FITTS made a statement to the court that he considered the Judge's instructions in error and felt that the jury should be able to consider the statements in anyway that they wished. The Judge concurred with the prosecution, and defense continued with the presentation of defense witnesses.

During the court session of March 28, 1969, it was announced that one of the regular jurors had been taken ill during the night and an alternate juror was selected to replace the regular juror.

On April 8, 1969, both the defense and prosecution attorneys rested their case. Closing arguments were made at the court session following April 8, 1969 and on April 14, 1969, Judge WALKER read the instructions to the jury and the case was sent to the jury for deliberation at 3:00 p.m. on this date.

On April 17, 1969, the jury returned a verdict in this case finding SIRHAN guilty of murder in the first degree on count one of the indictment. On the remainder of the five counts, SIRHAN was found guilty of assault with a dangerous weapon with intent to commit murder. The penalty trial to determine the possibility of the death sentence was scheduled to begin on April 21, 1969.

On April 23, 1969, the jury in the trial of SIRHAN BISHARA SIRHAN, returned a verdict of death for SIRHAN. Further hearings in this matter were continued until May 21, 1969.

On May 21, 1969, defense Attorney GRANT COOPER, presented arguments for a motion for a new trial for SIRHAN BISHARA SIRHAN. The motion for a new trial was based on 13 points of alleged court errors in the trial of SIRHAN. The motion for the new trial was denied by Judge WALKER on all 13 points which had been specified by the defense.

ABRAHAM LINCOLN WIRIN and FRED OKRAND of the American Civil Liberties Union joined defense attorney's argument for a hearing on the constitutionality of the death penalty. The request for this hearing was denied by the Judge.

Prior to the arguments concerning a motion for a new trial, Los Angeles District Attorney EVELLE J. YOUNGER, presented a letter he had received from Senator EDWARD KENNEDY requesting clemency for SIRHAN.

After the motion for a new trial was denied, Judge WALKER formally sentenced SIRHAN to death and ordered him remanded to San Quentin Prison within ten days. The Judge pronounced that the findings of the jury were correct in this

case. SIRHAN was also sentenced to the term prescribed by law on each of the five counts of assault with a dangerous weapon with intent to commit murder in connection with the five individuals who were wounded at the Ambassador Hotel on the night that Senator KENNEDY was shot.

On May 3, 1969, an article appeared in the "Los Angeles Times" which advised that GEORGE E. SHIBLEY, a Long Beach Attorney, announced that he would be joined by LUKE MC KISSACK, a Hollywood Attorney, and ABDEEN JABARA of Detroit, Michigan in assuming responsibility for SHIRHAN's appeals.

The article stated that the three attorneys who represented SIRHAN in his trial would serve in the capacity of "counsels" to the three new attorneys. SHIBLEY indicated in this article that the change was made at the request of the SIRHAN family as they wished to have a defense team of attorneys with a background of Palestinian affairs. The article stated that SHIBLEY and JABARA are of Lebanese ancestry, although both were born in the United States.

JABARA was present in Los Angeles during the trial of SIRHAN.

LAWRENCE D. SOMMERVILLE, a student at Pasadena City College, who resides at 1863 Elvado Avenue, Arcadia, California, telephone 355-8395, advised that on the evening of June 4, 1968, probably before 6:00 p.m., he saw SIRHAN B. SIRHAN on the steps leading from the student center to the "C" Building at Pasadena City College. It appeared, SOMMERVILLE said, that SIRHAN was exiting the college as SOMMERVILLE was entering. There were two or three other males walking about the same pace as SIRHAN, but SOMMERVILLE could not state whether or not they were actually in his company.

SOMMERVILLE waved to SIRHAN and spoke his name. SIRHAN waved back and passed on.

SOMMERVILLE had known SIRHAN since junior high school when both were in attendance at Elliott Junior High School and again at John Muir High School in Pasadena, however, SOMMERVILLE said he never had more than possibly one class with SIRHAN and this would have been in junior high school. He doubts that SIRHAN would know his name. He has never been in the SIRHAN home, nor has SIRHAN been in his home. SOMMERVILLE stated that they knew each other by sight only and would greet each other when they met, usually by a wave. SOMMERVILLE stated he had no information of consequence regarding SIRHAN and no information whatsoever concerning his political attitudes and beliefs.

I met SIRHAN SIRHAN during the early part of 1963 at Pasadena City College. He and myself were foreign students attending school there during this time

which was somewhere around a period of about 1½ years I had many conversations with SIRHAN. We both belonged to the PASADENA CITY COLLEGE INTERNATIONAL CLUB, The club was composed of about 150 foreign students. I would say that from my own personal observations SIRHAN's best friend was another Arabic student by the name of MOHAMAD (M-Arabic-Tall-Good looking-Fair complexed).

As far as any of the teaching Staff knowing SIRHAN, I believe that there was a member of the Political Science program that I believe knew SIRHAN quite well (M-C, has only one eye-wears artificial eye and glasses). I do remember that MISS NICELY who is the head of the International Students talked with SIRHAN and so did MR. RUDE from the ENGLISH DEPT. MISS ELDER also was the Foreign students English teacher and talked with SIRHAN.

Socially I did not know SIRHAN too well. I know that he did not drink liquor and I believe that he was a MOSLEM, He never told me this, but this is what I believe. I also believe that his friend MOHAMAD was a Moslem.. SIRHAN was a heavy bettor at the race track. I know that he used to go to SANTA ANITA a lot. I myself go to Santa Anita but not as much as he did, every time that I did go, I used to see SIRHAN there. He used to make big bets 60-80 dollars on a race. One time when we were at Santa Anita a middle aged woman gave him a good tip on a horse and he gave me the tip, the norse came in and he made a lot of money on his bet.

No, SIRHAN did not have any girl friends that I know of, he was a very quiet type of man and the only time that I remember him talking to any girls was during our meetings at the International Club. I remember seeing him talking to a girl by the name of "SUZIE" and another girl by the name of "SHARON" but I don't remember their last names. But to my knowledge he didn't have an girl friends and I never saw him with a girl.

No, I truthfully can't say where SIRHAN got his money. I remember that at one time he was working in a gasoline station in Pasadena. After he left school somewhere around the middle of 1964 I believe, I think it was 1964, anyway I heard that he was working horses in Del Mar. I think that his brother the one that wears a beard and works at the FEZ as a musician got him the job in Del Mar. His brother is a much bigger bettor than SIRHAN was, and I think that he is the one that told me that SIRHAN was working in Del Mar and that he had had an accident.

When I saw SIRHAN at Santa Anita in February or January of this year I tol him that I had heard about his accident, I asked him how he was feeling and he told me that everything was alright. He was real happy. He told me he felt fine but that he was suing those people and that he was going to get some money from them.

Yes, during the time that I knew SIRHAN he had two cars first he had a 1952 or 1953 black cadillac and then the last car that he had was a real big one, it was a huge reddish DeSoto but I am not sure of the year. Once or twice he drove me home when I was walking from school.

To my knowledge SIRHAN didn't return back to Jordan or anywhere that I

know of. I remember seeing him in the track in Santa Anita during 1964 and 1965.

Well Politically I know that SIRHAN was very much against the Jewish people. He hated the Jews. In fact he stated to me many times that he was for Hitler and the way that he handled the Jews. He used to say that h couldn't understand the Americans, that they let the Jews suck the blood of the nation and keep putting the money in the banks, and the Americans let them get away with it.

SIRHAN was usually very quiet, he used no profanity, except sometimes he used to swear in Arabic. Once a man spilled some coffee on his brother in a restaurant in Hollywood and SIRHAN called him a Mother Fucker in Arabic. But most of the time he was polite, helpful and quiet but he was very much Anti Jew.

No, I never myself heard SIRHAN mention KENNEDY.

HENRY RONALD RAMISTELLA, 737 Carew Street, Springfield, Massachusetts, advised as follows:

He is a former horse trainer and jockey who was disbarred because of some trouble he got into a number of years ago. Because he was barred from the race tracks he travelled to California where he sought work as a horse trainer under the name FRANK RUMMA. Using this name he was employed by Mr. BERT ALTFILLISCH who is the owner of the Granja Vista Del Rio Farms. He was so employed for approximately two years ending early in 1968 or in the end of 1967. While employed by Mr. ALTFILLISCH he hired SIRHAN SIRHAN as an excercise boy and a jockey trainee. SIRHAN was known to him and to all the other workers as SOL, however, his true name, SIRHAN, appeared on his pay check.

SIRHAN had been employed for about a year when RAMISTELLA referred him to R.L. "BOB" WHEELER. However, approximately two months later SIRHAN returned to the Del Rio Farms and stated that BOB WHEELER had told him he was not ready to become a jockey. SIRHAN worked for approximately a month after returning to the ranch and then quit after he was unable to obtain a raise or shorter hours. This was approximately one year before Mr. RAMISTELLA heard that he had been arrested for shooting Senator ROBERT F. KENNEDY.

SIRHAN had advised RAMISTELLA that he had studied to be an ambassador for his old country noting that SIRHAN was an immigrant to the United States. RAMISTELLA feels that SIRHAN would have been well suited for this type occupation as he was exceedingly polite and appeared well educated.

He described SIRHAN as being a "loner" who had few friends and who used to go without meals in order to save his pay check. SIRHAN was very meek and had no "nerve." SIRHAN was generally afraid of horses and lacked the nerve to become a jockey.

RAMISTELLA states that he and several others were watching SIRHAN run one of the horses at the time SIRHAN fell from the horse. RAMISTELLA noted that this fall had

been subsequently publicized in recent newspaper and television accounts from Los Angeles. He noted that at the time SIRHAN was running the horse it was extremely foggy and SIRHAN apparently lost his bearings and ran the horse into one of the fences almost directly in front of him, RAMISTELLA, and the other onlookers. RAMISTELLA, because of the fog, did not actually see SIRHAN fall from the horse but heard the accident and ran to where SIRHAN was laying. SIRHAN was very much shaken by the accident and was taken to the local hospital for treatment. The hospital found nothing wrong, however, and released him the next day. RAMISTELLA had an occasion to observe SIRHAN for some time following this accident and noted that his behavior was, apparently, no different from his behavior before the accident. SIRHAN did not complain of any ill effects following the accident to RAMISTELLA or to anyone else in RAMISTELLA's knowledge.

RAMISTELLA has no knowledge of SIRHAN's political views. He states that SIRHAN argued with two Hungarians that were employed at the ranch about politics and Communists, however, the discussion took place in a language not familiar to RAMISTELLA and he has no idea what the argument concerned. He could identify one of the Hungarians only as JOHN and states that Mr. ALTFILLISCH could possibly be able to identify these two individuals.

RE: SHARIF BISHARA SIRHAN

In the early morning hours of March 28, 1969, SHARIF BISHARA SIRHAN was driving to the hospital to see his brother, SAIDALLAH and was stopped in the 800 block of South Arroyo Parkway and given a traffic citation for excessive speed on the Pasadena freeway. The citation was issued by Officers of the California Highway Patrol.

A Pasadena City Police Officer was called to the scene and as SHARIF was loud at the scene of the citation, the Pasadena Officer followed him to the hospital where SHARIF created a disturbance in the emergency room of St. Luke Hospital and was charged with assault and disturbing the peace.

Set forth below is the Pasadena Police Department report concerning this incident:

WHEN I ARRIVED AT THAT LOCATION I FOUND SIRHAN PACING THE STREET BESIDE HIS CAR WHICH WAS PARKED NORTHBOUND WITH A CALIFORNIA HIGHWAY PATRO UNIT PARKED JUST BEHIND. CHP OFFICERS CARPENTER AND WISEMAN WERE IN THE PROCESS OF ISSUING SIRHAN A CITATION FOR EXCESSIVE SPEED ON THE PASADENA FREEWAY (80 MPH IN A 55 MPH ZONE). SIR WAS SHOUTING THAT HIS BROTHER WAS DEAD AND DYING. HE REPEATEDLY STATED, "GO AHEAD AND SHOOT ME. GO AHEAD AND SHOOT ME."

SIRHAN WAS INFORMED THAT HIS BROTHER SADALLAH SIRHAN HAD BEEN INVOLVED IN A TRAFFIC ACCIDENT EARLIER THAT SAME NIGHT AND WAS NOW AT THE ST. LUKES HOSPITAL. THE CHP OFFICERS COMPLETED THE CITATION AND SIRHAN LEFT NORTHBOUND ON ARROYO PKWY. WHEN IT WAS NOTED THAT HE TURNED WEST ON DELMAR BLVD. THIS OFFICER PURSUED SIRHAN AND TOLD HIM THAT HE WAS GOING TO THE WRONG HOSPITAL AND THAT HE SHOULD BE GOING TO ST. LUKES WHICH IS AT ALTADENA DR. AND WASHINGTON BLVD. SIRHAN STARTED IN THAT DIRECTION.

LESS OF HIS CONDITION OR IFFTHE PROPER AUTHORITIES WOULD ALLOW OR PROHIBIT HIS ACTION, THIS OFFICER FELT THAT HE SHOULD BE PRESENT AT ST. LUKES HOSPITAL AT THE TIME OF SIRHAN'S VISIT THERE. I INTERSECTED WITH SIRHAN AT LAKE AND WASHINGTON AND HE ACTUALLY FOLLOWED THE POLICE UNIT FROM THAT POINT TO THE PARKING LOT AT ST. LUKES.

I ACCOMPANIED SIRHAN INTO THE HOSPITAL AND WENT WITH HIM TO THE FRONT DESK WHERE WE MET THE NIGHT SUPERVISING NURSE WHO TOOK US TO THE INTENSIVE CARE WARD. THE NURSE CHECKED WITH THE ON-DUTY PERSONNEL AS TO SADALLAH'S PRESENT CONDITION AND THEN SHOWED SHARIF INTO THE WARD. I FOLLOWED HIM INTO THE WARD AFTER ABOUT A 30 SECOND DELAY AT THE NURSES COUNTER JUST OUTSIDE THE WARD.

INSIDE THE WARD WAS SADALLAH SIRHAN IN A SEMI-CONSCIOUS STATE. AROUND HIS BED WERE CARPENTER, BEARDSHEAR AND RAINES. HIS HEAD WAS BANDAGED, HIS LEG WAS COVERED WITH BLANKETS WHICH WERE SUPPORTED AWAY FROM HIS BODY BY A PROTECTIVE HOOP AND HE WAS BEING INJECTED WITH FLUIDS. THERE WERE THREE OTHER PATIENTS IN THE SAME WARD.

SIRHAN HAD MOVED TO A POSITION ON THE RIGHT SIDE OF THE BED(LOOKING FROM THE FOOT) NEAR THE UPPER BODY OF SADALLAH. HE WAS SHOUTING IN A DEMANDING TONE SUCH PHRASES AS, "IF YOU KNOW WHAT YOU'RE DOING WHY CAN'T YOU TELL ME WHAT'S WRONG." CARPENTER ATTEMPTED TO EXPLAIN THAT IT WAS KNOWN THAT SADALLAH HAD A FRACTURED SKULL AND A BROKEN LEG AND POSSIBLY OTHER INJURIES. SIRHAN CONTINUED TO SHOUT AND I NOTED MOVEMENT FROM THE PERONS IN THE OTHER BEDS. THE NURSES, RAINES AND BEARDSHEAR ATTEMPTED TO QUIET HIM VERBALLY BUT HE CONTINUED.

SIRHAN THEN REACHED DOWN AND STARTED TO REMOVE THE BLANKETS FROM THE BODY OF SADALLAH AND NURSE RAINES TOLD HIM TO LEAVE THE BLANKETS ALONE AND REACHED OVER TO PUT THE BLANKETS BACK INTO THEIR PROPER POSITION. RAINES WAS STANDING ON THE SAME SIDEEOF THE BED AS SIRHAN BUT NEARER THE FOOT OF THE BED. SIRHAN THEN STRUCK AT RAINES WITH HIS LEFT ARM IN A BACKHAND STROKE. RAINES DUCKED TO HIS LEFT AND THE BLOW JUST MISSED HER RIGHT CHEEK AND RIGHT SHOULDER. AT THAT MOMENT RAINES TURNED AND STARTED TOWARD THE TELEPHONE. I GRASPED SIRHAN FROM BEHIND IN A CHOKE HOLD AND TOOK HIM TO THE FLOOR. CARPENTER ASSISTED ME ANDBRINGING HIS ARMS BEHIND HIM AND PLACED THE HANDCUFFS ON HIM.

I THEN TOOK SRHAN TO THE POLICE UNIT IN THE PARKING LOT. HE WAS SHOUTING SO LOUD THAT HE WAS PLACED INSIDE THE CAR TO WAIT FOR THE TRANSPORTING UNIT AS IT WAS FELT THAT HE WOULD WAKEN THE PATIENTS IN THE HOSPITAL.

OFFICERS NICHOLAS AND OLQUIN ARRIVED SHORTLY AND TOOK SIRHAN TO THE CITY JAIL WHERE HE WAS BOOKED ON THE CHARGES OF PC 240-ASSAULT AND PC 415-DISTURBING THE PEACE. IT WAS FELT BY THIS OFFICER THAT SIRHANS' SHOUTING IN THE INTENSIVE CARE WARD WAS SUFFICIENT TO WARRANT THE CHARGE FOR DISTURBING THE PEACE. IT IS REQUESTED THAT THE CITY PROSECUTOR ISSUE A COMPLAINT FOR THE LISTED CHARGES.

Local press reports reflect that on June 25, 1969, SHARIF BISHARA SIRHAN was acquitted in Pasadena Municipal Court on the charge of creating a disturbance at St. Luke's Hospital, Pasadena, on March 28, 1969 when he went to the hospital to visit his brother, SAIDALLAH who had been injured in a traffic accident.

SHARIF plead "diminished mental capacity" in his trial which was the same defense utilized by SIRHAN BISHARA SIRHAN.

SHARIF testified that he had been under a doctor's care and had been taking pills and injections at the time of the accident. SHARIF's attorney was GEORGE E. SHIBLEY.

The Pasadena Star News under date of July 9, 1969, carried an article that reflected that a claim of an estimated $100,000 for false arrest was filed against a Pasadena Police Lieutenant and the City of Pasadena, by SHARIF B. SIRHAN, brother of SIRHAN BISHARA SIRHAN.

SHARIF according to the article is claiming special damages for malicious assault and battery, personal injuries, false arrest and malicious prosecution.

The claim is the result of SHARIF's being arrested in the Intensive Care Ward of St. Luke's Hospital where his brother, SAIDALLAH was confined. The claim was filed by SHARIF's attorney, GEORGE E. SHIBLEY of Long Beach, California, who defended him in the assault charge and who is a new addition to the appeal staff of SHARIF's brother, SIRHAN BISHARA SIRHAN.

RE: MUNIR BISHARA SIRHAN

The "Los Angeles Herald Examiner" on June 24, 1969, carried an article which reflected that the Board of Immigration Appeals has taken under advisement a move to deport MUNIR BISHARA SIRHAN, 21 year old brother of SIRHAN BISHARA SIRHAN.

The article reflects that the United States Immigration Service had delayed action on the pending deportation to avoid any possible influence on the Los Angeles jury that convicted SIRHAN BISHARA SIRHAN of murder.

MUNIR a native of Palestine and a citizen of Jordan, has been under deportation proceedings since he was convicted of possession of marijuana on October 13, 1966.

The original deportation order was made on grounds of MUNIR's felony conviction.

MUNIR, according to this article, was sentenced by a Los Angeles Superior Court to one year in jail and five years probation. His attorney, however, persuaded the court to vacate the sentence and to transfer it to a juvenile court. MUNIAR was 19 when the incident occurred. The Appeals Board of the Department of Immigration advised that MUNIAR's attorney would be asked to submit a written brief.

She told officers she was not aware of that particular fight but that there had been several arguments and fights in the Fez Restaurant while she was employed there and the police were not usually called.

Young told officers that Louis Shelby, a co-owner of the Fez Restaurant has called her since she talked to the police about the Fez. She stated he was antagonistic with her and accused her of being "a fink" for the police.

Fred Shelby, another co-owner of the Fez Restaurant has called Young and asked her to come back to work, but she told officers she is fearful of the Fez and will not return to work at that location.

not identify photographs of Adel's brothers. She stated that she was busy waiting tables and was just a brief introduction. Mrs. Young stated that Tuesday night at The Fez is the night when all the Arabs of the community come together, sing and dance, and socialize. She denied knowing anything about the political background of any of those who frequent The Fez but did state that a Sheila Peacock, of Jewish descent and who had been associated with various Arabs for approximately five to seven years, told her Young, on one occasion that a Mohammed, Asa or Isa, was a big shot in the Arab political underground. This Isa or Asa frequents The Fez and approximately one month ago Young observed him with Mike and Sam in close conversation, and they stayed after The Fez was closed in conference; but she denies she knew what they were conferring about.

Mrs. Young stated that she had been asked to return to work by Lou Shelby, and she thought she might return to work at The Fez on the weekend of June 15th and 16th, but she stated she had not yet decided what to do; that she would talk to her father first. Mrs. Young stated that she usually worked for The Fez on Tuesday, Friday, and Saturday nights. She liked working at The Fez because the tips were very good; however, the Arabs were poor tippers, and the American tourists tipped the best.

Mrs. Young denied that she knew Sirhan Sirhan, and to her knowledge had never met him. She stated that the only law enforcement agencies she had talked to briefly were detectives from Rampart Division. She maintained that she had never been interviewed by any member of the press, magazines, or any other periodicals.

PERSONAL OBSERVATIONS OF MRS. YOUNG

Mrs. Young is the mother of two small girls, one approximately 18 months old, the other 5. She was very cooperative and indicated that she would speak to no one regarding the case unless instructed to do so by members of L.A.P.D. She lives in an apartment that is well-furnished, probably furnished beyond her immediate income. While reporting officers were interviewing her, the phone rang several times; and from her part of the conversation, it appeared all of them were men of Arab descent. It appears that she has a wide circle of friends among male Arabs, but according to her purely social. Mrs. Young does not appear to be politically oriented and did not display any great interest in any phase of political life.

INDEX: WORKED AT FEZ

Date 7/16/68

PHYLLIS HAZEL YOUNG, who resides at 14414 Addison Street, apartment 1, advised that she began working as a cocktail waitress at the Fez Restaurant on Vermont in Los Angeles, in August 1965. She advised that this was when she first met ADEL SIRHAN, the brother of SIRHAN BISHARA SIRHAN. He stated that ADEL was working at the Fez as a musician at that time.

YOUNG advised that ADEL became a good friend of hers and that he used to take her home after work quite often, out for breakfast and on other social engagements. She stated that approximately one year after having met ADEL, he introduced her to one of his brother's, who was at the Fez Restaurant, and to her recollection this brother was SIRHAN. She stated that she saw this individual about two more times, each time at the Fez Restaurant. The last time was approximately April 1968.

YOUNG advised that during the time she knew ADEL, she never had any occasion to discuss politics with him and she never heard him express any anti-American or anti-rich sentiments. She stated that she knew ADEL to be a kind, generous person and thought a great deal of him.

She said that in her few encounters with ADEL's brother, SIRHAN, her conversations were always short and very light, never discussing anything such as politics or ideologies. She stated that she never remembers his brother to display any sign of temper or violence in her presence.

She stated that she left the employ of the Fez Restaurant earlier this year inasmuch as she was of a Jewish background and she did not wish to put up with some of the comments or insults of some of the Arab patrons of the restaurant. She said that the upper floor of the Fez Restaurant was a very pro-Arab nationalist environment. On the night that Senator KENNEDY was assassinated, several of the individuals there, whom she did not know by name, indicated that they were glad that the "Jewish lover" was dead. She stated also that she sensed, among many of the Arab people at the Fez, the strong feeling of anti-Americanism.

RE: DEFENSE TEAM OF
SIRHAN BISHARA SIRHAN
ABDEEN JABARA

Information was received from the Detroit Division that the "Detroit News" edition of January 16, 1969, page 23a contained an article about JABARA, entitled "Detroiter Helps Under Dog, and This Time Its Sirhan". The article states a Detroit lawyer who favors defending underdogs in liberal causes is a volunteer involved in the defense of SIRHAN BISHARA SIRHAN on trial in Los Angeles for his life for the killing of Senator ROBERT F. KENNEDY. This person is 30 years old and single and a partner in a law firm called Lafferty, Reosti and Jabara, 726 Pallisti, Detroit.

The article states JABARA was born in Michigan, of Lebanese parents and his mother still lives in Mancelona, Michigan.

The article states that JABARA speaks and writes Arabic and was reared as a Moslem even while attending the Methodist Church in Mancelona. He attended the University of Michigan and graduated from law school at Wayne State University and also studied at America University at Beirut, Lebanon. The article states that it is because of his familiarity with Arabic languages that he is involved in the SIRHAN trial.

The defense according to this clipping was receiving many letters from all over the world bearing on the case and many letters were in Arabic. JABARA is helping with the translations. JABARA is also helping to explain the California legal system to SIRHAN's parents during court sessions.

Plans called for JABARA to remain with the SIRHAN defense team until the first part of February when he is expected to return to Detroit.

JABARA, according to the article is involved in the local chapter of the American Civil Liberties Union. JABARA lives in Highland Park and has three brothers and three sisters.

Subsequent to the trial of SIRHAN BISHARA SIRHAN, ABEEN JABARA was named as one of three attorneys who were taking over the regular defense of SIRHAN BISHARA SIRHAN. This announcement was made on July 3, 1969 at a press conference at the Ambassador Hotel in Los Angeles, by Attorney GEORGE E. SHIBLEY. LUKE MC KISSACK of Hollywood, was announced as the third attorney in this group.

CHARLES D. WHITE, home address 127 Queen Street, Charleston, South Carolina, advised that he is presently a senior at St. Meinrad College and was very active as a student coordinator for the primary campaign to Senator ROBERT F. KENNEDY. He became very active during the primary campaign in Southern Indiana and subsequently went with Senator KENNEDY to Oregon and California.

He recalls being in the Ambassador Hotel Ballroom at Los Angeles, California, the night Senator KENNEDY was shot. WHITE stated that he stood at the lower left hand corner of the platform, facing the platform, during Senator KENNEDY's victory speech and at the time was with a friend ANDY T. EZZELL, 537 East 42nd Street, Indianapolis, Indiana, telephone number 283-6470. He and EZZELL were together the major part of the evening.

Towards the end of KENNEDY's speech, WHITE moved over to the right corner of the platform to be close to the Senator when he left the stage. It had been generally believed by the KENNEDY people that Senator KENNEDY would come off stage and enter the crowd but a sudden change in plans occurred and the Senator did not enter the crowd but proceeded towards the passage way into the kitchen area. Senator KENNEDY was approximately 25 feet in front of WHITE at the time he was shot. WHITE stated that people began screaming, mass confusion set in, and he didn't hear the shots or see anything. WHITE admitted that at the time of the shooting, when he realized what had happened, he became hysterical, began crying and fell in the passageway bumping his head on a corner of a door. He received a slight cut over his left eye and a friend, STEVE BANET, another student at St. Meinrad College, helped him out of the Ballroom into the Ambassador Hotel Lobby.

Some KENNEDY aides, JOE HIGDEN being one in particular, inquired regarding WHITE's injury and when it was found out he had simply a cut, he received medical attention and remained in the lobby area. Later on he saw the police bringing Sirhan Sirhan out of the lobby. He stated he had never seen Sirhan before this. WHITE noted no unusual activity in the Ballroom area prior to the shooting incident and stated he had passed through the kitchen area of the Ambassador Hotel earlier that evening but noted nothing in particular.

WHITE furnished the following list of names of individuals from Saint Meinrad College who were very active in the campaign of Senator ROBERT F. KENNEDY and who were at the Ambassador Hotel in Los Angeles, California, the evening that he was shot:

STEVE BANET
MARK SULLIVAN
CHARLIE EDER
STEVE CHURCHWELL
BOB COTTER
JIM NICO

WHITE stated that he was closest to the scene and doesn't believe that any of the above individuals could furnish any additional information. WHITE stated that other individuals, who were very active in Senator KENNEDY's campaign but not from Saint Meinrad College were:

JOE HIGDEN, 3400 16th Street, Apartment 621 Washington D.C., telephone number area code 202-726-2825;

WALTER SHERIDAN, 20th and "L" Street, Washington D.C.;

RUSS DAVIS, 3939 West 82nd Street, Chicago, Illinois;

KATHY CWIK, 7042 West 64th Place, Chicago, Illinois;

KENNETH F. FUSSELL, JR., 1650 Harvard Street, Northwest Washington D.C. (graduated from Saint Meinrad College, 1968, presently a teacher at Laurel Junior High School, Laurel, Maryland).

WHITE also furnished the January 17, 1969, issue of Life Magazine, which carried a picture on Page Number 22 (with an arrow) which indicated that the person pointed to by the arrow is Sirhan Sirhan. WHITE stated that he feels this is a picture of himself and also feels he recognizes the back of a head of his friend ANDY EZZELL as being also part of the picture. He knows this to be his photograph because he can place himself at the approximate position, to the left side of the platform upon which Senator KENNEDY was giving his victory speech, and can identify his friend ANDY EZZELL.

JAMES D. NICO, home address 4233 Apple Tree Lane, Lansing, Michigan, advised that he was a sophomore at Saint Meinrad College, Saint Meinrad, Indiana, and was a supporter and organizer for Senator ROBERT F. KENNEDY during the primary campaign in 1968. He was in Los Angeles, California, with Senator KENNEDY at the Ambassador Hotel the evening he was shot. NICO stated he was waiting in the Ballroom for approximately an hour and one-half at the Ambassador Hotel with DAN KING, upper Mount Vernon Road, Evansville, Indiana, who is presently a student at the Indiana State University Extension at Evansville, for Senator KENNEDY's victory speech.

NICO stated he and KING stayed for approximately half of the victory speech and went inside when he left and went to the Cave Bar at the Ambassador to see the Righteous Brothers. NICO stated he had no recall of ever seeing Sirhan Sirhan that evening before or after the shooting.

NICO stated that he next recalled a man rushed into the Cave Bar and asked for a doctor. NICO then went to the Ballroom and just observed a lot of confusion but couldn't really tell what happened. He next observed Senator KENNEDY being placed in an ambulance and also observed CHUCK WHITE, KATHY CWIK and her fiance RUSS DAVIS.

NICO then walked around alone for a while around the main floor area where the Ballroom was and proceeded to the Rafferty Headquarters where he called his parents in Lansing, Michigan, and advised them of what had happened. It was then approximately 5 am in Lansing, Michigan.

Later on that same morning, NICO stated he went to a room where an alleged KENNEDY aide who seemed to have more information on the shooting than anyone else there, was eating and drinking and making merry. He did not know the in-

dividual's name. The individual stated, "Senator Kennedy's aides did not know he was to proceed through the kitchen and that if they had known, they would have been in front of him." This individual further stated that the plans had been changed suddenly at the last minute, and that had he known plans, he could have been in front of KENNEDY. This individual further stated he was with KENNEDY when he was shot, he grabbed at the fellow with the gun, and helped RAFER JOHNSON disarm the individual and later hit a cameraman who got in the way. NICO stated this individual, who indicated he was a close KENNEDY aide, was well dressed and had an Eastern accent, from New York or Boston, and appeared to be very nervous. The big question in NICO's mind was if he was the KENNEDY aide, why was he there at the Ambassador Hotel with the low ratio on aides and organizers and workers and if he was not an aide, if he was a phony, what was his true identity. NICO stated that he had no particular reason to think that this individual was involved in any sort of conspiracy, however, he was acting in a very aloof and unmessed manner in the situation when everyone else was hysterical and very saddened and this perplexed NICO along with quite a few of the other KENNEDY workers.

He described this individual was being a white, male, age approximately 30 to 32, 6'2" tall, 195 pounds, medium build, black hair (straight and short), dark eyes, very well dressed, characteristics - stuttered and blushed very noticeably.

NICO stated that other individuals who noticed this person were JIM C. BAILEY, 6039 Northeast 30th Street, Portland, Oregon, telephone number 284-2954, and JOHN PUTZ, of Fowler, Indiana.

JAMES C. BAILEY, residence address 260 South 156th Street, was interviewed at his place of employment, Ben Bridges Jewelers, Fourth and Pike Streets.

Mr. BAILEY advised that to the very best of his recollection he did not see JAMES NICO on the night that Senator ROBERT F. KENNEDY was assassinated.

Mr. BAILEY advised that on the night of the assassination, possibly four or five hours after the assassination occurred, he and approximately six other persons slept in a room which had been obtained for them at the Ambassador Hotel and he said that this was a sleeping room only and there were no eats or drinks consumed by anyone in this room. He said that the campaign workers who were staying in this particular room were all from Indiana or Oregon.

Mr. BAILEY recalled that there was a room used by the campaign workers and the aides of KENNEDY in the press room on the main floor of the Ambassador Hotel but he has no memory whatsoever of any person being in this press room who answered the description as given by JAMES NICO who did not seem to be concerned about KENNEDY's assassination.

Mr. BAILEY advised that during the campaign he had met another young man whom he knows only by the first name of "JIM" and this young man was a bonafide friend and close associate of the KENNEDY family and had acted as a "front man" during the campaign. BAILEY said that this young man would usually be in the party close to ETHEL KENNEDY.

According to BAILEY, he assumes that this was the young man of whom JAMES NICO was speaking as this young man whom he knew only as "JIM" did have short black hair and was approximately 28 years of age, with a medium build; and this young man had black hair which was straight and short. BAILEY said that the only difference he can tell in the description as given by NICO and his own recollection is that this particular person was no more than six feet tall. BAILEY advised that it was his recollection that this young man came from the East Coast, possibly from near Boston, and this young man did have a tendency to grope for his words but he did not actually stutter.

In conclusion, BAILEY advised that he has no knowledge whatsoever of anyone being associated with the KENNEDY family or the KENNEDY campaign who was not shocked and horrified about the events that occurred on the night of the assassination.

Miss LINDA LOUISE ELLIOTT, Apartment 16, 6632 Abrego Road, Goleta, California, home address 301 Broadway, Alameda, California, advised that on the day of Senator ROBERT KENNEDY's assasination she had gone to Los Angeles from Goleta with a group of thirty to forty KENNEDY student supporters and workers from the University of California at Santa Barbara, which she currently attends. The UCSB group took a suite in the Ambassador Hotel for the night because they did not want to drive back to Goleta the same night. At the time of the shooting Miss ELLIOTT was in the UCSB suite watching the victory celebration on television. She had no firsthand information concerning the incident and did not leave the suite until thirty minutes later when she accompanied Miss KAREN WEISSMAN, a UCSB student, to the lobby so that WEISSMAN could telephone her parents in Van Nuys. She and WEISSMAN then drove to the WEISSMAN residence at 5926 Colbath, Van Nuys, where they spent the rest of the night. WEISSMAN would have no firsthand information about the shooting because she, too, was in the suite at the time, according to Miss ELLIOTT.

Another member of the UCSB group was in the Ambassador banquet room at the time of the shooting, was interviewed by the television media shortly after the shooting, and would have more firsthand information regarding it, according to Miss ELLIOTT. This person was Miss VALERIE SCHULTE, home address 466 South Clark, Beverly Hills. She is believed to be re-registered at UCSB this quarter and may be living on Del Playa Road, Goleta. Miss ELLIOTT believed that SCHULTE had already been interviewed by the FBI, however.

Miss ELLIOTT could not remember the number of the suite rented at the Ambassador, but stated that one ROGER ARBUCKLE of the UCSB KENNEDY group, had rented the suite. Neither he nor any other member of the UCSB group would have any firsthand information of the shooting, according to Miss ELLIOTT.

1. With reference to FBI report dated 19 DEC 68, please be informed that the requested investigation was conducted as follows.

4 FEB 69

2. Mr. Stus PRUSZYNSKI was interviewed at 21 Crescent, Apt. 4, Montreal, Quebec. Mr. PRUSZYNSKI readily informed that he had followed Senator Robert F. KENNEDY during the American election campaign, along with some twenty other reporters. At the time, he was reporting the events for HARPER & ROW LTD, PUBLISHERS, 35 Great Russells Street, London, W.C.I., telephone Museum 1343/4. Mr. PRUSZYNSKI explained that he was following Senator KENNEDY inside the Ambassador Hotel from a distance of approximately 10 to 15 yards, with other reporters in the crowd. After leaving the Ambassy room, he was a short distance in the hallway leading to the kitchen when the commotion and confusion began over the shooting of Senator KENNEDY. He forced his way through the crowd into the kitchen area, and, saw Sirhan Bishara SIRHAN being subdued by several persons a short distance from Senator KENNEDY who laid, wounded, on the floor. During the commotion and confusion that existed while SIRHAN was being apprehended, he saw the assaillant who still had the revolver in his hand and it was being pointed aimlessly at the crowd during the struggle. Momentarily, he became anxious to assist; however, the assaillant was quickly disarmed and subdued by several persons.

3. Mr. PRUSZYNSKI readily admitted that he had made a tape recording which he produced without hesitation. He explained that the tape contained a recording of the commotion and reaction of the crowd, including interviews with different persons in attempts to obtain precise information on the assassination for assessment and actual reporting.

4. Apart from the above, Mr. PRUSZYNSKI maintained that he had no material of interest on record, taped or written. He had not witnessed the assassination of Senator KENNEDY because he was behind, in the crowd, as previously explained. Mr. PRUSZYNSKI tried to play the tape. Unfortunately, his recorder was not functioning properly and the recording could not be heard for comments. Nevertheless, his full cooperation was extended to the point that this tape can be heard when his recorder is repaired and that the tape can be duplicated, if necessar

. . . . 2

5. The presence of reporter PRUSZYNSKI at the Ambassador Hotel, Los Angeles, California, was no doubt arranged through proper channels of the press. His occupation and employment is his valid reason for being there at the time of the assassination. His presence was certainly well known at all times to all other reporters and no doubt by the Kennedy Committee. Considering that PRUSZYNSKI did not witness the assassination and his tape recorder is an aftermath of the tragedy, further action appears unwarranted here unless the F.B.I. would be interested in the tape available from this reporter for comparison purposes. Reporter PRUSZYNSKI could not recall seeing any suspect activities in the crowd and could not supply information of particular interest.

Mr. KHAIBAR KHAN, who was reached through his Attorney JACK CORINBLIT, 3700 Wilshire Boulevard, Los Angeles, phoned SA LESLIE F. WARREN and advised the following:

With respect to the names of some of his children as recorded with the Immigration and Naturalization Service (INS) that differ from names previously identified by, Mr. KHAN said:

AMIER BAKHTIAR GOODARZIAN had been known by that name until 1958 when Mr. KHAN started to use the name of KHAN, a change he made legal in 1959. This son is also known as PHILLIPPE KHAN and BOB KHAN.

AMIER KHOSROW GOODARZIAN is now known as MIKE KHAN and J. C. KHAN.

SALAPOUR GOODARZIAN also known as Sahpour Khan, now age 12 years, was born in the United States.

Mr. KHAN said he had retained the name of GOODARZIAN in the INS records as property owned by him in Teheran, Iran was in the name of GOODARZIAN. He mentioned that the property in Teheran which he formerly rented to the United States State Department was in the name of SAHPOUR GOODARZIAN, and he had been challenged on this by the Internal Revenue Service. They had claimed this property had been a gift to this son and he was subject to a gift tax.

Mr. KHAN related he had been harrassed by various agencies of the U. S. Government and was under deportation proceedings at present. While he could leave the United States, he did not plan to and had applied for a stay of the deportation of himself and family. He intended to stay here and resolve the allegations against him for the benefit not only himself but for his family. To leave now might cast some suspicion on him particularly as a result of the involvement of himself and family in the investigation of the assassination of Senator ROBERT F. KENNEDY. In the

Mrs. ELLENORE SEVERSON, also known as Mrs. Bertol Charles Severson, housewife, 12409 Helena Street, Los Angeles, telephone number GR 6-2909, related the following:

Mrs. SEVERSON was advised that this interview was being conducted to supplement the previous interview of her by the FBI on June 6, 1968 and concerned KHAIBAR KHAN about whom she had furnished information in the previous interview. She having reported that Mr. KHAN had brought in a number of young persons to do voluntary work at the Senator ROBERT F. KENNEDY Campaign Headquarters at 5615 Wilshire Boulevard, Los Angeles, between June 1 and 4, 1968. Mrs. SEVERSON stated that she recalled the information which she had furnished and felt that she would have a good recollection of KHAIBAR KHAN and the young persons who had accompanied him to the campaign headquarters.

A number of photographs including the photographs of KHAIBAR KHAN's family including his divorced wife taken in 1968 plus a 1965 photograph of KHAIBAR KHAN, which had been obtained from the Immigration and Naturalization Service records in Los Angeles, were exhibited to Mrs. SEVERSON.

With respect to the photographs exhibited, Mrs. SEVERSON selected certain photographs of persons she thought she had observed before and made the following comments:

PHOTO	COMMENT
KHAIBAR KHAN	"I can readily identify that this is a photograph of KHAIBAR KHAN who frequented the ROBERT F. KENNEDY Campaign Headquarters during the first few days of June 1968. He at that time wore his hair long and had long side burns and his face was not quite as full as it is in the photograph."

PHOTO	COMMENT
FARAH KHAN	"This photograph appears to be that of a young girl who was with the KHAIBAR KHAN group at the campaign headquarters and who was wearing a blond wig".
ROUGHANGIZ ROUHI KHAN, also known as Rose Khan	"This photograph very closely resembles the young girl who was with the KHAIBAR KHAN group at the campaign headquarters and who was on crutches." "Yes, I'm positive this is the girl."
SHARIN KHAN	"This appears to be a photograph of a girl who was a volunteer worker during the early part of June at the campaign headquarters, but I cannot associate her with the KHAIBAR KHAN group."
AMIER KHOSROW KHAN Also known as Mike Khan	"This photograph resembles a young man who was observed around the campaign headquarters at about the same time KHAIBAR KHAN's group was there, but I cannot be positive that he was a member of the group."
AMIER HUSSIN KHAN, Also known as Todd Khan	"This is very definitely a photograph of one of the young men who was with the KHAIBAR KHAN party at the campaign headquarters."
With respect to photographs exhibited to Mrs. SEVERSON, that of TALAT KHAN, divorced wife of KHAN, and AMIER BAKHTIAR KHAN, also known as Bob Khan, Mrs. SEVERSON stated:	"I do not recall seeing anyone resembling TALAT KHAN or BOB KHAN."

Mrs. SEVERSON recalled she had, on June 6, 1968, identified a photograph of SIRHAN SIRHAN, as being a photograph of the young man she had observed near the front door of the Senator ROBERT F. KENNEDY Campaign Headquarters in Los Angeles about 2:00 PM June 2, 1968. When asked by volunteer worker, LARRY STRICK, if he could help him, the young man had said "I'm with him", pointing toward KHAIBAR KHAN.

Mrs. SEVERSON said she had not changed her mind and still was of the opinion that it was SIRHAN SIRHAN who had been standing near the door of the campaign headquarters in the afternoon of Sunday, June 2, 1968 at about 2:00 PM.

Photographs of SIRHAN SIRHAN and members of his family were exhibited to Mrs. SEVERSON and she commented that she had confirmed her opinion that SIRHAN SIRHAN had been in the campaign headquarters standing near the door at about 2:00 PM on June 2, 1968.

It was also related by Mrs. SEVERSON following examination of photographs of SHARIF BISHARA SIRHAN, taken by the Pasadena, California Police Department December 18, 1963, that this looked like a photograph of a young man she had seen around the campaign headquarters during the first few days of June 1968, but she could not make a specific identification.

Mrs. ELLENORE SEVERSON, on January 30, 1969, identified a photograph of ROSE KHAN, Immigration and Naturalization (INS) Number [redacted], as being a photograph of the young girl on crutches who had come to the Senator ROBERT F. KENNEDY Campaign Headquarters in Los Angeles, with KHAIBAR KHAN between June 1-4, 1968.

KHAIBAR KHAN during interview, June 11, 1968, referred to MARYAM KOUCHAN (INS Number [redacted], as MARYAM KOUSHAN, his half sister. He said MARYAM had used the name of ROSE KHAN when booked into the Los Angeles County General Hospital, about six months previous, following being thrown from a horse. MARYAM KOUSHAN was on crutches June 11, 1968 at the time of this interview with KHAIBAR KHAN, which was conducted in her presence. MARYAM KOUSHAN, during interview, June 18, 1969, said she had used the spelling of MARYAM KOUSHAN when registering as a volunteer worker at the Senator KENNEDY Campaign Headquarters. She had been booked into the Los Angeles County General Hospital following her recent injury by KHAIBAR KHAN as ROSE KHAN for security reasons as Mr. KHAN was the leader of the opposition to the Shah of Iran, among Iranians in the United States and was apprehensive of political and possibly physical reprisals.

Sweeney further relates that FBI Spec Agent Dozett took the card file of all untoer workers from the Kennedy Hqs. He returned this file minus the 10 to 15 os of the arabian workers.

Sweeney was Supervisor of Mrs Sterns, File I-25, at the Kennedy Hqs. Sweeney states that in her opinion Mrs Stern is stupid, selfserving and is to say anything to focus attention upon herselfs. Mrs Sweeney further relates t she remembers the occasion of the three (3) Arabian Males and the Fe coming the Hqs, June 4, 1968, at approx 9:00-9:30AM, and them speaking to Mrs Stern. Sweeney states that the older of the three was Khaiber Khan, who was and out of the Hqs almost daily, bringing arabian voluntoers. The Fe was Khan's "Sister". She was on crutches.

Sw eeney started her w ork at the Kennedy Hqs on or about March 19, 1968. usual hours at the Hqs were from approx 9-9:30 AM to 4:00PM. She was at the every weekday and also on some Saturdays. On election day, June 4, 1968, Mrs eney arrived at the Hqs at approx 7:30AM and remained there continously till oPM, when she took a short break for lunch, approx 30 Min, and returned. She terates that she obs the 4 Arabs, 3 Males and 1 Fe, of whom Mrs Sterns speaks, due to the atire of the 2 younger men, and poss conflict between them and any ish people coming to the Hqs, had the Arabs removed to the rear of the Hqs by her herself or some other regular Hqs worker.

Sw eeney's desk was at the front of the Hqs, approx 30 feet west of the front r. Much of her time of the days, preceeding the election day, she spent on the n corridor, near the information desk. She relates that she heard some of the ors of Sirhan coming to the Hqs, also the story of the guns, but was never in- ned to take them too serious, knowing w here the s tories originated.

Sweeney says, had Mrs Sterns in fact seen anybody with guns in the Hqs at time, she, Mrs Sterns would indeed have brought this "important" story everybody's attention, right there and then. To the best of her knowledge, Mrs eney never a aw Sirhan Sirhan at the Kennedy Hqs.

IT IS OFFICER'S OPINION THAT Mrs SWEENEY DOES NOT BELIEVE THE STORY OF Mrs STERNS IN ANY SHAPE OR FORM.

Larry Strick a volunteer worker for the Kennedy Campaign was interviewed in person at his home address. Larry stated that he worked at the headquarters almost every day that it was open. Larry normally left school at 2pm and would go directly to the campaign headquarters. Larry normally worked at the redeption desk with Elly (Eleanor) Severson I#295.

On 6-2-68 Larry arrived at the headquarters at approx 10:30AM. Larry was assigned to work the reception desk with Elly. While working that day (6-2-68) at approx 2:30PM a man known as Khaibar Khan (I-216) walked in with two other males. Larry positively identified one of these two males as Sirhan B. Sirhan. This person ID by Larry did not walk up to the reception desk with Khaibar Khan and the other person, but stayed back by the main entrance. Larry asked this person (that Larry ID'd as Sirhan) if he (Larry) could help him and this person pointed to Khaibar Khan and stated, "No, I'm with him." Larry did not pay anymore attention to this person (that Larry ID'd as Sirhan). Larry did take Khaibar Khan and the person that came up to the reception desk, back into the telephone bank area. When Larry left the reception desk with Khaibar Khan and the other person, the person Larry ID'd as Sirhan was still standing by the main entrance doors. Larry described the person by the door as a male, olive complexion, longnose, bushy eyebrows, middle 20's, wearing dark colored pants, dark shoes, white button down shirt, light olive green button sweater. When Larry returned from the phone backs the person by the door was gone. Approx 5 minutes after Larry returned Elly Severson asked where Kennedy's itinerary was. Larry stated that just prior to leaving with Khaibar Khan that the itinerary was on the reception desk, but when Elly Severson asked where it was he couldn't find it, so he went and got another one. Larry was shown a packet of mugs and removed all three phots stating that he is positive that the person he saw on 6-2-68 at the headquarters and the mugs he had removed are the same person. Larry also removed the mug of Saidallah Sirhan stating that it looked familiar, but he was unable to remember where he had seen him.

On 6-5-68 at approx 5pm, he was watching a TV news cast when he first saw Sirhan's picture, and remembered that he had seen Sirhan 6-2-68 at the headquarters. Larry immediately tried to call Elly Severson, but her phone was busy. Larry had just hung up when Elly Severson

called him. Elly [illegible]ted, "Did you see the N[illegible]." Larry stated, "Yeah, he's the same guy that came in with Khaibar K[illegible]n Sunday." Elly then told Larry that she had called the FBI and wanted him to call the FBI and verify her story. Larry called the FBI and was subsequently interviewed by S.A. Warren. (No interview listed. Mentioned in July 1st sect#III, Page 675) Larry stated that Elly Severson has asked him to keep her posted on whats happening.

Larry arrived at the Ambassador at 830pm 6-4-68. Larry went directly to the Embassy Room, but couldn't get in so he went down to the Ambassador Ballroom until approx 930pm. Larry then went back to the Embassy Room and had David Robinson I#323 get him into the Embassy Room. Larry stayed in the Embassy Room until approx 1130pm. At this time he went into the lobby and watched a TV monitor until Kennedy started his speech. Larry then went into the kitchen via the hallway past the men's room on a hunch that Kennedy would leave that way after the speech. Larry stated that he was at the west end of the ice machine (in the kitchen) when Kennedy came through the double swinging doors. Kennedy paused a moment and at this time Roosevelt Grier passed by Kennedy and continued walking east through the kitchen. Kennedy began moving forward again and Larry heard one shot and then four or five more shots in quick succession. Larry then saw somebody run by in front of him eastbound directly into Roosevelt Grier and Geo Plimpton. Larry believes this person was Sirhan, but never saw his face. Larry described the clothing as light colored pants, sweat shirt light in color possibly yellow, white or light shit collar sticking up in back. Larry was in kitchen until after Sirhan was taken out, but didn't see him taken out. Larry stated that there was too big of a commotion to tell what was happening around Kennedy and Sirhan. Larry stated that Kennedy was just inside the double swinging doors when he was shot. Larry states that Sirhan was between he (Larry) and Kennedy. Larry also stated he left the Ambassador at approx 330am on 6-5-68.

Opinion & conclusion:
Larry was obviously not in the kitchen when Kennedy was shot because of the incorrect locations he gave for Roosevelt Grier, Sirhan B. Sirhan and Robert Kennedy. Larry stated that he was very familiar with the Embassy Room because he helped decorate it on 6-3-68. Larry was also in the Embassy Room and the kitchen area on 6 5-25-68 when Kennedy gave his speech in the Palm Court.
Larry seemed to have information that has been released by the news and no other details. At the time of the interview Larry acted as if he was prepared for a third degree. Apparently Elly Severson told him to be prepared. Larry's mother left the room during the interview, but could be seen standing by the doorway of the room where the interview was taking place. As Larry described the person he saw on 6-2-68 he continually looked at the mug lying on the table as if he was using it for the facial description. See attached Ambassador Hotel map with marking put on by Larry Stick.

On 8-2-68 At approx. 11pm, Larry Strick was contacted by telephone. During the conversation Larry stated he has now decided to submit to a polygraph examination. Larry stated that he will be out of town until 8-16-68. Larry stated that any day after 8-16-68 would be fine with him for taking the polygraph exam. Larry stated he will call as soon as he returns.

Larry STRICK was re-interviewed concerning his statements made on 7-29-68 wherein he related that on 6-2-68 he observed Sirhan Sirhan in company with Khaibar Khan at Kennedy Campaign Headquarters, 5912 Wilshire Blvd., L.A. and further interviewed as to his observations in the kitchen area at the time Senator Kennedy was assassinated.

When re-interviewed on 8-19-68 Mr. STRICK without hesitation retracted his former statement and explained that he is not positive the person he saw in the Campaign Headquarters on 6-2-68 was Sirhan Sirhan. In fact when shown several mug shots, he was unable to identify Sirhan's new mug shot, stating that he did not look familiar at all.

Mr. STRICK again was questioned regarding his observations of the kitchen area at the time of the shooting. From his interpretations of the incident, investigating officers could only conclude that he was either not in the kitchen at the time of the shooting or his recollections of the incident is so vague and inconsistent with known, established facts, that he would be of no value as a witness.

Susp 3 then asked abo the Bus schedule and if he could walk through the Hqs. He then left.

Sirhan then began talking to Sterns, first asking if there was any coffee in t Hqs. Sterns confirmed and offered to get him a cup, whereupon Sirhan asked her (Sterns) to go out with him and offered to buy her a cup of coffee or a drink she so desired. Officer learned from Mrs Sweeney, File I-59 that on June 4, 1968, Mrs Severso the abv informant, worked the desk with Sterns.

Mrs Severson gave the following statement:

"On June 4, 1968 I arrived at the Kennedy Hqs at approx 8:30AM, and was assig to work the information desk with Mrs Sterns. I never left the desk till late the afternoon. At no time did Mrs Sterns talk to two (2) young arabian men, o was she asked to go out for either coffee or a drink, nor was there anybody w guns at the desk. In my opinion Mrs Sterns is a feather brain, know it all, c able lady, who could not find enough reasons to make herself important to the other workers. She propably is makink up this story to gain publicity. This 3 man (susp #3) of whom Mrs Sterns spoke is a Mr Khan, known as "Goody", who wo in the Hqs. Mr Khan spoke to Mrs Sterns on Monday, June 3, 1968, and there co versation was about golf, and some other sports, as far as I can recall".

Interview conducted at the home of the informant, at the above date & time.

Informant stated that she was a volunteer worker at the Kennedy Hdqts., 5615 Wilshire Blvd. L.A. She was a fund raiser and as such, occupied the 1st desk next to the front door.

On 6-4-68, at approx. 9 AM, she observed four (4) persons approach the front door to the Hdqts. Three (3) of these were males, and one (1) female. Mrs. Sterns describes them as follows:

#1, Sirhan B. Sirhan, M-Jord 24, 5-3 med build with black, curly hair and dark eyes.
#2, M-Jord 25, med build, black, bushy hair and brown eyes, wearing a blue windbreaker jacket, a white, somewhat ruffled and worn appearing shirt, and dark slacks or levis.
#3, M-Jord 40/45, 5-6 stocky build, black hair, graying at the temples, extremely handsome looking, wearing a dark suit & tie
#4, Fe-Jord, early twenties, dark skinned as if suntanned, dark hair, worn shoulder length, wearing a white cloth coat or dres

Mrs. STERNS stated that susp. 1, 2, and 3 entered the Hdqts., whil #4 remained on the street, near the front door. Susps. land 2 sat at her desk and spoke in a foreign language. Susp. 3 asked her for her name and the Senator's itinerary, also about the bus schedule. He made a $3.00 contribution and asked permission to walk through the Hdqts. and left.

Sirhan and Susp. 3 then conversed with the informant, first asking if there was any coffee in the Hqs. Mrs. STERNS confirmed and offered to get some. Sirhan at this time, informant alledges, asked her to go out with him and offered to buy her a cup of coffe or a drink, if she so desired. She politely declined, and their conversation turned to the Kennedy itinerary, and his stand on civil rights.

Continued

Mrs. STERNS further alledges that during her conversation with Sirhan and Su[illegible] 2, she observed that b[illegible] were carrying guns in shoulder holsters, underneath their left armpits. When she commented to them regarding the guns, Sirhan replied "Oh, that is just for self protection, what with all this racial trouble in and around Watts".

When Mrs. STERNS answered that the Hqs. was far from Watts, Sirhan, she alledges, replied "Well, we have them and anyway, we have permits for the guns".

Susps. remained at her desk a short while longer, then walked into the interior of the Hqs., and she lost sight of them.

Mrs. STERNS further states that she received an anonymous phone call, female voice, on June 5, 1968 at approx. 12:30 AM, stating "It's all over with".

After this phone call, she turned on the T.V. and for the first time learned of the shooting of Senator Kennedy.

On 6-6-68, at approx. 5-5:30 PM, she again received an anonymous call, this time a male voice, which sounded muffled, as if spoken through a towel, and with an accent of the middle east. The caller stated "Under no circumstances give out any information to anybody as to the number of people, or their activities at your desk on Tuesday (6-4-68)".

On 6-24-68, approx. 7:15 PM, Mrs. STERNS was re-interviewed at her home. She insisted on the correctness of her first statements, adding only some additional conversation, she claims to have had with Susp. 3, regarding a race horse, "My Beauty", and the training of horses. She also alledges that Susp. 3 showed her a picture, depicting him dressed in a white Arabian outfit, minus the turban, riding this horse.

Due to the enormousness of her statements, and after explaining to her the function of the polygraph, she was asked to submit to such an examination, to which she readily agreed. On 6-26-68, Mrs. STERNS, however, refused to come to the Police Dept. for a polygraph examination, stating "she was too busy working in a political campaign to come".

On 7-15-68, at approx. 9 PM, Mrs. STERNS was again re-interviewed by telephone. She still insisted that she saw Sirhan at the Kennedy Hqs. on June 4, 1968. When she was told that that was almost impossible due to Sirhan's other activities on that date, she suddenly changed her tone of voice, and very nastily answered "So you have all this information, and I made a mistake. What do I care". Mrs. STERNS then was asked if she now admits making a mistake regarding her observations at the Kennedy Hqs., to which she replied "No, I'm not going to admit anything. If I made a mistake, I'm not going to admit it now"!

Continued

Mrs. STERNS has been described by fellow campaign workers as follows: She appears to be suffering from a persecution complex and a feeling of lack of importance; stupid, liable to say anything to focus attention to herself, and extremely excitable, and not to be taken too serious.

Mrs. STERNS gave the following named persons, present at the Kennedy Hqs. on 6-4-68, to verify her statements:

BERG, Larry (1)
"Myda" (2)
"Woody" (3)

Officer identified the above persons as follows:

(1) BECK, Larry Joe, Interviewed I-35
(2) FOOTE, Magdalena, Interviewed I-812
(3) KHAN, Khaibar, Interviewed I-216

The following persons were also at the Kennedy Hqs. on 6-4-68, and worked with and/or around Mrs. STERNS during the time, she alledges seeing Sirhan.

SWEENEY, Margarete, Interviewed I-59
LEOPOLD, Adele, Interviewed I-628
SEVERSON, Eleanor, Interviewed I-295

SWEENEY, FOOTE, BECK, LEOPOLD AND SEVERSON state that they observed the four (4) persons of whom Mrs. STERNS speaks, and identified them as Khaibar KHAN, his "lady friend" and some Arabian volunteer workers, neither of whom was Sirhan B. Sirhan.

On May 13, 1969, Sergeant MIKE NIELSON, Los Angeles Police Department, SUS Unit, made available the results of a supplemental investigation conducted by the Los Angeles Police Department relative to previously conducted investigation concerning KHAIBAR KHAN.

Twenty-four names appeared on the volunteer worker cards submitted by Khaibar Khan at Kennedy Headquarters. The names were acquired by Khan through personal and telephonic interviews. Khan also used names of members of his family. Khan did not request identification or addresses from the volunteers he interviewed. He used his former wife's (Talat Khan) residential address, 10455½ Wilshire Boulevard, Los Angeles, on all the cards he submitted. These names were checked through the telephone directory with negative results.

Khan also used the names of members of an organization known as the "United Patrons for Justice," of which he is the chairman. Khan stated that the organization is comprised of a group of men striving for a better Iran. These men were allegedly in Iran at the time the cards were submitted, but they were to be in the U.S. during the November election. He volunteered the services of his members without contacting them.

These names were checked through immigration for dates of entry and present whereabouts. Records show that none of these persons entered the U.S. between the period of June 1968 through December 1968. A total of 34 names were submitted by Khan, of which only members of his family could be located. Those interviewed were Rose, Shirin and Farah Khan (daughters), Philippe Menomm (son), Amir Khan (son) and Talat Khan (former wife). The subjects could offer no information regarding the investigation.

RADIO BROADCAST REGARDING ASSASSINATION
OF SENATOR ROBERT F. KENNEDY

It has previously been reported that various individuals traveling, particularly in the Middle East, alleged that they heard radio broadcasts concerning the assassination of Senator ROBERT F. KENNEDY prior to the time that the actual event occurred. Investigation was conducted in foreign countries in an attempt to substantiate these reports. Through the Department of State, information was received that the Press and Cultural Attache at the Embassy at Prague queried individuals working for the State Radio station in Prague. Station officials denied ever having transmitted a bulletin suggesting that Senator KENNEDY had been assassinated on May 15, 1968.

One Embassy Officer did report hearing a newscast on approximately May 15, 1968, originating from Deutschland,"Funk". The station released the bulletin based on information received from a common news service. Several minutes later, a retraction was made, claiming the original report was not accurate reporting of an incident in which the Senator flinched from the glare of nearby flash bulbs. The possible report heard via broadcasting channels in Prague originating outside of "CSSA". The report reflects that the Embassy at Prague was unable to obtain further information on the origin of the report or facts which might shed additional information on the subject.

FEDERAL BUREAU OF INVESTIGATION

Date March 5, 1969

Mrs. JEANETTE BRYANS, 5698 Dugan Avenue, La Mesa, California, personally appeared at the San Diego Office of the FBI on March 4, 1969, to furnish information relative to the current trial of SIRHAN SIRHAN at Los Angeles, California.

Mrs. BRYANS stated that at about the time of the Arab-Israeli six-day war in 1967, while watching the Joe Pyne TV Show from Los Angeles, California, she observed a group of about five or six Arabs or Jordanians on this program who spoke about the Arab-Israeli war and, according to the recollection of Mrs. BRYANS, made some comment about the possibility of ROBERT KENNEDY being assassinated. Mrs. BRYANS said she could not positively identify any of the participants on this show in connection with this interview, but believed one had a double name similar to SIRHAN SIRHAN and had the impression that this name when translated meant "wolf." Inasmuch as she could not give a specific date for this program, she indicated it was well appointed in her mind because another participant on this same program but speaking on a different subject was Mr. ARTHUR A. BUCKEL, with whom she is well acquainted due to Mr. BUCKEL's friendship with Mrs. BRYANS' brother.

Mrs. BRYANS stated she did not remember specifically any comments made during the interview of the Arabs or Jordanians but did recall that there was general conversation about the conflict in the Middle East. She indicated this information may be of value if it could be used to prove that SIRHAN SIRHAN had, in fact, been one of the participants on the Joe Pyne TV Show and if the statement was actually made on that show that the life of ROBERT KENNEDY was in danger.

Mr. ARTHUR A. BUCKEL, 3452 Bayonne Drive, San Diego, California, advised that during March, 1967, he and his wife were in the Los Angeles, California, area on business and pleasure. He stated that he was a participant on the Joe Pyne TV Show during this visit and remembered that he participated as a member of the audience when some unidentified individual made comments regarding the support all Negroes should give Senator ADAM CLAYTON POWELL regardless of his moral or personal standards. Mr. BUCKEL said he felt strongly that some of the statements made should be refuted and volunteered to participate in the rebuttal of statements made on the program.

Mr. BUCKEL said he could not recall specifically other parts of the program but did remember that there were some young men believed to be either Arabs or Jordanians who made comments relative to the conflict, in the Middle East. He could not recall any specific mention being made regarding ROBERT KENNEDY but indicated that due to the period of time which has elapsed it was only natural that anything said might be forgotton.

Mr. BUCKEL contacted his wife and after checking some personal records determined that this trip had occurred on the weekend of March 10-13, 1967, and indicated he had located a cancelled check dated March 13, 1967, with which he paid his hotel bill before returning to San Diego from Los Angeles. He said that to the best of his recollection he and his wife attended the JOE PYNE TV Show about 6:00 p.m. on Monday, March 13, 1967, following which they returned to San Diego. He stated the show was recorded at that time and he subsequently viewed this show at San Diego over the Los Angeles station on March 13, 1967.

BUCKEL said he could not recall any of the program participants specifically and could not state whether or not SIRHAN SIRHAN was present at the broadcast.

MARVIN E. PAPPAN, 3228 Northwest 14th Street, advised he is a barber in a two-man shop located at Northwest 11th Street and Harvey in Oklahoma City.

PAPPAN stated prior to the assassination of Senator ROBERT KENNEDY, some time last summer, he recalled an individual who came into the shop with another man believed to be a chauffeur, and indicated he had a violent dislike for Senator ROBERT KENNEDY, and would give a large sum of money to have KENNEDY killed.

PAPPAN advised this man was driving a light green Lincoln Continental, which he parked in front of the barber shop, and made comments about his "Lincolns".

PAPPAN stated the other barber had apparently cut this man's hair before, as after he had left, the barber identified him as "BIG BOY" RYAN, and stated he was reportedly a wealthy rancher from Ardmore, Oklahoma, or vicinity, and owned most of the land where the Arbuckle Mountains are located.

PAPPAN described RYAN as follows:

Race	White
Sex	Male
Nationality	American
Age	60s
Height	6' or more
Build	Large
Hair	Brown, turning white
Occupation	Retired oil man

PAPPAN stated he saw RYAN one other time during the rioting in the summer of 1968, at which time RYAN came into the shop and stated he was not afraid of rioters as he had several machine guns and carried one at all times in the back of his Lincoln.

PAPPAN advised he does not recall if the other barber, A. B. BREAKBILL, who owns the shop, was in the shop

The following information was received from the Oklahoma City Office:

It has been determined that "BIG BOY" RYAN is identical to IRL RHYNES.

RHYNES was interviewed at his ranch, East Jesse, Oklahoma. RHYNES was given a copy of "Your Rights" form, as well as a waiver of rights form and was explained certain rights as outlined. When asked to waive his rights and execute the form by affixing the signature thereto, he stated he would not sign the form at this time, based upon the advice of his attorney, but that he would answer any questions that may be asked. RHYNES stated further he understood all his rights as outlined on the form and had nothing to hide.

RHYNES was explained the basic organization and aims of the Minutemen organization, how they obtain funds and members and asked whether he had ever donated funds to an organization by that name or whether he had ever been a member of that organization. In answer to both questions RHYNES stated emphatically he had never been approached by them for any reason whatsoever and that he was not now or had he ever been a member of the Minutemen organization. In addition, RHYNES stated he knows he is considered a radical in his community and in the business world, not only in his politics but in the management of his business affairs, but that the only radicalism that he knows is "being radical for his country and for his farm". RHYNES stated further that based on the original aims of the Minutemen organization, that had they approached him during the early period of their development, he may have furnished them some funds; however, now, because of the stated aims of their leader, ROBERT DE PUGH, and other leaders, he would not give them a dime.

RHYNES was then made aware of the aims and objectives as well as the people who are backing the "Patriotic Party". RHYNES stated emphatically again that he had never been approached and that he was not now or had ever been a member of this

political party and had never contributed any funds to them. RHYNES was appreciative of being made aware of the aims of this party and the names of some of the members backing this party and stated that since their aims were not the same as his, he would not in any way allow himself to become affiliated with them.

At this point, RHYNES was made aware of Federal statutes concerning the possession of illegal automatic weapons and other machine guns. RHYNES stated he had never purchased machine guns or other automatic weapons, but that he had many weapons in his possession. Most of these weapons were shotguns and .22s utilized by his grandson and him, as well as friends who visit the ranch.

At this point, RHYNES took the interviewing agents on a tour of the house, displaying his vast collection of shotguns and shotgun ammunition utilized by hunting parties on his ranch. When asked specifically if he owned any M16 automatic rifles, RHYNES stated he did not own any M16 rifles but that he did have some AR 15's and would be happy to display them to the interviewing agents. These AR 15 rifles were then produced from under the bed in his bedroom, two in number, and were examined by the interviewing agents and found not to be of the automatic type. The fire control levers on both weapons had positions for safe and fire, but no positions for automatic firing. Both weapons were checked to see if they had been internally tampered with so they could be fired automatically and they were both found to be set up as delivered from the factory. RHYNES stated he possesses these weapons for protection of his household only and that any stories that might have accrued about him were probably as a result of his boasting at various times that he had some automatic weapons and that he would shoot people who trespassed onto his property. He knew this to be a falsehood, but he stated, "My mouth has got me in trouble before."

RHYNES was displayed Identification Orders 4176 on ROBERT BOLIVAR DE PUGH and 4181 on WALTER PATRICK PEYSON. RHYNES stated he had never met either of these individuals and that under other assumed names or any other circumstances he was sure he had not seen either of these men. RHYNES stated further that he would notify the FBI immediately if he should hear anything concerning either of these individuals.

On March 11, 1969, BURL GRIFFIN, Sheriff, Pontotoc County, Ada, Oklahoma, who is personally acquainted with RHYNES, advised SA J. ROBINSON FIELD that RHYNES is generally considered to be a big talker, is very boastful and his is not taken seriously by those who know him. It should be noted that when RHYNES was interviewed above, he admitted having firearms at his home but none of these firearms are considered illegal.

Mr. WISE stated that as he recalled, the individual stated that he had been in Chicago. The individual indicated that he had relatives in Chicago but that his father did not live in the country and lived in Egypt or in Arabia. PII

The individual further indicated to WISE that he had money enough to fly to California but that he wanted to save his money and buy a car when he got to California.

WISE stated that the individual never stated he had a gun but that several times he made motions as if shooting a pistol with his finger. WISE stated that he let this individual off on Riverside Drive in Tulsa, Oklahoma, at about 10:30 p.m. that night. WISE stated that he recognized the photograph on television and in newspapers of SIRHAN B. SIRHAN as the individual who he had picked up at Rolla, Missouri, and taken to Tulsa, Oklahoma. WISE noted that he and this individual were together approximately ten hours and that they did a great deal of talking. Mr. WISE stated the individual appeared to be very intelligent. WISE stated that he does not recall any threatening statements made by the individual nor anything concerning his background in Chicago. WISE

again noted that this individual had several times made reference to the fact that he had to be in Los Angeles on Monday night to meet the woman and two men and if he did not do this, he would have to go back to Kansas City. Mr. WISE further noted that his seven-year-old niece who had been riding in the car with them had recognized the man's photograph on television and had mentioned this was the individual who they had picked up. Mr. WISE advised that this matter had been on his conscience for nine months and that he was furnishing this information for whatever value it may be.

Information was received from the Oklahoma City Office that on April 4, 1969, DON WISE was re-interviewed at Bristow, Oklahoma:

WISE stated that he was positive that he picked up the individual he believed to be SIRHAN SIRHAN at about 1:00 p.m. on Saturday, June 1, 1968. Mr. WISE was shown the chart setting forth the activities of SIRHAN B. SIRHAN which indicates that he was in Los Angeles, California, at 1:00 p.m. on June 1, 1968. Mr. WISE stated that he is positive of the date and noted that it would be impossible for the person to be both places. Mr. WISE commented at this point that he had never seen a photograph of SIRHAN SIRHAN.

WISE was re-interviewed on April 8, 1969, at which time he was shown a photograph of SIRHAN B. SIRHAN. Mr. WISE stated that while the photograph looked somewhat like the individual he picked up could not have been SIRHAN SIRHAN. Mr. WISE pointed out that the person he picked up was definitely over 5'6½" in height, and noted that SIRHAN SIRHAN is only 5'3". Mr. WISE further noted that in view of the difference in height and the fact that SIRHAN was definitely placed in Los Angeles on the day he picked up the individual, he felt he must have been mistaken as to the identity of the hitchhiker.

On April 8, 1969, the photograph of SIRHAN B. SIRHAN was shown to Mrs. DON WISE at which time she advised this individual looked somewhat like the person she and her husband had picked up but noted that she could not say whether or not they were identical. Mrs. WISE noted that the person that they picked up definitely was taller than 5'6". Mrs. WISE stated she feels that she and her husband were mistaken as to the identity of the individual that they picked up and noted they were both extremely shocked at the death of ROBERT KENNEDY and may have let their imaginations get the better of their judgment.

The office of Senator EDWARD KENNEDY turned over to the United States Secret Service two letters that were written in June of 1968 and had been received by Mrs. ETHEL KENNEDY.

One letter was signed PATRICIA WELLS, 9521 East Avenue J, Houston, Texas and a true copy of this letter is set forth below:

TRUE COPY

Mrs. Kennedy,

I am deeply sorry about your husbands death. I don't know if you will get this letter or not but if you do If I were you I would sleep on what I'm going to tell you. I have reasons to say that the death of your husband and our late President John F. Kennedy was very carefully planned by the same man which is right under your nose. It seems to me that the police aren't going into it as they should. Also the police don't relize that it could be someone that acted as your friend. If I were you I would have it looked into, not by the police but by someone unknown and wouldn't be noticed being nosey. This is all I can write for now, if you would like more information please write me my address is:

Patricia Wells
9521 East. Ave. J.
Houston, Texas 77012

You may think that this is a crank but believe me it isn't a crank. This is no time for cranks. Maybe I'm wrong for telling you this information but I just can't keep it on my mind any longer, Please believe me for what I have told you In the name of god believe me!!

Yours truly,

Patricia Wells

TRUE COPY

The other letter directed to Mrs. KENNEDY was signed by a Mrs. A. WANTUCK, 412 South Hoover Street, Los Angeles indicated that she was ready to release the name and address of an individual who had spoken in a discouraging way against Senator KENNEDY.

The following information concerning PATRICIA WELLS was developed by the Houston Office of the FBI:

Patricia Wells, 9521 East Avenue J, Houston, Texas on January 28, 1969 advised a Special Agent of the FBI that she is sixteen years of age. She was born on [redacted] PII at Mobile, Alabama.

She stated that she does not know any member of the family of the late Senator Robert F. Kennedy or the late President John F. Kennedy. She advised that she has never even seen any member of the Kennedy family nor has she ever had any communication or correspondence with them.

Patricia Wells said that she did not write or type a letter to Mrs. Robert F. Kennedy in June, 1968 or at any other time. She said that if such a letter were written it was not by her and she suggested that perhaps some school acquaintance may have written such a letter using her name and address as a joke. She said that she was very much embarrassed by such a thing and regretted the necessity to look into the matter.

Patricia Wells said that she has a portable typewriter which she has loaned out on numerous occasions. She said that many people have had access to the typewriter which may have been used to write a letter to Mrs. Kennedy. She said that she has no idea who may have done such a thing and that she considers it a "poor joke".

The following physical description of Patricia Wells was obtained through observation and interview:

Sex	Female
Race	White
Date of birth	[redacted] at Mobile, Alabama PII
Age	16
Height	5'6"
Weight	110 lbs.
Hair	Black, worn long
Eyes	Brown
Complexion	Fair
Build	Slender
Characteristics	Wears glasses, quiet personality
Marital status	Single
Residence	9521 East Avenue J, Houston, Texas
Employment	Student - Milby High School, Houston, Texas

Mrs. Lois Grube, 9521 East Avenue J, Houston, Texas, advised on January 28, 1969 that she has a sixteen-year-old daughter, Patricia Wells, who lives at that address. Mrs. Grube said that she was certain that her daughter, Patricia Wells, had never written a letter to the family of the late Senator Robert F. Kennedy. Mrs. Grube said that Patricia Wells was born on [redacted] at Mobile, Alabama and is presently a student at Milby High School, Houston, Texas. PII She said that Patricia owns a portable typewriter, brand unknown, which was purchased sometime ago from a Western Auto Store in Houston. The typewriter is kept at the residence of Hazel Cravey, 7817 Detroit Street, Apartment 12, Houston, Texas, who is the aunt of Patricia Wells. Mrs. Grube said that Patricia stays with her aunt a considerable amount of time since Mrs. Grube is employed cleaning up new houses and is gone from home most of the time. Mrs. Grube said she has several children and they all have had access to the typewriter. Patricia Wells has loaned the typewriter to numerous friends on several occasions. Mrs. Grube said that she is certain that Patricia Wells does not have the imagination or drive to write a letter to the Kennedy family, none of whom she has ever seen.

Mrs. Grube said she is not living with her present husband who has three children of his own. She suggested that possibly someone else wrote a letter to the Kennedy family and signed Patricia's name as a joke. She said that if she obtains any information concerning the letter she will make the information available.

The following information was developed concerning Mrs. A. WANTUCK and the individual concerning whom she spoke in her letter:

On January 13, 1969, Mrs. Victor Wantuck, 412 South Hoover Street, Los Angeles, California, was interviewed by a Special Agent of the Federal Bureau of Investigation (FBI) with regard to the letter she wrote to Mrs. Ethel Kennedy on June 5, 1968, stating she possessed information concerning the shooting of Senator Robert F. Kennedy.

Mrs. Wantuck advised she wrote a letter to Mrs. Ethel Kennedy immediately after Senator Kennedy's death. Mrs. Wantuck said she felt there might be more persons involved in the shooting of Senator Kennedy than just Sirhan B. Sirhan.

Mrs. Wantuck advised that she was not making any accusations, but that there was a woman by the name of Arends residing on Occidental Street, Los Angeles, who worked for the Republican Party, who had said that Senator Kennedy would be shot before he could be elected President of the United States.

On January 13, 1969, Ethel May Arends, Apartment 8, 403 South Occidental Street, Los Angeles, California, was interviewed by a Special Agent of the FBI.

Mrs. Arends advised that she is the manager of the apartment house at 403 South Occidental Street. She said that she is very active in the Republican Party. She advised she possessed no information concerning any plot to kill Senator Robert Kennedy. She advised that she might have mentioned something to the effect that, in view of the assassinations of President John F. Kennedy and Dr. Martin Luther King, Jr., Senator Kennedy would be lucky to live long enough to take office as President in the event he were elected.

Mrs. Arends said she was very much upset over the murder of Senator Robert Kennedy. She said she could furnish

no information concerning Sirhan B. Sirhan, the accused slayer of Senator Robert Kennedy.

PHYSICAL EVIDENCE

Investigation developed information that STUS PRUSZYNSKI was present at the Ambassador Hotel, Los Angeles when Senator KENNEDY was assassinated.

The Royal Canadian Mounted Police informed that PRUSZYNSKI was interviewed on February 4, 1969 at Montreal, Quebec, Canada and at that time advised that he was a reporter assigned to the Senator KENNEDY campaign by Harper and Row, LTD., Publishers, London, W.C.I. He was only a short distance from KENNEDY at the time of the assault but pointed out, however, that he did not witness the assault.

He made a tape recording of the commotion and reaction of the crowd immediately subsequent to the assault which he made available.

A copy of the tape recording was forwarded to the FBI Laboratory for examination.

Results of Examination:

Qc36 was found to have been recorded at a non-standard speed on ½-track recorder and contained an interfering hum. A copy of Qc36 was made by playing back Qc36 on a variable speed recorder adjusting the speed for a natural sound and equalizing the frequency response to enhance intelligibility.

The submitted Qc36 and two copies made as described above are being sent to Los Angeles under separate cover via registered mail.

Dear Mr. Nixon,

I am 12 yrs. old and I am going in the eighth grade.

I read the newspapers and listen to the radio and watch T.V.

I know about Sirhan Sirhan. I think it is very wrong for them to kill him. He did wrong, I know, but you and the rest of the adults of the world are trying to teach us not to kill or steal and lie.

Why can't you at least ~~let~~ give him a chance. Give him a life sentence or something but dont harm him.

Spoke to Mr. Revercomb and recommended State do nothing. Contacted U.S.A. Matt Byrne and suggested inquiry of his attorney Parsons. Byrne will mention this to DAG Kleindienst who is out with him at a Judicial Conference in Seattle, Washington. Called State's Legal Dept. - Bob Neuman and so advised. He stated Secretary of State Rogers wanted to ignore the telegram and any contact with Sirhan should not be on behalf of State. No formal reply necessary.

Transmitted herewith is the text of a leaflet, which the Embassy received through the mail, concerning the trial of Sirhan Bishara Sirhan. It was signed by the "Palestine Women's Association".

The thesis of the tract is that Sirhan Bishara Sirhan's action should be looked upon as a political action directly linked to the struggle of the displaced Palestinian people to regain their homeland. The writer hopes Sirhan's action will not prejudice the reaching of an understanding between the American and Palestinian peoples.

Dear Mr. Nixon;

I doubt you will value or even pay much attention to my opinion, because I'm only 11 years old.

I have carefully followed the case of Sirhan B. Sirhan. I don't think anyone can possibly imagine the mental torture this man is going through.

Sure, he killed Kennedy. Kennedy had 10 kids, had a wife. He had friends & parents.

But can't you see Sirhan had friends, too? He

had a family. Have you taken a good look at Sirhan's mother lately? The sadness of millions of people is reflected in her grief-stricken face.

Sirhan realizes what he has done. He regrets it. And now he is doomed.

Murdering (yes, murdering) Sirhan won't bring Kennedy back to life. Any kindergarten graduate knows that. So what's the point?

If it is to punish him, what good is punishment to a doomed man? If you are going to stand by + let this be done, I don't think you are fit to be President, and frankly, not fit to be a man. One man is dead, why make it two?

Sincerly,

Dear Senator Cranston:

This is in reply to your memorandum of April 17, 1969, enclosing a letter from Mr. Jim Peacock, concerning the proper venue for trials of individuals charged with killing federal officials. Please excuse my delay in responding.

The Sixth Amendment to the Constitution secures the right of a person being tried in a federal court to be tried in the district in which the alleged offense was committed. Thus, where the United States has the authority to try the alleged killers of federal officials, the trial could not be conducted in Washington, D. C. unless the offense was committed there.

I am returning your enclosure herewith.

Enl

15 April 1969

Dear Senator Cranston,

I am not yet of voting age but will be in less than six months. I have sat by and watched two trials of public officials. I am speaking of the trial of Oswald and the recent one of Sirhan. Why were these trials held in the states of Texas and California. Yes I know that Oswald was never brought to trial but I understand that it would have taken place in Texas.

I feel that any public official such as congressmen and the President should have their trials in Washington D.C. By this I mean that if an ~~assassin~~ assassin is being held or an attemp on the life of one of these public officials the person or persons involved should be taken to Washington to stand trial.

I feel that it is not the people of California vs. Sirhan but the people of the United States.

Please give my idea some thought. It is a bill if passed that I hope we would never have to use. I am sure that I did not explain

myself too well but I hope that you understand what I am trying to say.

Sincerely yours

ASSASSINATION OF
SENATOR ROBERT F. KENNEDY
LOS ANGELES, CALIFORNIA

This is to advise that Sirhan Bishara Sirhan, a Jordanian national, has been identified as the individual who shot Senator Robert F. Kennedy at 12:15 a.m., Pacific Daylight Time, June 5, 1968, in the ballroom of the Ambassador Hotel at Los Angeles, California. The Senator subsequently died at 1:44 a.m., Pacific Daylight Time, June 6, 1968, at the Good Samaritan Hospital, Los Angeles.

After the assailant was taken into custody by authorities, he refused to identify himself or otherwise discuss this matter. He was shortly thereafter charged by the Los Angeles Police Department with intent to commit murder and held on $250,000 bond.

His brother, Adel Sirhan, notified authorities as to Sirhan's true identity. The FBI subsequently identified Sirhan's fingerprints as being identical with those of an individual by the same name which were submitted by the California State Horse Racing Board during 1965.

According to the Los Angeles Police Department, the weapon used in the assassination was an eight-shot .22 caliber Iver Johnson pistol. All eight shots were expended. Records of the California Department of Justice show this pistol to have been sold on August 10, 1965, to one Albert Leslie Hertz of Alhambra, California. It was subsequently traced by police authorities through several parties to one of Sirhan's brothers, Munir Sirhan.

ASSASSINATION OF SENATOR ROBERT F. KENNEDY

Sirhan Bishara Sirhan, according to records of the Immigration and Naturalization Service, Los Angeles, California, was born on [redacted] in Jerusalem, Palestine. His current address was given as 696 East Howard Street, Pasadena, California. Immigration and Naturalization Service records show he entered this country on January 12, 1957, with his father, Bishara Salameh Ghattas Sirhan, his mother, Mary, four brothers and a sister who is now deceased. His brothers, Adel, Munir, and Saidallah, are currently shown as residing with their mother and Sirhan at 696 East Howard Street, Pasadena, California. The fourth brother, Sharif, is a resident of Highland Park, California. His father allegedly resides now in Jordan. PII

Our Los Angeles Office reports that Sirhan Bishara Sirhan graduated from high school in Pasadena, California. He thereafter attended Pasadena City College, a junior college, for approximately two years, but did not graduate. He formerly worked as a race horse exercise boy and during September, 1966, sustained a head injury after falling from a horse. Interviews with his family indicate his behavior has changed considerably since this injury. Records of the State of California reveal he was awarded a settlement on March 27, 1968, in the sum of $2,000. His brother, Adel, advised the assailant has been unemployed for the past three months. When taken into custody he had $409 in cash on his person.

During a search of his room in the Pasadena family home numerous items, including notations advocating the overthrow of the President of the United States and statements alluding to the necessity for assassinating Robert F. Kennedy, were found. According to United States Attorney William Matthew Byrne, Jr., Central District of California, who had been in contact with the office of the Los Angeles County District Attorney, this material should not be disclosed publicly prior to the trial nor should it be made available to unauthorized persons since it could have a serious adverse effect upon successful prosecution in either Federal or State court. One handwritten page bearing the date May 18, 1968, 9:45 a. m., contains numerous notations among which are "My determination to eliminate RFK is becoming more the more of an unshakeable obsession." "RFK must die - RFK must be killed. Robert F. Kennedy must be assassinated." Another page contains the handwritten statement that "The so-called President of the United States

of America will be advised of their punishments for their treasonable crimes against the state. More over we believe that the glorious United States of America will eventually be felled by a blow of an assassin's bullet."

A third page contains the following statement. "Ambassador Goldberg must die die die." Repeated numerous times on this same page appears "Goldberg will be illiminated."

Page four contains the statement "Kennedy must die - Kennedy must fall," which is repeated numerous times.

Page five contains the statement that "RFK must be disposed of like his brother was."

The statement "I advocate the overthrow of the current President of the (obscene) United States of America. I have no absolute plans yet - but soon will compose some" appears on page six.

Page seven contains the statement "Well, my solution to this type of Govt. today is to do away with its leaders and declare anarchy, the best form of Govt. or no Govt."

On page eight appears the statement "I believe that I can effect the death of Bert C. Altfillisch," who was the employer of Sirhan at the time he was thrown from a horse during September, 1966.

Also appearing was the notation "Robert F. Kennedy must be assassinated before 5 June 68."

In addition, a source who has furnished reliable information in the past and who is an active member of the Communist Party in California advised that he received information from an associate of Sirhan's to the effect he was extremely anti-Semitic in his views, was in favor of the Vietcong and supported some Communist Party ideals. Sirhan, according to this source, had been thoroughly briefed on Communist Party activities at the University of California at Los Angeles within the last two weeks. Although it was reported to this source that an attempt had been made to recruit Sirhan into the Communist Party, Sirhan allegedly has not engaged in any Communist Party activities.

ASSASSINATION OF SENATOR ROBERT F. KENNEDY

Investigation by the FBI is continuing in order to determine the full facts surrounding this situation and in order to ascertain if Sirhan acted alone.

Dear Sir,

I was watching television and I could not help but to write concerning the murder cases that have gone to court recently. I understand Goldwatr also Edward Kennedy have requested in a message to Gov Reagan that the life of Sirhan be spared. Well, sir please tell me and the world that has been keeping up with these cases, what is the difference between one murder and another? for instent we have Sirhan who premeditadidly killed a U.S. Sentor, while James E Ray killed a non violent minester the Rev King, who trying to bring a better America in his fight to bring the races togeather. Now sir we come to Ahmid Evans convicted of killing three polic emen and a by stander but aperson no matter how many people a person kill he can only die once for thencrimes, so Mr Ray got life for killing Rev King with chanches of a shorter sentence or parole, later, Sirhan, well everyone is trying to get him off the hook, But now Amid Evans must die and that is all there is to it Why ??? because he killed?? or because he killed white people ?? or because he s black? ??? These questions shouldbe answered at the Attorney Generals office before this man Ahmid Evans is put to death, and made public why some people can kill get away but only certain ones must face the grim death ahead.

I am not taking up for no one party but I beleive everyone that takes A human life in the course of murder regardless of race or color should walk the same path wheather it be life in prison or death in any way.

I also am surprised at Goldwater + Ed Kennedy for trying to tanper with justic we Americans Hate to see any one die, but justic must prevail.

Reference is made to your letter dated February 25, 1969, captioned "Assassination of Senator Robert F. Kennedy on June 5, 1968," and Bureau memorandum dated April 24, 1969, at Los Angeles, California, captioned "Sirhan Bishara Sirhan," a copy of which has been previously furnished recipients of this letter.

In connection with requests contained in referenced letter of February 25, 1969, the following points not covered in referenced memorandum of April 24, 1969, are set forth for your information.

Copies of all reports of the Los Angeles Police Department pertaining to the Walter Crowe aspect of instant investigation have been furnished your office.

The individual named "Bill" referred to on page three of referenced letter of February 25, 1969, is identical with a source of this Bureau known to your Department as confidential informant 20L (Los Angeles). This source has been previously interviewed by Department Attorneys in connection with proposed Subversive Activities Control Board hearings scheduled to be held in the Los Angeles area.

There is no information presently available indicating that Walter Crowe ever traveled outside the continental limits of the United States.

Investigation to date has not disclosed that a communist conspiracy has existed in the relationship between Sirhan Sirhan, Walter Crowe and the assassination of Senator Robert F. Kennedy. Interviews of members of the Communist Party (CP) Club to which Walter Crowe belonged were not conducted as: confidential informant 20L (Los Angeles) is a member of this CP Club and is cognizant of pertinent activities occurring within the Club; it is felt that these interviews, if conducted, might possibly jeopardize the

effectiveness of confidential informant 20L (Los Angeles) who is scheduled to testify before the Subversive Activities Control Board against one of the members of this club, and, finally, should information concerning interviews of this nature reach representatives of the mass media genesis may be given to a new wave of speculation that a conspiracy may have existed in this matter. If you desire that these interviews be conducted, please advise.

There is no information available indicating that Thomas Good was ever a member of the CP in the Southern California District. He has been reliably reported as being a CP member of a CP Youth Club located in the Northern California District.

Regarding the whereabouts of Thomas Good during the period mentioned in referenced letter of February 25, 1969, unsuccessful efforts were made to contact Good at his place of residence on the afternoon of June 5, 1968. Fellow students advised that his whereabouts at that time was unknown, but added this was not unusual as he was frequently away from his room without explanation. It was later determined that Good had returned to his room sometime during the evening or morning of June 5-6, 1968, but had departed early June 6, 1968, leaving a phone number at which he could be reached during the day. Inquiry at San Jose State College on June 6, 1968, indicated that Good was then enrolled in a course which did not meet at regular times and did not require the student to be on the campus at any particular time.

Pertinent information concerning the travel of Thomas Good to Havana, Cuba, in the Summer of 1968 is contained in San Francisco report of Special Agent Malcolm E. Sample, dated March 5, 1969, concerning Good, a copy of which has been previously furnished recipients of this letter.

TRUTH LETTER

An Antidote to Official Mendacity and Newsfaking in the Press

Vol. I, No. 17 May 15, 1969

EDITORIAL: Nixon, get rid of J. Edgar Hoover before he gets you.

Was "Truth Letter" Unfair to the Kennedys?

In response to my article "The Shame of the Kennedy Clan" (TL, May 1st) I have received a communication from a source evidently in close touch with the Kennedy family which earnestly questions my conclusion that the Kennedys' total lack of reaction to the outrage of the Sirhan trial indicates that they must be either fools, or cowards, or just plainly indifferent to the crimes of Dallas and Los Angeles.

My informant points out that there is a fourth possibility which I failed to take into account, to wit that the Kennedys, well aware of the true facts, the background and the inspiration of the two murders, and determined to bring the culprits to justice, are just biding their time for tactical reasons and will strike back when the moment is ripe. In raising this point, which I evidently did not overlook, but have had so far no reason to credit, my informant strongly suggests that a surprise move by the Kennedys that will throw the conspirators into a panic may be just around the corner.

I still can't bring myself to believe that the surviving members of the Kennedy clan will have the guts to do something drastic to end the intolerable status quo of total deception, but I'll keep an open mind, for I'm rather impressed by the communication I have received. If the Kennedys are really working hard but clandestinely to expose the real assassins of the President and the Senator and to avenge the two murders - hurrah and more power to them!

One Down, Two More to Go

TRUTH LETTER today is able to reveal the name of one of three Southern businessmen with KKK affiliations who conspired to arrange and pay for the assassination of Dr. Martin Luther King. He is, or rather was, Leander H. Perez Sr., multimillionaire, longtime boss of Plaquemines Parish and a kingpin of Louisiana politics. The "Judge," as Perez was called by friend and foe, was an out-and-out aggregationist and, though a registered Democrat, an ardent supporter of former Governor George C. Wallace of Alabama. In the spring of 1967, Perez and two like-minded friends - one a fellow New Orleans businessman, the other a Mississippian - got together to recruit a couple of professional thugs who would take care of Dr. King. For a handsome fee, the trio were able to enlist the services of an experienced marksman who had already taken part in the Dealey Plaza ambush, in which President Kennedy was slain, and who now was using the cover name of "Eric Starvo Galt." This fellow was quite willing to commit a second murder, but he wasn't going to take the rap if anything happened to go wrong. So it was decided to bring a decoy into the game and that part fell to James Earl Ray whose "escape" from the Missouri State Penitentiary was also arranged and paid for by Perez and his two accomplices.

CIV RIGHTS DIV.

In the preparatory stage of the crime, Ray also assumed the identity of "Eric Starvo Galt," in order to shield his accomplice, the real killer and to throw off potential pursuers. In the end, however, Ray was doublecrossed by his alter ego and forced to take the rap for a murder he did not commit (for the full details of this fantastic imbroglio, see "The James Earl Ray Hoax!")

Perez, perhaps not the mastermind but certainly the chief financier of this operation, suddenly died on March 19, 1969, at his sumptuous estate outside New Orleans, allegedly of a heart attack. As he was 77 years old, the possibility that this was for once a genuine heart attack evidently exists. On the other hand, in view of the ever-lengthening chain of suspicious deaths that has followed the three great assassinations, the possibility of foul play cannot be ruled out either. Here is wishing more of the same for Perez' accomplices in plotting the dastardly Dr. King murder!

Who Is James Hepburn? (ctd. from TL 14, p. 3)

Even as I pondered the matter and contacted various potential sources of information for further enlightenment, the mysterious James Hepburn quite unexpectedly popped again into the picture. Indeed, on Oct. 20, 1968, Bild am Sonntag published an article entitled "Why Does America's Jackie Marry the Greek Onassis?" which carried the by-lines of James Hepburn and Goesta Schilling. The latter is a staff correspondent of the paper. The way the story was handled made it clear that the bulk of the information contained in it came from Hepburn while Schilling had been instrumental in rewriting and editing it for the purposes of the German paper. Significantly, at the end of the article, there was this copyright notice: "Copyright Bild am Sonntag and Frontiers Publishing Company, Geneva."

The article was curiously bitter about Jackie Kennedy. It seemed to reflect the feelings of a person who had once idolized this woman but in the end had become thoroughly disillusioned with her. (Could "James Hepburn" really be William Manchester? I wondered for a fleeting moment). In any event, and unless an extraordinary amount of fakery was involved in the case - a possibility never to be excluded altogether in such matters - it was evident that the writer had known Jackie and her surroundings well. He described her as a spoiled, petulant woman without class or tact who treated her staff arrogantly.

"When the Kennedys visited Paris," Hepburn wrote, "a high-ranking official of the Quai d'Orsay (French Foreign Office) remarked: 'The President himself has shown himself to be a great man but one got the impression that he was taking out his secretary for the first time.'"

Again, on Nov. 9, 1968, Bild am Sonntag published this item:

"Jackie is selfish, tactless, not really pretty, rather a bit vulgar, spurious, typically nouveau riche, anything but a First Lady. This devastating portrait is painted... by James Hepburn who is reputed to be an intimate friend of the Kennedy family..."

My curiosity about James Hepburn more and more aroused, I wrote on Feb. 2,1969 a letter to Frontiers Publishing Co., Vaduz, Liechtenstein (the imprint carried by the German edition of his book) to inquire where I might be able to obtain a copy of the original English version of "Farewell America." A few days later this letter was returned to me unopened with a postal notice indicating that the addressee was "unknown" in Vaduz. Liechtenstein is a tiny country with many corporate offices registered there only for tax purposes, none of which escapes the attention of local officials. If there was such a thing as a Frontiers Publishing Co., Vaduz, Liechtenstein, my letter surely

would have reached them. The fact that it did not proves that the outfit is a phony at least in so far as it pretends to be a registered Liechtenstein corporation.

On the same date I wrote to Vaduz, I also addressed to Herr von Wehrenalp, head of the Düsseldorf publishing firm, a long letter in which I pointed out that the information given about the author on the jacket of "Verschwörung" was unusually scanty and seemed to be, moreover, deliberately misleading. In what I must confess was at least in part a fishing expedition, I wrote: "According to information I have received from various sources, there is no James Hepburn; rather, this is the cover name of a group. The Kennedys disclaim any knowledge of such a person. There are indications that the book was really written by a number of people affiliated with the French intelligence service (S.D.E.C.E.) which is known to be better informed about the Dallas murder than anyone else..."

In conclusion I asked Herr von Wehrenalp to tell me specifically where and on what date James Hepburn was born; what his nationality and place of residence were and how I could reach him. I also inquired about the way the Hepburn manuscript had reached the German publisher and whether there were any previously published books by this author.

Judicial Farce on the Instalment Plan

So Sirhan now has added another glamor name to his star-studded cast of defense lawyers. His appeal from the death sentence is to be handled, it seems, by Melvin Belli of "Dallas Justice" fame. And what, if one may ask, is Sirhan using for money to pay for the services of the great Belli? In contrast to Jack Ruby, Belli's last notorious client, Sirhan is a pauper pure and simple who couldn't pay half an hour's worth of legal consultation out of his own pocket. Who, then, is paying the astronomical fees such "high-priced defenders" (cf. TRUTH LETTER, No. 10, p. 5) as Messrs. Grant Cooper, Russell Parsons, Emile Zola Berman and now Melvin Belli normally charge?

The law rightly provides for free legal assistance to needy defendants, but it does not give them the right to pick the cream of the profession, or even a whole quartet of topflight attorneys at state expense. Nor is it in the least believable that men like Belli, Berman, Cooper and Parsons would really volunteer their services, least of all in a cut-and-dried murder case leaving no room for a dramatic demonstration of innocence. American lawyers aren't that unselfish (nor are their colleagues elsewhere). Obviously, then, someone else is picking up the tab for Sirhan's costly defense, which is already running into hundreds of thousands of dollars.

Who could have an interest in putting up such a huge amount for the defense of an assassin caught red-handed? Who can spend lavishly for any purpose without ever having to account for expenditures? Who but the CIA?

As long as there is no plausible explanation from any quarter as regards the origin of the vast funds that have been available for Sirhan's defense, the suspicion is warranted that all or most of it has come through one or the other of the CIA's innumerable "conduits." Taking into account Sirhan's background as a CIA agent - already documented in TRUTH LETTER - and the manifest reluctance of the news media even to touch on this matter, the suspicion becomes a certainty.

This issue of TRUTH LETTER comes to you from France where the CIA cannot intercept mail or monitor telephone conversations as effectively as it can in Germany.

READERS' FORUM

Mrs. Grace P. Vale of 7551 Byron Place, St. Louis, Mo. 63105 has sent me copy of a letter originally addressed to the St. Louis Post-Dispatch but which that august leader of newsfakers apparently failed to publish. Here are some excerpts of that letter:

"It is nice to note that the massive amount of overkill directed at discrediting the District Attorney of New Orleans which appeared in your editorial 'Verdict at New Orleans;' the editorial you reprinted from the Wall Street Journal, 'Trial by Publicity, Indeed;' and similar editorials appearing in concert across the country, with the same specious humbug and seemingly ghost-written by the same hand, did not have the desired effect and has been ignored by the American people.

"This was made evident last week by a radio talk show. One women calling was concerned that the truth about the assassination of President Kennedy would not be made known because of the acquittal of Clay Shaw. Apparently the Warren Commission conclusions were not considered relevant. They were referred to once as being completely illogical, but the gist of the conversation was whether the truth would be made known.

"Your statement that 'it remains a fact that neither Mr. Garrison nor anyone else has produced a shred of solid evidence to refute the conclusions of the investigating committee headed by Chief Justice Warren,' indicates that you have been misinformed. There is photographic evidence backing eyewitness testimony that shots were fired from the front as well as the back. And this was clearly brought out in evidence at the Shaw conspiracy trial.

"The press didn't publish outside of the New Orleans area any of the testimony brought out in the cross examination of Mr. Shaw such as the fact that he knew two of David Ferrie's roommates, one of whom was apparently using the name of Leon Oswald. Nor was it published outside of New Orleans that the house to which Mr. Spiesel led the judge and jury in the French Quarter was one that Mr. Shaw admitted had formerly belonged to him and was next door to an almost identical house which had also belonged to Mr. Shaw as late as 1963 which is when Mr. Spiesel said the party he attended that was hosted by Mr. Shaw took place.

"When the trial was over and Mr. Shaw had been so luckily acquitted, it was obviously decided to direct this massive smear attack on Mr. Garrison's character in order to divert attention from the fact that the Warren Commission's conclusions had been completely demolished.

"Headlines across the country proclaimed, 'American Bar to Seek Probe of Garrison!' However, few of the television networks or newspapers reported the following retraction which appeared in small type in the Times-Picayune, 'The whole story is inaccurate,' the American Bar Association president said. He was also quoted as saying that Garrison's witnesses 'must have been pretty good or the grand jury would not have indicted Shaw.'

"In the attempt to discredit this district attorney who had the courage and integrity to fulfil the duties of his office... many others were maligned including the three judges who ruled that there was cause to try Mr. Shaw; the jury of citizens who also ruled there was cause...the judge whom both the prosecution and the defense said tried the case fairly and who twice ruled that the case should not be dismissed but should go to the jury; and all of the state's witnesses who testified against Mr. Shaw... and many others who were unfairly smeared in order to keep afloat the Warren Commission conclusions. It seems to me that this is not acceptable in the United States."

Note: The points so eloquently made in this letter by Mrs. Grace P. Vale, and others relevant to the case, will be explored in depth in "Highlights and Lessons of the Clay Shaw Trial" beginning in the next issue of TRUTH LETTER.

The new book by JOACHIM JOESTEN **TRILOGY OF MURDER**
An analysis and interpretation of the John F. Kennedy, Robert Kennedy and Dr. Martin Luther King assassinations. - Copyright by J.Joesten,1968-69
(ctd. from No. 16)

The witness added that a woman he spoke to told him she had also seen the young man with the package (not Sirhan) earlier in the evening.She had noticed him because he was acting strangely. This is probably a reference to the natural state of agitation in which all of the potential assassins must have been as the decisive moment approached, for the lot of having to carry out the assassination could have fallen to any one of them, according to which way Kennedy went. They all must have known that the one who had to do the job would be practically lost, as Sirhan was, and so naturally they were excited and "acting strangely."

Strain described the five young men he had seen making their exit through the front door of the ballroom, four of them carrying a "wounded" fifth on their shoulders, as having dark hair and looking very much like Sirhan. He thought they were Latin Americans, but it is far more likely that they were all Arabs. This assumption, indeed, is inherent in the nature of the plot as it subsequently developed. For, the "motive" immediately attributed to Sirhan by the authorities and the news media, evidently following a prepared "tipoff" that was in effect an order (emanating from Mayor Sam Yorty) purported to be anti-Zionist fanaticism and resentment at Robert Kennedy's allegedly pro-Israel stance.

Far-fetched and spurious as this "motive" was, it was the only one the plotters could dream up that had any semblance of validity at all;without it, the real motivation for the crime, i.e. political assassination committed by hired thugs in order to remove a dangerous candidate from the threshold of the presidency, would have become too clearly discernible. This bogus motive, therefore, had to hold good regardless of which one of the six assassins who lay in wait for Kennedy in various parts of the hotel did the job and therefore they all had to be Arabs.

Nor is this purely a matter of speculation, for there exists,indeed, cogent testimony to the effect that other Arabs were involved in the planning of the crime, alongside of Sirhan. Before we turn to this matter, however, and in order to dissipate the false notion, deliberately spread by the newsfakers, that the Los Angeles police did a thorough and honest job of investigating the Robert Kennedy murder, it must be pointed out and stressed that none of the three all-important eyewitnesses [redacted] - were called before the grand jury which met on June 7 to indict Sirhan. Although all three men had promptly told the police what they had seen and heard, they were simply shunted aside as unwanted witnesses because their testimony did not fit into the pattern of the lone assassin version ("no evidence of conspiracy") which was already being accredited by the authorities and the news media. The same thing also happened to another key witness we must now turn to. He is the Rev. Jerry Owens, a Baptist evangelist from Orange County, Southern California, whose story was first reported in an Associated Press dispatch from SanFrancisco, dated June 30, 1968, which did not, however, give him his real name, but called him "Jones," and then again in greater detail in the National Enquirer. Here is the gist of what the Rev. Owens experienced and after the murder of Robert Kennedy told the Los Angeles police who recorded his story - and then ignored it:

TRILOGY OF MURDER

An Analysis and Interpretation of the John F. Kennedy, Robert F. Kennedy and Dr. Martin Luther King assassinations

by

JOACHIM JOESTEN

Author of more than 40 published books on current affairs, including eight on the assassination of President Kennedy

==========

In the past six years, America has witnessed three political assassinations of nationally and internationally prominent leaders - two of them within a few months of each other. The victims - President John F. Kennedy, Senator Robert F. Kennedy and Dr. Martin Luther King - all were fighting Liberals, champions of civil rights and social justice and men of peace.

Did it ever occur to you that there might be a hidden link between these three murders of so obviously kindred personalities? That there might be a meaning and significance in their successive elimination from the political scene? That there could be a pattern of assassination that has become an integral part of the political process in America?

No doubt these thoughts have occurred to you as to many other thoughtful, discerning people with a sense of history. You have felt uneasy, beset by doubts, deeply troubled. After a while, though, you have accepted, reluctantly perhaps, but nevertheless, what the authorities and the press kept hammering into your head - that there was "no evidence" of a conspiracy, that these murders were the handiwork of unbalanced, fanatical assassins, each operating entirely on his own - Lee H. Oswald, James Earl Ray, Sirhan B. Sirhan. Sooner or later you were bound to succumb to the relentless pressure of the best-organized and most efficiently executed brainwashing operation in history. Conformism and consensus got the upper hand over your critical faculties and historical training.

Well, start thinking again. Use your inalienable right as a free and educated person to examine official pronouncements critically, to test what you read in the papers by the standards of academic insight and experience, to dismiss false pretenses and to search for the truth.

Politicians, journalists and the general public - not only in America, but on a world-wide scale - have been duped en masse about the assassinations by a machinery of deception unmatched in scope, power and resources. Historians and political scientists worth their salt will not be thus deluded! They will want to view events in perspective, probe for the true facts, explore hidden meanings and draw their own conclusions. If you are one of them, you cannot afford to miss this shocking eye-opener:

TRILOGY OF MURDER

TRILOGY OF MURDER provides you with something you are not likely to find anywhere else, no matter how far and deep you range in your quest for information among published works: the uncensored facts about each of the three assassinations; the true background and associations of the real or presumed assassins; the whys and wherefores of seemingly implausible events - in a word, the basic research materials and tools of your trade as an independent historian or political scientist.

TRILOGY OF MURDER is not yet, and will not be for some time, a regularly published trade book like the other 40-odd works of Joachim Joesten. For, in the present climate of public opinion, it would be too hazardous for any commercial publisher to bring out a book which with such brutal frankness exposes the official falsehoods covering up the three great assassinations. For the time being, therefore, TRILOGY OF MURDER consists of three volumes and a supplement published by the author himself in mimeographed form. Due to various circumstances, publication of the three volumes cannot take place in strictly chronological order. Yet they all form a whole, with the emphasis throughout on the common denominators, the common pattern - and the common inspiration.

The first volume published is:

(I) The Greatest Police Fraud Ever

THE JAMES EARL RAY HOAX

Published even before the farcical 2-hour-trial at which James Earl Ray falsely pleaded guilty to the murder of Dr. King - he has since retracted this plea which had been forced upon him - this volume demonstrates in ample detail and on the strength of cogent evidence suppressed by the authorities that Ray was not the killer of the famous Negro leader, but only a decoy used by the real murderer. In the course of a fantastic imbroglio - documented step by step in this report - Ray then was framed by his accomplices and thrown to the wolves, with the FBI callously conniving for "reasons of state".

The James Earl Ray Hoax consists of three parts, the first two of which were published in the spring of 1969; a third part, designed to bring the story up to date through the "trial" in Memphis and Ray's plea for a new trial, is due to be published in the summer of 1969.

(II) Coming in the summer of 1969

HIGHLIGHTS AND LESSONS OF THE CLAY SHAW TRIAL

Contrary to the deliberately false impression created by the news media, and in spite of the defendant's acquittal, the trial of Clay Shaw in New Orleans in no way vindicated the Warren Report - far from it! As a matter of fact, the evidence presented at this trial has conclusively demonstrated the reality of a massive conspiracy which led to the crossfire ambush of President Kennedy on Nov. 22, 1963 in Dallas, even though District Attorney Jim Garrison failed in his attempt to connect Clay Shaw with it.

In this volume, the author painstakingly examines the complete transcript of the proceedings (of which only some fragments have been published so far in the daily and periodical press and these only in the most one-sided and biassed manner possible) and draws thoroughly substantiated conclusions.

(III) Scheduled for publication in the fall of 1969

A Mockery of Justice - How the Sirhan Case Was Rigged

Sen. Robert Kennedy fell victim to the bullets of a paid assassin - one of several who were stationed that day in various parts of the Hotel Ambassador with orders to kill the frontrunning presidential candidate at all costs, no matter which way he went. Not only has the massive evidence to that effect been suppressed by the authorities and the news media, but they have also hushed up Sirhan's background as a veteran CIA agent and have falsified his motivation by introducing a totally fictitious "anti-Zionist" motive. The real reason for the murder was fear that Robert Kennedy, if elected president, might conduct a new investigation of his brother's death and punish the real assassins of President John F. Kennedy.

(IV) An indispensable supplement:

The Case Against J. Edgar Hoover (in the Assassinations of President John F. Kennedy, Sen. Robert Kennedy and Dr. Martin Luther King)

How the head of the FBI became the chief architect of three coverups and why he did his best to protect the guilty, instead of exposing them

Dear Sir - May, '6

Can't someone object to the plush carpet treatment of assassins?

Any inconsequential punk who dares to kill, gets such attention, such legal coddling — that others may be enticed to do the same.

As part of our national leaders' security — local courts might be admonished to cut out the fancy service to killers

If they kill less important, they don't get special care, so "higher ups" are the game.

Alcohol's Effect on Sirhan

Los Angeles

In a jail cell experiment in drunkenness, Sirhan Sirhan went berserk and became like "a wild beast,' a defense psychiatrist testified yesterday at Sirhan's murder trial.

"I think he thought he was back at the Ambassador Hotel, Dr. Eric Marcus told a jury trying the 25-year-old Jordanian for his life.

It was in the Ambassador that Sirhan fatally shot Senator Robert F. Kennedy last year. The defendant has said he was drunk at the time and is unable to recall the killing.

COCKTAIL

Marcus said that in the test Sirhan was given six ounces of alcohol in a Tom Collins cocktail.

"Psychologically he went berserk . . .," the psychiatrist said. "He was extremely agitated and restless and cursing and had to be physically restrained.

"He kept grabbing at his throat. He said 'What the hell is going on here?' He thought he was choking. He said, 'I'll get even with those Jews.'

ENOUGH

"I think he thought he was back at the Abassador Hotel. Then he started talking about how 20 years were enough for the Jews, and Kennedy didn't have to help them . . .

"He never said he killed Kennedy. He kept talking as though Kennedy were alive. He said, 'That bastard isn't worth the bullet.' With all my prodding he never said he killed Kennedy.

"The alcohol triggered off some sort of an irritation. He became sort of like a wild beast."

It was pointed out to Marcus on state cross examination that, aside from Sirhan's own statement that he was drunk, there was no testimony during the trial that he actually was intoxicated.

"Idon't assume he was intoxicated at the time he committed the offense," Marcus replied. "I assume he had some drinks. I also assume the shock of his apprenhenion had a sobering-up effect.

"It is my assumption that with a lot of alcohol he does the same sort of thing,only more so, that he does with a little alcohol."

Under cross examination earlier, Marcus conceded it was "quite possible" Sirhan was lying when he claimed he could not remember the June 5, 1968, shooting.

Dear Senator:

This is in response to your inquiry on behalf of Geoffrey Gordon, who is a student at Norup Junior High in Oak Park, concerning the trial of Sirhan Sirhan for the assassination of Senator Robert Kennedy.

Sirhan was prosecuted by the California authorities, not by the Federal Government. We therefore have no official information concerning the case. We understand that Sirhan, who was sentenced to death, is appealing his conviction in the State courts. Perhaps the District Attorney in Los Angeles can provide you with official information.

Mr. Gordon's letter is returned herewith.

Sincerely,

Sirhan Sirhan?

Dear Senator Hart

I am 15 years old and a student at Norup Junior High in Oak Park. I am very interested in law, and hope to become a lawyer someday..
This evening at dinner, I asked my parents what ever happened to Sirhan Sirhan, the man who shot Robert Keneddy. They really could not give me any kind of an answer except to say that he is still in jail and they think he was found guilty. Is this so. If he is guilty, then what punishment is coming to him.

I do not understand why it took so long to get him to trail when so many people actually saw him do it.

Can you give me any information on this as I would like to find out "what happens next"

I hope you will find the time to answer this letter.

Sincerely

Geoffrey Gordon

SIRHAN BISHARA SIRHAN

On October 12, 1971, information was received from the Immigration and Naturalization Service (INS) at Los Angeles, that Saidallah Bishara Sirhan, brother of Sirhan Bishara Sirhan, had requested INS at Los Angeles, to issue a certificate showing that he is an alien.

Saidallah Sirhan advised INS that he needs the certificates in applying for a Jordanian passport for travel to Jordan, however, he plans to return to the United States at some future time to apply for United States citizenship.

INS did not have information as to when Saidallah Sirhan is departing from the United States, where he will reside in Jordan or when he will return to the United States.

INS indicated that they were planning to issue the above certificate.

Mr. Thomas Kane,

July 26th, 1971.

Dear Mr. Nixon,

Three years or so ago, a character named Sirhan Sirhan, boldly shot Senator Robert Kennedy in front of several wide-eyed witnesses, yet this murderer is still kicking around some cozy jail, waiting for his greedy lawyers (I bet the lawyers are of the typical Jewish brand, too) to perform a big miracle.

Just what the hell is the matter? Some people should be entitled to an attorney, but a very obvious criminal like Sirhan should be taken care of in a hurry by some competent judge, magistrate or even somebody in an authorative position like yourself - too hell with the red tape.

Once you Americans start having logical justice and not loophole justice, I think you will find people regaining a good portion of their lost sanity, self-respect and security.

Remember, if people think and behave logically there will be a much pleasanter existence.

I am not fooling.

Tom Kane.

Dear Mr. President:

I'm only a twelve year old girl but I'm concerned about the problem of killing. Somebody kills someone then they get put in jail for a period of about ten years. Then they are out of jail and out in the streets making more trouble.

For example, Sirhan Sirhan murderd Senator Kennedy. He's supposed to be in a jail but it sure dose not sound like a jail. He's living in a better house than many people have.

In the Bible it says if somebody kills somebody, He would get killed too.

But I know you are all for Law and Order and there are many against you. But I'm not.

Keep up the Good Work.

Dear President Nixon,

My name is Susan Weinberg, I am 14 years old, I go to Mark Twain Junior High School in Venice California.

I just got through listening to the new record called, "What the world needs now." In it it talks about how Martin Luther King was assassinated, how John Kennedy was assassinated, and how Robert Kennedy was assassinated. I heard on this record that when a man asked a child what hatred, bigotry and segregation is, the child did not know! At the end of the record the man asked the child if he knew what prejudice is, the child said, "I think it means when somebody is sick," and that child is absolutely right!!! All through that record I cried and cried! Please tell me why these people must do this???? What about Sirhan Sirhan? The people of the United States are paying for his food and clothing and most probably he has an air conditioned cell!! We all know that he assassinated Robert Kennedy, in the meantime he is living instead of Robert Kennedy!! Don't you think it should have been the other way around??? Why is this man, no not a man , an animal still living? I know this is only one person that is talking out but can't you do something about it. All Sirhan Sirhan is doing is noting but wasting our parents and our money.

It seems to me a great disservice to the American people not to have electrocuted the murderer of Robert Kennedy. His being able to stay alive only invites other persons to shoot and kill politicians or respected leaders of our nation.

Only courageous little Israel shows the strength and conviction of how to handle murderers and blackmailers. When too shall American leaders show the courage of putting these people in the electric chair where they rightfully belong?

REC'D NOV 6 1970

Dear Henry:

The details of the Sirhan Sirhan case are extremely important to me, and I can think of no better vehicle than the United States Congress and Senate to obtain the answers to questions I am outlining below:

1) How much taxpayer's money has been spent on Sirhan to date exclusive of the $900,000 spent on his trial in Los Angeles;

2) The amount of federal funds being used to subsidize his family due to the cruelty imposed upon them by the press;

3) Why the legal intanglements posed by Sirhan's lawyers cannot be brought up and answered immediately so the death penalty can be imposed either in San Quentin or another appropriate institution.

In summary, I'd like to know the exact expense incurred by the government to date, what the future holds, when we can expect some action and exactly what the United States government plans to do with the man who has been accused of the assasination of Robert F. Kennedy.

Thanks for your indulgence. I'll look forward to your reply.

JFK Was Dying Man When Assassinated, Says HOF

ZARFPRATH, N.J.—John Kennedy was dying from Addison's Disease at the time of his assassination, according to the Nov. 13 issue of Herald of Freedom.

A recently published book, "The Pathology of Leadership," by Dr. Hugh L'Etang, a London surgeon and editor of the British medical journal, "The Practitioner," has revealed that by 1961 the cortisone treatment which JFK was taking for the disease caused such a swelling in his cheek that the president admitted:

"The doctors say I've got sort of a slow-motion leukemia, but they tell me I'll probably last until I'm 45." (At the time he was 1.

While projecting the "image" of youthful vitality, Kennedy was actually a dying man when the American people elected him. Kept secret from them was the fact that he was taking the cortisone treatment. In a gigantic hoax, the public was told that Kennedy was crippled by wartime injuries and a movie was released by Hollywood to help bolster this fiction. The movie dealt imaginatively with Kennedy's loss of a PT boat in the Pacific and it exaggerated the nature of his injuries in action. In fact, it pictured him as a hero of the Pacific incident.

The extent to which Kennedy was crippedically disabled at the time of his death was kept secret from the public, as were the x-rays following his assassination in Dallas. The x-rays may have shown more than the effects of gunshot wounds, the Herald of Freedom contends.

Washington, June 6 (NEWS Bureau)—Thousands participated at dusk today in a simple folk Mass marking the first anniversary of the death of Robert F. Kennedy. The Mass, on the grassy slopes of Arlington National cemetery, was celebrated by Cardinal Cooke of New York. It was accompanied by strumming guitars and group singing of "The Battle Hymn of the Republic" and "Blowin' in the Wind"—poignant reminders of the late senator's identification with the civil rights movement and the poor.

The cardinal's portable altar was placed at the head of the senator's grave, now marked only by a white wooden cross, about 50 feet from the grave of President John F. Kennedy

Hoover's Boss Isn't Upset Yet

Washington, Dec. 18 (NEWS Bureau)—Attorney General John Mitchell said today he would back FBI Director J. Edgar Hoover—and his controversial public statements—"until he gets to the point where he is doing something improper."

Mitchell, meeting the press for the first time in five months, sidestepped a number of questions on the 75-year-old FBI chief's headline-making pronouncements, some of which have sparked congressional calls for Hoover's resignation.

"I wouldn't try to impede Mr. Hoover's freedom of speech," said Mitchell, who, on paper at least, is Hoover's boss.

"Until he gets to the point where he is doing something improper—and he hasn't come anywhere near reaching that point, and I don't expect him to—he can say anything he wants to," Mitchell declared.

In recent testimony before Congress, Hoover accused two anti-war priests, the Revs. Philip and Daniel Berrigan, of leading a conspiracy to kidnap a high government official.

In an interview, Hoover labeled former Attorney General Ramsey Clark a "jellyfish," and blasted another former attorney general, the late Robert F. Kennedy, for wanting to recruit more Negro G-men.

And Hoover told a news magazine that Mexicans and Puerto Ricans pose little threat to a President because "they can't shoot straight."

Hoover added, however: "If they come at you with a knife, beware."

These last remarks led Rep. Edward Roybal (D-Calif.) to demand that President Nixon ask for the director's resignation. Sen. Joseph Montoya (D-N.M.) was just as upset, but all he asked for was a public apology. Roybal's request got a noncommittal, two-sentence reply from a White House aide. Montoya said he hasn't even received that yet.

Mitchell said today that "in context," Hoover meant no racial slur.

Attorney General Mitchell meets press at Justice Department yesterday.

"Haven't Been Asked"

On other matters, Mitchell sought to put down persistent reports that he will soon quit the cabinet to run Nixon's 1972 reelection campaign.

"I havn't been asked, and I sure as hell am not going to volunteer for it," Mitchell said. Two years ago Mitchell was Nixon's campaign manager. Today the attorney general described the President's reelection chances as "excellent."

Campus Decisions

On other matters, Mitchell:

- Said the federal government plans no further action in the slaying of two young blacks at Jackson State College in Mississippi last spring, and that no decision had been made on whether a federal grand jury probe of the Kent State shootings is necessary.
- Said "the total matter of housing patterns in desegregation is under review."
- Announced the filing of a suit against the huge Jones & Laughlin Steel Corp. for discharging cyanide into the Cuyahoga River near Cleveland. It was the second water pollution suit filed by the Justice Department since the establishment two weeks ago of the Environmental Protection Agency.

Dear President Nixon,

I would appreciate it very much if you would answer these questions for me.

Why hasn't Sirhan Sirhan gotten the gas chamber yet? Everybody knows he killed Robert Kennedy? He's not even a citizen of the United States.

Is James R. Hoffa still in jail?

Why are we fighting another country's war? You can't even call it a war because Congress hasn't declared it so.

Are we also involved, in anyway, in the disruption between Jordan and Israel?

Please write and answer my questions to 1376 Ragley Hall Rd. NE

Dear Sir,

I'm always glad to receive letters from you, I like to try to keep up with the times, But why isn't anything done with that man Sir Han Sir Han? He killed a man we know, he is guilty and yet he just sits around in a cell taking it easy, If I was president I would have him in the gas chamber as fast as you can blink an eye, It's been two years and that nut just sits around and takes it easy.

Robert Francis Kennedy was a good and great man, He always loved his wife and children, He would do anything that would please his family, Now he has left both a good wife and eleven wonderful children, He was forty-two years old when he was killed, He was loved by the majority of the people, There were people who hated him but everyone is hated by someone, even I am.

Sincerely,

Dear Mr. Nixon,

I hope you have a very joyous Christmas and New Year. But mainly I want to say I think something should be done about Sirhan Sirhan. I am only in seventh grade but I think something should be done He murdered Bobby Kennedy whom I admired greatly. Don't get me wrong you are a great president But Sirhan Sirhan took the life of a great person and his jail cell has a color T.V. and his accomadations are much better than mine. My friends agree with me fully. I don't want to take up too much of your time because I have written to you before and I don't wunt to bother you. If you could do something about Sirhan Sirhan I would be truly grateful, so would my friends thank you.

The Deputy Attorney General

Director, FBI

ASSASSINATION OF
SENATOR ROBERT F. KENNEDY
LOS ANGELES, CALIFORNIA

Receipt is acknowledged of your communication of November 10, 1970, (RGK:WW:MTE:mam 156-12C-1) captioned "Sirhan B. Sirhan" wherein advice is requested as to whether FBI reports were made available to defense counsel in the Sirhan Bishara Sirhan case. Enclosed with your communication was a letter to the Attorney General dated October 19, 1970, from Bernard Fensterwald, Jr., requesting results of FBI investigation into this case.

For your information, copies of FBI reports in this matter were not made available to defense counsel by our Los Angeles office. However, copies of these reports were furnished to the Los Angeles County, California, District Attorney's Office with the request that the reports not be disseminated outside that office. The Los Angeles County District Attorney's Office did not furnish copies of FBI reports in this matter to the defense.

Defense counsel through the court demanded production of the Los Angeles, California, Police Department and FBI interviews of pertinent individuals in connection with the investigation. Review of these interviews was made by the prosecution and copies of requested interviews made. This material was then taken to the court and upon proper order turned over to the defense by the court. No restrictions were imposed concerning the use which could be made of this material.

The Deputy Attorney General

It is noted in Mr. Fensterwald's letter of October 19, 1970, to the Attorney General he states that the file in this matter was made available to a Mr. Robert Blair Kaiser. This Bureau did not make the file available to Mr. Kaiser.

Concerning the request made of the Attorney General by Bernard Fensterwald, Jr., that the FBI records in this case be made available to him, it is recommended by this Bureau that this request be denied since the information is contained in investigatory files compiled for law enforcement purposes.

Dear Mr. Attorney General:

Attached hereto is a completed form DJ-118, a request for access to official records under 5 U.S.C. 552(a) and 28 CFR Part 16.

The records sought are an FBI file with respect to Sirhan B. Sirhan.

If it were not for the fact that the file in question had been made available to writer Robert Blair Kaiser, and had not Mr. Kaiser made this fact known in his new book, RFK Must Die, [please see Attachment], you might be inclined to answer that the records in question were within an exemption in 5 U.S.C. 552. However, as they have been made available to a commercial writer and are the basis, at least in part, for his published book, we can see no reason why they should not be made equally available to our Committee, as 5 U.S.C. 552 require equality of treatment in access to records.

Rec'd 11-19 JJC.

Therefore, we hope that the records can be made available without serious delay.

Most respectfully yours,

Bernard Fensterwald, Jr.
